FORM 10-K

(Mark One)

ANNUAL REPORT UNDER SECTION 13 OR 15 (d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the fiscal year ended **December 31, 2014**

TRANSITION REPORT UNDER SECTION 13 OR 15 (d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number **333-175692**

**Xterra Building Systems,
Inc.**

(formally known as **Innovate Building Systems,
Inc.**)

(Exact Name of Registrant as specified in its charter)

Florida

(State or jurisdiction of Incorporation or
organization)

20-8926549

(I.R.S Employer Identification No.)

**2555 Keats Road, North Vancouver, British
Columbia, Canada**

(Address of principal executive offices)

V7H 2M7

(Zip Code)

Registrant's telephone number, including area code **778-772-8184**

Securities registered under Section 12(b) of the Exchange Act:

Title of each class

None

Name of each exchange on which registered

N/A

Securities registered under Section 12(g) of the Exchange Act

Common Stock, \$0.00001 par value

(Title of class)

Indicate by check mark the registrant is a well known seasoned issuer, as defined in Rule 405 of the Securities Act.
Yes No

Indicate by check mark whether the registrant is not required to file reports pursuant to Section 13 or 15 (d) of the Exchange Act. Yes No

Note – Checking the box above will not relieve any registrant required to file reports pursuant to Section 13 or 15 (d) of the Exchange Act from their obligations under those Sections.

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject of such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation s-K (§ 229.405 of this chapter is not contained herein and will not be contained to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" "smaller reporting company" in Rule 12b-2 of the Exchange Act.

| | | | |
|-------------------------------------|--------------------------|---------------------------|-------------------------------------|
| Large accelerated filer | <input type="checkbox"/> | Accelerated filer | <input type="checkbox"/> |
| Non-accelerated filer | <input type="checkbox"/> | Smaller reporting company | <input checked="" type="checkbox"/> |
| (Do not check if a smaller company) | | | |

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes No

State the aggregate market value of the voting and non-voting common equity held by non affiliates computed by reference to the price at which the common equity was last sold, or the average bid and asked price of such common equity, as of the last business day of the registrant's most recently completed second fiscal quarter. \$0.00

Note.—If a determination as to whether a particular person or entity is an affiliate cannot be made without involving unreasonable effort and expense, the aggregate market value of the common stock held by non affiliates may be calculated on the basis of assumptions reasonable under the circumstances, provided that the assumptions are set forth in this Form.

APPLICABLE ONLY TO REGISTRANTS INVOLVED IN BANKRUPTCY

PROCEEDINGS DURING THE PRECEDING FIVE YEARS

Indicate by check mark whether the registrant has filed all documents and reports required to be filed by Section 12 13 or 15(d) of the Securities Exchange Act of 1934 subsequent to the distribution of securities under a plan confirmed by a court Yes No

(APPLICABLE ONLY TO CORPORATE REGISTRANTS)

Indicate the number of shares outstanding of each of the registrant's classes of common stock, as of the latest practicable date.

86,545,000 as of March 30, 2015, per Transfer Agent, VStock Transfer, LLC, 77 Spruce Street, Ste 201, Cedarhurst, NY 11516

DOCUMENTS INCORPORATED BY REFERENCE

List hereunder the following documents if incorporated by reference and the Part of the Form 10-K (e.g., Part I, Part II, etc.) into which the documents is incorporated: (1) Any annual report to security holders; (2) Any proxy or information statement; and (3) Any prospectus filed pursuant to Rule 424(b) or (c) under the Securities Act of 1933. The listed documents should be clearly described for identification purposes (e.g., annual report to security holders for fiscal year ended December 24, 1980)

Special Note Regarding Forward Looking Statements.

This annual report on Form 10-K of Xterra Building Systems, Inc. for the year ended December 31, 2014 contains certain forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. To the extent that such statements are not recitations of historical fact, such statements constitute forward looking statements which, by definition involve risks and uncertainties. In particular, statements under the Sections; Description of Business, Management's Discussion and Analysis of Financial Condition and Results of Operations contain forward looking statements. Where in any forward looking statements, the Company expresses an expectation or belief as to future results or events, such expectation or belief is expressed in good faith and believed to have a reasonable basis, but there can be no assurance that the statement of expectation or belief will result or be achieved or accomplished.

The following are factors that could cause actual results or events to differ materially from those anticipated, and include but are not limited to: general economic, financial and business conditions; changes in and compliance with governmental regulations; changes in tax laws; and the cost and effects of legal proceedings.

You should not rely on forward looking statements in this annual report. This annual report contains forward looking statements that involve risks and uncertainties. We use words such as "anticipates," "believes," "plans," "expects," "future," "intends," and similar expressions to identify these forward-looking statements. Prospective investors should not place undue reliance on these forward looking statements, which apply only as of the date of this annual report. Our actual results could differ materially from those anticipated in these forward-looking statements.

PART I

Item 1. Business

Xterra Building Systems, Inc., is a Florida corporation, (the "Company"). The Company has provided marketing of consulting services primarily to independent aquatic farming operators and other market participants located in the Midwest of the United States of America (the "U.S."). Historically, we conducted initial marketing and sales activities to take advantage of opportunities related to time, location and quality of aquatic farming operations. We have conducted our operations primarily in Indiana.

On February 9, 2015, David Cupp resigned as CEO and President and David Alexander has been appointed CEO and President.

We have conducted initial marketing and sales activities to take advantage of opportunities related to time, location and quality of various aquatic farm projects. Currently we are endeavoring to find opportunities in the modular building systems markets in Alberta, Canada.

Although we have conducted our marketing operations primarily in Indiana, we have changed our operations to Western Canada

During the year, the Company entered into an agreement to acquire a modular building systems company located in

Edmonton, Alberta. Although the Company cancelled this agreement in August, 2014, the Company is currently in negotiations to build modular building systems to select customers.

Our Plan of Operation for the next twelve months is to raise capital to continue to expand our operations. Although we are not presently engaged in any capital raising activities, we anticipate that we may engage in one or more private offerings of our company's securities. We would most likely rely upon the transaction exemptions from registration provided by Regulation D, Rule 506 or conduct a private offering under Section 4(2) of the Securities Act of 1933.

The implementation of our business strategy is estimated to take approximately 12 months. Once we are able to secure funding, implementation will begin immediately. The major parts of the strategy to be immediately implemented will be the sales and marketing and office equipment and human resource procurement.

Our limited revenues have affected the Company directly. Without a strong or known market demand, it was considered a risk to expand in any new geographical areas, since there was realistic probability that costs and overages would not be recovered upon completion and sales generated.

Marketing Plan

Our marketing initiatives will include:

- (a) utilizing direct contacts to secure contract;
- (b) promoting our services and attracting businesses through our (proposed) website;
- (c) presence at industry trade shows;
- (d) continue to nurture the relationships we have with our core customers that we have done business with; and,
- (e) seek additional customers coming into the marketplace and create relationships with them.

Industry Overview

Modular Building Industry

The construction of Modular Buildings in North America is the construction of complete buildings or sections of building in a manufacturing plant, with the assembly or final construction of the building at site. **Permanent Modular Construction (PMC)** is a delivery method utilizing offsite, lean manufacturing techniques to prefabricate single or multi-story whole building solutions in deliverable module sections. PMC buildings are manufactured in a controlled setting and can be constructed of wood, steel, or concrete. PMC modules can be integrated into site built projects or stand alone as a turn-key solution and can be delivered with MEP, fixtures and interior finishes.

The buildings are 60% to 90% completed offsite in a factory-controlled environment, and transported and assembled at the final building site. This can comprise the entire building or be components or subassemblies of larger structures. In many cases, modular contractors work with traditional general contractors to leverage the resources and advantages of each type of construction.

Permanent modular buildings are built to meet or exceed the same building codes and standards as site-built structures and the same architect-specified materials used in conventionally constructed buildings are used in modular construction projects. PMC can have as many stories as building codes allow. Unlike relocatable buildings, PMC structures are intended to remain in one location for the duration of their useful life.

Modular Building Construction provide the following benefits:

Accelerated Construction Process

Unique to modular construction, while modules are being assembled in a factory, site work is occurring at the same time or in some cases prior to construction. This can allow for much earlier building occupancy and contribute to a shorter overall construction period, reducing labor, financing and supervision costs. To save even more time and money, nearly all design and engineering disciplines are part of the manufacturing process.

Also unique to modular construction is the ability to simultaneously construct a building's floors, walls, ceilings, rafters, and roofs. During site-built construction, walls cannot be set until floors are in position, and ceilings and rafters cannot be added until walls are erected. On the other hand, with modular construction, walls, floors, ceilings, and rafters are all built at the same time, and then brought together in the same factory to form a building. This process can allow modular construction times of half that of conventional, stick-built construction.

Quality Built

Combining traditional building techniques, quality manufacturing and third-party agencies who offer random inspections, testing, and certification services for quality control, commercial modular buildings are built in strict accordance with appropriate local, state, and national regulations and codes. Due to the need to transport modules to the final site, each module must be built to independently withstand travel and installation requirements. Thus the final module-to-module assembly of independently durable components can yield a final product that is more durable than site-built structures.

Modular units may also be designed to fit in with external aesthetics of any existing building and modular units once assembled can be virtually indistinguishable from a site-built structure.

Sustainable

- **Less Material Waste** - Modular construction makes it possible to optimize construction materials purchases and usage while minimizing on-site waste and offering a higher quality product to the buyer. Bulk materials are delivered to the manufacturing facility where they are stored in a protected environment safe from theft and exposure to the environmental conditions of a job site.

According to the UK group WRAP, up to a 90% reduction in materials can be achieved through the use of modular construction. Materials minimized include: wood pallets, shrink wrap, cardboard, plasterboard, timber, concrete, bricks, and cement.

- **Less Site Disturbance** - The modular structure is constructed off-site simultaneous to foundation and other site work, thereby reducing the time and impact on the surrounding site environment, as well as reducing the number of vehicles and equipment needed at the site.
- **Greater Flexibility and Reuse** - When the needs change, modular buildings can be disassembled and the modules relocated or refurbished for their next use reducing the demand for raw materials and minimizing the amount of energy expended to create a building to meet the new need. In essence, the entire building can be recycled in some cases.
- **Improved Air Quality** - Many of the indoor air quality issues identified in new construction result from high moisture levels in the framing materials. Because the modular structure is substantially completed in a factory-controlled setting using dry materials, the potential for high levels of moisture being trapped in the new construction is eliminated.

Modular buildings can also contribute to LEED (Leadership in Energy and Environmental Design) requirements in any category site-built construction can, and can even provide an advantage in the areas of Sustainable Sites, Energy and

Atmosphere, Materials and Resources, and Indoor Environmental Quality. Modular construction can also provide an advantage in similar categories in the International Green Construction Code.

Strategy for Growth

Our strategy for growth involves increasing our sales force activity, obtaining premises adjacent to successful marketing

efforts; maintaining optimum utilization of premises.

- *Increase Sales.* Our growth strategy is to increase our Sales volume by expanding our presence in our current geographic markets and by entering new geographic markets.
- *Internal Growth.* We intend to continue to recruit highly-qualified sales professionals and support staff. Our compensation plan will include stock options and stock bonuses for production enhancing our ability to recruit and retain key employees.

In executing our business strategy, we focus on the following elements:

- *Leveraging Technology to Maximize Efficiency.* We utilize the internet to give our clients easy access to our company. We will continue to utilize technology to reduce operating costs, improve communication with clients, and centralize data among our branch operations.
- *Promoting Sales & Recruitment Culture.* To maintain a culture of continuous growth and recruitment, we have implemented a program whereby employees are encouraged to recruit earning them additional equity ownership.

Other Activities

On April 25, 2014, the Company announced that it had entered into an agreement whereby, it would have acquired a modular building Company. In anticipation of this Agreement, the Company's name was changed to Innovate Building Systems, Inc. On August 27, 2014, the Company announced that it had terminated the agreement to acquire a modular building Company.

Item 1A. Risk Factors

Because we are a Smaller Reporting Company, we are not required to provide the information required by this item.

Item 1B. Unresolved Staff Comments

NONE

Item 2. Properties

We do not own any real property. Our offices were located at 2555 Keats Road, North Vancouver, British Columbia, the offices of Mr. David M Alexander, our Chairman, CEO, and President. We do not believe that we will need to obtain additional office space at any time in the foreseeable future, approximately 12 months, until our business plan is more fully implemented.

As a result of our method of operations and business plan, we do not require personnel other than Mr. Alexander to conduct our business. In the future, we anticipate requiring additional office space and additional personnel; however, it is unknown at this time how much space or how many individuals will be required.

Item 3. Legal Proceedings

We are not currently a party to any legal proceedings nor are any contemplated by us at this time.

Item 4. Mine safety disclosures

Not Applicable

PART II.

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities

Market Information

Xterra trades on the OTC-QB market under the trading symbol XTRR. Trading for XTRR for the last two years by quarter is as follows:

| <u>Period</u> | <u>High</u> | <u>Low</u> | <u>Close</u> | <u>Volume</u> |
|---------------|-------------|------------|--------------|---------------|
| Q1-2013 | \$ 1.70 | \$ 1.01 | \$ 1.70 | - |
| Q2-2013 | \$ 1.70 | \$ 1.70 | \$ 1.70 | - |
| Q3- 2013 | \$ 0.69 | \$ 0.69 | \$ 0.69 | - |
| Q4- 2013 | \$ 0.69 | \$ 0.69 | \$ 0.69 | - |
| | | | | |
| Q1-2014 | \$ 0.10 | \$ 0.10 | \$ 0.10 | - |
| Q2-2014 | \$ 0.56 | \$ 0.48 | \$ 0.49 | 99,900 |
| Q3-2014 | \$ 0.49 | \$ 0.49 | \$ 0.49 | 1,922,000 |
| Q4-2014 | \$ 0.49 | \$ 0.02 | \$ 0.02 | - |

Holdings

As of March 30, 2015 there were 414 shareholders of record of our common stock.

Dividends

Since inception we have not paid any dividends on our common stock. We currently do not anticipate paying any cash dividends in the foreseeable future. Although we intend to retain our earnings, if any, to finance the exploration and growth of our business, our Board of Directors will have the discretion to declare and pay dividends in the future. Payment of dividends in the future will depend upon our earnings, capital requirements, and other factors, that our Board of Directors may deem relevant.

Recent Sales of Unregistered Securities

NONE

Item 6. Selected Financial Data

Because we are a Smaller Reporting Company, we are not required to provide the information required by this item.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following Management's Discussion and Analysis of Financial Condition and Results of Operations contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of various factors, including those set forth under "Risk Factors" and elsewhere in this report. The management's discussion, analysis of financial condition, and results of operations should be read in conjunction with our financial statements and notes thereto contained elsewhere in this prospectus.

Our Business Overview

Xterra Building Systems, Inc. is a Florida corporation (the "Company"). During the year ended December 31, 2014, the Company entered into an agreement to acquire Innovate Building Systems Inc., an Alberta Corporation. However after completing due diligence, the Company decided not to proceed with the acquisition.

The Company was providing consulting services to independent aquatic farming operators and other market participants located in the Midwest of the United States of America (the "U.S."). Historically, we conducted initial marketing and sales activities to take advantage of opportunities related to time, location and quality of aquatic farming operations. We have conducted our operations primarily in Indiana.

Our plan of operation for the next twelve months will be to obtain contracts to build modular buildings. If we obtain this contract (s) we will expand to expand our client base. We will either raise funds to acquire existing manufacturing facilities, or we will subcontract the construction of our contractual requirements to existing modular building manufacturers.. As we continue to grow we will need to raise additional funds. We do anticipate obtaining additional financing to fund operations through common stock offerings, to the extent available, or to obtain additional financing to the extent necessary to augment our working capital. The Company does intend to continue to use the income from our current client to continue to meet our operating expenses. We do not have need for the purchase of any property or equipment at this time. XRTT will not have any significant changes in the current number of employees.

In addition, our Plan of Operation for the next twelve months is to raise capital to continue to expand our operations. Although we are not presently engaged in any capital raising activities, we anticipate that we may engage in one or more private offering of our company's securities after the completion of this offering. We would most likely rely upon the transaction exemptions from registration provided by Regulation D, Rule 506 or conduct another private offering under Section 4(2) of the Securities Act of 1933. See "Note 2 – Going Concern" in our financial statements for additional information as to the possibility that we may not be able to continue as a "going concern."

12 Month Growth Strategy and Milestones

The Company planned the milestones over the next twelve months:

- 0-3 Months
 - Obtain contract for the building of modular buildings.
 - Enter into subcontracting agreement with existing manufacturer to fulfil contract

- 4-6 Months
 - Investigate the feasibility to become modular building manufacturer through acquisition.
 - Raise approximately \$2 million to facilitate subcontracting or acquisition.
 - Develop corporate presence through website, office, and investor relations.
 - Hire staffing required to complete existing contracts and develop new contracts.

- 7-12 Months
 - Develop marketing strategy to expand contractual opportunities.
 - Analyze online marketing and make necessary changes for increased exposure

Any need for outside services in which we cannot provide will all be initially outsourced in order to cut costs by not having facilities in excess of our needs. The company will not attempt to establish relationships with providers of outsourcing services until the company will be able to utilize such services.

On April 25, 2014 the Company entered into a Share Purchase Plan to acquire the issued and outstanding shares of Innovate Building Systems, Inc., (“Innovate”) a manufacturer of modular buildings located in Edmonton Alberta, Canada. In accordance with the Agreement, the Company changed its name from New Found Shrimp, Inc. to Innovate Building Systems, Inc. In the course of the due diligence, the Innovate (the Alberta Company) was unable to supply audited financial statements. For this and other reasons, the Company decided not to proceed with the acquisition. On September 9, 2014,

the Company changed its name from Innovate Building Systems Inc. to Xterra Building Systems Inc.

Critical Accounting Policies

We prepare our financial statements in conformity with GAAP, which requires management to make certain estimates and assumptions and apply judgments. We base our estimates and judgments on historical experience, current trends and other factors that management believes to be important at the time the financial statements are prepared and actual results could differ from our estimates and such differences could be material. We have identified below the critical accounting policies which are assumptions made by management about matters that are highly uncertain and that are of critical importance in the presentation of our financial position, results of operations and cash flows. On a regular basis, we review our accounting policies and how they are applied and disclosed in our financial statements.

Use Of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Results of Operations for the year ended December 31, 2014 and December 31, 2013

Xterra Building Systems, Inc. (The Company) was organized as of April 26, 2007. Due to the limited operations during April 26, 2007 (date of inception) through the year ended December 31, 2014, the results of operations for the year ended December 31, 2014 and 2013 are not comparable.

Revenues

Total Revenue. Total revenues for the years ended December 31, 2014 and 2013 were \$-0- and \$-0-, respectively.

Expenses

Total Expenses. Total expenses for the years ended December 31, 2014 and 2013 were \$13,780,487 and \$122,089, respectively. Total expenses consisted of professional fees of \$38,808 and \$67,089, selling, general and administrative expenses of \$0 and \$0, interest expense of \$-0- and \$-0-; benefit from the modification of conversion terms of preferred shares to common shares \$13,741,679 (2013 - \$-0-) and impairment loss of \$0 and \$55,000, respectively.

Financial Condition

Total Assets. Total assets at December 31, 2014 and 2013 were \$Nil and \$712, respectively.

Total Liabilities. Total liabilities at December 31, 2014 and 2013 were \$24,468 and \$16,013, respectively. Total liabilities consist of accounts payable of \$13,879, related party accounts payable of \$9,000; and note payable to related party of \$3,590, in 2013 there was a related party note payable of unrelated party of \$3,000 and a note payable to the CEO of \$100. The change is due to an increase in accounts payable.

Liquidity

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern which contemplates, among other things, the realization of assets and satisfaction of liabilities in the ordinary course of business.

The Company sustained a loss for the years ended December 31, 2014 and 2013 of \$13,780,487 and \$122,089, respectively. The Company has an accumulated deficit of \$34,442,685. Because of the absence of positive cash flows from operations, the Company will require additional funding for continuing the development and marketing. These factors raise substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

We are presently not able to meet our obligations as they come due. At December 31, 2014 we had working capital deficit of \$26,469. Our working capital deficit is due to the results of operations.

Net cash used in operating activities for the years ended December 31, 2014 and 2013 was \$1,202 and \$7,809, respectively.

Net cash provided by financing activities for the years ended December 31, 2014 and 2013 was \$490 and \$Nil-, respectively.

We anticipate that our future liquidity requirements will arise from the need to fund our growth from operations, pay current obligations and future capital expenditures. The primary sources of funding for such requirements are expected to be cash generated from operations and raising additional funds from the private sources and/or debt financing. However, we can

provide no assurances that we will be able to generate sufficient cash flow from operations and/or obtain additional financing on terms satisfactory to us, if at all, to remain a going concern. Our continuation as a going concern is dependent upon our ability to generate sufficient cash flow to meet our obligations on a timely basis and ultimately to attain profitability. Our Plan of Operation for the next twelve months is to raise capital to continue to expand our operations. Although we are not presently engaged in any capital raising activities, we anticipate that we may engage in one or more private offering of our company's securities after the completion of this offering. We would most likely rely upon the transaction exemptions from registration provided by Regulation D, Rule 506 or conduct another private offering under Section 4(2) of the Securities Act of 1933. See "Note 2 – Going Concern" in our financial statements for additional information as to the possibility that we may not be able to continue as a "going concern."

We have no known demands or commitments and are not aware of any events or uncertainties that will result in or that are reasonably likely to materially increase or decrease our current liquidity.

We are not aware of any trends or known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in material increases or decreases in liquidity.

Capital Resources

We have no material commitments for capital expenditures as of December 31, 2014 .

Item 7A. Quantitative and Qualitative Disclosure About Market Risk

Because we are a Smaller Reporting Company, we are not required to provide the information required by this item.

Item 8. Financial Statements and Supplementary Data

The report of the independent registered public accounting firm and the financial statements listed on the accompanying index at page F-1 of this report are filed as part of this report and incorporated herein by reference.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

Item 9A. Controls and Procedures

(a) Management's Annual Report on Internal Control over Financial Reporting

The management of the Company is responsible for establishing and maintaining adequate internal control over financial reporting. The Company's internal control over financial reporting is a process designed under the supervision of the Company's Chief Executive Officer and Chief Financial Officer to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Company's financial statements for external purposes in accordance with the U.S. generally accepted accounting principles.

As of December 31, 2014, under the supervision and with the participation of our management, we conducted an evaluation of the effectiveness of the design and operations of our disclosure controls and procedures, as defined in Rule 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934 and based on the criteria for effective internal control described *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this evaluation, management concluded that our financial disclosure controls and procedures were not effective so as to timely identify correct and disclose information required to be included on our Securities and Exchange Commission ("SEC") reports due to the Company's limited internal resources and lack of ability to have multiple levels of transaction review. Through the use of external consultants and the review process, management believes that the financial statements and other information presented herewith are materially correct.

The management including its Chief Executive Officer and Chief Financial Officer, our sole officer, does not expect that its disclosure controls and procedures, or its internal controls will prevent all error and all fraud. A control system no matter how well conceived and operated, can provide only reasonable not absolute assurance that the objectives of the control system are met. Further, the design of control system must reflect the fact that there are resource constraints, and the benefit of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any within the Company have been detected.

Material weaknesses identified by management included: lack of an audit committee and audit committee financial expert; lack of a majority of outside directors on our board of directors, resulting in ineffective oversight in the establishment and monitoring of required internal controls and procedures; inadequate segregation of duties consistent with control objectives and affecting the functions of authorization, recordkeeping, custody of assets, and reconciliation; and, management dominated by a single individual without adequate compensating controls.

Management believes that the material weaknesses set forth above did not have an effect on our financial results. However, management believes that the lack of a functioning audit committee and the lack of a majority of outside directors on our board of directors results in ineffective oversight in the establishment and monitoring of required internal controls and procedures, which could result in a material misstatement in our financial statements in future periods.

Management's Remediation Initiatives

In an effort to remediate the identified material weaknesses and other deficiencies and enhance our internal controls, we

have initiated, or plan to initiate, the following series of measures:

We will create a position to segregate duties consistent with control objectives and will increase our personnel resources and technical accounting expertise within the accounting function when funds are available to us. And, we plan to appoint one or more outside directors to our board of directors who shall be appointed to an audit committee resulting in a fully functioning audit committee who will undertake the oversight in the establishment and monitoring of required internal controls and procedures such as reviewing and approving estimates and assumptions made by management when funds are available to us.

Management believes that the appointment of one or more outside directors, who shall be appointed to a fully functioning audit committee, will remedy the lack of a functioning audit committee and a lack of a majority of outside directors on our Board.

We will work as quickly as possible to implement these initiatives; however, the lack of adequate working capital and positive cash flow from operations will likely slow this implementation.

This Annual Report does not include an attestation report of the Company's independent registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's independent registered public accounting firm pursuant to the temporary rules of the SEC that permit the Company to provide only management's report in this Annual Report.

This report shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, or otherwise subject to the liabilities of this section, and is not incorporated by reference into any filing of the Company, whether made before or after the date hereof, regardless of any general incorporation language in such filing.

Change in internal controls

We have not made any significant changes to our internal controls subsequent to the Evaluation Date. We have not identified any significant deficiencies or material weaknesses or other factors other than those specified above that could significantly affect these controls, and therefore, no corrective action was taken.

Item 9B. Other Information

NONE

PART III

Item 10. Directors, Executive Officers and Corporate Governance

Directors and Executive Officers

The names and ages of our directors and executive officers are set forth below. Our By Laws provide for not less than one and not more than fifteen directors. All directors are elected annually by the stockholders to serve until the next annual meeting of the stockholders and until their successors are duly elected and qualified.

| <u>Name</u> | <u>Age</u> | <u>Position</u> |
|--------------------|------------|--|
| David R. Cupp | 36 | Director, resigned as President, Secretary and Chairman of the Board of Directors on February 7, 2015(1) |
| David M. Alexander | 64 | Director, President, Secretary and Chairman of the Board of Directors since February 7, 2015(1) |

(1) Mr. Cupp will serve as a director until the next annual shareholder meeting.

Background of Executive Officers and Directors

Mr. David Malcolm Alexander is a Chartered Accountant with other 25 years' experience in providing audit, accounting, and consulting services to both private and public companies. In the last five years Mr. Alexander has served as a director of Shalex Energy Corporation (oil and gas) from May 2012 - September 2013, WasteFixx Systems Inc. (water and soil clean up) from May 2013 - September 2013 , and is currently serving on the Board of Directors of Soleone Bamboo Inc. (apparel) since November 2013. Mr. Alexander additionally provides business consulting services to several clients through his consulting practice. Based upon the aforementioned background and experience, Company principals believe that Mr. Alexander is eminently qualified to discharge the duties required for the directorship of the Company. On February 9, 2015, Mr. David Alexander assumed the role of Chief Executive Officer.

Mr. Cupp is a 2001 graduate of Ball State University with a Bachelor's Degree in Secondary Education. He continued his education at Olivet Nazarene University and holds a Master's Degree in Education. Mr. Cupp has over 11 years of teaching and coaching experience and is currently the girls head basketball coach Avon High School, Indianapolis, Indiana. Mr. Cupp has shown the ability to create a winning team in each of his coaching assignments. Mr. Cupp has participated in many leadership and counseling camps during his tenure as teacher and coach at such prestigious institutions as Duke, Marquette, Ball State, and the University of Illinois. During the past five years Mr. Cupp has been primarily focused on his full time employment as a High School teacher and Girls Basketball coach in Indianapolis, Indiana. Other than the company Mr. Cupp does not have any other business experience.

Mr. Cupp is the founder of the Company and will serve as a Director and as its Chief Executive Officer. He was appointed to these positions on April 27, 2007. We believe that Mr. Cupp's education as well as the managerial skills he developed in teaching and coaching provides ample qualification for Mr. Cupp to serve as an officer and director for our Company. As a result of his duties and responsibilities with teaching and coaching, Mr. Cupp intends to devote approximately 10 hours per week to the development of our business. On February 9, 2015, David Cupp submitted his resignation. There are no arrangements or understandings with Mr. Cupp regarding the election of directors or other matters. Mr. Cupp will remain a member of the Board of Directors for the Company.

Legal Proceedings

To the best of our knowledge, except as set forth herein, none of the directors or director designees to our knowledge has been convicted in a criminal proceeding, excluding traffic violations or similar misdemeanors, or has been a party to any judicial or administrative proceeding during the past five years that resulted in a judgment decree or final order enjoining the person from future violations of, or prohibiting activities subject to, federal or state securities laws, or finding of any violation of federal or state securities laws, except for matters that were dismissed without sanction or settlement.

Meetings and Committees of the Board of Directors

We do not have a nominating committee of the Board of Directors, or any committee performing similar functions. Nominees for election as a director are selected by the Board of Directors.

We do not yet have an audit committee or an audit committee financial expert. We expect to form such a committee composed of our non employee directors. We may in the future attempt to add a qualified board member to serve as an audit committee financial expert in the future, subject to our ability to locate and compensate such a person. Despite the lack of an audit committee, those members of the board of directors that would otherwise be on our audit committee will continue to analyze and investigate our actual and potential businesses prospects as members of our board of directors. Furthermore, our entire board of directors is aware of the importance of the financial and accounting due diligence that must be undertaken in furtherance of our business and they intend to conduct a comprehensive accounting financial analysis of the Company's business.

Item 11. Executive Compensation

The following table sets forth information concerning the annual and long term compensation of our Chief Executive Officer, and the executive officers who served at the end of the fiscal year December 31, 2014, for services rendered in all capacities to us. The listed individuals shall hereinafter be referred to as the "Named Executive Officers." Currently, we have no employment agreements with any of our Directors or Officers. All of our directors are unpaid. Compensation for the future will be determined when and if additional funding is obtained.

SUMMARY COMPENSATION TABLE

| (a) Name and principal position | (b) Year | (c) Salary (\$) | (d) Bonus (\$) | (e) Stock Awards | (f) Option Awards | (g) Non-equity incentive plan compensation | (h) Nonqualified deferred compensation earnings (\$) | (i) All other compensation Compensation- (\$) | Total |
|---|-------------|-----------------------|----------------------|------------------------|-------------------------|---|---|---|----------|
| David R. Cupp (1), President | 2012 | -0- | -0- | 40,000 | -0- | -0- | -0- | -0- | 40,000 |
| David R. Cupp (1), President | 2013 | -0- | -0- | -0- | -0- | -0- | -0- | -0- | -0- |
| David R. Cupp (1), President | 2014 | -0- | -0- | -0- | -0- | -0- | -0- | -0- | -0- |
| David M Alexander President | 2014 | \$ 9,000 | -0- | -0- | -0- | -0- | -0- | -0- | \$ 9,000 |

(1) There is no employment contract with Mr. Cupp at this time. Nor are there any agreements for compensation in the future. A salary and stock option and/or warrants program may be developed in the future.

(2) The restricted stock was valued at the last trade price on the day of issuance in accordance with ASC 718.

(3) There is no employment contract with Mr. Alexander at this time. Nor are there any agreements for compensation in the future. A salary and stock option and/or warrants program may be developed in the future.

Compensation Committee Interlocks and Insider Participation

Currently our Board of Directors consist of Mr. David R. Cupp and David M. Alexander. We are not actively seeking additional board members at this time. At present, the Board of Directors has not established any committees.

Director Compensation

There are currently no compensation arrangements in place for members of the board of directors.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

The following table sets forth information concerning the beneficial ownership of shares of our common stock with respect to stockholders who were known by us to be beneficial owners of more than 5% of our common stock as of December 31, 2014, and our officers and directors, individually and as a group. Unless otherwise indicated, the beneficial owner has sole voting and investment power with respect to such shares of common stock.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission ("SEC") and generally includes voting or investment power with respect to securities. In accordance with the SEC rules, shares of our common stock which may be acquired upon exercise of stock options or warrants which are currently exercisable or which become exercisable within 60 days of the date of the table are deemed beneficially owned by the optionees, if applicable. Subject to community property laws, where applicable, the persons or entities named below have sole voting and investment power with respect to all shares of our common stock indicated as beneficially owned by them.

| Title of Class | Name and Address of Beneficial Owner | Amount and Nature of Beneficial Owner (1) | Percent of Class (2) |
|-----------------------|---|--|-----------------------------|
| Common Stock | David R. Cupp 7830 Inishmore Dr. Indianapolis, IN 46241 | 40,000 | 0.001% |
| Common Stock | All Executive Officers and Directors as a Group (1) | 40,000 | 0.001% |

(1) The percentages are based on of 85,545,000 shares of common stock issued and outstanding as of the date of this report.

(2) A total of 86,545,000 shares of our common stock are considered to be outstanding pursuant to SEC Rule 13d-3(d) (1).

Item 13. Certain Relationships and Related Transactions, and Director Independence

Transactions with Related Persons, Promoters and Certain Control Persons

On July 3, 2012, the Company issued to David R. Cupp one share of our Class A Convertible Preferred Stock (the "Preferred A Stock") and forty thousand (40,000), post reverse split, of our Common Stock. Mr. Cupp was issued the common stock and the Preferred A Stock in connection with and as consideration for his agreement to continue as an officer and director for the Company. The certificate of designations for the Preferred A Stock provides that as a class it possesses a number of votes equal to seventy-five percent (75%) of all votes of capital stock of the Company that could be asserted in any matter put to a vote of the shareholders of the Company. On April 25, 2014, Mr. Cupp sold the Preferred A Stock to 482130 B.C. Ltd a company controlled by David Alexander.

Our offices are currently located at 2555 Keats Road, the offices of Mr. David Alexander, our Chairman, CEO, and President. Mr. Alexander does not receive any remuneration for the use of his offices.

Promoter

The company does not have any promoters other than our CEO, David Alexander and Director David R. Cupp.

Future Transactions

Future transactions with our officers, directors or greater than five percent stockholders will be on terms no less favorable to us than could be obtained from independent third parties, and all such transactions will be reviewed and subject to approval by our board of directors.

Director Independence

We do not presently have any independent directors. We consider independent directors to be individuals who are not employed by the Company in any capacity and who do not have any equity ownership interest in the Company. Our Board of Directors is comprised of our President, David R. Cupp who also serves as our Secretary/ Treasurer. Mr. Cupp is currently majority shareholder of the company's common equity. We intend to seek independent directors for our board of directors when the market conditions improve and we are able to provide compensation for our board of director members.

Item 14. Principal Accounting Fees and Services

| | <u>2014</u> | <u>2013</u> |
|--------------------|-------------|-------------|
| Audit fees | 9,500 | 7,250 |
| Audit related fees | --- | --- |
| Tax fees | --- | --- |
| All other fees | --- | --- |

The Company does not currently have an audit committee. The normal functions of the audit committee are handled by the board of directors, which consists of our sole director only.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders:
Xterra Building Systems, Inc.

We have audited the accompanying balance sheets of Xterra Building Systems, Inc. as of December 31, 2014 and 2013 and the related statements of operations, stockholders' deficit and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as, evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Xterra Building Systems, Inc. as of December 31, 2014 and 2013, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company has no revenues, recurring losses and negative cash flows from operating activities, and both a working capital deficit, and stockholders' deficit. These conditions raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTES TO AUDITED FINANCIAL STATEMENTS

NOTE 1. NATURE OF BUSINESS

ORGANIZATION

The Company was incorporated in the State of Indiana as a for-profit Company on April 26, 2007. The Company was formed as New Found Shrimp, Inc. to provide consultation to the aquatic farming industry. The Company will provide consolidation opportunities for on-going and start up aquatic farming operations. The Company's approach will be to assist aquatic farming operations with the organizational structure, customer service and marketing aspects of their business, allowing our customers to focus on the business aspects of operating the farms. On April 25, 2014, the Company changed its name to Innovate Building Systems, Inc. On September 17, 2014, the Company changed its name to Xterra Building Systems, Inc.

The Company was headquartered in Indianapolis, Indiana.

NOTE 2. GOING CONCERN

The Company has a history of losses, including \$13,780,487 and \$122,089 for the years ending December 31, 2014 and 2013, respectively. Losses result in an accumulated deficit of \$34,442,685. The Company has negative working capital of

\$26,468. The Company's financial statements are prepared using accounting principles generally accepted in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating cost and allow it to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan to obtain such resources for the Company include, obtaining capital from management and significant stockholders sufficient to meet its minimal operating expenses. However, management cannot provide any assurance that the Company will be successful in accomplishing any of its plans.

There is no assurance that the Company will be able to obtain sufficient additional funds when needed or that such funds, if available, will be obtainable on terms satisfactory to the Company. In addition, profitability will ultimately depend upon the level of revenues received from business operations. However, there is no assurance that the Company will attain profitability. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern

NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

USE OF ESTIMATES

The Company prepares its financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"), which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

XTERRA BUILDING SYSTEMS, INC.
(fka Innovate Building Systems, Inc.)
NOTES TO AUDITED FINANCIAL STATEMENTS

CASH AND CASH EQUIVALENTS

The Company considers all highly liquid investments with an original maturity of three months or less at the date of acquisition to be cash equivalents. Cash and cash equivalents totaled \$Nil and \$712 at December 31, 2014 and 2013, respectively.

CASH FLOWS REPORTING

The Company follows ASC 230, Statement of Cash Flows, for cash flows reporting, classifies cash receipts and payments according to whether they stem from operating, investing, or financing activities and provides definitions of each category, and uses the indirect or reconciliation method (“Indirect method”) as defined by ASC 230, Statement of Cash Flows, to report net cash flow from operating activities by adjusting net income to reconcile it to net cash flow from operating activities by removing the effects of (a) all deferrals of past operating cash receipts and payments and all accruals of expected future operating cash receipts and payments and (b) all items that are included in net income that do not affect operating cash receipts and payments. The Company reports the reporting currency equivalent of foreign currency cash flows, using the current exchange rate at the time of the cash flows and the effect of exchange rate changes on cash held in foreign currencies is reported as a separate item in the reconciliation of beginning and ending balances of cash and cash equivalents and separately provides information about investing and financing activities not resulting in cash receipts or payments in the period.

INTANGIBLE ASSETS

The Company has applied the provisions of ASC topic 350 – Intangible – goodwill and other, in accounting for its intangible

assets. Intangible assets are being amortized by straight-line method on the basis of a useful life of 3 years, to begin upon the operational commencement. Intangible assets consist of website development cost. The balance at December 31, 2014 and 2013 was \$-0- and \$-0-, respectively.

IMPAIRMENT OF LONG- LIVED ASSETS

The Company reviews and evaluates long-lived assets for impairment when events or changes in circumstances indicate that the related carrying amounts may not be recoverable. The assets are subject to impairment consideration under FASB ASC 360-10-35-17 if events or circumstances indicate that their carrying amount might not be recoverable. When the Company determines that an impairment analysis should be done, the analysis will be performed using the rules of FASB ASC 930-360-35, Asset Impairment, and 360-0 through 15-5, Impairment or Disposal of Long- Lived Assets. At December 31, 2013 the Company recorded an impairment loss of \$55,000 for the development of a website due to non-performance.

FINANCIAL INSTRUMENTS

The Company's balance sheet includes financial instruments, specifically accounts payable, accrued expenses, and payables to related parties. The carrying amounts of current assets and current liabilities approximate their fair value because of the relatively short period of time between the origination of these instruments and their expected realization.

XTERRA BUILDING SYSTEMS, INC.
(fka Innovate Building Systems, Inc.)
NOTES TO AUDITED FINANCIAL STATEMENTS

ASC 820, *Fair Value Measurements and Disclosures*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities

- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (e.g., interest rates); and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - Inputs that are both significant to the fair value measurement and unobservable.

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of December 31, 2014. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values due to the short-term nature of these instruments.

REVENUE RECOGNITION

The Company follows ASC 605, Revenue Recognition -The Company recognizes revenue when it is realized or realizable and earned. The Company considers revenue realized or realizable and earned when all of the following criteria are met: (i) persuasive evidence of an arrangement exists, (ii) the product has been shipped or the services have been rendered to the customer, (iii) the sales price is fixed or determinable, and (iv) collectability is reasonably assured. The Company has not generated any revenues for the periods presented.

RESEARCH AND DEVELOPMENT

The Company expenses research and development costs when incurred. Research and development costs include engineering and testing of product and outputs. Indirect costs related to research and developments are allocated based on percentage usage to the research and development. We spent \$-0- in research and development costs for the years December 31, 2014 and 2013.

DEFERRED INCOME TAXES AND VALUATION ALLOWANCE

The Company accounts for income taxes under ASC 740 *Income Taxes*. Under the asset and liability method of ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period the enactment occurs. A valuation allowance is provided for certain deferred tax assets if it is more likely than not that the Company will not realize tax assets through future operations. No deferred tax assets or liabilities were recognized as of December 31, 2014 or December 31, 2013.

XTERRA BUILDING SYSTEMS, INC.
(fka Innovate Building Systems, Inc.)
NOTES TO AUDITED FINANCIAL STATEMENTS

NET INCOME (LOSS) PER COMMON SHARE

Net income (loss) per share is calculated in accordance with ASC 260, "Earnings Per Share." The weighted-average number of common shares outstanding during each period is used to compute basic earning or loss per share. Diluted earnings or loss per share is computed using the weighted average number of shares and diluted potential common shares outstanding. Dilutive potential common shares are additional common shares assumed to be exercised.

Basic net income (loss) per common share is based on the weighted average number of shares of common stock outstanding at December 31, 2014 and at December 31, 2013. As of December 31, 2014 the Company had 7,959,556,134 potential dilutive common shares, due to conversion features of the preferred stock outstanding.

SHARE-BASED EXPENSE

ASC 718, *Compensation – Stock Compensation*, prescribes accounting and reporting standards for all share-based payment transactions in which employee services are acquired. Transactions include incurring liabilities, or issuing or offering to issue shares, options, and other equity instruments such as employee stock ownership plans and stock appreciation rights. Share-based payments to employees, including grants of employee stock options, are recognized as compensation expense in the financial statements based on their fair values. That expense is recognized over the period during which an employee is required to provide services in exchange for the award, known as the requisite service period (usually the vesting period).

The Company accounts for stock-based compensation issued to non-employees and consultants in accordance with the provisions of ASC 505-50, *Equity – Based Payments to Non-Employees*. Measurement of share-based payment transactions with non-employees is based on the fair value of whichever is more reliably measurable: (a) the goods or services received; or (b) the equity instruments issued.

Share-based expense for the periods ended December 31, 2014 and 2013 totaled \$-0- and \$-0-, respectively.

RECENT ACCOUNTING PRONOUNCEMENTS

In June 2014, the Financial Accounting Standards Board issued Accounting Standards Update No. 2014-10, which eliminated certain financial reporting requirements of companies previously identified as "Development Stage Entities"

(Topic 915). The amendments in this ASU simplify accounting guidance by removing all incremental financial reporting requirements for development stage entities. The amendments also reduce data maintenance and, for those entities subject to audit, audit costs by eliminating the requirement for development stage entities to present inception-to-date information in the statements of income, cash flows, and shareholder equity. Early application of each of the amendments is permitted for any annual reporting period or interim period for which the entity's financial statements have not yet been issued (public business entities) or made available for issuance (other entities). Upon adoption, entities will no longer present or disclose any information required by Topic 915. The Company has adopted this standard.

XTERRA BUILDING SYSTEMS, INC.
(fka Innovate Building Systems, Inc.)
NOTES TO AUDITED FINANCIAL STATEMENTS

In June 2014, FASB issued Accounting Standards Update (ASU) No. 2014-12 *Compensation — Stock Compensation (Topic 718), Accounting for Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period*. A performance target in a share-based payment that affects vesting

and that could be achieved after the requisite service period should be accounted for as a performance condition under Accounting Standards Codification (ASC) 718, *Compensation — Stock Compensation*. As a result, the target is not reflected in the estimation of the award's grant date fair value. Compensation cost would be recognized over the required service period, if it is probable that the performance condition will be achieved. The guidance is effective for annual periods beginning after 15 December 2015 and interim periods within those annual periods. Early adoption is permitted. Management has reviewed the ASU and believes that they currently account for these awards in a manner consistent with the new guidance, therefore there is no anticipation of any effect to the consolidated financial statements.

In August 2014, FASB issued Accounting Standards Update (ASU) No. 2014-15 *Preparation of Financial Statements – Going Concern (Subtopic 205-40), Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern*. Under generally accepted accounting principles (GAAP), continuation of a reporting entity as a going concern is presumed as the basis for preparing financial statements unless and until the entity's liquidation becomes imminent. Preparation of financial statements under this presumption is commonly referred to as the going concern basis of accounting. If and when an entity's liquidation becomes imminent, financial statements should be prepared under the liquidation basis of accounting in accordance with Subtopic 205-30, *Presentation of Financial Statements—Liquidation Basis of Accounting*. Even when an entity's liquidation is not imminent, there may be conditions or events that raise substantial doubt about the entity's ability to continue as a going concern. In those situations, financial statements should continue to be prepared under the going concern basis of accounting, but the amendments in this Update should be followed to determine whether to disclose information about the relevant conditions and events. The amendments in this Update are effective for the annual period ending after December 15, 2016, and for annual periods and interim periods thereafter. Early application is permitted. The Company will evaluate the going concern considerations in this ASU, however, at the current period, management does not believe that it has met conditions which would subject these financial statements for additional disclosure.

We have reviewed the FASB issued Accounting Standards Update ("ASU") accounting pronouncements and interpretations thereof that have effectiveness dates during the periods reported and in future periods. The Company has carefully considered the new pronouncements that alter previous generally accepted accounting principles and does not believe that any new or modified principles will have a material impact on the corporation's reported financial position or operations in the near term. The applicability of any standard is subject to the formal review of our financial management and certain standards are under consideration.

NOTE 4. INCOME TAXES

At December 31, 2014, the Company had a net operating loss carry-forward for Federal income tax purposes of \$34,442,685 that may be offset against future taxable income through 2032. No tax benefit has been reported with respect to these net operating loss carry-forwards in the accompanying financial statements because the Company believes that the realization of the Company's net deferred tax assets of \$10,512,664, calculated at an effective tax rate of 34%, was not considered more likely than not and accordingly, the potential tax benefits of the net loss carry-forwards are fully offset by a valuation allowance of \$10,512,664.

Deferred tax assets consist primarily of the tax effect of NOL carry-forwards. The Company has provided a full valuation allowance on the deferred tax assets because of the uncertainty regarding its realizability.

The Company has open tax periods, subject to IRS audit for the years 2009 through 2014.

XTERRA BUILDING SYSTEMS, INC.
(fka Innovate Building Systems, Inc.)
NOTES TO AUDITED FINANCIAL STATEMENTS

NOTE 5. SHAREHOLDERS' EQUITY

COMMON STOCK

On September 17, 2014, the Company amended its Articles of Incorporation. The Company has been authorized to issue 10,000,000,000 shares of common stock, \$0.00001 par value. Each share of issued and outstanding common stock shall entitle the holder thereof to fully participate in all shareholder meetings, to cast one vote on each matter with respect to which shareholders have the right to vote, and to share ratably in all dividends and other distributions declared and paid with respect to common stock, as well as in the net assets of the corporation upon liquidation or dissolution.

On December 4, 2013 the Company issued 29,743,712 shares of restricted common stock to Davisson and Associates escrow to facilitate an anticipated acquisition. The shares have been issued in certificate form in trust. In the event that the acquisition is not consummated, the shares will be returned into escrow, less fees incurred. There has been no expense or change in control recognized. The completion of the acquisition was not complete, however the shares have remained in escrow, in anticipation of other potential acquisitions that may arise.

During the month of December 2013 the Company allowed several non-related parties to convert a total of 21 shares of Series B Preferred stock into 5,250,000 unrestricted shares of common stock. The conversion rate was done at par, \$0.00001 according to the stated articles of designation.

During the month of August 2014 the Company allowed several non-related parties to convert a total of 515 shares of Series B Preferred stock into 51,505,000 unrestricted shares of common stock. The conversion rate was done at par, \$0.00001 according to the stated articles of designation.

At December 31, 2014 and December 31, 2013 there were 86,545,000 and 35,040,000 shares of common stock issued and outstanding, respectively.

PREFERRED STOCK

On September 17, 2014, the Company amended its Articles of Incorporation. The Company has been authorized to issue 100,000,000 shares of \$0.00001 par value Preferred Stock. The Board of Directors is expressly vested with the authority to divide any or all of the Preferred Stock into series and to fix and determine the relative rights and preferences of the shares of each series so established, within certain guidelines established in the Articles of Incorporation.

Series A: 10 shares of preferred stock has been designated as Series A. The certificate of designations for the Preferred A Stock provides that it may only be issued in exchange for the partial or full retirement of debt held by management, employees or consultants, or as directed by a majority vote of the Board of Directors. Series A may be convertible into the number of shares of common stock which equals four times the sum of (i) the total number of shares of common stock which are issued and outstanding at the time of conversion, plus (ii) the total number of

shares of Series B and Series C preferred stocks which are issued and outstanding at the time of conversion. The Series A class possesses a number of votes equal to the number of common stock equivalents, if converted.

Series B: 999,999,990 shares of preferred stock has been designated as Series B. The certificate of designation for the Preferred B Stock provides that as a class shall be entitled to receive dividends when, as and if declared by the Board of Directors, in its sole discretion. Preferred Series B will have liquidation rites, an amount equal to \$1.00 per share, plus any declared but unpaid dividends for each share held. Each share will have 10 votes. Each share of Series B Preferred Stock shall be convertible into restricted common shares, at any time, and/or from time to time, into the number of shares of the Corporation's Common Stock, par value \$0.00001 per share, equal to the price of the Series B Preferred Stock, divided by the par value of the Common Stock, subject to adjustment as may be determined by the Board of Directors from time to time (the "Conversion Rate").

On November 5, 2013 the Company cancelled 8,000 shares of Series B Preferred stock from a non-related party for non-performance of a contract.

During the month of December 2013 the Company allowed several non-related parties to convert a total of 21 shares of Series B Preferred stock into 5,250,000 unrestricted shares of common stock. The conversion rate was at par, \$0.00001 according to the stated articles of designation.

On September 17, 2014, the Company amended its Articles of Incorporation. The amendment modified the terms of the Preferred Series A conversion exchange to common stock. As a result of this modification, the addition of a material conversion option triggered extinguishment accounting which requires the Company to fair value the new instrument and consider the incremental value of the fair value of the modified preferred stock over the carrying value at the date of the modification as a reduction of income available to common stockholders. The Preferred Series A was deemed to have a fair value of \$13,741,679 based upon the converted valuation approach as the primary driver of value in the instrument, its common stock equivalency.

In addition, as a result of this new conversion feature, the Company cannot assert it has sufficient shares to settle both Preferred Series A and Preferred Series B and accordingly has reclassified such share to mezzanine equity. The Preferred Series A is reclassified at its modification fair value of \$13,741,679.

At December 31, 2014 and December 31, 2013 there was 1 share of Series A Convertible Preferred Stock issued and outstanding.

At December 31, 2014 and December 31, 2013 there were 76,133 and 76,648 shares of Series B Convertible Preferred Stock issued and outstanding, respectively.

OPTIONS AND WARRANTS

There are no warrants or options outstanding to acquire any additional shares of common stock of the Company.

NOTE 6. RELATED PARTY TRANSACTIONS

NOTES PAYABLE

In support of the Company's efforts and cash requirements, it has relied on advances from related parties until such time that the Company can support its operations or attains adequate financing through sales of its equity or traditional debt financing. There is no formal written commitment for continued support by these related parties. Amounts represent advances or amounts paid in satisfaction of liabilities of the Company. The advances are considered temporary in nature and have not been formalized by a promissory note.

XTERRA BUILDING SYSTEMS, INC.
(fka Innovate Building Systems, Inc.)
NOTES TO AUDITED FINANCIAL STATEMENTS

During the year, David Alexander advanced to the Company \$3,590 with no stated interest rate, payment terms and is due on demand.

On May 18, 2011 David Cupp loaned the Company \$100 with no stated interest rate, payment terms and is due on demand. Additionally, payments were made on behalf of the Company in satisfaction of liabilities, totaling \$27,541. The total amount due to Mr. Cupp, \$27,641, was forgiven in 2014 and recognized as a contribution to capital. No amount was due to Mr. Cupp as of December 31, 2014.

During the year Mr. David Alexander accrued and unpaid consulting fees of \$9,000.

Amounts due to related parties at December 31, 2014 and December 31, 2013 totaled \$12,590 and \$100, respectively.

OTHER

The officers and directors of the Company are involved in other business activities and may, in the future, become involved in other business opportunities that become available. They may face a conflict in selecting between the Company and other business interests. The Company has not formulated a policy for the resolution of such conflicts.

The Company does not own or lease property or lease office space. The Company has been provided office space by a member of the Board of Directors at no cost. The management determined that such cost is nominal and did not recognize the rent expense in its financial statements.

The above amounts are not necessarily indicative of the amounts that would have been incurred had comparable transactions been entered into with independent parties.

NOTE 7. NOTES PAYABLE

Notes payable consisted of the following as of December 31, 2014 and 2013:

| | December 31, 2014 | December 31, 2013 |
|--|------------------------------|----------------------------------|
| Demand note from Brian Kistler. The note has no stated interest rate and no maturity date. | \$ --- | 1,000 |
| Demand note from Robin Hunt. The note has no stated interest rate and no maturity date. | --- | 2,000 |
| Total notes payable | \$ --- | 3,000 |
| Less current portion | --- | (3,000) |
| Long-term portion | \$ --- | --- |

Amounts due at December 31, 2013 were satisfied in payments made during the change in controls.

XTERRA BUILDING SYSTEMS, INC.
(fka Innovate Building Systems, Inc.)
NOTES TO AUDITED FINANCIAL STATEMENTS

NOTE 8. COMMITMENTS AND CONTINGENCIES

From time to time the Company may be a party to litigation matters involving claims against the Company. Management believes that there are no current matters that would have a material effect on the Company's financial position or results of operations.

NOTE 9. SUBSEQUENT EVENTS

On February 9, 2015, Our Principal Executive Officer, David Cupp submitted his resignation to be effective immediately. There are no arrangements or understandings with Mr. Cupp regarding the election of directors or other matters. Mr. Cupp will remain a member of the Board of Directors for the Company.

Mr. David Alexander has assumed the role of Chief Executive Officer.

On February 10, 2015, the Company changed its principal address to 2555 Keats Road, North Vancouver, B.C. V7H 2M7.

Management has evaluated subsequent events through the date the financial statements were issued. Based on our evaluation no events have occurred requiring adjustment or disclosure.

Rule 13a-14(a) 15(d)-14(a) Certification
By Chief Executive Officer and Chief Financial Officer

I, David Alexander, certify that:

1. I have reviewed this Form 10-K of Xterra Building Systems, Inc. (the “small business issuer”);
2. Based on my knowledge, this report does not contain any untrue statements of a material fact or omit to state a material fact necessary to make the statements made, in the light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the small business issuer as of, and for, the periods presented in this report;
4. The small business issuer’s other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the small business issuer and have:
 - (a) Designed such disclosure controls and procedures, or cause such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the small business issuer, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the small business issuer’s disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any changes in the small business issuer’s internal control over financial reporting that occurred during the small business issuer’s most recent fiscal quarter (the small business issuer’s fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the small business issuer’s internal control over the financial reporting; and
5. The small business issuer’s other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financing reporting, to the small business issuer’s auditors and the audit committee of the small business issuer’s board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the small business issuer’s ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the small business issuer’s internal control over financial reporting.

**CERTIFICATE PURSUANT TO
18 U.S.C. SECTION 1350
AS ADOPTED PURSUANT TO
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Annual Report (the "Report") on the Form 10-K of Xterra Building Systems, Inc. (the "Company") for the year ended December 31, 2014, as filed with the Securities and Exchange Commission on the date hereof, I, David Alexander, Chief Executive Officer, Chief Financial Officer, President and Director, certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that, to the best of my knowledge and belief:

- a. The Report fully complies with the requirements of Section 13 (a) or 15 (d) of the Securities and Exchange Act of 1934, as amended; and
- b. The information contained in this Report fairly presents, in all material respects, the financial condition and results of operation of the Company.
