Support.com, Inc., a Delaware corporation ("Support.com" or the "Company"), is filing materials contained in this Schedule 14A with the U.S. Securities and Exchange Commission ("SEC") in connection with the solicitation of proxies from its stockholders in connection with its 2016 Annual Meeting of Stockholders to be held on Friday, June 24, 2016, at 10:00 a.m. Pacific Time, at the Hyatt House Belmont/Redwood Shores hotel located at 400 Concourse Drive, Belmont, California 94002 and at any and all adjournments or postponements thereof (the "2016 Annual Meeting"). On May 12, 2016, Support.com filed with the SEC a revised definitive proxy statement and accompanying definitive **WHITE** proxy card in connection with its solicitation of proxies from its stockholders to be used at the 2016 Annual Meeting. On June 14, 2016, Support.com filed a supplement to the revised definitive proxy statement to reflect that it reduced its recommended slate of director nominees at the 2016 Annual Meeting from six (6) nominees to four (4) nominees.

Press Release Issued on June 20, 2016

Attached hereto is a press release issued by Support.com on June 20, 2016 announcing that, on such date, Support.com is first making available to its stockholders a letter dated June 20, 2016 from Support.com to its stockholders in which Support.com comments on the proxy contest that VIEX Opportunities Fund, LP — Series One, VIEX GP, LLC, VIEX Capital Advisors, LLC, BLR Partners LP, BLRPart, LP, BLRGP Inc., Fondren Management, LP, FMLP Inc., Eric Singer, Bradley L. Radoff, Joshua E. Schechter, Richard Bloom and Brian J. Kelley (collectively, the "VIEX Group") are pursuing in connection with the 2016 Annual Meeting. As previously announced, the VIEX Group has publicly disclosed that it intends to pursue a proxy contest in an effort to have their five proposed director candidates elected to Support.com's board of directors (the "Support.com Board") at the 2016 Annual Meeting and, thereby, replace five out of the current six members of the Support.com Board. The letter highlights the highly-qualified, very experienced and engaged nominees that the Support.com Board is recommending for election at the 2016 Annual Meeting, which includes Support.com's Chief Executive Officer and the three independent directors who joined the Support.com Board within the past ninety (90) days, to oversee the execution and refinement of Support.com's strategic plan for growth and the creation of long-term stockholder value and, accordingly, strongly urges stockholders to protect the value of their investment and prevent the VIEX Group from gaining control of the Support.com Board by voting the **WHITE** proxy card **FOR ALL** four of the highly-qualified and very experienced nominees unanimously recommended by the Support.com Board: **Elizabeth Cholowsky, Elizabeth Fetter, Lowell Robinson, and Tim Stanley**.

The letter also comments on the reports issued by Institutional Shareholder Services Inc. (ISS) and Glass, Lewis & Co., LLC (Glass Lewis), the two leading, independent proxy advisory firms, with respect to how Support.com stockholders should vote their shares at the 2016 Annual Meeting. Support.com strongly believes that, consistent with the recommendations of ISS and Glass Lewis, stockholders should vote their shares so as not to surrender control of the Support.com Board to the VIEX Group.

While six (6) directors will be elected at the 2016 Annual Meeting, Support.com is soliciting votes to elect only the Support.com's Board's continuing four (4) nominees, **Elizabeth Cholowsky, Elizabeth Fetter, Lowell Robinson and Tim Stanley**. As a consequence of Support.com reducing its recommended slate from six (6) to four (4) nominees and given that six (6) directors are to be elected to the Support.com Board at the 2016 Annual Meeting, at least two of the VIEX Group's nominees are certain to be elected to the Support.com Board at the 2016 Annual Meeting. Support.com believes that reducing its slate of recommended nominees in this manner should facilitate the ability of stockholders who, consistent with the recommendations of both ISS and Glass Lewis, want to vote their shares for a combined slate and prevent the VIEX Group from getting control of the Support.com Board.

Stockholders are advised that they cannot vote on the VIEX Group's gold proxy card or voting instruction form for any of Support.com's director nominees. Stockholders can only vote for one or more of

Support.com's highly-qualified and very experienced nominees by signing and returning a **WHITE** proxy card or by requesting a legal proxy and casting your ballot in person by attending the 2016 Annual Meeting. Stockholders interested in following the recommendations of both ISS and Glass Lewis that the VIEX Group not be given control of Support.com and, accordingly, want to vote at the 2016 Annual Meeting for a combined slate of director nominees that includes nominees recommended by Support.com and the VIEX Group, should contact MacKenzie Partners, Inc., Support.com's proxy solicitor, which will be able to provide stockholders with assistance on how to request a legal proxy and vote their shares for such a combined slate.

Important Additional Information And Where To Find It

Support.com, its directors and certain of its executive officers and employees are deemed to be participants in the solicitation of proxies from Support.com's stockholders in connection with the matters to be considered at Support.com's 2016 Annual Meeting of Stockholders. On May 12, 2016, Support.com filed a revised definitive proxy statement and accompanying definitive **WHITE** proxy card with the SEC in connection with the solicitation of proxies from Support.com stockholders in connection with the matters to be considered at Support.com's 2016 Annual Meeting of Stockholders. Information regarding the identity of participants, and their direct or indirect interests, by security holdings or otherwise, is set forth in such revised definitive proxy statement, including the schedules and appendices thereto. **INVESTORS AND STOCKHOLDERS ARE STRONGLY ENCOURAGED TO READ ANY SUCH PROXY STATEMENT AND THE ACCOMPANYING WHITE PROXY CARD AND ANY AMENDMENTS AND SUPPLEMENTS THERETO AS WELL AS ANY OTHER DOCUMENTS FILED BY SUPPORT.COM WITH THE SEC CAREFULLY AND IN THEIR ENTIRETY WHEN THEY BECOME AVAILABLE AS THEY WILL CONTAIN IMPORTANT INFORMATION.** Stockholders may obtain the revised definitive proxy statement, any amendments or supplements to the proxy statement, the accompanying **WHITE** proxy card, and other documents filed by Support.com with the SEC for no charge at the SEC's website at www.sec.gov. SUPPORT.COM ISSUES LETTER TO STOCKHOLDERS

Letter Highlights the Superior Qualifications of Support.com's Four Board Nominees and the VIEX Group's Continuing Failure to Provide an Alternative Viable Strategic Plan that Justifies Why Stockholders Should Surrender Control to the VIEX Group at the 2016 Annual Meeting Urges Stockholders to Vote the WHITE Proxy Card Today FOR ALL Four of the Board's Nominees

Redwood City, Calif. – June 20, 2016 – Support.com, Inc. (NASDAQ:SPRT), makers of award-winning Support.com® Cloud software (formerly "Nexus®") for Support Interaction Optimization and a leading provider of tech support and turnkey support center services, today announced that it has issued a letter to stockholders in connection with Support.com's upcoming 2016 Annual Meeting of Stockholders to be held on Friday, June 24, 2016. In order for stockholders to have convenient access to all relevant information concerning the 2016 Annual Meeting that Support.com has made publicly available, Support.com has made such information available at its website, www.support.com/shareholders.

The letter highlights the background and experiences of Support.com's four highly-qualified, very experienced and engaged director nominees, which includes our Chief Executive Officer and the three, new independent directors that were added to the Support.com Board of Directors within the past 90 days. The letter also details why Support.com believes that the VIEX Group and its five proposed nominees, who to date have failed to present an alternative and viable strategic plan to justify the turning over of five of the six board seats up for election at the 2016 Annual Meeting, lack relevant experience and understanding of the market for cloud-based support services and its changing dynamics, and lack the necessary and relevant experience, expertise, qualifications and industry knowledge to advance the development, execution and refinement of Support.com's strategic plan for growth and the creation of long-term stockholder value.

While six directors will be elected at the 2016 Annual Meeting, Support.com is soliciting votes to elect only the Support.com Board's continuing four highly-qualified and very experienced nominees, Elizabeth Cholowsky, Elizabeth Fetter, Lowell Robinson and Tim Stanley. As a consequence of Support.com reducing its recommended slate from six to four nominees, and given that six directors are to be elected to the Support.com Board at the 2016 Annual Meeting, at least two of the VIEX Group's nominees are certain to be elected to the Support.com Board at the 2016 Annual Meeting. Support.com believes that reducing its slate of recommended nominees in this manner should facilitate the ability of stockholders who, consistent with the recommendations of the two leading, independent proxy advisory firms, Institutional Shareholder Services, Inc. (ISS) and Glass, Lewis & Co. (Glass Lewis), want to vote their shares for a combined slate and prevent the VIEX Group from taking control of the Support.com Board.

Support.com strongly urges stockholders to protect the value of their investment and prevent the VIEX Group from taking control of the Support.com Board by voting the WHITE proxy card today FOR ALL four of the highly-qualified and very experienced nominees unanimously recommended by the Support.com Board: Elizabeth Cholowsky, Liz Fetter, Lowell Robinson and Tim Stanley. Stockholders may also vote by telephone or Internet by following the instructions on the WHITE proxy card. Stockholders are advised that they cannot vote on the VIEX Group's gold proxy card or voting instruction form for any of Support.com's director nominees. Stockholders can only vote for one or more of Support.com's highly-qualified and very experienced nominees by signing and returning a WHITE proxy card or by requesting a legal proxy and casting your ballot in person by attending the 2016 Annual Meeting.

Stockholders interested in following the recommendations of the two leading, independent proxy advisory firms, ISS and Glass Lewis, that the VIEX Group not be given control of Support.com and, accordingly, want to vote at the 2016 Annual Meeting for a combined slate of director nominees that includes nominees recommended by Support.com on the WHITE proxy card and nominees recommended by the VIEX Group on the gold proxy card, should contact MacKenzie Partners, Inc., Support.com's proxy solicitation firm, which will be able to provide stockholders with assistance on how to request a legal proxy and vote their shares for such a combined slate.

The full text of the letter follows:

Dear Fellow Support.com Stockholder:

Support.com Inc.'s 2016 Annual Meeting of Stockholders is quickly approaching and is only days away. On Friday, June 24, 2016, you will be making a crucial decision regarding the future of Support.com, whether to continue to

support the transformation of Support.com, which is well underway and gaining momentum, into a leading provider of cloud-based technology and services for the new, connected world, or surrender control of the Support.com Board of Directors to the VIEX Group, a dissident stockholder group with a self-interested and short-sighted agenda that could prevent you from realizing the long-term value of your investment in Support.com. **As was recently recognized by the two leading proxy advisory firms, this dissident stockholder group has not presented a sufficiently detailed strategic or other plan to justify the abandoning of Support.com's operating plan and the turning over of five of the six board seats up for election at the 2016 Annual Meeting.** Your vote is critically important, no matter how many shares you own. **This may be the most important vote you have ever made regarding Support.com and its future.**

While six directors will be elected at the 2016 Annual Meeting, Support.com is soliciting votes to elect only the Support.com Board's continuing four highly-qualified and very experienced nominees, **Elizabeth Cholowsky, Elizabeth Fetter, Lowell Robinson and Tim Stanley**. As a consequence of Support.com reducing its recommended slate from six to four nominees, and given that six directors are to be elected to the Support.com Board at the 2016 Annual Meeting, at least two of the VIEX Group's nominees are certain to be elected to the Support.com Board at the 2016 Annual Meeting. Support.com believes that reducing its slate of recommended nominees in this manner should facilitate the ability of stockholders who, consistent with the recommendations of the two leading, independent proxy advisory firms, Institutional Shareholder Services, Inc. (ISS) and Glass, Lewis & Co. (Glass Lewis), discussed more fully below, want to vote their shares for a combined slate and prevent the VIEX Group from taking control of the Support.com Board.

Support.com strongly urges stockholders to protect the value of their investment and prevent the VIEX Group from taking control of the Support.com Board by voting the **WHITE** proxy card today **FOR ALL** four of the highly-qualified and very experienced nominees unanimously recommended by the Support.com Board: **Elizabeth Cholowsky, Liz Fetter, Lowell Robinson and Tim Stanley**. Ms. Cholowsky is our Chief Executive Officer and Ms. Fetter and Messrs. Robinson and Stanley are our newest independent directors who joined your Board within the past 90 days. All four of our nominees bring to your Board valuable and fresh perspectives and substantial experience with highly-regarded privately-held and public companies across a wide array of industries and sectors, which we believe significantly enhances your Board's breadth and depth and bolsters Support.com's knowledge base as we continue to execute and refine our strategic plan.

Stockholders may also vote by telephone or Internet by following the instructions on the **WHITE** proxy card. Stockholders are advised that they cannot vote on the VIEX Group's gold proxy card or voting instruction form for any of Support.com's director nominees. Stockholders can only vote for one or more of Support.com's highly-qualified and very experienced nominees by signing and returning a **WHITE** proxy card or by requesting a legal proxy and casting your ballot in person by attending the 2016 Annual Meeting.

TWO LEADING PROXY ADVISORY FIRMS CONCUR THAT STOCKHOLDERS SHOULD NOT SURRENDER CONTROL OF SUPPORT.COM TO THE VIEX GROUP GIVEN VIEX'S FAILURE TO PROVIDE A DETAILED AND ROBUST STRATEGIC PLAN

As we announced last week, the two leading, independent proxy advisory firms, ISS and Glass Lewis, have both issued reports recommending against giving the VIEX Group's nominees control of your Board of Directors at the 2016 Annual Meeting. Both proxy advisory firms also concurred in recommending against the election of Bradley L. Radoff and Joshua E. Schechter to the Support.com Board. Both of these proxy advisory firms, in reaching their recommendations, recognized the VIEX Group's failure to provide any specific and viable alternative strategic plan or any viable and substantive proposals on how it would drive the creation of long-term stockholder value were it to obtain control of your Board. ISS also indicated that it shares our concern with the VIEX Group's failure to explain how such an abrupt change in control of your Board, at a pivotal and critical time in Support.com's trajectory, would be accomplished so as not to cause significant and substantial harm to Support.com's business, prospects and relationships with its customers, employees, and partners.

In its June 11, 2016 report commenting on its concerns that the VIEX Group had not made the case that it deserved control of the Support.com Board, ISS noted that:

- "The dissident, however, seeks control of the board. In these cases, ISS requires the dissident present a robust plan which not only lays out the broader strategic outline but also the practical matters of the first days and weeks, so that in aggregate it demonstrated the dissident has thought through the transition in such
-

detail as to have effectively mitigated the risk of unintended consequences from a change in board control. **Here however, the dissident plan laid out in its presentation to investors is relatively thin on those details.**"

- **"The presentation of [VIEX's] plan, should it win control of the board, is not sufficiently robust** to demonstrate that the risks of unintended consequences from majority change have been addressed."
- **"[VIEX's objectives] are not, however, an operational plan which looks at risks like flight of key employees, clients and prospects, or provides an interim management strategy** should that need suddenly, if not quite unexpectedly arise."
- **"[T]he critical aspect for unaffiliated shareholders voting for a change in control is that there be more substance to the planning, and better commitment from a dissident, than "we'll figure it out."**
- **"[A]bsent that robust, detailed plan to demonstrate the dissident slate's bona fides, however, ISS policy does not support a recommendation beyond a minority of dissident nominees.**

In its report issued on June 10, 2016, Glass Lewis noted as follows in explaining why it is not recommending in favor of giving the VIEX Group's nominees control of the Support.com Board:

- **"[W]e are not convinced that turning over control of the board to the Dissidents and their nominees is either warranted or likely to lead to a superior outcome for shareholders at this time."**
- **"In our view, the Dissidents have failed to show adequate cause for the board overhaul they seek and have not presented a sufficiently detailed strategic or other plan to justify the abandoning of the Company's operating plan and the turning over of five of the six board seats."**
- **"In our view, despite the lack of meaningful results to date, the board has presented a persuasive case that its business strategy, combined with a recently implemented cost-reduction plan, is designed to capitalize on the changing dynamics in the Company's industry and could eventually lead to improved financial performance and enhanced returns for shareholders."**
- **"[I]t doesn't seem appropriate for a group of shareholders, even one that controls 14.9% of the shares, to effectively take control of the Company having only accumulated that stake in the last 12 months with the intention of abandoning the strategic plan, thereby potentially depriving other shareholders of the opportunity to realize long-term value from their investment in Support.com."**

*Permission neither sought nor obtained from ISS or Glass Lewis. Emphasis added

WE BELIEVE OUR FOUR HIGHLY-QUALIFIED AND VERY EXPERIENCED NOMINEES ARE BETTER SUITED THAN THE VIEX GROUP'S NOMINEES TO OVERSEE THE EXECUTION AND REFINEMENT OF SUPPORT.COM'S STRATEGIC DIRECTION

Your Board is committed to proactively examining its composition and ensuring that it has the right mix of insights, experiences and competencies to help oversee the development, execution and refinement of our strategic growth plan and the creation of long-term stockholder value. Consistent with our commitment to proactive refreshment of your Board, with the assistance of a leading independent executive search firm and well before the VIEX Group began its inflammatory and distracting campaign to seek control of Support.com, we initiated a thorough search process to refresh your Board. As a result of our thorough director search and an extensive vetting process, three new independent, highly-qualified and very experienced directors - **Liz Fetter, Lowell Robinson and Tim Stanley** – were added to your Board within the past 90 days, replacing half of your Board. Consider the following with respect to these three new directors:

- All three new directors are standing for election at the 2016 Annual Meeting.
 - All three new directors replaced incumbent directors who voluntarily resigned.
 - All three new directors have extensive senior management and governance experience at leading public
-

companies.

- All three new directors have experience overseeing business transitions and/or transformations that drove stockholder value creation.
- All three new directors have public company board and leadership experience, including experience leading key board committees.
- All three new directors have substantial experience serving as executives or board members at publicly-traded technology companies.
- All three new directors are aligned with, and committed to acting in, the best interests of ALL stockholders.

We believe that our four nominees for election as directors, which includes our Chief Executive Officer and our three new, independent directors, possess skills and experiences necessary to oversee management as it executes on its plans for returning Support.com to sustained and profitable revenue growth and the creation of stockholder value. Our four highly-qualified and very experienced nominees are proven business leaders who have served in leadership positions at public and private companies, including many well-known and highly-regarded companies such as Citigroup, Citrix, General Foods, Harrah's Entertainment, HotJobs.com and Salesforce.com, to name just a few, and bring to your Board a broad and diverse set of skills and experiences important to overseeing our business, its strategic direction and its ongoing transformation. While our definitive proxy materials provide more detail on the backgrounds of our four highly-qualified and very experienced director nominees, consider the following with respect to such nominees:

- **Elizabeth Cholawsky (CHIEF EXECUTIVE OFFICER)**

- o Joined Support.com in May 2014 as President and CEO and in July 2014 became a member of the Board.
- o An award-winning product thought leader with deep expertise leading the development and marketing of innovative SaaS offerings for support-related markets.
- o Prior management and executive roles with Citrix Systems, Inc. where she revitalized product development and client services, grew customer satisfaction and retention to their highest levels, and expanded key products to a broader market, all while continuing to lead the GoToAssist and GoToMyPC products in their #1 position in their respective markets for 5 consecutive years.

- **Liz Fetter (NEW DIRECTOR)**

- o Member of the Board since March 2016.
- o Member of Strategy and Audit Committees.
- o As a five-time former CEO, brings significant leadership and technology experience to Support.com, having led companies in networking, equipment and B2B SaaS spaces.
- o Extensive experience overseeing business transformations at technology companies resulting in revenue growth and value creation for stockholders.
- o Extensive public company board and leadership experience.

- **Lowell Robinson (NEW DIRECTOR)**

- o Member of the Board since March 2016.
- o Chair of Audit Committee; Compensation Committee Member.
- o 30 years of global strategic, financial, turnaround and M&A experience.
- o Prior senior leadership roles at both public and private technology and software services companies, including well-known technology companies such as HotJobs.com.
- o Extensive public company board and leadership experience.

- **Tim Stanley (NEW DIRECTOR)**

- o Member of the Board since March 2016.
- o Member of Nominating/Governance, Audit and Strategy Committees.
- o Award-winning technology leader and innovator in cloud-based and technology solutions.
- o Extensive experience in developing and bringing to market cloud-enabled solutions for a broad range of enterprise customers.
- o Prior senior executive and technology leadership roles at Salesforce.com and Harrah's.
- o Public company board and leadership experience as well as past service as an advisor and/or board member at a number of privately-held and venture capital-backed technology companies.

As shown above, our four nominees, which includes our Chief Executive Officer and the three new, independent

directors who joined your Board within the past 90 days, collectively, have substantial experience and expertise relevant to the advancement of our strategic plan and our ongoing transformation, including extensive experience serving in leadership positions at well-known publicly-held technology companies and extensive experience leading business transformations that drove stockholder value creation. Most importantly, given their strong and relevant backgrounds, our four nominees are extremely capable of assessing when and how to refine and adapt our strategic plan as needed in response to the support market's changing dynamics.

In stark contrast, we believe the VIEX Group and its five proposed nominees, who to date have failed to present an alternative and viable strategic plan to justify the turning over of five of the six board seats up for election at the 2016 Annual Meeting, lack relevant experience and understanding of the market for cloud-based support services and its changing dynamics, lack the necessary and relevant experience, expertise, qualifications and industry knowledge to advance the development, execution and refinement of our strategic plan for growth and the creation of long-term stockholder value and, most importantly, lack the experience to determine when and how to refine and adapt our strategic plan as needed in response to the support market's changing dynamics. The two leading proxy advisory firms have noted in their reports the VIEX Group's lack of a sufficiently robust strategic plan or other plan to justify the abandoning of Support.com's operating plan and the turning over of five of the six board seats. **As such, given their lack of experience relevant to the advancement of our strategic direction and our ongoing transformation, we strongly believe that the VIEX Group's proposed nominees are ill-suited to abruptly take control of your Board and oversee Support.com's strategic direction at such a critical and pivotal time in Support.com's trajectory.**

Given the transition under way at Support.com, we are also concerned that the lack of relevant knowledge and expertise of the VIEX Group and its proposed nominees, particularly when compared to the knowledge, expertise, qualifications and experience of our four highly qualified and very experienced nominees, make them ill-suited to abruptly take control of your Board and oversee Support.com's strategic direction at such a pivotal and critical time in Support.com's trajectory and could lead to the perception of a change in the direction of the business, instability or lack of continuity which may be exploited by our competitors, cause concern to our current or potential customers, disrupt in-progress negotiations with current and potential customers, result in the loss of potential business opportunities and make it more difficult for us to attract and retain qualified personnel and business partners.

PROTECT THE VALUE OF YOUR INVESTMENT BY VOTING THE WHITE PROXY CARD TODAY

At Support.com's upcoming Annual Meeting, you will be making a crucial decision regarding the future of your investment in Support.com, whether to continue to support Support.com's transformation, which is well underway and has momentum, into a leading provider of cloud-based technology and services for the new, connected world, or surrender control of your Board to the VIEX Group, a dissident stockholder group with a self-interested and short-sighted agenda that could prevent you from realizing the long-term value of your investment in Support.com. As the two leading proxy firms have recognized, the VIEX Group has presented no alternative and detailed strategic plan. In addition, the VIEX Group has not provided any details on how such an abrupt change in control of your Board, at a very critical and pivotal time in Support.com's trajectory, and the replacement of five out of six of the current members of your Board with the VIEX Group's nominees, none of which have any experience relevant to the advancement and refinement of our strategic plan, would be accomplished so as not to cause significant and substantial harm to our business and prospects, including, but not limited to, our relationships with our employees, customers and partners.

Your vote is critically important, no matter how many shares you own and this may be the most important vote you have ever made regarding Support.com and its future. Whether or not you plan to attend the Annual Meeting, we urge you to sign and return the enclosed **WHITE** proxy card in the postage-paid envelope provided and vote **FOR ALL** four of your Board's highly-qualified and very experienced nominees - **Elizabeth Cholawsky, Elizabeth Fetter, Lowell Robinson and Tim Stanley**. You may also vote by telephone or Internet by following the instructions on the enclosed **WHITE** proxy card.

While six (6) directors will be elected at the 2016 Annual Meeting, we are soliciting votes to elect only the Board's continuing four (4) nominees, **Elizabeth Cholawsky, Elizabeth Fetter, Lowell Robinson and Tim Stanley**. As a consequence of Support.com's decision last week to reduce its recommended slate from six to four nominees, at least two of the VIEX Group's nominees are certain to be elected to the Support.com Board at the 2016 Annual Meeting. Support.com believes that reducing its slate of recommended nominees in this manner should facilitate the ability of stockholders who, consistent with the recommendations of both ISS and Glass Lewis, want to vote their

shares for a combined slate and prevent the VIEX Group from getting control of the Support.com Board.

Please note that you cannot vote on the VIEX Group's gold proxy card or voting instruction form for any of Support.com's director nominees. You can only vote for one or more of Support.com's highly-qualified and very experienced nominees by signing and returning a WHITE proxy card or by requesting a legal proxy and casting your ballot in person by attending the 2016 Annual Meeting. As ISS noted in its report, "*this election provides a prime example of how shareholders could benefit from being able to vote on a universal ballot. Being forced to select only from the nominees on a given card, however, artificially limits shareholder ability to optimize the new board.*" While Support.com does not agree with the view of ISS that the Support.com Board should be split 50/50 between Support.com's nominees and the VIEX Group's nominees, **stockholders interested in following the recommendations of both ISS and Glass Lewis that the VIEX Group not be given control of Support.com and, accordingly, want to vote at the 2016 Annual Meeting for a combined slate of director nominees that includes nominees recommended by Support.com and the VIEX Group, should contact MacKenzie Partners which will be able to provide stockholders with assistance on how to request a legal proxy and vote their shares for such a combined slate .**

On behalf of your Board of Directors, we thank you for your continued support.

Sincerely,

/s/ Jim Stephens
