Item 1. Information Required by Items of Schedule 14A.

a. Introduction.

This Information Statement has been filed with the Securities and Exchange Commission and is being mailed or otherwise furnished to the registered stockholders of GlobeTrac in connection with the prior approval by the board of directors of GlobeTrac, and receipt by the board of approval by written consent of the holders of a majority of GlobeTrac's outstanding shares of Common Stock, of a resolution to,

1. amend Article Fourth of the Articles of GlobeTrac Inc. by increasing the authorized capital from 205,000,000 shares to 905,000,000 shares all with a par value of \$0.001 per share, which represents 900,000,000 shares of Common Stock and 5,000,000 shares of Preferred Stock;

(the "**Resolution**").

Section 228 of the Delaware General Corporation Law and the By-laws of GlobeTrac provide that any action required or permitted to be taken at a meeting of the stockholders may be taken without a meeting if stockholders holding at least a majority of the voting power sign a written consent approving the action

On June 24, 2011, the board of directors of GlobeTrac approved and recommended the Resolution. Subsequently, the holders of a majority of the voting power signed and delivered to GlobeTrac written consents approving the Resolution, in lieu of a meeting. Since the holders of the required majority of shares of Common Stock have approved the Resolution, no other votes are required or necessary and no proxies are being solicited with this Information Statement.

GlobeTrac has obtained all necessary corporate approvals in connection with the Resolution and your consent is not required and is not being solicited in connection with the approval of the Resolution. This Information Statement is furnished solely for the purpose of informing stockholders in the manner required under the Securities Exchange Act of 1934 of these corporate actions before they take effect.

The Resolution will not become effective until (i) 21 days from the date this Information Statement is first mailed to the stockholders, or, (ii) such later date as approved by the board of directors, in its sole discretion. The Certificate of Amendment will be filed with the Secretary of State of Delaware and is expected to become effective on or about August u, 2011.

This Information Statement is dated July u, 2011 and is first being mailed to stockholders on or about Julyu, 2011. Only stockholders of record at the close of business on June 24, 2011 are entitled to notice of the Resolution and to receive this Information Statement.

GlobeTrac Inc.

Reasons for the Amendments to Articles

The amendment to the Articles of Incorporation of GlobeTrac to increase the authorized capital is being made, in part, to provide GlobeTrac with more flexibility and opportunities to conduct equity financings. In particular, the increase in the authorized capital is required to give GlobeTrac the ability to complete the proposed asset acquisition with Angelo Scola and Thermoforte Green, LLC. Upon the completion of Globetrac's due diligence to its satisfaction and upon the other conditions precedent being satisfied, GlobeTrac may be required to issue up to 610 million restricted shares of Common Stock to the sellers pursuant to the terms and conditions of the proposed asset acquisition. Currently, GlobeTrac does not have enough shares of Common Stock in its authorized capital to complete the proposed asset acquisition.

On June 9, 2011 GlobeTrac entered into a letter agreement with Angelo Scola and Thermoforte Green, LLC (the **Letter Agreement**) with the intention and objective of both parties to negotiate the purchase and sale of the assets of the business of Thermoforte, including all intellectual property, patents, equipment, technology, cash, and contracts used in and related to the business of Thermoforte (collectively, the **Assets**).

Pursuant to the terms and conditions of the Letter Agreement, GlobeTrac has conditionally offered to purchase the Assets, including the assumption of any loans related to the business of Thermoforte, for a maximum purchase price of \$7.1 million, which will be paid by the issuance of 610 million restricted shares of common stock in the capital of GlobeTrac and the assumption of any business loans up to a maximum of \$1 million.

See Exhibit 10.7 – Letter Agreement filed with GlobeTrac's Form 8-K on June 10, 2011 for more details on the proposed asset acquisition.

Potential Anti-takeover Effect

Release No. 34-15230 of the staff of the Securities and Exchange Commission requires disclosure and discussion of the effects of any shareholder proposal that may be used as an anti-takeover device. However, as indicated above, the purpose of the increase in the authorized capital is to provide GlobeTrac with more flexibility and opportunities to conduct equity financings, and not to construct or enable any anti-takeover defense or mechanism on behalf of GlobeTrac. Although the increase of the authorized capital could, under certain circumstances, have an anti-takeover effect, the Resolution is not being undertaken in response to any effort of which the Board of Directors is aware to accumulate shares of GlobeTrac's Common Stock or obtain control of GlobeTrac.

Other than the Resolution, the Board of Directors does not currently contemplate the adoption of any other amendments to the Articles of Incorporation that could be construed to affect the ability of third parties to take over or change the control of GlobeTrac. While it is possible that management could use the additional shares to resist or frustrate a third-party transaction providing an above-market premium that is favored by a majority of the independent stockholders, GlobeTrac currently has no intent or plans or proposals to employ the additional unissued authorized shares as an anti-takeover device or to adopt other provisions or enter into other arrangements that may have anti-takeover ramifications.

GlobeTrac has no anti-takeover mechanisms present in its governing documents or otherwise. GlobeTrac confirms that there are no plans or proposals to adopt any such provisions or mechanisms or to enter into any arrangements that may have material anti-takeover consequences.

Other provisions of GlobeTrac's Articles of Incorporation and Bylaws may have anti-takeover effects, making it more difficult for or preventing a third party from acquiring control of GlobeTrac or changing its Board of Directors and management. According to GlobeTrac's Articles of Incorporation and Bylaws, the holders of GlobeTrac's Common Stock do not have cumulative voting rights in the election of GlobeTrac's directors. The combination of the present ownership by a few stockholders of a significant portion of GlobeTrac's issued and outstanding Common Stock and lack of cumulative voting makes it more difficult for other stockholders to replace GlobeTrac's Board of Directors or for a third party to obtain control of GlobeTrac by replacing its Board of Directors.

GlobeTrac Inc.

As of June 24, 2011, there were 89,883,198 outstanding shares of Common Stock of GlobeTrac, each of which was entitled to one vote for the purpose of approving the Resolution.
