PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed Proxy is solicited on behalf of the Board of Directors of SupportSoft, Inc. (which we will refer to as the "Company" or "SupportSoft" throughout this Proxy Statement) for use at the Annual Meeting of Stockholders to be held at the Company's headquarters located at 575 Broadway, Redwood City, California, 94063, on Tuesday, May 23, 2006, at 4:00 p.m., local time, and at any adjournment(s) thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Company's principal executive offices are located at the address listed at the top of the page and the telephone number is (650) 556-9440.

The Company's 2005 Annual Report on Form 10-K, containing financial statements and financial statement schedules required to be filed for the year ended December 31, 2005, is being mailed together with these proxy solicitation materials to all stockholders entitled to vote. This Proxy Statement, the accompanying Proxy and the Company's Annual Report will first be mailed on or about April 26, 2006 to all stockholders entitled to vote at the meeting.

The Company will provide copies of exhibits to the Annual Report on Form 10-K to any requesting stockholder upon the request of the stockholder made in writing to SupportSoft, Inc., 575 Broadway, Redwood City, California, 94063, Attention: Investor Relations. The request must include a representation by the stockholder that, as of March 31, 2006, the stockholder was entitled to vote at the Annual Meeting.

Record Date and Share Ownership

Stockholders of record at the close of business on March 31, 2006 (which we will refer to as the "Record Date" throughout this Proxy Statement) are entitled to notice of and to vote at the meeting and at any adjournment(s) thereof. The Company has one series of Common Stock issued and outstanding, designated as Common Stock, \$0.0001 par value per share. As of the Record Date, approximately 43,974,962 shares of the Company's Common Stock were issued and outstanding and entitled to vote.

How You Can Vote

Stockholders of record may vote their shares at the Annual Meeting either in person or by proxy. To vote by proxy, stockholders should mark, date, sign and mail the enclosed proxy form in the prepaid envelope. Returning a proxy form will not affect a stockholder's right to vote if the stockholder attends the Annual Meeting and wants to vote in person.

Stockholders holding shares through a bank or broker should follow the voting instructions on the proxy form received.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use at the meeting by (a) delivering to the Company at its principal offices (Attention: Investor Relations) (i) a written notice of revocation or (ii) a duly executed proxy bearing a later date or (b) attending the meeting and voting in person.

Voting

On all matters, each share has one vote. Directors are elected by a plurality vote. The nominees for the six director seats who receive the most affirmative votes of shares present in person or represented by proxy and entitled to vote on this proposal at the meeting will be elected to serve as directors. Each of the other proposals submitted for stockholder approval at the Annual Meeting will be decided by the affirmative vote of the majority of the shares present in person or represented by proxy at the meeting entitled to vote on such proposal.

Quorum; Abstentions; Broker Non-Votes

Votes cast by proxy or in person at the Annual Meeting ("Votes Cast") will be tabulated by the Inspector of Elections (the "Inspector"), with the assistance of the Company's transfer agent. The Inspector will also determine whether or not a quorum is present. Except in certain specific circumstances, the affirmative vote of a majority of shares present in person or represented by proxy at a duly held meeting at which a quorum is present is required under Delaware law for approval of proposals presented to stockholders. In general, Delaware law provides that a quorum consists of a majority of shares entitled to vote at the meeting.

The Inspector will treat shares that are voted WITHHELD or ABSTAIN as being present and entitled to vote for purposes of determining the presence of a quorum but will not treat these votes as votes in favor of approving any matter submitted to the stockholders for a vote. When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, the shares will be voted (i) for the election of the nominees for directors set forth herein; (ii) for the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2006; and (iii) upon such other business as may properly come before the Annual Meeting or any adjournment thereof in accordance with the discretion of the proxyholder. Proxies that are not returned will not be counted in determining the presence of a quorum and will not be counted toward any vote.

If a broker indicates on the enclosed proxy or its substitute that such broker does not have discretionary authority as to certain shares to vote on a particular matter (broker non-votes), those shares will not be considered as present with respect to that matter. The Company believes that the tabulation procedures to be followed by the Inspector are consistent with the general statutory requirements in Delaware concerning voting of shares and determination of a quorum.

Solicitation of Proxies

The cost of soliciting proxies will be borne by the Company. The Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by email, telephone or facsimile.

Deadline for Receipt of Stockholder Proposals

Proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company's 2007 Annual Meeting must be received by the Secretary of the Company no later than January 1, 2007 in order that they may be included in the Company's proxy statement and form of proxy relating to that meeting.

A stockholder proposal not included in the Company's proxy statement for the 2007 Annual Meeting will be ineligible for presentation at the meeting unless the stockholder gives timely notice of the proposal in writing to the Secretary of the Company at the principal executive offices of the Company and otherwise complies with the provisions of the Company's Bylaws. To be timely, the Company's Bylaws provide that the Company must have

received the stockholder's notice not less than 50 days nor more than 75 days prior to the scheduled date of such meeting. However, if notice or prior public disclosure of the date of the annual meeting is given or made to stockholders less than 65 days prior to the meeting date, the Company must receive the stockholder's notice by the earlier of (i) the close of business on the 15th day after the earlier of the day the Company mailed notice of the annual meeting date or provided such public disclosure of the meeting date and (ii) two days prior to the scheduled date of the annual meeting. The procedures to propose a potential nominee for election to the Board of Directors are described below under Proposal 1 – Election of Directors.

IMPORTANT

PLEASE MARK, SIGN AND DATE THE ENCLOSED PROXY CARD AND RETURN IT AT YOUR EARLIEST CONVENIENCE IN THE ENCLOSED POSTAGE-PREPAID RETURN ENVELOPE SO THAT, WHETHER YOU INTEND TO BE PRESENT AT THE ANNUAL MEETING OR NOT, YOUR SHARES CAN BE VOTED. THIS WILL NOT LIMIT YOUR RIGHTS TO ATTEND OR VOTE AT THE ANNUAL MEETING.

Corporate Governance

Corporate Governance Guidelines

The Board of Directors is committed to sound and effective corporate governance practices. Accordingly, the Board of Directors has adopted Corporate Governance Guidelines ("Guidelines") which are intended to describe the governance principles and procedures by which the Board functions. Among other matters, the Guidelines cover board composition, board membership criteria, director responsibilities, board committees, CEO evaluation, board self-assessment and succession planning. Board Meetings

The Board of Directors held 15 board meetings during 2005. Director attendance at the Company's Annual Meeting of Stockholders is encouraged but not required. The following directors then serving on the Board of Directors attended the 2005 Annual Meeting of Stockholders: Radha R. Basu, Manuel Diaz, Claude Leglise, Jim Thanos and Dick Williams.

Board Committees

The Board of Directors has a lead independent director and a standing Nominating and Corporate Governance Committee, Compensation Committee, Audit Committee, and a Non-Section 16 Option Plan Committee (the "Option Committee").

Lead Independent Director

In March 2005, the Board established a lead independent director position to chair meetings of the non-employee directors and serve as the liaison between the non-management directors and management in order to increase the effectiveness of our Board of Directors and the communication between non-employee directors and management. In March 2005, the Board appointed Manuel Diaz as the lead independent director. Mr. Diaz continues to serve as the lead independent director.

Nominating and Corporate Governance Committee

At the beginning of 2005, the members of the Nominating and Corporate Governance Committee were Dick Williams, Claude Leglise, James Thanos and Manuel Diaz, each of whom has been determined to be independent as defined by the Nasdaq Marketplace Rules. In May 2005, Dick Williams no longer held a director position and was no longer on the Nominating and Corporate Governance Committee. The current members of the Nominating and Corporate Governance Committee are Manuel Diaz, James Thanos and Claude Leglise. Mr. Diaz became the Chairman of the Nominating and Corporate Governance Committee in May 2005. The Nominating and Corporate Governance Committee held five meetings during 2005. The primary functions of the Committee are to seek and recommend to the Board qualified candidates for election or appointment to the Board, and oversee matters of corporate governance, including the evaluation of the Board's performance and processes and assignment and rotation of members of the committees established by the Board. The Nominating and Corporate Governance Committee operates under the Nominating and Corporate Governance Committee Charter adopted by the Board in March 2004. The Charter is available at the Company's website at <http://www.supportsoft.com/investors>.

Compensation Committee

At the beginning of 2005, the members of the Compensation Committee were Dick Williams, James Thanos, Manuel Diaz and Claude Leglise. In May 2005, Dick Williams no longer held a director position and was no longer on the Compensation Committee. Mr. Leglise became the Chairman of the Compensation Committee in May 2005. The current members of the Compensation Committee are Manuel Diaz, James Thanos and Claude Leglise. The Compensation Committee held ten meetings during 2005. The Compensation Committee's primary functions are to carry out the Board's overall responsibility relating to remuneration of the executive officers of the Company, assist the Board in establishing the appropriate incentive compensation and equity-based plans for the Company's executive officers, to review and ensure fairness in the administration of remuneration for equitable wealth distribution and the well being of the Company's employees, appraise the annual performance of the Chief Executive Officer and provide guidance to the Chief Executive Officer for the annual performance appraisals of other executive officers. The Charter is available at the Company's website at <http://www.supportsoft.com/investors>.

Audit Committee

In 2005, the members of the Audit Committee were three non-employee directors, Kevin C. Eichler, E. Scott Russell and Manuel Diaz, each of whom has been determined to be independent in accordance with the rules of The Nasdaq Stock Market and the Securities and Exchange Commission. The current members of the Audit Committee are Martin O'Malley, Kevin C. Eichler, James Thanos and Manuel Diaz, all of whom have been determined to be independent in accordance with the rules of The Nasdaq National Market and the Securities and Exchange Commission. Kevin C. Eichler is Chairman of the Audit Committee and also the financial expert, as defined by the Securities and Exchange Commission, on the Audit Committee. In January 2006, after the departure of E. Scott Russell, James Thanos became the third member of the Audit Committee and has also been determined to be independent in accordance with the rules of The Nasdaq Stock Market and the Securities and Exchange Commission. The Audit Committee held ten meetings during 2005. The Audit Committee's primary functions, among others, are to approve the provision of all auditing services and to approve the terms and fees of all non-audit services provided by the independent registered public accounting firm, meet and consult with the independent registered public accounting firm, advise and assist the Board of Directors in evaluating the independent registered public accounting firm's examination, review the financial statements to be included in the filings with the Securities and Exchange Commission, and establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters. A copy of the Audit Committee Charter adopted in March 2004 is available at the Company's website at <http://www.supportsoft.com/investors>.

Option Committee

The member of the Option Committee during 2005 was Radha R. Basu. The Option Committee's primary function is to determine stock-based compensation awards for the Company's non-Section 16 reporting employees. The Option Committee took action on 15 occasions during 2005.

Director Qualifications

The Nominating and Corporate Governance Committee periodically reviews with the Board the appropriate skills and characteristics required of Board members given the current Board composition. The Nominating and Corporate Governance Committee attempts to identify individuals who have distinguished records of leadership and success in their arena of activity and who can make substantial contributions to Board operations. The assessment of Board candidates includes, but is not limited to, consideration of relevant industry experience, general business experience, relevant financial experience, and compliance with independence and other qualifications necessary to comply with any applicable tax and securities laws and the rules and regulations thereunder, and the rules of the Nasdaq Stock Market. Specific consideration shall also be given to: (i) roles and contributions valuable to the business community, (ii) personal qualities of leadership, character, judgment and whether the candidate possesses and maintains throughout service on the Board a reputation in the community at large of integrity, trust, respect, competence and adherence to the highest ethical standards, (iii) relevant knowledge and diversity of background and experience in such things as business, manufacturing, technology, finance and accounting, marketing, international business, government and the like; and (iv) whether the candidate is free of conflicts and has the time required for preparation, participation and attendance at all meetings. Other than the foregoing, there are no stated minimum criteria for director nominees. The Nominating and Corporate Governance Committee does, however, find it appropriate for at least one, and preferably, multiple, members of the Board to meet the criteria for an "audit committee financial expert" as defined by the rules of the Securities and Exchange Commission, and that a majority of the members of the Board meet the definition of "independent director" under the rules of the Nasdaq Stock Market. The Nominating and Corporate Governance Committee also deems it to be appropriate for certain members of management to serve on the Board. When evaluating a candidate for the Board, the Nominating and Corporate Governance Committee does not assign specific weight to any of these factors nor does it believe that all of the criteria necessarily apply to every candidate. At minimum, a director's qualifications, in light of the above-mentioned criteria, is considered each time the director is nominated or re-nominated for Board membership.

Identifying and Evaluating Director Nominees

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by Board members and management of the Company. The Committee has, on occasion, retained a third-party executive search firm to identify independent director candidates from time to time. The Nominating and Corporate Governance Committee will consider persons recommended by the Company's stockholders in the same manner as a nominee recommended by Board members, management, or a third-party executive search firm. A stockholder who wishes to suggest a prospective nominee for the Board should notify SupportSoft's Secretary or any member of the Nominating and Corporate Governance Committee in writing with any supporting material the stockholder considers appropriate. After completing the evaluation and review, the Nominating and Corporate Governance Committee makes a recommendation to the full Board as to the person who should be nominated to the Board, and the Board determines and approves the nominees after considering the recommendation and report of the Nominating and Corporate Governance Committee.

In addition, our Bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to the Board of Directors at our Annual Meeting of Stockholders. In order to nominate a candidate for director, a stockholder must give timely notice in writing to SupportSoft's Secretary and otherwise comply with the provisions of our Bylaws. To be timely, our Bylaws provide that we must have received the stockholder's notice not less than 90 days nor more than 120 days prior to the scheduled date of the meeting. However, if notice or prior public disclosure of the date of the Annual Meeting is given or made to

stockholders less than 100 days prior to the meeting date, such nomination shall have been mailed or delivered to SupportSoft's Secretary not later than the close of business on the seventh (7th) day following the day on which the notice of meeting was mailed. Such notice shall set forth as to each proposed nominee who is not an incumbent director (a) the name, age, business address and, if known, residence address of each nominee proposed in such notice, (b) the principal occupation or employment of each such nominee, (c) the number of shares of stock of the Company which are beneficially owned by each such nominee and by the nominating stockholder, and (d) any other information concerning the nominee that must be disclosed in proxy solicitations under Section 14A of the Securities Exchange Act of 1934, as amended.

Each director candidate recommended for election at this year's Annual Meeting is an existing director seeking re-election to the Board.

Compensation of Non-Employee Directors

The Nominating and Corporate Governance Committee reviews from time to time the compensation paid to non-employee directors and recommends, as appropriate, adjustments. Compensation for non-employee directors includes three components: equity, cash and reimbursement of out-of-pocket expenses

Equity. Prior to March 15, 2005, in the discretion of the Board of Directors under our 2000 Omnibus Equity Incentive Plan ("Incentive Plan"), non-employee directors were granted, upon joining the Board of Directors, an option to purchase a number of shares of our common stock, typically 60,000 shares. Thereafter, following the conclusion of each regular annual meeting of our stockholders, each non-employee director received an automatic grant of an option to purchase 8,000 shares of our common stock as provided for in the Incentive Plan, if, on such date, he or she would continue to serve on our Board of Directors.

As of March 15, 2005, on the date that a non-employee director first becomes a non-employee director, he or she will be granted an option to purchase 40,000 shares of our common stock under the Incentive Plan. These options will become exercisable over a four-year period, at a rate of 1/48th per month. Thereafter, following the conclusion of each regular annual meeting of our stockholders, each non-employee director will receive a grant of options to purchase 2,000 shares of our common stock, in addition to and along with, the automatic grant of an option to purchase 8,000 shares of our common stock as provided for in the Incentive Plan, if, on such date, he or she will continue to serve on our Board of Directors. Each option granted to non-employee directors other than the initial 40,000 share grant shall be immediately exercisable on the date of grant. Options granted under the Incentive Plan have an exercise price equal to the fair market value of our common stock on the date of grant and a term of ten (10) years, and as of December 2005, a term of seven (7) years. In addition, all options to purchase shares of our common stock previously granted to non-employee directors were amended as of March 15, 2005 to provide for immediate and full acceleration of vesting upon the occurrence of a change of control. All future option grants to the non-employee directors that are not otherwise immediately vested at the time of grant will also immediately and fully vest upon a change of control.

Cash Retainer. Prior to March 15, 2005, our directors did not receive any cash retainer for service on the Board of Directors. Effective March 15, 2005, the non-employee directors receive an annual retainer of \$20,000 for serving as a director, an additional annual retainer of \$10,000 for serving as a chair of the Audit Committee, Compensation Committee, or Nominating and Corporate Governance Committee, and an additional annual retainer of \$50,000 for serving as the lead independent director. The retainers are paid quarterly.

Reimbursement of Expenses. Non-employee directors are reimbursed for out-of-pocket expenses incurred in connection with attending meetings, consistent with our current policies.

Stockholder Communications with the Board

The Board believes it is in the best interest of the Company and its stockholders to maintain a policy of open communication between the Company's stockholders and the Board. Accordingly, the Board has adopted the following procedures for stockholders who wish to communicate with the Board:

Stockholders who wish to communicate with the Board or with specified directors should do so by sending any communication to The Board of Directors, c/o Investor Relations, SupportSoft, Inc., 575 Broadway, Redwood City, California 94063, or by sending an email to IR@supportsoft.com.

The following tables set forth certain information as of December 31, 2005 and for the fiscal year then ended with respect to stock options granted to and exercised by the named executive officers. The options granted to the named executive officers in 2005 were granted under the Company's 2000 Omnibus Equity Incentive Plan. Twenty-five percent of the options granted in 2005 to Radha Basu, John Van Siclén, Chris Grejtak and Cadir Lee are exercisable on the one year anniversary of the grant date and 1/48th each month thereafter. The vesting of the options granted to Ms. Basu was accelerated in April 2006 pursuant to the transition agreement between SupportSoft and Ms. Basu described below in "Employment Agreements and Change of Control Arrangements." The percent of the total options set forth below is based on an aggregate of 2,159,385 options granted to employees during 2005. All options were granted at the then fair market value as determined by the Company's Board of Directors on the date of grant.

Potential realizable value represents hypothetical gains that could be achieved for the options if exercised at the end of the option term assuming that the fair market value of the common stock on the date of grant appreciates at 5% and 10% per year over the option term (seven years) and that the option is exercised and sold on the last day of its option term for the appreciated stock price. The assumed 5% and 10% rates of stock price appreciation are provided in accordance with rules of the Securities and Exchange Commission and do not represent the Company's estimate or projection of the Company's future common stock price. We used the grant-date price (the closing price on the Nasdaq National Market on the date of grant) in determining the value of the options granted to named executive officers in 2005. The calculation includes the difference, if any, between the fair market value on the date of grant and the exercise price for such options. The hypothetical gains shown are net of the option exercise price but do not include deductions for taxes and other expenses payable upon exercise of the option or for sale of the underlying shares of common stock. Actual gains, if any, on stock option exercises will depend on the future performance of the Company's common stock, the officers' continued employment through applicable vesting periods and the date on which the options are exercised.

Acceleration of Certain Invested Stock Options

On December 21, 2005, upon recommendation of the Compensation Committee of the Board of Directors, the Board of Directors of SupportSoft, Inc. (the "Company") approved the acceleration of the vesting of certain unvested and "out-of-the-money" stock options that were outstanding on December 21, 2005 and had an exercise price per share equal to or greater than \$5.00, all of which were previously granted under the Company's stock option plans and that were outstanding on December 21, 2005. Options to purchase approximately 3.2 million shares of common stock, or approximately 34% of the Company's total outstanding options on December 21, 2005, were eligible for acceleration. The options accelerated excluded options previously granted to the Board of Directors of the Company and employees who have notified the Company or been notified of their termination. The options accelerated included the following unvested options held by the named executive officers: 75,000 options at \$5.31; 371,250 options at \$5.93; 133,334 options at \$7.32, and 169,272 options at \$12.99. For all named executive officers and non-officer vice presidents, the acceleration was accompanied by restrictions imposed on any shares purchased through the exercise of accelerated options. Those restrictions prevent the sale of any such shares prior to the date such shares would have originally vested had the optionee been employed on such date (whether or not the optionee is actually an employee at that time).

The purpose of the acceleration was to enable the Company to reduce compensation expense associated with options in future periods in its Consolidated Statements of Operations pursuant to Financial Accounting Standards Board Statement No. 123R. Under FAS No. 123R, the Company will apply the expense recognition provisions relating to stock options beginning in the first quarter of fiscal 2006. The acceleration of the vesting of these options did not result in a charge to the Company's expenses in the Consolidated Statements of Income in 2005. In approving the acceleration, the Board considered its impact on future financial results, stockholder value and employee retention. The Company believed that the acceleration is in the best interest of stockholders as it will reduce the Company's reported compensation expense in future periods in light of these accounting regulations.

The Agreement also provides that the Company grant Mr. Pickus an option to purchase 1,300,000 shares of common stock, which vests monthly over 48 months. The Agreement further provides that the Company grant Mr. Pickus two additional options, each providing for a right to purchase 200,000 shares, vesting monthly over 48 months. These two additional options to purchase 200,000 shares only become exercisable, to the extent vested, following the date as of which the fair market value of the Company's common stock has first equaled or exceeded \$6 per share, and \$9 per share, respectively, for 20 consecutive trading days. In the event of involuntary termination, Mr. Pickus would be entitled to severance pay equal to 12

The actual amount of any such cash bonus is based on individual and company performance. Compensation Committee Interlocks and Insider Participation

The Compensation Committee of the Company's Board of Directors (the "Compensation Committee") consisted of four (4) non-employee directors, Dick Williams, Claude Leglise, Manuel Diaz and Jim Thanos at the beginning of 2005. In May 2005, after the departure of Mr. Williams, the Compensation Committee consisted of three (3) non-employee directors, Claude Leglise, Manuel Diaz and Jim Thanos. Mr. Leglise serves as the committee's chairman. None of Mr. Leglise, Mr. Diaz, or Mr. Thanos serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of the Company's Board of Directors or Compensation Committee.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

For the majority of 2005, the Compensation Committee consisted of three (3) non-employee directors, Claude Leglise (Committee Chairman), Jim Thanos and Manuel Diaz, none of whom has interlocking relationships as defined by the Securities and Exchange Commission. The Compensation Committee in general is responsible for determining annual compensation of executive officers and evaluating their performance.

The Compensation Committee's primary functions are to carry out the Board's overall responsibility relating to remuneration of the executive officers of the Company, assist the Board in establishing the appropriate incentive compensation and equity-based plans for the Company's executive officers, to review and ensure fairness in the administration of remuneration for equitable wealth distribution and the well being of the Company's employees, and appraise the annual performance of the Chief Executive Officer and provide guidance to the Chief Executive Officer for the annual performance appraisals of other executive officers.

Compensation Philosophy and Review

The Compensation Committee strives to establish compensation programs that will enable the Company to attract, motivate and retain talented employees to grow the business and meet the Company's competitive challenges. Market-competitive compensation and benefits can help the Company develop a talented, diverse workforce to better compete in its market and optimize stockholder value. The Compensation Committee believes that company employees should have the opportunity for ownership to share in the value they help create. The Company's compensation philosophy emphasizes individual responsibility as well as participation in team efforts and milestones, and attempts to create a strong link between compensation and performance at an individual and Company level.

Furthermore, the Compensation Committee believes that compensation of the Company's executive officers should (a) encourage creation of stockholder value and achievement of certain corporate objectives, (b) integrate compensation with the Company's annual and long-term corporate objectives and strategy, and focus executive behavior on the fulfillment of those objectives, (c) provide a competitive total compensation package that enables the Company to attract and retain, on a long-term basis, high caliber personnel, and (d) align the interests of executive officers with the long-term interests of stockholders. The Compensation Committee annually surveys the executive compensation practices of our technology peer group. The peer group is composed of a select group of software companies that are considered by the Compensation Committee to be product and/or labor market competitors of the Company.

The Compensation Committee, on behalf of the Company's Board and the stockholders, exercises its discretion to set a meaningful portion of each executive's compensation contingent on the Company's performance, as well as on his or her own individual contribution. Accordingly, an executive's compensation package typically consists of the following: (i) base salary, (ii) cash incentive bonuses that are typically tied to corporate and individual performance criteria, and (iii) long-term stock-based incentive awards.

The overall compensation package for executive officers is variable. The Company's policy is generally to qualify and structure such variable compensation arrangements so as to qualify for deductibility under Section 162(m) of the Internal Revenue Code. However, the Company reserves the discretion to pay compensation to its executive officers that may not be deductible.

Key Elements of Executive Compensation

Base Salary: Base salary is baseline cash compensation paid to executives employed throughout the year. Base pay for an executive is established annually, based on (i) a compensation range which corresponds to the executive's ongoing job responsibilities and (ii) the executive's past job performance. The Compensation

Committee, on behalf of the Board, exercises its discretion in determining individual executive salaries and does not apply any specific formula.

Cash Incentive Bonuses: The cash incentive bonuses focus on matching reward with results through financial, operational, customer, and employee metrics. The criteria used for awarding cash bonuses are reviewed annually, taking into account the Company's competitive peer group. The Company has one principal variable pay plan (excluding sales incentive plans), which is referred to as the Executive MBO Bonus Plan. This plan attempts to connect the Company's performance directly to compensation and encourages executives to make significant contributions toward certain overall Company performance targets. The Company's incentive award payout approach is generally (i) no payment if an executive fails to achieve minimum expectations, (ii) a limited reward if an executive reaches minimum expectations, and (iii) a larger bonus payment if the executive reaches certain aggressive goals that are designed to result in the executive performing at the top of the market.

Stock-based Incentive Award: Stock-based incentives are designed to encourage creation of long-term value for the Company's stockholders through sustained performance in meeting or exceeding customer and stockholder expectations, employee retention, and equity ownership. The incentives consist of stock option grants and an employee stock purchase program. The Compensation Committee takes into account the Company's competitive peer group market practices and other factors, such as the Company's needs and customer demands, in determining initial stock option grants and follow-on (periodic) option grants for participants. The Compensation Committee exercises its discretion in review and approval of stock option grants for the Company's executives.

Other Benefits: Other non-cash benefits that are offered to non-executive employees are provided to the executive officers in accordance with the Company's established programs.

Chief Executive Officer Compensation

The Compensation Committee meets outside the presence of the Chief Executive Officer to evaluate performance and uses the same procedures described above in setting an annual compensation package. For 2005, Ms. Basu's base salary of \$325,000 was not adjusted from 2004. In setting her 2005 base compensation, the Committee considered Ms. Basu's many accomplishments in helping grow the Company as well as Ms. Basu's expected contributions to the Company in the future. Her potential 2005 bonus remained \$243,750 and was tied to the achievement of certain corporate performance objectives such as revenue and earnings per share as well as the achievement of certain individual objectives related to strategic initiatives of the Company. Ms. Basu's actual bonus for services rendered in 2005 was \$156,001, based upon the Compensation Committee's assessment of her achievement of such performance objectives. In addition, on December 22, 2005, Ms. Basu received an option to purchase 50,000 shares of the Company's Common Stock at an exercise price of \$4.34, the closing price per share on the Nasdaq National Market on that day. Twenty-five percent (25%) of her option grant was to become exercisable on December 21, 2006, and 1/48th was to become exercisable monthly thereafter, until fully vested, subject to continued employment.

For 2006, Ms. Basu's base salary and potential bonus was not adjusted from 2005. However, on March 13, 2006, Ms. Basu publicly announced her intention to retire as the Company's President and Chief Executive Officer. In the interest of a smooth transition of her duties to a new president and chief executive officer and retaining her extensive knowledge of the Company and its customers and employees, the Company entered into a Transition Agreement with Ms. Basu, dated March 12, 2006. Under the terms of this Transition Agreement, Ms. Basu has agreed to continue as a part-time employee on an as needed basis until April 6, 2007. During this one-year period, Ms. Basu may resign for any or no reason, but the Company may only terminate her for cause. In return for a customary release, the Company will continue to pay Ms. Basu her previous base salary of \$325,000 plus her target bonus of \$243,750 through April 6, 2007, or, if earlier, the day Ms. Basu terminates her employment with the Company. Ms. Basu is not eligible to earn additional bonuses for this one-year period and will not be entitled to severance upon a change of control of SupportSoft, but may be entitled to a pro rata portion

of her 2006 target bonus actually earned through April 6, 2006, if she has achieved the performance criteria, as determined by the Board. To the extent applicable, the Company will reimburse Ms. Basu for COBRA premiums paid by Ms. Basu during this one-year period. In addition, under the terms of the Transition Agreement, as of April 6, 2006, Ms. Basu immediately vested in all of her outstanding options to acquire common stock of the Company and was released from any applicable resale restrictions which were imposed by the Board of Directors as a condition of its acceleration of the vesting of certain options in December 2005.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee oversees SupportSoft's financial reporting process on behalf of the Board of Directors of SupportSoft. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal control over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements for fiscal year 2005 with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with SupportSoft's independent registered public accountants, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of SupportSoft's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards and in compliance with Statement on Auditing Standards No. 61. In addition, the Audit Committee has discussed with the independent registered public accountants the accountants' independence from management and SupportSoft, including the matters provided to the Audit Committee by the independent registered public accountants in the written disclosures and the letter required by the Independence Standards Board No. 1. The Audit Committee discussed with the accountants the compatibility of non-audit services with the accountants' independence.

The Audit Committee discussed with the Company's independent registered public accountants the overall scope and plans for their respective audits. The Audit Committee meets with the independent registered public accountants, with and without management present, to discuss the results of their examinations, their evaluations of SupportSoft's internal controls and the overall quality of SupportSoft's financial reporting. The Committee held 10 meetings during fiscal year 2005.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in SupportSoft's Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission. The Audit Committee and the Board have also recommended, subject to stockholder approval, the selection of SupportSoft's independent registered public accountants for the year ending December 31, 2006.

PROPOSAL 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has nominated Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2006, and the Board of Directors has directed that management submit the selection of the independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Ernst & Young LLP has audited the Company's financial statements since the Company's inception in 1997. Representatives of Ernst & Young LLP are expected to be present at the Company's Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm is not required by our Bylaws or otherwise. However, the Board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the Company's and stockholders' best interests.
