PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed Proxy is solicited on behalf of the Board of Directors of SupportSoft, Inc. (which we will refer to as the "Company" or "SupportSoft" throughout this Proxy Statement) for use at the Annual Meeting of Stockholders to be held at the Company's headquarters located at 575 Broadway, Redwood City, California 94063, on Tuesday, May 27, 2003, at 4:00 p.m., local time, and at any adjournment(s) thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Company's principal executive offices are located at the address listed at the top of the page and the telephone number is (650) 556-9440.

The Company's 2002 Annual Report on Form 10-K, containing financial statements and financial statement schedules required to be filed for the year ended December 31, 2002, is being mailed together with these proxy solicitation materials to all stockholders entitled to vote. This Proxy Statement, the accompanying Proxy and the Company's Annual Report will first be mailed on or about April 23, 2003 to all stockholders entitled to vote at the meeting.

The Company will provide copies of exhibits to the Annual Report on Form 10-K to any requesting stockholder upon the payment of a reasonable fee and upon the request of the stockholder made in writing to SupportSoft, Inc., 575 Broadway, Redwood City, California 94063, Attn: Investor Relations. The request must include a representation by the stockholder that, as of March 31, 2003, the stockholder was entitled to vote at the Annual Meeting.

Record Date and Share Ownership

Stockholders of record at the close of business on March 31, 2003 (which we will refer to as the "Record Date" throughout this Proxy Statement) are entitled to notice of and to vote at the meeting and at any adjournment(s) thereof. The Company has one series of Common Stock issued and outstanding, designated as Common Stock, \$0.0001 par value per share. As of the Record Date, approximately 33,826,053 shares of the Company's Common Stock were issued and outstanding and entitled to vote.

How You Can Vote

Stockholders of record may vote their shares at the Annual Meeting either in person or by proxy. To vote by proxy, stockholders should mark, date, sign and mail the enclosed proxy form in the prepaid envelope. Returning a proxy form will not affect a stockholder's right to vote if the stockholder attends the Annual Meeting and wants to vote in person.

Stockholders holding shares through a bank or broker should follow the voting instructions on the proxy form received.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use at the meeting by (a) delivering to the Company at its principal offices (Attention: Investor Relations) (i) a

written notice of revocation or (ii) a duly executed proxy bearing a later date or (b) attending the meeting and voting in person.

Voting

On all matters, each share has one vote. Directors are elected by a plurality vote. The nominees for the seven director seats who receive the most affirmative votes of shares present in person or represented by proxy and entitled to vote on this proposal at the meeting will be elected to serve as directors. Each of the other proposals submitted for stockholder approval at the Annual Meeting will be decided by the affirmative vote of the majority of the shares present in person or represented by proxy at the meeting entitled to vote on such proposal.

Solicitation of Proxies

The cost of soliciting proxies will be borne by the Company. The Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone or facsimile.

Quorum; Abstentions; Broker Non-Votes

Votes cast by proxy or in person at the Annual Meeting ("Votes Cast") will be tabulated by the Inspector of Elections (the "Inspector"), with the assistance of the Company's transfer agent. The Inspector will also determine whether or not a quorum is present. Except in certain specific circumstances, the affirmative vote of a majority of shares present in person or represented by proxy at a duly held meeting at which a quorum is present is required under Delaware law for approval of proposals presented to stockholders. In general, Delaware law provides that a quorum consists of a majority of shares entitled to vote and present or represented by proxy at the meeting.

The Inspector will treat shares that are voted WITHHELD or ABSTAIN as being present and entitled to vote for purposes of determining the presence of a quorum but will not be treated as votes in favor of approving any matter submitted to the stockholders for a vote. When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, the shares will be voted (i) for the election of the nominees for directors set forth herein; (ii) for the ratification of Ernst & Young LLP, as independent public accountants of the Company for the fiscal year ending December 31, 2003; and (iii) upon such other business as may properly come before the Annual Meeting or any adjournment thereof in accordance with the discretion of the proxyholder but will not be voted in the election of directors. Proxies that are not returned will not be counted in determining the presence of a quorum and will not be counted toward any vote.

If a broker indicates on the enclosed proxy or its substitute that such broker does not have discretionary authority as to certain shares to vote on a particular matter (broker non-votes), those shares will not be considered as present with respect to that matter. The Company believes that the tabulation procedures to be followed by the Inspector are consistent with the general statutory requirements in Delaware concerning voting of shares and determination of a quorum.

In a 1988 Delaware case, *Berlin v. Emerald Partners*, the Delaware Supreme Court held that while broker non-votes may be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of votes cast with respect to the particular proposal on which the broker has expressly not voted. Broker non-votes with respect to proposals set forth in this Proxy Statement will therefore not be considered "Votes Cast" and, accordingly, will not affect the determination as to whether the requisite majority of Votes Cast has been obtained with respect to a particular matter.

Deadline for Receipt of Stockholder Proposals

Proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company's 2004 Annual Meeting must be received by the Secretary of the Company no later than January 1, 2004 in order that they may be included in the Company's proxy statement and form of proxy relating to that meeting.

A stockholder proposal not included in the Company's proxy statement for the 2004 Annual Meeting will be ineligible for presentation at the meeting unless the stockholder gives timely notice of the proposal in writing to the Secretary of the Company at the principal executive offices of the Company and otherwise complies with the provisions of the Company's Bylaws. To be timely, the Company's Bylaws provide that the Company must have received the stockholder's notice not less than 50 days nor more than 75 days prior to the scheduled date of such meeting. However, if notice or prior public disclosure of the date of the annual meeting is given or made to stockholders less than 65 days prior to the meeting date, the Company must receive the stockholder's notice by the earlier of (i) the close of business on the 15th day after the earlier of the day the Company mailed notice of the annual meeting date or provided such public disclosure of the meeting date and (ii) two days prior to the scheduled date of the annual meeting.

IMPORTANT

PLEASE MARK, SIGN AND DATE THE ENCLOSED PROXY CARD AND RETURN IT AT YOUR EARLIEST CONVENIENCE IN THE ENCLOSED POSTAGE-PREPAID RETURN ENVELOPE SO THAT, WHETHER YOU INTEND TO BE PRESENT AT THE ANNUAL MEETING OR NOT, YOUR SHARES CAN BE VOTED. THIS WILL NOT LIMIT YOUR RIGHTS TO ATTEND OR VOTE AT THE ANNUAL MEETING.

- (1) Excludes \$72,225 of bonus compensation deferred until June 30, 2003, to be paid based upon the Company's performance.
- (2) Excludes \$214,300 resulting from the following: In April 2001, the Compensation Committee authorized a \$320,000 temporary interest-free loan to Ms. Basu for the purpose of allowing Ms. Basu to pay state and federal taxes associated with her exercise of 1,680,189 options in January 2000. During 2001, the Compensation Committee agreed to pay Ms. Basu \$214,300 (which included \$153,020 from the temporary loan) as a result of Ms. Basu being unable to exercise her initial option grant at fair market value, which arrangement was provided for in Ms. Basu's original offer letter. The remainder of the temporary loan (\$166,980) was repaid by Ms. Basu in 2001.

- (4) Ms. Hoger joined the Company in February 2000.
- (5) Excludes \$15,075 of bonus compensation deferred until June 30, 2003, to be paid based upon the Company's performance.

The following tables set forth certain information as of December 31, 2002 and for the fiscal year then ended with respect to stock options granted to and exercised by the named executive officers. The options granted to the named executive officers in 2002 were granted under the Company's 2000 Omnibus Equity Incentive Plan. The options granted to Radha Basu, Brian Beattie, Scott Dale, Cadir Lee, and Bruce Mowery are exercisable as to 1/48th each month over four years from the date of grant. The percent of the total options set forth below is based on an aggregate of 2,223,500 options granted to employees during 2002. All options were granted at the then fair market value as determined by the Company's Board of Directors on the date of grant.

Potential realizable value represents hypothetical gains that could be achieved for the options if exercised at the end of the option term assuming that the fair market value of the common stock on the date of grant appreciates at 5% and 10% over the option term (ten years) and that the option is exercised and sold on the last day of its option term for the appreciated stock price. The assumed 5% and 10% rates of stock price appreciation are provided in accordance with rules of the Securities and Exchange Commission and do not represent the Company's estimate or projection of the Company's future common stock price. We used the grant-date price (the closing price on the Nasdaq National Market on the date of grant) in determining the value of the options granted to named executive officers in 2002. The calculation includes the difference, if any, between the fair market value on the date of grant and the exercise price for such options. The hypothetical gains shown are net of the option exercise price but do not include deductions for taxes and other expenses payable upon exercise of the option or for sale of the underlying shares of common stock. Actual gains, if any, on stock option exercises will depend on the future performance of the Company's common stock, the officer's continued employment through applicable vesting periods and the date on which the options are exercised.

Compensation Committee Interlocks and Insider Participation

In 2002, the Compensation Committee consisted of three non-employee directors, Bruce Golden, Roger Sippl and Dick Williams. None of Mr. Golden, Mr. Sippl nor Mr. Williams serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of the Company's Board of Directors or Compensation Committee.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

In 2002, the Compensation Committee of the Company's Board of Directors (the "Compensation Committee") consisted of three non-employee directors, Bruce Golden, Roger J. Sippl and Dick Williams, none of which have interlocking relationships as defined by the Securities and Exchange Commission. The Compensation Committee is responsible for setting and administering the policies governing annual compensation of executive officers, considers their performance and makes recommendations regarding their cash compensation and stock options to the full Board of Directors. The Compensation Committee was established in connection with the Company's initial public offering and therefore the Compensation Committee has a limited history. The Compensation Committee expects, pursuant to its charter, to periodically review the approach to executive compensation and make changes as competitive conditions and other circumstances warrant and will seek to ensure the Company's compensation philosophy is consistent with the Company's best interests and is properly implemented.

Compensation Philosophy and Review

The Compensation Committee strives to ensure that the Company's executive compensation programs will enable the Company to attract and retain key people and motivate them to achieve or exceed certain key objectives of the Company, including certain financial goals, such as profitability and asset management.

The Compensation Committee believes that compensation of the Company's executive officers should (a) encourage creation of stockholder value and achievement of certain corporate objectives, (b) integrate compensation with the Company's annual and long-term corporate objectives and strategy, and focus executive behavior on the fulfillment of those objectives, (c) provide a competitive total compensation package that enables the Company to attract and retain, on a long-term basis, high caliber personnel, and (d) align the interests of executive officers with the long-term interests of stockholders. As the Company continues to grow and develop, the Company and the Compensation Committee will work to shift compensation arrangements to mirror those of other publicly traded companies in similar sectors and to reflect the size and value of the Company.

To meet these objectives, executive compensation is comprised of three elements (i) base salary, (ii) incentive awards payable in cash and (iii) long-term stock-based incentive awards. The overall compensation package is variable. The Company's policy is generally to qualify and structure such variable compensation arrangements so as to qualify for deductibility under Section 162(m) of the Internal Revenue Code. However, the Company reserves the discretion to pay compensation to its executive officers that may not be deductible.

The summary below describes in more detail the factors which the Board considers in establishing each of the three primary components of the variable compensation package provided to the executive officers.

Key Elements of Executive Compensation

The Compensation Committee determined the base salaries and incentive awards of the executive officers for fiscal 2003. The Company provides its executive officers with a variable compensation package consisting of base salary, cash incentive awards and participation in benefit plans generally available to other employees.

Base Salary. The Compensation Committee reviews salaries recommended by the Chief Executive Officer for executive officers other than the Chief Executive Officer. The Compensation Committee set the salary and bonus potential of each executive officer on a case by case basis. Final decisions on base salary adjustments of executive officers other than the Chief Executive Officer are made with the Chief Executive Officer's involvement. In determining the appropriate salary levels for the executive officers, the Compensation Committee considers, among other factors, each executive officer's relative position, scope of responsibility, industry comparables and historical and expected contributions to the Company.

Cash Incentive Awards. The cash incentive awards vary for each of the executive officers. The incentive award depends on the extent to which business and individual performance objectives are achieved. The Company's objectives consist of operating, strategic and financial goals that are considered to be critical to its fundamental long-term goal of building stockholder value.

Stock-based Incentive Awards. The Compensation Committee believes that stock options provide additional incentive to executive officers to work toward maximizing stockholder value. Grants of stock options to executive officers are based upon each executive officer's relative position, scope of responsibility, industry comparables, historical and expected contributions to the Company, and the executive officer's existing stock ownership and previous option grants. The Committee strives to align the interests of the Company's executive officers with the long-term interests of stockholders through stock option grants such that grants of stock options should relate the performance of the executive to the market perception of the performance of the Company.

Chief Executive Officer Compensation

The Compensation Committee meets without the presence of the Chief Executive Officer to evaluate her performance and uses the same procedures described above in setting her annual compensation package. For 2003, the Compensation Committee decided to keep Ms. Basu's salary the same from last year, at \$300,000, but increased her potential bonus from \$180,000 to \$225,000 tied to certain criteria for fiscal year 2003. The Compensation Committee considered Ms. Basu's many accomplishments in helping to grow the Company as well as Ms. Basu's expected contributions to the Company in the future. On December 23, 2002, Ms. Basu received an option to purchase 350,000 shares of the Company's Common Stock at an exercise price of \$3.64, the closing prices per share on the Nasdaq National Market on that day. The option becomes exercisable as to 1/48th of the shares each full month of service. As of March 15, 2003, Ms. Basu had a right to exercise 338,811 shares. Ms. Basu received a bonus of \$99,250 for services rendered in 2002, which excludes \$72,225 of bonus compensation that was deferred until June 30, 2003 and will be paid based upon the Company's performance.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS(1)

The Audit Committee oversees the SupportSoft's financial reporting process on behalf of the Board of Directors of SupportSoft, Inc. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements for fiscal year 2002 with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of SupportSoft's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards and in compliance with Statement on Auditing Standards No. 61. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and SupportSoft, including the matters provided to the Audit Committee by the independent auditors in the written disclosures and the letter required by the Independence Standards Board No. 1. The Audit Committee discussed with the auditors the compatibility of nonaudit services with the auditors' independence.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of SupportSoft's internal controls and the overall quality of SupportSoft's financial reporting. The Committee held four meetings during fiscal year 2002.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in SupportSoft's Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission. The Audit Committee and the Board have also recommended, subject to stockholder approval, the selection of SupportSoft's independent auditors for the year ending December 31, 2003.

PROPOSAL 2

RATIFICATION OF INDEPENDENT AUDITORS

The Audit Committee has nominated Ernst & Young LLP as our independent auditors for the year ending December 31, 2003, and the Board of Directors has directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. Ernst & Young LLP has audited the Company's financial statements since the Company's inception in 1997. Representatives of Ernst & Young LLP are expected to be present at the Company's Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Stockholder ratification of the selection of Ernst & Young LLP as our independent auditors is not required by our bylaws or otherwise. However, the Board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the Company's and stockholders' best interests.
