CHANGE IN CONTROL

To the knowledge of management, there are no present arrangements or pledges of securities of WTS which may result in a change in control of WTS.

NOTICE TO STOCKHOLDERS OF ACTION APPROVED BY CONSENTING STOCKHOLDERS

The following action was taken based upon the unanimous recommendation and approval of WTS's Board of Directors (the "Board") and the written consent of the consenting stockholders:

ACTION I AMENDMENT TO THE ARTICLES OF INCORPORATION TO CHANGE NAME TO BUSINESS.VN, INC.

On April 11, 2007, the Board and the consenting stockholder unanimously adopted and approved an amendment to WTS's Articles of Incorporation to change the name of WTS to "BUSINESS.VN, Inc." (The "Name Change").

ACTION II AMENDMENT TO THE ARTICLES OF INCORPORATION TO INCREASE THE AUTHORIZED COMMON STOCK AND CREATE PREFERRED STOCK

On April 11, 2007, the Board and the consenting stockholder unanimously adopted and approved an amendment to WTS's Articles of Incorporation to increase the number of shares of authorized common stock, par value \$0.001 per share, from 100,000,000 to 400,000,000 and to increase the number of authorized preferred stock, par value \$0.001 per share, from 10,000,000 to 100,000,000. Such amendment is referred to as the "Authorized Shares Amendment."

Currently, WTS has 100,000,000 shares of common stock authorized, of which 47,511,363 shares are issued and outstanding as of the record date, and 10,000,000 shares of preferred stock authorized, none of which have been issued.

The term "blank check" refers to preferred stock, the creation and issuance of which is authorized in advance by the stockholders and the terms, rights and features of which are determined by the Board upon issuance without further stockholder approval. The authorization of such blank check preferred stock would permit the Board to authorize and issue preferred stock from time to time in one or more series.

Subject to the provisions of our amended Articles of Incorporation and the limitations prescribed by law, the Board would be expressly authorized, at its discretion, to adopt resolutions to issue shares, to fix the number of shares and to change the number of shares constituting any series and to provide for or change the voting powers, designations, preferences and relative, participating, optional or other special rights, qualifications, limitations or restrictions thereof, including dividend rights (including whether the dividends are cumulative), dividend rates, terms of redemption (including sinking fund provisions), redemption prices, conversion rights and liquidation preferences of the shares constituting any series of the preferred stock, in each case without any further action or vote by the stockholders. The Board would be required to make any determination to issue shares of preferred stock based on its judgment as to the best interests of WTS and its stockholders.

The increase in the number of preferred shares authorized provides the Company with increased financial flexibility in meeting future capital requirements by providing more shares of another type of security in addition to its common stock, as it will allow preferred stock to be available for issuance from time to time and with such features as determined by the board of directors for any proper corporate purpose. It is anticipated that such purposes may include exchanging preferred stock for common stock and, without limitation, may include the issuance for cash as a means of obtaining capital for use by WTS, or issuance as part or all of the consideration required to be paid by WTS for acquisitions of other businesses or assets.

Any issuance of preferred stock with voting rights could, under certain circumstances, have the effect of delaying or preventing a change in control of WTS by increasing the number of outstanding shares entitled to vote and by increasing the number of votes required to approve a change in control of WTS. Shares of voting or convertible preferred stock could be issued, or rights to purchase such shares could be issued, to render more difficult or discourage an attempt to obtain control of WTS by means of a tender offer, proxy contest, merger or otherwise. The ability of the Board to issue such shares of preferred stock, with the rights and preferences it deems advisable, could discourage an attempt by a party to acquire control of WTS by tender offer or other means. Such issuances could, therefore, deprive stockholders of benefits that could result from such an attempt, such as the realization of a premium over the market price that such an attempt could cause. Moreover, the issuance of such shares of preferred stock to persons friendly to the Board of Directors could make it more difficult to remove incumbent managers and directors from office even if such change were to be favorable to stockholders generally.

While the increase in the number of preferred shares authorized may have anti-takeover ramifications, the Board believes that the financial flexibility offered by the amendment outweighs any disadvantages. To the extent that the increase in the number of preferred shares authorized may have anti-takeover effects, the amendment may encourage persons seeking to acquire WTS to negotiate directly with the Board, enabling the Board to consider the proposed transaction in a manner that best serves the stockholders' interests.

The Authorized Shares Amendment will be implemented by filing the Certificate of Amendment of Articles of Incorporation with the Secretary of State of Nevada. Under federal securities laws, the Authorized Shares Amendment will not be effective until at least 20 days after the mailing of this Information Statement to stockholders. Once the Certificate of Amendment is effective, WTS will have 400,000,000 shares of authorized shares of common stock, of which 352,488,637 shares will be available for issuance, and 100,000,000 shares of authorized preferred stock, of which all 100,000,000 shares will be available for issuance.

The Board believes that it is advisable and in the best interests of WTS to have available additional authorized but unissued shares of common stock and preferred stock in an amount adequate to provide for WTS's future needs. The unissued shares of common stock and preferred stock will be available for issuance from time to time as may be deemed advisable or required for various purposes, including the issuance of shares in connection with financing or acquisition transactions. The Board would be able to authorize the issuance of shares for these transactions without the necessity, and related costs and delays, of either calling a special meeting of the stockholders or of waiting for the regularly scheduled annual meeting of stockholders in order to increase the authorized capital. If, in a particular transaction, stockholder approval were required by law or any stock exchanges or markets or were otherwise deemed advisable by the Board, then the matter would be referred to the stockholders for their approval notwithstanding that WTS may have the requisite number of voting shares to consummate the transaction. WTS has no present commitments for the issuance or use of the proposed additional shares of preferred stock. However, the Board believes that if an increase in the authorized number of shares of preferred stock were to be postponed until a specific need arose, the delay and expense incident to obtaining the approval of WTS's stockholders at that time could significantly impair its ability to meet financing requirements or other objectives.

The Authorized Shares Amendment is not intended to have any anti-takeover effect and is not part of any series of anti-takeover measures contained in any debt instruments or the Articles of Incorporation or the Bylaws of WTS in effect on the date of this Information Statement. However, WTS stockholders should note that the availability of additional authorized and unissued shares of preferred stock could make any attempt to gain control of WTS or the Board more difficult or time consuming and that the availability of additional authorized and unissued shares might make it more difficult to remove management. WTS is not aware of any proposed attempt to take over WTS or of any attempt to acquire a large block of WTS's stock. WTS has no present intention to use the increased authorized preferred stock for anti-takeover purposes.

WTS has no current plans, proposals or arrangements to issue any shares of its common stock or preferred stock.
