PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

General

The enclosed proxy is solicited on behalf of our Board of Directors (the “**Board**”) for use at the annual meeting of stockholders (the “**Meeting**”) to be held on September 12, 2016 at 2:00 p.m. (Vancouver time) or at any continuation, postponement or adjournment thereof, for the purposes discussed in this proxy statement and in the accompanying Notice of Meeting and any business properly brought before the Meeting. Proxies are solicited to give all stockholders of record an opportunity to vote on matters properly presented at the Meeting. We intend to mail this proxy statement and accompanying proxy card on or about August 12, 2016 to all holders of record of shares of our common stock (the “**Common Stock**”), being all of the stockholders entitled to vote at the Meeting. The Meeting will be held at Suite 300 – 505 Burrard Street, Vancouver, British Columbia, Canada V7X 1M3.

Who Can Vote

You are entitled to vote if you were a holder of record of shares of Common Stock as of the close of business on July 22, 2016 (the “**Record Date**”). Your shares of Common Stock can be voted at the Meeting only if you are present in person or represented by a valid proxy.

Shares Outstanding and Quorum

Holders of record of shares of Common Stock at the close of business on July 22, 2016, the Record Date, will be entitled to receive notice of and vote at the Meeting. At the Meeting, each of the shares of Common Stock represented at the Meeting will be entitled to one (1) vote on each matter properly brought before the Meeting. On the Record Date, there were 4,555,048 shares of Common Stock issued and outstanding.

In order to carry on the business of the Meeting, we must have a quorum. Under our bylaws, stockholders representing at least $33 \frac{1}{3}$ % of the shares entitled to vote, represented in person or by proxy, constitute a quorum at any meeting of stockholders.

Proxy Card and Revocation of Proxy

Registered shareholders are entitled to vote at the Meeting. The persons named as proxy holders (the “**Designated Persons**”) in the enclosed form of proxy are directors and/or officers of our company.

A shareholder has the right to appoint a person or corporation (who need not be a shareholder) to attend and act for or on behalf of that shareholder at the Meeting, other than the Designated Persons named in the enclosed form of proxy.

To exercise this right, the shareholder may do so by inserting the name of such other person and, if desired, an alternate to such person, in the blank space provided in the form of proxy.

In voting, please specify your choices by marking the appropriate spaces on the enclosed proxy card, signing and dating the proxy card and returning it in the accompanying envelope, or via the telephone or the Internet by following the instructions provided in the enclosed proxy card. To be represented at the meeting, proxies must be submitted to Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, or by facsimile (North American toll-free facsimile: 1-866-249-7775, international facsimile: 1-416-263-9524), or, if by telephone voting, at 1-866-732-8683, or, if by Internet voting, at <https://www.investorvote.com>, no later than forty-eight (48) hours, excluding Saturday, Sundays and holidays, prior to the time of the Meeting or adjournment thereof.

If no directions are given and the signed proxy is returned, the proxy holders will vote the shares in favor of the nominees for directors and each of the proposals set out in this proxy statement and at their discretion on any other matters that may properly come before the Meeting. The Board knows of no other business that will be presented for consideration at the Meeting. In addition, since no stockholder proposals were received by us on a timely basis, no such matters may be brought at the Meeting.

Any stockholder giving a proxy has the power to revoke the proxy at any time before the proxy is voted. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by the stockholder or by his attorney authorized in writing, or, if the stockholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized, and deposited at the offices of our transfer agent, Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, or by facsimile (toll free North American facsimile: 1-866-249-7775, international facsimile: 1-416-263-9524), or by voting again on a later date via the telephone at 1-866-732-8683 or the Internet at <https://www.investorvote.com> (only your latest telephone or Internet proxy submitted prior to the Meeting will be counted) at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting. Attendance at the Meeting will not in and of itself constitute revocation of a proxy.

The persons named as proxy holders in the proxy card were designated by the Board. A stockholder has the right to appoint a person or corporation (who need not be a stockholder) to attend and act for and on behalf of that stockholder at the Meeting, other than the Designated Persons in the enclosed proxy card. To exercise this right, the stockholder may do so by inserting the name of such other person and, if desired, an alternate to such person in the blank space provided in the proxy card.

The shares of Common Stock represented by a stockholder's proxy card will be voted or withheld from voting in accordance with the instructions of the stockholder on any ballot that may be called for and that, if the stockholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

Voting of Shares

Holders of shares of Common Stock of record on the Record Date, are entitled to one (1) vote for each share of Common Stock on all matters to be voted upon at the Meeting. Holders of shares of Common Stock may vote in person or by completing and mailing the enclosed proxy card. All shares entitled to vote and represented by properly executed proxies received before the polls are closed at the Meeting, and not revoked or superseded, will be voted at the Meeting in accordance with the instructions indicated on those proxies. YOUR VOTE IS IMPORTANT.

Counting of Votes

All votes will be tabulated by the inspector of election appointed for the Meeting, who will separately tabulate affirmative and negative votes and votes withheld or abstained. Shares of Common Stock represented by proxies that reflect votes withheld or abstained as to a particular proposal will be counted as present and entitled to vote for purposes of determining a quorum. Shares of Common Stock represented by proxies that reflect a broker "non-vote" will be counted as present and entitled to vote for purposes of determining a quorum. A broker "non-vote" will be treated as unvoted for purposes of determining approval of a proposal and will not be counted as "for" or "against" that proposal. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary authority or does not have instructions from the beneficial owner.

Solicitation of Proxies

We will bear the entire cost of the solicitation of proxies, including preparation, assembly and mailing of this proxy statement, the proxy and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, depositories, fiduciaries and custodians holding shares of Common Stock in their names that are beneficially owned by others to forward to these beneficial owners. We may reimburse persons representing beneficial owners for their costs of forwarding the solicitation material to the beneficial owners of Common Stock. We are soliciting proxies and such solicitation of proxies by mail may be supplemented by telephone, facsimile, electronic mail or personal solicitation by our directors, officers or other regular employees. No additional compensation will be paid to directors, officers or other regular employees for such services.

Only registered holders of shares of Common Stock or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders are “non-registered” shareholders because the shares of Common Stock they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares of Common Stock. More particularly, a person is not a registered shareholder in respect of the shares of Common Stock which are held on behalf of that person (the “**Non-Registered Holder**”) but which are registered either: (a) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Holder deals with in respect of the shares of Common Stock (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators or self-administered RRSP’s, RRIF’s, RESPs and similar plans); or (b) in the name of a clearing agency (such as The CDS Clearing and Depository Services Inc. (“**CDS**”)) of which the Intermediary is a participant. In accordance with the requirements as set out in National Instrument 54-101 of the Canadian Securities Administrators and Regulation 14A promulgated under the Securities Exchange Act of 1934 (the “**Exchange Act**”), we will distribute copies of the Notice of Meeting, this proxy statement and the form of proxy (collectively, the “**Meeting Materials**”) to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of shares of Common Stock beneficially owned by the Non-Registered Holder but which is otherwise not completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Holder when submitting the proxy. In this case, the Non-Registered Holder who wishes to submit a proxy should otherwise properly complete the form of proxy and deposit it with our transfer agent as provided above; or
- (b) more typically, be given a voting instruction form which is not signed by the Intermediary, and which, when properly completed and signed by the Non-Registered Holder and returned to the Intermediary or its service company, will constitute voting instructions (often called a “proxy authorization form”) which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of a one page pre-printed form, the proxy authorization will consist of a regular printed proxy form accompanied by a page of instructions, which contains a removable label containing a bar-code and other information. In order for the form of proxy to validly constitute a proxy authorization form, the Non-Registered Holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit a Non-Registered Holder to direct the voting of the shares of Common Stock which they beneficially own. Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the management proxyholders named in the form and insert the Non-Registered Holder’s name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or proxy authorization form is to be delivered.

SUMMARY OF BUSINESS MATTERS TO BE VOTED ON

At the Meeting, stockholders will be asked to consider six (6) proposals as follows: (1) the election of the Board; (2) the appointment of BDO Canada LLP, Chartered Professional Accountants, as our independent registered public accounting firm, and the authorization for the Board to fix the remuneration of BDO Canada LLP; (3) the approval of the increase in the number of shares issuable under our Amended 2010 Stock Option Plan (the “**Option Plan**”); (4) the approval of the reduction of the exercise price of certain of our outstanding stock options under our Option Plan; (5) the approval of the increase in the number of shares issuable under our Deferred Share Unit Plan (the “**DSUP**”); and (6) the non-binding resolution to approve the compensation of our executive officers as disclosed in this proxy statement. On October 8, 2015, the Board approved a one for ten reverse stock split effected at the opening of trading on November 2, 2015. The impact of this reverse stock split has been reflected throughout this proxy statement. A summary of these proposals is as follows:

Proposal 1. Election of Directors.

The entire Board is elected annually by the stockholders at the Meeting. The Board has selected six nominees based upon their ability and experience. The nominees consist of Chris Cooper, Donovan Jones, Bruce Joyce, Owen Matthews, Terence Matthews and Larry Timlick. All of the nominees are currently serving as directors of our company.

The Board recommends that you vote **FOR** the election of the nominees as directors of our company.

Proposal 2. Appointment of Independent Accountants.

The Audit Committee has nominated BDO Canada LLP, Chartered Professional Accountants, to serve as our independent registered public accounting firm until the next annual meeting in 2017. BDO Canada LLP provided audit and tax services for the fiscal years ended April 30, 2007 through April 30, 2016.

Representatives of BDO Canada LLP will be present at the Meeting, will have an opportunity to make any statements they desire, and will also be available to respond to appropriate questions from stockholders.

The Board recommends that you vote **FOR** approval of BDO Canada LLP as the independent registered public accounting firm for our company and for the authorization for the Board to fix the remuneration of BDO Canada LLP.

Proposal 3. Increase in the Number of Shares of Common Stock Issuable under the Option Plan.

On September 27, 2010, our stockholders ratified the consolidation of the 2004 Stock Option Plan and the Amended and Restated 2005 Stock Option Plan into one plan referred to as the “2010 Stock Option Plan” (later renamed as “Amended 2010 Stock Option Plan”) for our employees, directors, officers and consultants of our company and our subsidiaries. Under the Option Plan, eligible employees, consultants, and such other persons, other than directors subject to tax in the United States who are not eligible employees, may receive awards of “non-qualified stock options.” Also under the Option Plan, individuals who, at the time of the option grant, are employees of our company or any related company, as defined in the Option Plan, who are subject to tax in the United States, may receive “incentive stock options,” and stock options granted to non-United States residents may receive awards of “options.” The purpose of the Option Plan is to retain the services of valued key employees, directors, officers and consultants and to encourage such persons with an increased incentive to make contributions to our company. On July 13, 2016, the Board approved an increase in the number of shares issuable under the Option Plan by 200,000 shares, from 786,000 shares to 986,000 shares, representing approximately 21.6% of the issued and outstanding shares of our common stock, subject to and effective upon receipt of all necessary regulatory and other approvals.

The Board recommends that you vote **FOR** the approval of the increase in the number of shares of Common Stock issuable under the Option Plan by 200,000 shares.

Proposal 4 Reduction of the Exercise Price of Certain of the Outstanding Stock Options under the Option Plan

The Board has determined that it would be in the best interest of our company to reduce the exercise price of certain of our outstanding stock options. Under the proposal, eligible stock options will be amended to have an exercise price equal to the greater of (i) **\$2.50** and (ii) the closing price per share of our common stock on the trading day immediately after the termination of the Black-out Period (as defined in our Insider Trading Policy) relating to the quarter ended July 31, 2016. Existing stock options with exercise prices above the new exercise price will be eligible for the reduction of the exercise price. The purpose of the reduction of the exercise price of the eligible stock options is to retain the services of valued key employees and consultants and to encourage such persons with an increased incentive to make contributions to our company.

The Board recommends that you vote **FOR** the approval to reduce the exercise price of certain of the outstanding stock options under the Option Plan.

Proposal 5. Increase in the Number of Shares of Common Stock Issuable under the DSUP

On July 23, 2009, the Board approved the DSUP which was approved by our stockholders on October 22, 2009. The purpose of the DSUP is to give our non-employee directors, senior employees and other eligible participants the opportunity to acquire deferred share units (each, a “**DSU**”) in order to allow them to participate in the long term success of our company and to promote a greater alignment of interests between our non-employee directors, senior employees and shareholders. A recipient of a DSU is entitled to receive an issuance from treasury of our company that number of shares of Common Stock required to settle the value of the DSUs (less applicable withholding taxes). Currently, 400,000 shares have been reserved for issuance under the DSUP. On July 13, 2016, the Board approved an increase in the number of shares issuable under the DSUP by 100,000 shares, from 400,000 shares to 500,000 shares, representing approximately 11.0% of the issued and outstanding shares of our common stock, subject to and effective upon receipt of all necessary regulatory and other approvals.

The Board recommends that you vote **FOR** the approval of the increase in the number of shares reserved for issuance under the DSUP by 100,000 shares.

Proposal 6. Non-binding resolution to approve the compensation of our executive officers as disclosed in this proxy statement

As required by Section 14A under the Exchange Act, we will hold an advisory, non-binding vote to approve the compensation of our named executive officers (referred to as the say-on-pay vote) as disclosed in the tabular disclosure regarding such compensation and the accompanying narrative disclosure set forth in this proxy statement.

The Compensation Committee is generally empowered to review the performance and development of our management in achieving corporate goals and objectives and to assure that our senior executives are compensated effectively in a manner consistent with our strategy, competitive practice and the requirements of the appropriate regulatory bodies. The say-on-pay vote is advisory, and therefore not binding on our company or our Board. Although non-binding, the vote will provide information to our Board regarding investor sentiment about our executive compensation philosophy, policies and practices, which our Board will be able to consider when determining executive compensation for the years to come.

The Board recommends that you vote **FOR** adoption of the resolution approving, on an advisory basis, the compensation of our named executive officers, as described in the Executive Compensation section of this proxy statement.

The following table sets forth the names, positions and ages of our executive officers and directors. All our directors serve until the next annual meeting of our stockholders or until their successors are elected and qualify.

PROPOSAL 1 NOMINATION AND ELECTION OF DIRECTORS

Number of Directors

Our bylaws provide for a board of directors of between one and ten directors with the number of directors to be set from time to time by a resolution of the Board. Each director is elected at each Meeting, continuing in office until the next annual meeting of stockholders and until such director's successor is elected and has been qualified, or until such director's earlier death, resignation or removal. We currently operate with a board of six directors. The Board meets periodically to review significant developments affecting our company and to act on matters requiring Board approval.

During fiscal 2016, the Board had four formal meetings and all of the directors attended at least 75% of the total number of meetings of the Board and committees on which they served.

We have not adopted a formal policy with respect to the members of our Board attending our Meeting. There were four members of the Board who attended last year's annual meeting of stockholders.

Nominees for Election

The entire board of directors is elected annually by the stockholders at the annual meeting of stockholders. The Board has selected six nominees based upon their ability and experience. The nominees consist of Chris Cooper, Donovan Jones, Bruce Joyce, Owen Matthews, Terence Matthews and Larry Timlick. All of the nominees are currently serving as directors of our company. The Board recommends that you vote **FOR** each of the nominees.

Set forth below is biographical information for each person nominated for election to the Board.

Donovan Jones

Mr. Jones has been our President and Chief Executive Officer since April 30, 2008 and was President and Chief Operating Officer since April 2006. Between May 2005 and April 2006, he was our company's Vice President of Sales. Prior to this, from February 2005 and May 2005, Mr. Jones was with a boutique investment banking firm, where he was responsible for sourcing and executing transactions for mid-market private companies. From May 1996 to October 2004, with TELUS Communications, Canada's second largest telecommunications company, Mr. Jones held increasingly senior positions in corporate development and client solutions, which had him involved in planning and executing a series of merger, acquisition and divestiture activities in the telecommunications, application development and data network integration space and responsibility for a business unit focused on the selling, implementing and management of enterprise voice, data and IP infrastructure. Mr. Jones is a director of the British Columbia Technology Industry Association. Mr. Jones holds a Masters in Business Administration from the University of Calgary and an Economics degree from the University of Alberta. Our Board has determined that Mr. Jones should serve on the Board as a director and as the President and Chief Executive Officer of our company based on his combined academic and career experience, as well as his extensive experience in senior positions within our company and the telecommunications industry.

Terence Matthews

Sir Terence Matthews is our Chairman of the Board and has been a director of our company since August 2, 2007. Mr. Matthews is the founder and Chairman of Wesley Clover International Corporation, an investment vehicle and holding company. Mr. Matthews has either founded or funded over 100 companies since 1972 including Newbridge Networks Corporation, a company he founded in 1986 and which became a leader in the worldwide data networking industry. When France-based Alcatel acquired Newbridge Networks Corporation in May 2000, the company employed more than 6,500 employees and recorded fiscal year 1999 revenue of \$1.8 billion. In 1972, before launching Newbridge Networks Corporation, Mr. Matthews co-founded Mitel Networks Corporation, a world leader in the design and manufacture of enterprise communications solutions. Wesley Clover has interests in a broad range of next-generation technology companies, real estate, hotels and resorts. Mr. Matthews is also Chairman of a number of private and publicly traded companies including Mitel Networks Corporation and Solace Systems, Inc. and sits as a director on the boards of several others. Mr. Matthews holds an honours degree in electronics from the University of Wales and is a Fellow of the Institute of Electrical Engineers and of the Royal Academy of Engineering. He has been awarded honorary doctorates by several universities, including the University of Wales and Carleton University in Ottawa. In 1994, he was appointed an Officer of the Order of the British Empire, and in the 2001 Queen's Birthday Honours, he was awarded a Knighthood. In 2011, he was appointed Patron of the Cancer Stem Cell Research Institute at Cardiff University. Our Board has determined that Mr. Matthews should serve on the Board as a director of our company and as the Chairman of the Board based on his career in founding and developing companies specific to the advancement of the telecommunications industry, as well as his extensive network in the telecommunications and technology industry.

Owen Matthews

Mr. Matthews is our Vice-Chairman of the Board and has been a director of our company since August 2, 2007. Mr. Matthews also currently serves as the Executive Vice-President of Wesley Clover International Corporation, an investment vehicle and holding company. Between October 1998 and August 2, 2007, Mr. Matthews was Chief Executive Officer of NewHeights Software Inc. In this capacity, Mr. Matthews was responsible for NewHeights' overall corporate growth and ensuring that the company delivered industry leading personal communications management solutions. Mr. Matthews was active in driving the NewHeights' sales process, both domestically and internationally, and regularly engaged in technology strategy sessions with carriers, customer-premise equipment vendors and PC equipment manufacturers. In 1998, Mr. Matthews co-founded NewHeights in response to the emerging shift towards the development of commercial IP Telephony systems. Foreseeing the widespread adoption of IP PBXs and hosted IP Centrex, Mr. Matthews launched NewHeights to develop an intuitive, next-generation software client that would bring together the power of both the telephony and data networks in an intuitive graphic interface. Our Board has determined Mr. Matthews should serve on the Board as a director of our company and the Vice-Chairman of the Board given that Mr. Matthews has been extensively involved in operating and investing in telecommunications companies for over a decade. Mr. Matthews' business and technology acumen was in part seasoned under various Matthews' business holdings, including NewBridge Networks Corporation and Wesley Clover International Corporation and its portfolio of technology corporations.

Chris Cooper

Mr. Cooper has been a director of our company since August 17, 2005. Mr. Cooper has 17 years of experience in management and finance in the oil and gas industry starting several junior issuers. Over the past several years, Mr. Cooper has successfully raised over \$120 million primarily through brokered and non-brokered equity issues as well as debt financing. Currently, Mr. Cooper is the President, Chief Executive Officer and founder of Aroway Energy Inc., a junior oil and gas issuer. Mr. Cooper received his Bachelor of Business Administration from Hofstra University and his Master's in Business Administration from Dowling College, both in New York State. Our Board has determined that Mr. Cooper should serve on the Board as director of our company based on his extensive career in operating publicly traded companies and raising capital as well as his academic accreditations, including an MBA.

Bruce Joyce

Mr. Joyce has been a director of our company since September 10, 2013 and is a senior advisor to boards on strategic, operational and corporate governance issues. His broad business expertise is based on over 30 years of public accounting experience serving large public sector organizations, global advanced technology and communications companies, and growth oriented private companies. Majority Voting Policy

The Board has adopted a "majority voting policy" providing that in an uncontested election of directors (i.e., an election where the number of nominees for directors is equal to the number of directors to be elected), any nominee who receives a greater number of votes "withheld" than votes "for" will tender his or her resignation to the Chairman of the Board promptly following the relevant stockholders' meeting. The Board will consider the offer of resignation and whether to accept it. In considering whether or not to accept resignation, the Board will consider all factors deemed relevant by its members. The Board will be expected to accept the resignation except in situations where considerations would warrant the applicable director continuing to serve on the Board. The Board will make its final decision and announce it in a press release within 90 days following the relevant stockholders' meeting. A director who tenders his or her resignation pursuant to this policy will not participate in any meeting of the Board at which the resignation is considered.

Where the Board accepts the resignation of a director, the Board may, subject to applicable laws and any previously-passed stockholder resolutions, exercise its discretion with respect to the resulting vacancy and may, without limitation, leave the vacancy unfilled until the next annual meeting of stockholders, fill the vacancy through the appointment of a new director whom the Board considers to merit the confidence of the stockholders, or call a special meeting of stockholders to elect a new nominee to fill the vacant position. If any director fails to tender his or her resignation as contemplated in the majority voting policy, the Board will not re-nominate that director at the next election.

Diversity and Inclusion

The Board has not adopted a formal diversity policy at this time. The Board believes that director nomination and executive officer appointments should be made on the basis of business skills and experience – including industry and non-industry specific, experience, and integrity. The Board recognizes the benefits of diversity, but does not believe a quota is the right approach for the Board composition. In considering new hires and nominees to the Board, our company will continue to consider diversity in all its forms in a broader context, which the Board believes is in the best interest of stockholders. Currently, the Board is comprised of talented and dedicated directors whose backgrounds reflect the diverse nature of the business of our company. No Board seats or management positions are currently filled by women.

Except as set forth below, there are no family relationships among our directors or our executive officers.

BOARD LEADERSHIP STRUCTURE

The positions of our principal executive officer and the Chairman of the Board are served by two individuals. Donovan Jones is our Chief Executive Officer and President. Terence Matthews is the Chairman of the Board. Because of the separation of these functions to two individuals, we have determined that the leadership structure of our Board is appropriate given the characteristics and circumstances of our company, including the size of our company, our net assets and our committee structure.

Our Board provides oversight of our risk exposure by receiving periodic reports from senior management regarding matters relating to financial, operational, legal and strategic risks and mitigation strategies for such risks at scheduled meetings of the Board and otherwise.

Amended 2010 Stock Option Plan

On September 27, 2010, shareholders ratified the consolidation of the 2004 Stock Option Plan and the amended and restated 2005 Stock Option Plan into one plan referred to as the “2010 Stock Option Plan” (later renamed as “Amended 2010 Stock Option Plan”) for our employees, directors, officers and consultants of our company and our subsidiaries. The purpose of the Option Plan is to retain the services of valued key employees, directors, officers and consultants and to encourage such persons with an increased incentive to make contributions to our company. Under the Option Plan, eligible employees, consultants, and such other persons, other than directors subject to tax in the United States who are not eligible employees, may receive awards of “non-qualified stock options.” Also under the Option Plan, individuals who, at the time of the option grant, are employees of our company or any related company, as defined in the Option Plan, who are subject to tax in the United States, may receive “incentive stock options,” and stock options granted to non-United States residents may receive awards of “options.” As of July 22, 2016, we employed approximately 85 people full-time and approximately 42 consultants.

We are permitted to issue up to 786,000 shares of Common Stock under the Option Plan. Incentive stock options may be granted to any individual who, at the time the stock option is granted, is an employee of our company or any related company (as defined in the Option Plan). Non-qualified stock options may be granted to employees of our company or any related company and to such other persons who are not employees as the Board shall select, subject to applicable laws. Unless approved by the plan administrator and disinterested shareholders, no person shall be eligible to receive in any fiscal year options to purchase more than 5% of the outstanding shares of Common Stock.

Each stock option shall be designated in the written stock option agreement as either an incentive stock option or a nonqualified stock option. However, notwithstanding such designations, to the extent that the aggregate fair market value of the shares underlying incentive stock options are exercisable for the first time by any optionee during any calendar year in excess of \$100,000, such excess shall be treated as nonqualified stock options.

The Option Plan will be administered by the Board (the plan administrator), except that the Board may, at its discretion, establish a committee composed of two or more members of our company’s board of directors or two or more other persons to administer the Option Plan. The plan administrator has the sole authority, in its absolute discretion, to:

- (a) construe and interpret the Option Plan;
- (b) prescribe, amend and rescind the rules and regulations relating to the Option Plan;
- (c) grant stock options under the Option Plan;

- (d) determine the individuals to whom options shall be granted under the Option Plan and whether the stock option is granted as an incentive stock option or a non-qualified stock option;
- (e) determine the time or times at which stock options shall be granted under the Option Plan;
- (f) determine the number of shares of Common Stock subject to each stock option, the exercise price of each stock option, the duration of each stock option and the times at which each stock option shall become exercisable;
- (g) determine all other terms and conditions of the stock options; and
- (h) make all other determinations and interpretations necessary and advisable for the administration of the Option Plan.

The exercise price for the shares of Common Stock to be issued pursuant to exercise of a stock option will be determined by the plan administrator, but shall be subject to the following:

- (a) in the case of an incentive stock option granted to:
 - (i) an employee who, at the time of the grant of such incentive stock option, owns stock representing more than 10% of the voting power of all classes of stock of our company, including any parent or subsidiary, the per share exercise price shall be no less than 110% of the fair market value per share on the date of grant;
 - (ii) any employee other than an employee described in the preceding paragraph, the per share exercise price shall be no less than 100% of the fair market value per share on the date of grant; and
- (b) in the case of a nonqualified stock option, the per share exercise price shall be determined by the plan administrator, but such price shall not be less than the closing trading price of the shares of Common Stock on such stock exchange on which the shares of Common Stock are listed and posted for trading, on the last trading day preceding the date on which the option is granted.

The term of a stock option shall be stated in the stock option agreement, provided, however, that the term shall be no more than ten years from the date of grant. However, in the case of an incentive stock option granted to an optionee who, at the time the stock option is granted, owns stock representing more than 10% of the voting power of all classes of stock of our company, including any parent or subsidiary, the term of the stock option shall be five years from the date of grant or such shorter term as may be provided in the stock option agreement.

The number of shares of Common Stock issuable under the Option Plan, including the number of shares of Common Stock issuable under any outstanding stock options, is subject to adjustment in certain circumstances, including certain changes in our share capital.

Upon the exercise of any stock options granted under the Option Plan, the aggregate exercise price shall be paid to our company in cash or by certified or cashier's check. In addition, if pre-approved in writing by the plan administrator, who may arbitrarily withhold consent, an optionee may pay for all or any portion of the aggregate exercise price by complying with one or more of the following alternatives:

- (a) by delivering to our company shares of Common Stock previously held by such optionee, or by our company withholding shares of Common Stock otherwise deliverable pursuant to exercise of the option, which shares of Common Stock received or withheld shall have a fair market value at the date of exercise (as determined by the Board) equal to the aggregate exercise price to be paid by the optionee upon such exercise; or

- (b) by complying with any other payment mechanism approved by the plan administrator at the time of exercise.

The vesting schedule for each option shall be specified by the plan administrator at the time of grant of the option, provided that if no vesting schedule is specified, the options shall vest as follows:

- (a) on the first anniversary of the grant as to 25% of the number of options granted;
- (b) on the second anniversary of the grant as to 25% of the number of options granted;
- (c) on the third anniversary of the grant as to 25% of the number of options granted; and
- (d) on the fourth anniversary of the grant as to 25% of the number of options granted.

Stock options that have vested as specified by the plan administrator or in accordance with the Option Plan, shall terminate, to the extent not previously exercised, upon the occurrence of the first of the following events:

- (a) the expiration of the stock option, as designated by the plan administrator in accordance the term of such stock option as set forth in the stock option agreement;
- (b) the date of an optionee's termination of employment or contractual relationship with our company or any related company for cause (as determined in the sole discretion of the plan administrator);

Upon the death of an optionee, any vested stock options held by the optionee shall be exercisable only by the person or persons to whom such optionee's rights under such stock option shall pass by the optionee's will or by the laws of descent and distribution of the optionee's domicile at the time of death and only until such stock options terminate as provided above.

Unless accelerated in accordance with the Option Plan, unvested stock options shall terminate immediately upon the optionee resigning from or our company terminating the optionee's employment or contractual relationship with our company or any related company for any reason whatsoever, including death or disability.

A stock option may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution, and may be exercised during the lifetime of the optionee only by the optionee. The plan administrator may, subject to applicable laws at any time, modify, amend or terminate the Option Plan or modify or amend stock options granted under the Option Plan, including, without limitation, such modifications or amendments as are necessary to maintain compliance with applicable statutes, rules or regulations; provided however that:

- (a) no amendment with respect to an outstanding stock option which has the effect of reducing the benefits afforded to the optionee will be made over the objection of such optionee;
- (b) the events triggering acceleration of vesting of outstanding stock options may be modified, expanded or eliminated without the consent of the optionees;
- (c) the plan administrator may condition the effectiveness of any such amendment on the receipt of shareholder approval at such time and in such manner as the plan administrator may consider necessary for our company to comply with or to avail our company and/or the optionees of the benefits of any securities, tax, market listing or other administrative or regulatory requirement; and

- (d) the plan administrator may not increase the number of shares available for issuance on the exercise of incentive stock options without shareholder approval.

The plan administrator may modify grants to persons who are eligible to receive stock options under the Option Plan who are foreign nationals or employed outside Canada and the United States to recognize differences in local law, tax policy or custom.

As of July 22, 2016, there were 488,822 stock options issued and outstanding, representing 10.7% of the issued and outstanding shares of our Common Stock on that date. 33,251 additional shares of Common Stock, representing 0.7% of the currently issued and outstanding shares of Common Stock, are available for issuance under the Option Plan.

Employee Share Purchase Plan

On October 1, 2008, shareholders approved the ESPP. The ESPP is open for participation to all employees (including directors and officers who are under a permanent full-time or part-time contract of employment with our company) of our company and any of our subsidiaries subject to certain provisions contained within the ESPP. The purpose of the ESPP is to give employees access to an equity participation vehicle in addition to our stock option plans by way of an opportunity to purchase shares of Common Stock through payroll deductions and encourage them to use their combined best efforts on behalf of our company to improve its profits through increased sales, reduction of costs and increased efficiency.

Pursuant to the ESPP, 120,000 shares of Common Stock are reserved for issuance under the ESPP. The shares of Common Stock purchased or issued pursuant to the ESPP will be, at our discretion, either:

- (a) purchased from our company, at the purchase price equal to the volume weighted average trading price of our shares of Common Stock on the TSX for the five trading days immediately preceding the end of the month in question; or
- (b) purchased through a stock broker on the open market through the facilities of the TSX.

The Board will have full power and authority to administer the ESPP on behalf of our company, including the power and authority to delegate the administration of the ESPP to a compensation committee. The Board shall determine questions of interpretation or application of the ESPP and its decisions shall be final and binding on all participants. The members of the Board will receive no additional compensation for their services in administering the ESPP.

Eligible employees become participants in the ESPP by delivering an election to purchase shares prior to the commencement of the applicable purchase period. Each participant shall contribute to the ESPP, at the participant's option, an amount equal to or between the following minimum and maximum amounts (in whole percentages): a minimum of one percent (1%) of the participant's basic compensation, and a maximum of six percent (6%) of the participant's basic compensation. The contributions shall be made through payroll deductions at the end of each employee's bi-weekly or monthly pay period, as applicable. We, as agent of the participant, shall make such deductions and pay the participant's contribution to the Administrator (as such term is defined in the ESPP). Computershare Trust Company of Canada has been appointed as Administrator to assist with the administration of the ESPP.

On the last business day of each month, the Administrator will purchase shares of Common Stock from either our company or on the open market through the facilities of the TSX based on the contributions received from each participant during the preceding month (the "**Participant Shares**"). If the shares are purchased from treasury, the purchase price of the Participant Shares will be the volume weighted average trading price of the common shares on the TSX for the five trading days immediately preceding the last business day of such month. The Administrator will deposit the Participant Shares into an account in the name of the participant and will hold such shares on behalf of such participant.

We will match a portion of each employee's participation in the ESPP by issuing additional shares of Common Stock to each participant (through the Administrator). Specifically, on the last business day of each month, our company will issue to the Administrator that number of shares of Common Stock (the "**Matching Shares**") equal to fifty percent (50%) of the aggregate number of Participant Shares purchased by the Administrator on behalf of the participants for such month for each participant. The Matching Shares will be deposited into a trust account by the Administrator on behalf of our company.

The Participant Shares purchased on behalf of each participant will vest immediately to the benefit of such participant. Subject to provisions in the ESPP relating to a change in control of our company, the Matching Shares will vest one year from the date of issuance of such Matching Shares.

In the event of a change of control of our company, the Board, in its sole discretion (but subject to obtaining the prior approval of the TSX if required by the rules, regulations and policies of the TSX) may, without any action or consent of the participants in the ESPP, provide for: (a) the continuation of the vesting period with regard to any unvested Matching Shares; (b) the substitution of any unvested Matching Shares for shares of the acquirer; (c) the substitution of any unvested Matching Shares with a cash incentive program of the acquirer; (d) the acceleration of the vesting period to a date prior to or on the date of the change of control; (e) the cancellation of all or any portion of any unvested Matching Shares by a cash payment and/or other consideration receivable by the holders of any unvested Matching Shares as a result of the change in control equal to the market price of the unvested Matching Shares on the date of the change in control; or (f) such other actions or combinations of the foregoing actions as it deems fair and reasonable in the circumstances.

Upon the termination of employment of any participant for any reason, any unvested Matching Shares held by the Administrator for such participant will be forfeited by such participant. A participant whose employment is terminated for any reason other than death must withdraw or otherwise transfer all of their Participant Shares and vested Matching Shares in such participant's account within ninety days of such termination of employment. The participant may also request that the Administrator sell the Participant Shares and vested Matching Shares in the participant's account and distribute the cash proceeds to the participant. In the event of the death of a participant, the Participant Shares and vested Matching Shares in such participant's account shall be distributed to such participant's estate in accordance with the instructions of such participant's legal representative. Such distribution may take the form of a distribution of the cash realized from the sale of such Participant Shares and vested Matching Shares by the Administrator if so requested by the legal representative of the participant's estate.

We reserve the right to discontinue use of payroll deductions at any time such action is deemed advisable. The ESPP will terminate on the date which is ten years from the Effective Date, unless earlier terminated by the Board. No right or interest of any participant in or under the ESPP may be assigned by such participant.

Amendments to the ESPP generally require the consent of the TSX and our stockholders given at a duly constituted meeting. However, the following amendments to the ESPP may be made by the Board without stockholder approval: (a) amendments of a technical, clerical or "housekeeping" nature, or to clarify any provision of the ESPP, including without limiting the generality of the foregoing, any amendment for the purpose of curing any ambiguity, error or omission in the ESPP or to correct or supplement any provision of the ESPP that is inconsistent with any other provision of the ESPP; (b) suspension or termination of the ESPP; (c) amendments to respond to changes in legislation, regulations, instruments (including National Instrument 45-106), stock exchange rules (including the rules, regulations and policies of the TSX) or accounting or auditing requirements; (d) amendments respecting administration of the ESPP; (e) any amendment to the definition of "Employee" in the ESPP; (f) any amendment to the definition of "Subsidiary" in the ESPP; (g) changes to the vesting provisions for any outstanding Unvested Matching Shares (as defined in the ESPP); (h) amendments to the participant contribution provisions of the ESPP; (i) amendments to the withdrawal and suspension provisions of the ESPP; (j) amendments to the number or percentage of Matching Shares contributed by us; (k) amendments to the termination provisions of the ESPP; (l) adjustments to reflect stock dividends, stock splits, reverse stock splits, share combinations or other alterations of our capital stock; and (m) any other amendment, whether fundamental or otherwise, not requiring shareholder approval under applicable law (including, without limitation, the rules, regulations and policies of the TSX).

Stockholder approval will be required for the following types of amendments of the ESPP: (a) amendments to the number of shares of Common Stock issuable under the ESPP, including an increase to the fixed maximum number of shares of Common Stock or a change from a fixed maximum number of shares of Common Stock to a fixed maximum percentage; and (b) amendments required to be approved by Stockholders under applicable law (including, without limitation, the rules, regulations and policies of the TSX).

As of July 22, 2016, there were 33,797 shares of Common Stock that have been issued pursuant to the terms the ESPP, representing 0.7% of the issued and outstanding shares of our Common Stock on that date. 86,203 additional shares of Common Stock, representing 1.9% of the currently issued and outstanding shares of Common Stock, are available for issuance under the ESPP.

Deferred Share Unit Plan

On July 23, 2009, the Board approved the DSUP, which was approved by our shareholders on October 22, 2009. While the Board has discretion to determine the participants eligible to participate under the DSUP, the DSUP is generally open for participation to non-employee directors and Senior Officers (as that term is defined in the DSUP) of our company and any of our subsidiaries. The purpose of the DSUP is to provide non-employee directors and senior officers of our company and our subsidiaries with the opportunity to acquire DSUs in order to allow them to participate in the long term success of our company and to promote a greater alignment of interests between our non-employee directors, senior officers and shareholders.

Each DSU is equivalent in value to one share of Common Stock. Upon the voluntary resignation or termination for cause of a participant, all of the participant's unvested DSUs will be forfeited without any entitlement to such participant. Upon the termination without cause, the disability, or the retirement of a participant, the participant will have a number of DSUs become vested in a linear manner as prescribed in the DSUP. Upon the death of a participant prior to the distribution of the DSUs credited to the account of such participant, an issuance of shares of Common Stock from treasury to settle the redemption of DSUs shall be made to the estate of the participant (less applicable withholding taxes).

On the voluntary resignation, termination with cause, change of control or termination without cause, a recipient of a DSU is entitled to receive, from treasury of our company, in a prescribed manner, the number of shares of Common Stock required to settle the value of the DSUs (less applicable withholding taxes).

A DSU granted to a participant who is a director of our company shall vest immediately on the award date. A DSU granted to a participant other than a director will generally vest as to one-third (1/3) of the number of DSUs granted on the first, second, and third anniversaries of the award date, unless otherwise determined by the Board. Fair value of the DSUs, which is based on the trading price of the shares of Common Stock of our company on the date of grant, is recorded as compensation expense in the period of grant.

The Board may amend, suspend or terminate the DSUP at any time, provided that no such amendment, suspension or termination may be made without obtaining any required regulatory approval, including the TSX, or, if applicable, any other exchange on which the shares of our Common Stock trade, or, if requested by such regulatory authority, any shareholder approval. Furthermore, no such amendment, suspension or termination may:

- (a) without shareholder approval, increase the maximum number of shares of Common Stock that may be issued pursuant to DSUs granted under the DSUP; or
- (b) amend, alter or impair in any manner any DSUs previously granted to a participant, without the express written consent of such participant, irrespective of any action taken by the Board as described above.

Except as required by law, the rights of a participant under the DSUP are not capable of being assigned, transferred, alienated, sold, encumbered, pledged, mortgaged or charged and are not capable of being subject to attachment or legal process for the payment of any debts or obligations of the participant. However, rights and obligations under the DSUP may be assigned by our company to a successor in the business of our company.

DSUs are non-transferable (except to a participant's estate as provided in the DSUP) and no certificates representing DSUs will be issued. If we declare and pay cash dividends, a participant's account will be credited with dividend equivalents (calculated in accordance with the terms of the DSUP) in the form of additional DSUs (which will vest in accordance with the vesting schedules of the DSUs that are subject to such dividend equivalent) on each dividend payment date in respect of which normal cash dividends are paid on the shares of our Common Stock.

Currently, 400,000 shares of Common Stock, representing approximately 8.8% of the issued and outstanding shares of our common stock, have been reserved for issuance under the DSUP. The maximum number of shares of Common Stock that may be reserved for issuance to any one participant pursuant to DSUs granted under the DSUP and any share compensation arrangement is 5% of the number of shares of Common Stock outstanding at the time of reservation, unless approval is otherwise obtained from the TSX, as applicable.

As of July 22, 2016, there were 345,392 DSUs issued and outstanding, representing 7.6% of the issued and outstanding shares of Common Stock on that date. 30,595 additional shares of Common Stock, representing 0.7% of the currently issued and outstanding shares of Common Stock, are available for grant under the DSUP.

UNDER THE OPTION PLAN BY 200,000 SHARES**

The purpose of the Option Plan is to retain the services of valued key employees, directors, officers and consultants and to encourage such persons with an increased incentive to make contributions to our company. The policies of the TSX require that our company obtain disinterested shareholder approval for the proposed increase in the number of shares of Common Stock issuable under the Option Plan. Accordingly, the affirmative vote of the holders of a majority of the shares, other than votes attaching to the 70,872 shares of Common Stock representing approximately 1.6% of the issued and outstanding shares of our common stock, beneficially owned by directors and officers of our company entitled to receive a benefit under the Option Plan, present in person or represented by proxy and entitled to vote at the Meeting will be required to approve the increase in the number of shares of Common Stock issuable under the Option Plan by 200,000 shares.

**PROPOSAL 4
APPROVAL TO REDUCE THE EXERCISE PRICE OF CERTAIN OF THE OUTSTANDING STOCK
OPTIONS UNDER THE OPTION PLAN**

The Board has determined that it would be in the best interest of our company to reduce the exercise price of certain of our outstanding stock options. Under the proposal, eligible stock options will be amended to have an exercise price equal to the greater of (i) **\$2.50** and (ii) the closing price per share of our common stock on the trading day immediately after the termination of the Black-out Period (as defined in our Insider Trading Policy) relating to the quarter ended July 31, 2016 (the "**New Exercise Price**"). Existing stock options with exercise prices above the New Exercise Price (the "**Eligible Stock Options**") will be eligible for the reduction of the exercise price. The purpose of the reduction of the exercise price of the Eligible Stock Options is to retain the services of valued key employees and consultants and to encourage such persons with an increased incentive to make contributions to our company.

Our common stock is traded on the NASDAQ Capital Market and the Toronto Stock Exchange. The following table sets forth, for the periods indicated, the high and low sale prices for our common stock on the NASDAQ Capital Market and Toronto Stock Exchange based on inter-dealer prices, without retail mark-up, mark-down or commission and may not represent actual transactions as reported by the NASDAQ Capital Market and the Toronto Stock Exchange, respectively.

- (1) Since July 11, 2012, our stock has been trading on the NASDAQ Capital Market under the trading symbol "CPAH".
(2) Since August 20, 2012, our stock has been trading on the Toronto Stock Exchange under the trading symbol "CCV".

The following table sets forth the proposed Eligible Stock Options to be repriced and the current weighted average exercise price of those options.

Date	Number of Stock Options to be Repriced	Current Weighted Average Exercise Price
Executive Officers		
Donovan Jones President, Chief Executive Officer, Director	65,000	\$14.60 ⁽¹⁾
David Karp Chief Financial Officer, Treasurer, Corporate Secretary	35,000	\$14.77 ⁽¹⁾
Todd Carothers Executive Vice President, Sales and Marketing	57,500	\$18.83 ⁽²⁾
Employees and Consultants	162,322	\$14.13 ⁽³⁾
Total	319,822	

(1) The exercise prices vary from \$13.10 to \$17.00.

(2) The exercise prices vary from \$5.00 to \$29.00.

(3) The exercise prices vary from \$4.50 to \$29.00.

All other terms of the Eligible Stock Options to be modified, including the vesting provisions and the term of the stock options will remain the same.

The effect of the reduction in exercise price to the Eligible Stock Options is a compensation expense equal to the excess of the fair value of the modified stock options over the fair value of the original stock options at the date of modification. We estimate the fair value of stock options using a Black-Scholes option valuation model as described in Note 6 to the financial statements included in our annual report on Form 10-K for the year ended April 30, 2016 filed on July 14, 2016.

For stock options that are already vested, the compensation expense is recorded in the period in which the modification occurs. For non-vested stock options, the compensation expense would be added to the remaining unrecognized compensation expense at the date of modification and recognized ratably over the remaining service period of the original stock option.

We understand that for holders of our currently outstanding stock options located in the United States or Canada, that the proposed modification to the Eligible Stock Options as contemplated is not a taxable event. All of our stock options that are currently outstanding are non-qualified stock options. Holders of the Eligible Stock Options located outside the United States or Canada should seek the advice of their tax advisors.

On July 13, 2016, the Board approved the proposal to reduce the exercise price of the Eligible Stock Options to the New Exercise Price.

Vote Required and Board Recommendation

Stockholder approval is required for this proposal under the Nasdaq Listing Rules and the policies of the TSX. Under our bylaws, the affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Meeting will be required to approve the reduction of the exercise price of the Eligible Stock Options.

In addition, the amendment to reduce the exercise price of the Eligible Stock Options held by officers of our company constitutes a “related party transaction” within the meaning of Multilateral Instrument 61-101 – Protection of Minority Security Holders in Special Transactions (“**MI 61-101**”). We are exempt from the minority approval requirement in MI 61-101 because neither the fair market value of the subject matter of, nor the fair market value of the consideration for, the amendment to reduce the exercise price of the Eligible Stock Options, insofar as it involves officers of our company exceeds 25% of our market capitalization. However, pursuant to the requirements of TSX, we are still required to obtain disinterested shareholder approval for this proposal. Also the Option Plan requires the approval of disinterested stockholders for any reduction in the exercise price of the stock options if the optionee is an insider of our company at the time of the proposed amendment. Accordingly, the affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Meeting, other than votes attaching to the 70,872 shares of Common Stock, representing approximately 1.6% of the issued and outstanding shares of our common stock, beneficially owned by certain insiders of our company who hold any of the Eligible Stock Options, will also be required to approve the reduction of the exercise price of the Eligible Stock Options.

**THE BOARD RECOMMENDS THAT YOU VOTE FOR APPROVAL TO REDUCE THE
EXERCISE PRICE OF CERTAIN OF THE OUTSTANDING STOCK OPTIONS UNDER THE OPTION
PLAN.**

**PROPOSAL 5
APPROVAL OF THE INCREASE IN THE NUMBER OF SHARES OF COMMON STOCK ISSUABLE
UNDER THE DSUP BY 100,000 SHARES**

While the Board has discretion to determine the participants eligible to participate under the DSUP, the DSUP is generally open for participation to non-employee directors and Senior Officers (as that term is defined in the DSUP) of our company and any of our subsidiaries. The purpose of the DSUP is to provide non-employee directors and Senior Officers of our company and our subsidiaries with the opportunity to acquire DSUs in order to allow them to participate in the long term success of our company and to promote a greater alignment of interests between our non-employee directors, Senior Officers and shareholders. For additional information on the DSUP, see “Equity Compensation Plan Information – Deferred Share Unit Plan”.

Currently, 400,000 shares of Common Stock are issuable under the DSUP. The maximum number of shares of Common Stock that may be reserved for issuance to any one participant pursuant to DSUs granted under the DSUP and any share compensation arrangement is 5% of the number of shares of Common Stock of our company outstanding at the time of reservation.

Our company increased the number of shares of Common Stock that are issuable under the DSUP on the dates and in the amounts as follows:

Date	Number of Shares Issuable	Increased Number of Shares Issuable
September 27, 2010	150,000 shares	200,000 shares
September 27, 2012	200,000 shares	250,000 shares
September 9, 2014	250,000 shares	300,000 shares
September 10, 2015	300,000 shares	400,000 shares

On July 13, 2016, the Board approved an increase in the number of shares of Common Stock issuable under the DSUP by 100,000, from 400,000 shares to 500,000 shares, subject to and effective upon receipt of all necessary regulatory and other approvals. As of July 22, 2016, there were 345,392 DSUs issued and outstanding, representing 7.6% of the issued and outstanding shares of Common Stock on that date. 30,595 additional shares of Common Stock, representing 0.7% of the currently issued and outstanding shares of Common Stock, are available for grant under the DSUP.

Vote Required and Board Recommendation

The policies of the TSX require that our company obtain disinterested shareholder approval for the proposed increase in the number of shares of Common Stock issuable under the DSUP. Accordingly, the affirmative vote of the holders of a majority of the shares, other than votes attaching to the 1,348,922 shares of Common Stock, representing approximately 29.6% of the issued and outstanding shares of our common stock, beneficially owned by directors and officers of our company entitled to receive a benefit under the DSUP, present in person or represented by proxy and entitled to vote at the Meeting will be required to approve the increase in the number of shares of Common Stock issuable under the DSUP by 100,000 shares.

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE INCREASE IN THE NUMBER OF SHARES OF COMMON STOCK ISSUABLE UNDER THE DSUP BY 100,000 SHARES.

PROPOSAL 6 NON-BINDING RESOLUTION TO APPROVE THE COMPENSATION OF OUR EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT

As required by Section 14A under the Exchange Act, we will hold an advisory, non-binding vote to approve the compensation of our named executive officers as disclosed in the tabular disclosure regarding such compensation and the accompanying narrative disclosure set forth in this proxy statement.

The Compensation Committee is generally empowered to review the performance and development of our management in achieving corporate goals and objectives and to assure that our senior executives are compensated effectively in a manner consistent with our strategy, competitive practice and the requirements of the appropriate regulatory bodies.

Generally, we compensate our executive officers with a compensation package that is designed to drive company performance to maximize shareholder value while meeting our needs and the needs of our executives. The following are objectives that we consider:

- alignment — to align the interests of executives and shareholders through equity-based compensation awards;
- retention — to attract, retain and motivate highly qualified, high performing executives to lead our growth and success; and
- performance — to provide, when appropriate, compensation that is dependent upon the executive's achievements and the company's performance.

In order to achieve the above objectives, our executive compensation strategy is guided by the following principles:

- rewards under incentive plans are based upon our financial and operating results and increasing shareholder value;
- executive pay is set at sufficiently competitive levels to attract, retain and motivate highly talented individuals who are necessary for us to strive to achieve our goals, objectives and overall financial success; and
- compensation of an executive is based on such individual's role, responsibilities, performance and experience.

When making pay determinations for named executive officers, the Compensation Committee considers a variety of factors including, among others: (1) actual company performance as compared to pre-established goals, (2) individual executive performance and expected contribution to our future success, (3) changes in economic conditions and the external marketplace, (4) industry comparative compensation (5) prior years' compensation and long-term incentive awards, and (6) in the case of executive officers, other than Chief Executive Officer, the recommendation of our Chief Executive Officer, and in the case of our Chief Executive Officer, his negotiations with our Board. Ultimately, the Board uses its judgment and discretion when determining how much to pay our executive officers and sets the pay for such executives (including cash versus non-cash compensation) in the aggregate, at levels that it believes are competitive and necessary to attract and retain talented executives capable of achieving our company's long-term objectives.

The say-on-pay vote is advisory, and therefore not binding on our company or our Board. Although non-binding, the vote will provide information to our Board regarding investor sentiment about our executive compensation philosophy, policies and practices, which our Board will be able to consider when determining executive compensation for the years to come.

Vote Required and Board Recommendation

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Meeting will be required to approve, on an advisory basis, the compensation paid to our named executive officers as disclosed in the “Executive Compensation” section of this proxy statement, including the compensation tables and narrative discussion.

THE BOARD RECOMMENDS THAT YOU VOTE FOR ADOPTION OF THE RESOLUTION APPROVING, ON AN ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THE EXECUTIVE COMPENSATION SECTION OF THIS PROXY STATEMENT.

BY ORDER OF THE BOARD OF DIRECTORS

By:

Terence Matthews
Chairman of the Board

Dated: August 2, 2016

CORPORATE GOVERNANCE DISCLOSURE

The disclosure noted below is in accordance with National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("NI 58-101"). The section references are to Form 58-101F1 in accordance with NI 58-101.

1. Board of Directors

- (a) Chris Cooper, Bruce Joyce and Larry Timlick are independent directors⁽¹⁾.
- (b) Directors that are not considered independent under National Instrument 52-110 ("NI 52-110") and the basis for that determination are as follows:

Director	Basis for Non-Independence ⁽¹⁾
Donovan Jones	Acts as our President and Chief Executive Officer and therefore is an executive officer of the company and not independent.
Owen Matthews	Mr. Owen Matthews is the son of Terence Matthews, the chairman of our company and is not considered independent because he is a family member of an executive officer, being the chairman.
Terence Matthews	As the chairman of our company, Mr. Matthews is not considered to be independent, as the chairman is considered an executive officer under NI 52- 110.

(1) As defined by NI 52-110.

- (c) A majority of the directors of our company are not independent directors. The Board is comprised of three independent directors and three non-independent directors. At the present time, the Board (including all of the independent directors) is of the view that it is able to operate objectively and in the best interests of our company, notwithstanding that a majority of the directors are not independent under NI 58-101. The members of the Board possess sufficient public company and industry experience such that the Board, in its totality, is able to operate effectively. The Board encourages an atmosphere of candour and constructive dissent. Further, the directors of our company are aware of the laws requiring disclosure of conflicts of interest and the fact that our company will rely upon such laws in respect of any conflict of interest, including the obligation of a director to abstain from voting in respect of any matter involving a conflict of interest.

(d) Directorships

The following directors are also directors of other reporting issuers (or the equivalent in a foreign jurisdiction), as identified next to their name:

Director	Reporting Issuers or Equivalent in a Foreign Jurisdiction
Chris Cooper	Aroway Energy Inc., Edge Resources Inc., Rift Basin Resources Corp., Reparo Energy Partners Inc., Planet Mining Exploration Inc., Westridge Resources Inc.
Donovan Jones	None
Owen Matthews	None
Terence Matthews	Magor Corporation, Mitel Networks Corporation, ProntoForms Corporation
Larry Timlick	Para Resources Inc., Sora Capital Corp.
Bruce Joyce	ProntoForms Corporation

(e) Independent Directors' Meetings

Members of management may be excluded from a portion of each regularly scheduled meeting of the directors, as required. Meetings where non-independent directors are not in attendance may be held as required by the independent directors; this is considered appropriate given our company's overall governance.

(f) Terence Matthews, the chairman of our company is not considered an independent director under NI 52-110. Collectively, the members of the Board possess sufficient public company and industry experience such that a lead independent director is not considered necessary at this time. The independent directors possess sufficient board and management experience such that they are able to operate effectively amongst themselves without the designation of a lead independent director. The Board encourages an atmosphere of candour and constructive dissent.

(g) The attendance record of each director for all Board meetings held since the beginning of our company's most recently completed financial year is set forth below:

Director	Number of Board Meetings Attended in Fiscal Year 2016
Chris Cooper	5 of 5
Donovan Jones	5 of 5
Owen Matthews	5 of 5
Terence Matthews	5 of 5
Larry Timlick	4 of 5
Bruce Joyce	5 of 5

2. Board Mandate

The text of the board's written mandate is attached hereto as Appendix A.

3. Position Descriptions

- (a) The Board has established a written position description for its chairman and for the chairman of each committee of the Board.
- (b) The Board has established a written position description for its Chief Executive Officer.

4. Orientation and Continuing Education

- (a) We have a formal process to orient and educate new recruits to the Board regarding the role of the Board, its committees and its directors, as well as the nature and operations of our business. This process provides for an orientation day with key members of the management staff, and further provides key reference and background materials, such as the current board approved business and strategic plan, the most recent board approved budget, the most recent annual report, the audited financial statements and copies of the interim quarterly financial statements. We also provide new directors with the Code of Business Conduct and Ethics and Compliance Program, and the charters for each committee of the Board, each of which has been approved by the Board.
- (b) The Board provides continuing education for its directors, as required, to maintain the skills and knowledge necessary to meet his or her obligations as directors.

5. Ethical Business Conduct

The Board has adopted a written code of business conduct and ethics and compliance program (the "Code"). The Code was adopted by the Board on July 16, 2004 and amended April 24, 2008. The Code has been filed as an Exhibit to our Form 10-KSB filed on July 29, 2004 and the amended Code has been filed as an Exhibit to our Form 10-QSB filed on September 15, 2008. The Code is also available on our website at www.counterpath.com.

Employees, officers and directors and contractors are required read the Code and acknowledge through signature annually, that they understand the standards and policies contained in the Code and agree to comply fully with the standards, policies and procedures contained in the Code and our company's related policies and procedures including the obligation to report any suspected violations of the Code.

The Board encourages and promotes a culture of ethical business conduct through the adoption and monitoring of the Code, the insider trading policy, the whistle-blower policy and such other policies that may be adopted from time to time. The Board conducts regular reviews with management for compliance with such policies.

6. Nomination of Directors

- (a) Our independent directors meet at least twice yearly and are responsible for identifying new director nominees. All director nominees are recommended for nomination to the Board by a majority of our independent directors in a vote in which only independent directors participate.
- (b) In identifying candidates for membership on the Board, the independent directors take into account all factors they considers appropriate, which may include strength of character, mature judgment, career specialization, relevant technical skills, diversity and the extent to which the candidate would fill a present need on the Board. As part of the process, the independent directors are responsible for conducting background searches, and are empowered to retain search firms to assist in the nominations process. Once candidates have gone through a screening process and met with a number of the existing directors, they are formally put forward as nominees for approval by the Board.

7. Compensation

- (a) The Board has appointed a Compensation Committee, which is responsible for, among other things, developing our company's approach to executive compensation and periodically reviewing the compensation of the directors.
- (b) The Compensation Committee reviews and approves annual salaries, bonuses and other forms and items of compensation for our senior officers. Except for plans that are, in accordance with their terms or as required by law, administered by the Board or another particularly designated group, the Compensation Committee also administers and implements all of our stock option and other equity-based benefit plans, recommends changes or additions to those plans, and reports to the Board on compensation matters.

8. Other Board Committees

None other than the audit committee and compensation committee.

9. Assessments

The Board intends that individual director assessments be conducted by other directors, taking into account each director's contributions at board meetings, service on committees, experience base, and their general ability to contribute to one or more of our company's major needs. However, due to its stage of development and its need to deal with other urgent priorities, the Board has not yet implemented such a formal process of assessment.

10. Director Term Limits and Other Mechanisms of Board Renewal

Our company has not adopted term limits for its directors. Our company has not adopted such term limits as it is of the view that an arbitrary term limit could force certain directors which have experience, expertise and operational insight as to the business of our company to not stand for re-election, thus depriving the Board of members that have key competencies that might not be easily replaced. The entire Board is responsible for assessing the effectiveness of the directors and renewal is one of the factors the Board utilizes in its evaluation.

11. Policies Regarding the Representation of Women on the Board

Our company has not adopted a written policy relating to the identification of women directors. The Board is required to annually develop and update a long term plan for the composition of the Board and one of the factors that it considers is diversity, including gender diversity. Other factors that the Board takes into consideration are the current strengths, skills and experience on the Board, any planned retirement dates and the strategic direction of our company. Accordingly, the Board does not believe a written policy relating solely to the identification of women directors is necessary.

12. Consideration of the Representation of Women in the Director Identification and Selection Process

The Board considers the diversity of the Board, including the level of representation of women, as one of the factors in identifying and nominating candidates for election or re-election to the Board of Directors. The other factors that the Board considers are: the competencies and skills that the Board considers to be necessary for the Board, as a whole, to possess; the competencies and skills that the Board considers each existing trustee to possess; the competencies and skills each new nominee will bring to the Board; the time and energy of the proposed nominee to devote to the tasks; and, the understanding by the proposed nominee of the nature of the business and operations of our company.

13. Consideration Given to the Representation of Women in Executive Officer Appointments

The Compensation Committee considers diversity generally (which includes gender diversity) when recommending candidates as executive officers of our company in the same way the Board does with its evaluation of potential director nominees.

14. Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

Our company has not adopted a target regarding women on the Board. Diversity, including gender diversity, is one of the factors that the Board considers in identifying and nominating candidates for election or re-election to the Board. The other factors that the Board considers are described in Item 12 above. The Board believes all of these factors are relevant to ensure high functioning board members and that establishing targets based upon only one of these factors may disqualify desirable trustee candidates.

Our company has not adopted a target regarding women in executive officer positions of our company. Our company believes that the Board needs to be able to assess a candidate's qualities and competencies as a whole instead of emphasizing on gender, which also prevents situations where an individual could be perceived as not having been nominated solely on the basis of such individual's merits.

15. Number of Women on the Board and in Executive Officer Positions

None of the directors of our company are women. None of the executive officers of our company are women.

**CounterPath Corporation
Board Mandate**Statutory Power of the Board

The board of directors of CounterPath Corporation (the “Company”) is elected by the shareholders of the Company and has the statutory power and obligation to supervise the management of the Company. The role of the board is primarily one of stewardship. Although directors are elected by shareholders, a director’s duty is owed first and foremost to the Company and not to a particular constituency.

Fiduciary Duty and Duty of Care

The board’s fundamental relationship with the Company is guided by a fiduciary principle that requires each director to act honestly and in good faith with a view to the best interests of the Company. In exercising their powers and discharging their duties, every director must exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. These principles require a director to put the Company’s interests first, avoid conflicts of interest and avoid exploiting business opportunities of the Company for self-interest purposes. This mandate is not intended to expand upon the standards of conduct prescribed under statutory or regulatory requirements for directors of a corporation.

The board may designate the officers of the Company, specify their duties and delegate to them powers to manage the day to day business and affairs of the Company. In addition, the board discharges its responsibilities through standing committees such as the audit committee and the compensation committee and may also periodically form special committees to address specific issues of a more short-term nature. The duties and responsibilities delegated to standing committees of the board are prescribed in the charters for such standing committees.

Additionally, absent actual knowledge to the contrary, the board shall be entitled to rely on (i) the integrity of those persons or organizations within or outside the Company from which it receives information, (ii) the accuracy of the financial and other information provided by such person or organization, and (iii) representations made by management and such persons or organizations in relation to any services provided by such persons or organizations to the Company and its subsidiaries.

Primary Board Roles

The board’s primary roles are to oversee corporate performance and provide quality, depth and continuity of management to meet the Company’s strategic objectives. The board will focus its attention on the following key responsibilities:

- **Appoint and oversee the Chief Executive Officer and other senior officers.**

The board will appoint, monitor and evaluate the performance of the chief executive officer and key employees, settle the terms of employment of the chief executive officer and key employees, with input from the compensation committee, approve organizational changes and ensure that adequate planning is undertaken for management training, development and succession.

- **Oversee strategy implementation and performance.**

The board will review and evaluate a strategic planning process developed by management and will provide guidance regarding the process. The board will monitor management’s implementation of the process and provide ongoing advice on strategic planning matters for the Company. The board will provide guidance regarding changes required to improve corporate performance in terms of profitability, growth and competitive strength. The board will approve, at least on an annual basis, a business plan for the Company which takes into account, among other things, the opportunities and risks of the business.

- **Monitor the financial performance of the Company and other financial reporting matters.**

The board will approve the audited financial statements and interim financial statements of the Company, and the notes thereto and the management's discussion and analysis accompanying such financial statements and such other financial reports as the board, with input from the audit committee, is required to approve from time to time in accordance with applicable securities laws and the rules of any stock exchange on which the Company's securities are listed for trading.

- **Identify and oversee management of principal business risks.**

The board will, among other actions, require periodic reports from management describing the Company's programs and systems for identifying financial and other business risks and for managing such risks and protecting corporate assets such as intellectual property, confidential information, physical property and employees. The board will provide advice to management regarding any changes or improvements necessary or desirable to improve the Company's management of its principal business risks.

- **Monitor the legal and ethical performance of the Company.**

The board will seek assurances that the Company adheres to and complies with all applicable laws and legal standards and ensure that processes and policies are established and communicated to management and other employees to encourage appropriate attention to legal compliance issues, including compliance with contractual obligations and claims against the Company, as well as timely reporting of significant legal matters to the board.

The board will seek assurances from the chief executive officer, the Corporate Counsel and management that the company's business is conducted in a manner that reflects strict adherence to the Code of Business Conduct and Ethics and Compliance and core corporate values and that the chief executive officer and management create a culture of integrity throughout the Company.

- **Maintain shareholder relations.**

The board will seek assurances from management that the Company makes complete, accurate and timely disclosure of material information and complies with disclosure requirements prescribed in securities legislation. The board will ensure that the Company makes such disclosure directly to shareholders or indirectly to shareholders through the financial press, analysts, employees and other corporate stakeholders and regulatory authorities with regard to the plans, decisions, prospects and financial results of the Company and receives feedback from such stakeholders.

- **Oversee internal control and management information systems.**

The board, or such committee as designated by the board, will review periodic reports describing the Company's internal control systems and management information systems and provide advice on changes required to improve the adequacy of the systems as well as oversee the Company's compliance with applicable audit, accounting and financial reports and requirements.

The Board's Commitment

The board undertakes to maintain an independent view of the Company's strategic direction, the chief executive officer and management. The board will continually seek to improve its effectiveness by:

- creating an atmosphere of intellectual honesty and promoting a culture of integrity within the Company and adherence to core corporate values;
- preparing for and attending board meetings and promoting open, constructive and critical dialogue among board members and between board members and management;
- keeping up to date on the Company, its business, principal risks and strategy, and engaging in dialogue inside and outside the boardroom on substantive issues;
- stating questions and concerns regarding the Company, its business, principal risks or other matters or issues as they arise;
- sharing perspectives, experience and judgment with and providing guidance and strategic direction to management;
- continually assessing management's operational performance in executing the Company's business plan and evaluating the adequacy of controls in audit and performance;
- declaring any conflicts of interest, real or perceived;
- continually seeking ways to assess and improve overall board performance; and
- adhering to this mandate and reviewing and reassessing the adequacy of the mandate at least annually.

Majority Voting Policy

For so long as the Company has securities listed for trading on the Toronto Stock Exchange (the "TSX"), the following will apply in connection with a meeting of stockholders of the Company for the purpose of electing directors (each, a "Director") to the Company's board of directors:

Each Director must be elected by a majority (50% + 1 vote) of the votes cast with respect to his or her election other than at contested meetings (i.e., a meeting at which the number of directors nominated for election is greater than the number of seats available on the board). Any nominee who receives a greater number of votes "withheld" than votes "for" will tender his or her resignation to the Chairman of the board promptly following the meeting stockholders at which Directors are nominated for election. The Company's Independent Directors will consider the offer of resignation and will make a recommendation to the board on whether to accept it. In considering whether or not to recommend acceptance of the resignation, the Independent Directors will consider all factors deemed relevant by its members. The board will be expected to accept the resignation absent exceptional circumstances. The board will make its final decision and announce it in a press release within 90 days following the relevant stockholders' meeting. A Director who tenders his or her resignation pursuant to this policy will not participate in any meeting of the board at which the resignation is considered.

Where the board accepts the resignation of a Director, the board may, subject to applicable laws, the articles and/or bylaws of the Company and any previously-passed stockholders resolutions, exercise its discretion with respect to the resulting vacancy and may, without limitation, leave the vacancy unfilled until the next annual meeting of stockholders, fill the vacancy through the appointment of a new Director whom the board considers to merit the confidence of the stockholders, or call a special meeting of stockholders to elect a new nominee to fill the vacant position. If any Director fails to tender his or her resignation as contemplated by this policy, the board will not re-nominate that Director at the next election.
