For additional information on the terms of the bridge financing please refer to Form 8-K filed by the Company with the Securities and Exchange Commission on November 12, 2015.

### **About Triton Emission Solutions Inc.:**

Triton Emission Solutions Inc. develops and markets environmental and pollution emission control solutions to a worldwide market.

Triton Emission Solutions Inc.’s proprietary DSOX-15 and DSOX-20 Fuel Purification Systems, and the Company’s exhaust gas scrubber technology, NJORD, are cost-effective technologies designed to reduce harmful chemical emissions into the ocean and atmosphere in an effort to meet the increased emissions regulations that came into effect on January 1, 2015. These technologies are currently aimed at the maritime industry which includes vessels for cruise-line, freight shipping and tanker companies and can be installed during normal vessel operation without the need to use expensive dry dock time. These technologies have worldwide applications that are not limited to the maritime industry.

On behalf of the Board of Directors, Anders Aasen, Chief Executive Officer.
