Form: 10-Q

Date Filed: 2014-04-14

Corporate Issuer CIK: 1442492

U.S. SECURITIES AND EXCHANGE
COMMISSION
Washington, D.C.20549

FORM 10-Q

x QUARTERLY REPORT UNDER SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE
ACT OF 1934

FOR THE QUARTERLY PERIOD ENDED FEBRUARY 28, 2014

Commission File Number 333-153168

Laredo Oil, Inc.

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of incorporation or organization)

**111 Congress Avenue, Suite 400
Austin, Texas 78701**

(Address of principal executive offices) (Zip code)

(512) 279-7870

(Registrant's telephone number, including area code)

Check whether the issuer (1) filed all reports required to be filed by Section 13 or 15(d) of the Exchange Act during the past 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the last 90 days. Yes x No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes x No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer," "non-accelerated filer," and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 or the Exchange Act). Yes No

State the number of shares outstanding of each of the issuer's classes of common equity, as of the latest practicable date:

53,600,013 shares of common stock issued and outstanding as of April 14, 2014.

ITEM 1. FINANCIAL STATEMENTS

The following unaudited financial statements have been prepared by Laredo Oil, Inc. (the "Company"), pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been omitted pursuant to such SEC rules and regulations; nevertheless, the Company believes that the disclosures are adequate to make the information presented not misleading. However, except as disclosed herein, there have been no material changes in the information disclosed in the notes to the financial statements for the year ended May 31, 2013. These financial statements and the notes attached hereto should be read in conjunction with the financial statements and notes included in the Company's Form 10-K, which was filed with the SEC on August 29, 2013. In the opinion of management of the Company, all adjustments, including normal recurring adjustments necessary to present fairly the financial position of Laredo Oil, Inc., as of February 28, 2014 and the results of its operations for the three and nine month periods and cash flows for the nine month periods then ended, have been included. The results of operations for the three and nine month periods ended February 28, 2014 are not necessarily indicative of the results for the full year ending May 31, 2014.

The accompanying notes are an integral part of these financial statements.

NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

On June 14, 2011, the Company entered into agreements with Stranded Oil Resources Corporation ("SORC") to seek recovery of stranded crude oil from mature, declining oil fields by using the Enhanced Oil Recovery ("EOR") method known as Underground Gravity Drainage ("UGD"). Such agreements include license agreements, management services agreements, and other agreements (collectively the "Agreements"). SORC is a subsidiary of Alleghany Capital Corporation ("Alleghany Capital") which is a subsidiary of Alleghany Corporation ("Alleghany").

The Agreements stipulate that the Company and Mark See, the Company's Chairman and Chief Executive Officer ("CEO"), will provide to SORC management services and expertise through exclusive, perpetual license agreements and a management services agreement (the "Management Service Agreement") with SORC. As consideration for the licenses to SORC, the Company will receive an interest in SORC's net profits as defined in the Agreements (the "Royalty"). The Management Service Agreement outlines that the Company will provide the services of key employees ("Key Persons"), including Mark See, in exchange for monthly and quarterly management service fees. The monthly management service fee provides funding for the salaries, benefit costs, and FICA taxes for the Key Persons identified in the Management Services Agreement. SORC remits payment for the monthly management fees in advance and is payable on the first day of each calendar month. Accordingly, the Company has recorded deferred revenue of \$250,497 for one month of service reflecting a payment received on February 28, 2014 for March services. The quarterly management fee was raised from \$122,500 per quarter to \$137,500 per quarter in August 2013 and is due on the first day of each calendar quarter, and, as such, \$45,833 has been recorded as deferred management fee revenue at February 28, 2014. In addition, SORC will reimburse the Company for monthly expenses incurred by the Key Persons in connection with their rendition of services under the Management Services Agreement. The Company may submit written requests to SORC for additional funding for payment of the Company's operating costs and expenses, which SORC, in its sole and absolute discretion, will determine whether or not to fund.

As consideration for the licenses to SORC, the Company will receive a 19.49% interest in SORC net profits as defined in the SORC License Agreement (the "SORC License Agreement"). Under the SORC License Agreement, the Company agreed that a portion of the Royalty equal to at least 2.25% of the net profits ("Incentive Royalty") be used to fund a long term incentive plan for the benefit of its employees, as determined by the Company's board of directors. On October 11, 2012, the Laredo Royalty Incentive Plan (the "Plan") was approved and adopted by the Board and the Incentive Royalty was assigned by the Company to Laredo Royalty Incentive Plan, LLC, a special purpose Delaware limited liability company and wholly owned subsidiary of Laredo Oil, Inc. formed to carry out the purposes of the Plan (the "Plan Entity"). Through February 28, 2014 the subsidiary has had no activity. As a result of the assignment of the Incentive Royalty to the Plan Entity, the Royalty retained by the Company has been reduced from 19.49% to 17.24% subject to reduction to 15% under certain events stipulated in the SORC License Agreement. Additionally, in the event of a SORC initial public offering or certain other defined corporate events, the Company will receive 17.24%, subject to reduction to 15% under the SORC License Agreement, of the SORC common equity or proceeds emanating from the event in exchange for termination of the Royalty. Under certain circumstances regarding termination of exclusivity and license terminations, the Royalty could be reduced to 7.25%. If any Incentive Royalty is funded as a result of those conditions being met, the Company may record compensation expense for the fair value of the Incentive Royalty, once all pertinent factors are known and considered probable.

Basic and Diluted Loss per Share

The Company's basic and diluted earnings per share ("EPS") amounts have been computed based on the weighted-average number of shares of common stock outstanding for the period. As the Company realized a net loss for the three and nine month periods ended February 28, 2014 and for the three and nine month periods ended February 28, 2013, no potentially dilutive securities were included in the calculation of diluted loss per share as their impact would have been anti-dilutive.

NOTE 2 – GOING CONCERN

These financial statements have been prepared on a going concern basis. The Company has no significant operating history as of February 28, 2014, and has a net loss of \$599,390 for the nine months ended February 28, 2014. The Company entered into the Agreements with SORC to fund operations and to provide working capital. However, there is no assurance that in the future such financing will be available to meet the Company's needs.

NOTE 2 – GOING CONCERN - *continued*

Management has undertaken steps as part of a plan to improve operations with the goal of sustaining our operations for the next twelve months and beyond. These steps include (a) providing services and expertise under the Agreements to expand operations; and (b) controlling overhead and expenses. In that regard, the Company has worked to attract and retain key personnel with significant experience in the industry to enhance the quality and breadth of the services it provides. At the same time, in an effort to control costs, the Company has required a number of its personnel to multi-task and cover a wider range of responsibilities in an effort to restrict the growth of the Company's headcount at a time of expanding demand for its services under the Management Services Agreement. Further, the Company works closely with SORC to obtain its approval in advance of committing to material costs and expenditures in order to keep the Company's expenses in line with the management fee revenue. There can be no assurance that the Company can successfully accomplish these steps and it is uncertain that the Company will achieve a profitable level of operations and obtain additional financing. There can be no assurance that any additional financing will be available to the Company on satisfactory terms and conditions, if at all.

The accompanying financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result from the possible inability of the Company to continue as a going concern.

NOTE 3 - RECENT AND ADOPTED ACCOUNTING STANDARDS

The Company has reviewed recently issued accounting standards and plans to adopt those that are applicable to it. It does not expect the adoption of those standards to have a material impact on its financial position, results of operations, or cash flows.

NOTE 4 - FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company's financial instruments as defined by Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 825-10-50, *Financial Instruments*, include cash, trade accounts receivable, accounts payable, accrued liabilities, warrant liabilities and notes payable. All instruments, with the exception of the warrant liabilities which are measured at fair value, are accounted for on a historical cost basis, which, due to the short maturity of these financial instruments, approximates fair value at February 28, 2014. Based on the borrowing rates currently available to the Company for loans with similar terms and maturities, the fair value of long term notes payable approximates the carrying value.

FASB ASC 820, *Fair Value Measurement*, defines fair value as the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. FASB ASC 820 provides a framework for measuring fair value, establishes a three level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date and requires consideration of the counterparty's creditworthiness when valuing certain assets.

The three level fair value hierarchies for disclosure of fair value measurements defined by FASB ASC 820 are as follows:

Level 1 – Unadjusted, quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market is defined as a market where transactions for the financial instrument occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 – Inputs, other than quoted prices in active markets, that are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the instrument's anticipated life.

Level 3 – Prices or valuations that require unobservable inputs that are both significant to the fair value measurement and unobservable. Valuation under level 3 generally involves a significant degree of judgment from management.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The Company has warrant liabilities which are measured at fair value on a recurring basis at February 28, 2014 and February 28, 2013. The Company recorded a gain on revaluation of warrant liability of \$58,317 for the three months ended February 28, 2014 and a loss on revaluation of warrant liability of \$19,376 for the three months ended February 28, 2013, and a loss on revaluation of \$67,695 and a gain of \$9,245, for the nine months ended February 28, 2014 and February 28, 2013, respectively. The Company measures the fair value of the warrant liabilities using the Black-Scholes method. Inputs used to determine fair value under this method include the Company's stock price, volatility, risk free interest rate and expected remaining life as disclosed in Note 6.

NOTE 4 - FAIR VALUE OF FINANCIAL INSTRUMENTS - *continued*

The following table presents the fair value hierarchy for those assets measured at fair value on a recurring basis as of February 28, 2014 and May 31, 2013:

Fair Value Measurements on a Recurring Basis

Current Liability	Level 1	Level 2	Level 3	Total
Warrant Liabilities – February 28, 2014	\$ -	\$ 208,061	\$ -	\$ 208,061
Warrant Liabilities – May 31, 2013	\$ -	\$ 140,365	\$ -	\$ 140,365

NOTE 5- RELATED PARTY TRANSACTIONS

Transactions between related parties are considered to be related party transactions even though they may not be given accounting recognition. FASB ASC 850, *Related Party Disclosures* ("FASB ASC 850") requires that transactions with related parties that would make a difference in decision making shall be disclosed so that users of the financial statements can evaluate their significance. Related party transactions typically occur within the context of the following relationships:

- Affiliates of the entity;
- Entities for which investments in their equity securities is typically accounted for under the equity method by the investing entity;
- Trusts for the benefit of employees;
- Principal owners of the entity and members of their immediate families;
- Management of the entity and members of their immediate families;

Other parties that can significantly influence the management or operating policies of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

SORC and Alleghany Capital are considered related parties under FASB ASC 850. All management fee revenue reported by the Company for the three and nine months ended February 28, 2014 and 2013 is generated from charges to SORC. All outstanding notes payable at February 28, 2014 and long term notes payable at May 31, 2013 are held by Alleghany Capital. See Note 8.

NOTE 6- STOCKHOLDERS' DEFICIT

Share Based Compensation

The Black-Scholes option pricing model is used to estimate the fair value of options granted under our stock incentive plan.

The following table summarizes share-based compensation:

	Nine Months Ended	
	February 28, 2014	February 28, 2013
Share-based compensation:		
General, selling and administrative expenses	\$ 340,279	\$ 287,469
Consulting and professional services	41,110	32,640
	<u>381,389</u>	<u>320,109</u>
Share-based compensation by type of award:		
Stock options	340,279	287,469
Restricted stock	41,110	32,640
	<u>\$ 381,389</u>	<u>\$ 320,109</u>

NOTE 6- STOCKHOLDERS' DEFICIT - *continued*

Stock Options

On August 8, 2013, the Company granted 1,540,000 stock options to employees with an exercise price of \$0.25 per share, the fair market value on the date of grant. The options vest monthly over three years beginning September 1, 2013 and expire on August 8, 2023. The grant date fair value of this employee stock option grant amounted to approximately \$380,000. The assumptions used in calculating these values were based on an expected term of 7.0 years, volatility of 187% and a 1.98% risk free interest rate at the date of grant.

On November 22, 2013, the Company granted 1,200,000 stock options to employees with an exercise price of \$0.36 per share, the fair market value on the date of grant. The options vest monthly over three years beginning December 1, 2013 and expire on November 22, 2023. The grant date fair value of this employee stock option grant amounted to approximately \$427,000. The assumptions used in calculating these values were based on an expected term of 7.0 years, volatility of 186% and a 2.1% risk free interest rate at the date of grant. On November 22, 2013, the Company reduced the number of stock options previously granted to an employee with an exercise price of \$2.00, resulting in a forfeiture of 400,000 stock options. As a result of this forfeiture, the Company recorded a reversal of compensation cost of approximately \$40,000.

Restricted Stock

On August 8, 2013, the three independent board members were each granted 50,000 restricted shares which vest in equal annual installments over three years beginning on the grant date.

The fair value of the restricted stock granted is the market value as of the respective grant date since the restricted stock is granted at no cost to the directors. The grant date fair value of restricted stock granted during the first quarter of fiscal year 2014 was \$37,500, using \$0.25 per share.

In August 2012, Laredo Oil granted 500,000 shares of restricted stock to its new independent board member at a grant date fair value of \$65,000 using \$0.13 per share. The shares vest over three years.

Warrants

No warrants have been issued during the first nine months of fiscal year 2014 or 2013.

All outstanding warrants are currently exercisable.

NOTE 7 – CONVERTIBLE NOTES PAYABLE

During May and June 2010, the Company issued ten convertible notes totaling \$300,000, with an interest rate of 10% per annum, related to the Purchase Agreement. During June and July 2011, the ten convertible notes and accrued interest were repaid in full.

In addition, the Company issued warrants to purchase 770,000 aggregate shares of capital stock. These warrants are exercisable for five years from the date of the Notes and warrants. The exercise price of each warrant will be equal to the lesser of the conversion price of the corresponding Note or \$2.00. Accordingly, these warrants contain anti-dilution provisions that adjust the exercise price of the warrants in the event additional shares of common stock or securities convertible into common stock are issued by the Company at a price less than the then applicable exercise price of the warrants. Pursuant to FASB ASC 815-40, *Derivatives and Hedging*, these warrants are treated as a liability measured at fair value at inception, with the calculated increase or decrease in fair value each quarter being recognized in the Statement of Operations. The fair value of the warrants was determined during the three months ending February 28, 2014 and 2013 using the Black-Scholes option pricing model based on the following weighted average assumptions:

	2014		2013	
Risk-free interest rates	0.23	%	1.18	%
Contractual life	1.4 years		1.2 years	
Expected volatility	180.1	%	181.4	%
Dividend yield	0	%	0	%

NOTE 8— LONG TERM NOTES PAYABLE

During the fiscal year ended May 31, 2011, the Company entered into two Loan Agreements with Alleghany Capital for a combined available borrowing limit of \$350,000. The notes accrue interest on the outstanding principal of \$350,000 at the rate of 6% per annum. As of February 28, 2014, accrued interest totaling \$70,445 is recorded in current liabilities. The interest is payable in either cash or in kind. The notes have been amended and restated and now have a maturity date of December 31, 2014 and are classified as notes payable. The loan agreements require any stock issuances for cash be utilized to pay down the outstanding loan balance unless written consent is obtained from Alleghany Capital.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This report contains forward-looking statements that involve risk and uncertainties. We use words such as "anticipate", "believe", "plan", "expect", "future", "intend", and similar expressions to identify such forward-looking statements. Investors should be aware that all forward-looking statements contained within this filing are good faith estimates of management as of the date of this filing. Our actual results could differ materially from those anticipated in these forward-looking statements.

The Company is a management services company managing both the acquisition of mature oil fields and the recovery of stranded oil from those fields using enhanced oil recovery methods for its sole customer, SORC, an indirect, wholly owned subsidiary of Alleghany. The sole source of revenue for the Company comes from the management fees described in the Management Services Agreement and from royalty fees based upon the success of SORC.

As of February 28, 2014, Alleghany Capital Corporation has invested approximately \$77.3 million for a project located near Fredonia, Kansas and another project located in a different state. Some of these funds were used to acquire oil-producing leases or to purchase mineral rights. Construction continues on the Kansas project as of the date of the filing of this report.

The Company has continued to hire additional employees. As of February 28, 2014, the employee count was 15 full time individuals including an attorney, who was appointed general counsel and Secretary for the Company, and several engineers and other professionals working both on the SORC UGD project in Kansas and acquiring access to mineral rights for another SORC project in another state. Salaries for these individuals are included in the monthly Management Services Agreement invoice presented to SORC for reimbursement. It is expected that the employee count will continue to increase as the UGD project progresses and as additional access to mineral rights is secured in another state.

SORC has continued to acquire oil-producing leases in another state which contains a targeted oil reservoir. SORC has acquired mineral rights there and negotiations continue to acquire additional mineral rights and leases in that oil field. The Company believes that mineral rights underlying sufficient acreage are already in place to develop another UGD project there. The Company plans to develop test wells on the targeted field and, if certain criteria are met, will begin implementing the UGD recovery method after approval by the SORC board of directors.

When SORC acquires mineral rights, it generally will continue to operate any producing properties associated with those rights and expects to generate revenue and profit from doing so. Some mineral rights acquired thus far include leases which have producing wells on them. Once development of the underground chamber and the UGD method is prepared for operation, selected conventional wells are expected to be plugged and abandoned after UGD production has begun. The effect of such operational procedures should result in minimal disruption of oil production from the SORC field investments.

In accordance with the terms of the Agreements, the Company has agreed with SORC that it will not acquire for its own account any fields associated with UGD development unless authorized by the SORC Board of Directors.

As of March 1, 2014, Van Levy no longer serves on the board of directors as he had committed to a three year term which he fulfilled on February 28, 2014. The directors for the Company currently are Mark See, Bradley E. Sparks, Donald Beckham, and Michael Price. We do not plan to increase the size of the board as of the date of the filing of this report.

LIQUIDITY & CAPITAL RESOURCES

Due to the nature of the SORC transaction, the Company forecasts that it will need no additional funding in order to execute its agreements with SORC. In accordance with the SORC license and management services agreements, the Company believes that it will receive from SORC sufficient working capital necessary to meet its obligations under the Agreements. The Company provides the know-how, expertise, and management required to identify, evaluate, acquire, test and develop targeted properties, and SORC will provide all required funding and will own the acquired assets. It is expected that SORC will be funded primarily by Alleghany Capital in exchange for issuance by SORC to Alleghany Capital of 12% Cumulative Preferred Stock. In calendar year 2014, one of the SORC subsidiaries entered into a non-recourse credit facility to provide SORC with a lower cost source of funding as compared to the cost of funds received from Alleghany Capital. As of February 28, 2014, SORC has received approximately \$77.3 million in funding from Alleghany Capital. Prior to the Company's receiving any Royalty cash distributions from SORC, all SORC preferred share accrued dividends must be paid, preferred shares redeemed, and debt retired to comply with any loan agreements. Additionally, when SORC acquires additional oil fields, any Alleghany Capital funds invested into SORC to finance their acquisition and development must be repaid prior to the distribution of any Royalty cash distributions to Laredo. With such uncertainty, Royalty cash distributions are not foreseen in the near future and the main source of income for the Company will continue to be the management fee revenue under the Management Services Agreement.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS – *continued*

Our reported cash at February 28, 2014 was \$385,649. Since entering into the SORC transaction on June 14, 2011, the Company has received \$7,615,717 from SORC in management fees, reimbursement for transaction expenses, and funds used to retire a portion of Company debt. Total debt outstanding as of the filing date of this report is \$350,000 owed to Alleghany Capital.

RESULTS OF OPERATIONS

As a result of the ongoing Agreements with SORC, we received and recorded management fee revenue and direct costs totaling \$974,398 and \$875,582 and \$2,443,246 and \$2,267,072 for the three and nine month periods ending February 28, 2014, respectively. We received and recorded management service fee revenue and direct costs totaling \$528,528 and \$493,817 and \$1,490,414 and \$1,286,413, respectively, for the three and nine month periods ended February 28, 2013. The increases in management fee revenue and direct costs are primarily attributable to additional direct personnel costs which are reimbursable.

During the three and nine month periods ended February 28, 2013 and 2012, respectively, we incurred operating expenses of \$273,503 and \$687,405 and \$195,317 and \$640,231. These expenses consisted of general operating expenses incurred in connection with the day to day operation of our business, and the preparation and filing of our required reports.

Additionally, the Company recorded a gain on revaluation of warrant liability of \$58,317 for the three months ended February 28, 2014 and a loss on revaluation of warrant liability of \$19,376 for the three months ended February 28, 2013, and a loss on revaluation of \$67,695 and a gain of \$9,245, for the nine months ended February 28, 2014 and February 28, 2013, respectively due to the changes in the common stock price in the respective periods, as well as a change in the exercise price on certain warrants. The Company's operating loss will continue to be affected by changes of value of the warrant liability associated with the warrants issued in conjunction with the sale of \$500,000 of common stock in 2010 and which contain price-protection provisions. Those warrants will be outstanding until they are either exercised or expire during the months of March 2015 through July 2015.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The process of preparing financial statements requires that we make estimates and assumptions that affect the reported amounts of liabilities and stockholders' equity/(deficit) at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Such estimates primarily relate to revaluation of warrants as of the date of the financial statements; accordingly, actual results may differ from estimated amounts. Our estimates and assumptions are based on current facts, historical experience and various other factors we believe to be reasonable under the circumstances. The most significant estimates with regard to the financial statements included with this report relate to the valuation of warrants.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

OFF-BALANCE SHEET ARRANGEMENTS

We do not currently have any off balance sheet arrangements or other such unrecorded obligations, and we have not guaranteed the debt of any other party.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Our exposure to market risk is confined to our cash equivalents. We invest in high-quality financial instruments and we believe we are subject to limited credit risk. Due to the short-term nature of our cash, we do not believe that we have any material exposure to interest rate risk arising from our investments.

ITEM 4. CONTROLS AND PROCEDURES

(a) Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Securities Exchange Act of 1934, as amended ("Exchange Act"), is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission ("SEC") rules and forms. Our disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is accumulated and communicated to management as appropriate to allow timely decisions regarding required disclosures. There are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their control objectives, and management necessarily is required to use its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

An evaluation was carried out under the supervision and with the participation of the Company's management, including the Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), of the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report as defined in Exchange Act Rule 13a-15(e) and Rule 15d-15(e). Based on that evaluation, the CEO and CFO have concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures are not effective in insuring that information required to be disclosed in our Exchange Act reports is (1) recorded, processed, summarized and reported in a timely manner, and (2) accumulated and communicated to our management, including our CEO and CFO, as appropriate, to allow timely decisions regarding required disclosure.

Our size has prevented us from being able to employ sufficient resources to enable us to have an adequate level of supervision and segregation of duties. Therefore, it is difficult to effectively segregate accounting duties which comprises a material weakness in internal controls. This lack of segregation of duties leads management to conclude that the Company's disclosure controls and procedures are not effective to give reasonable assurance that the information required to be disclosed in reports that the Company files under the Exchange Act is recorded, processed, summarized and reported as and when required.

(b) Changes in Internal Control Over Financial Reporting

None.

PART II - OTHER INFORMATION

ITEM 6. EXHIBITS

The exhibits required to be filed herewith by Item 601 of Regulation S-K, as described in the following index of exhibits, are attached hereto unless otherwise indicated as being incorporated herein by reference, as follows:

- 3.1 Certificate of Incorporation, included as Exhibit 3.1 in our Form S-1 filed August 25, 2008, File No. 333-153168 and incorporated herein by reference.
- 3.2 Certificate of Amendment of Certificate of Incorporation, included as Exhibit 10.1 to our Form 8-K filed October 22, 2009 and incorporated herein by reference.
- 3.3 Bylaws, included as Exhibit 3.2 in our S-1 filed August 25, 2008, File No. 333-153168 and incorporated herein by reference.
- [31.1 Certification of the Chief Executive Officer Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002](#)

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER PURSUANT TO SECURITIES EXCHANGE ACT OF 1934
RULE 13a-14(a) OR 15d-14(a)**

I, Mark See, Chief Executive Officer of Laredo Oil, Inc., certify that:

1. I have reviewed this quarterly report on Form 10-Q for the period ended February 28, 2014 of Laredo Oil, Inc., the registrant;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION OF CHIEF FINANCIAL OFFICER PURSUANT TO SECURITIES EXCHANGE ACT OF 1934
RULE 13a-14(a) OR 15d-14(a)**

I, Bradley E. Sparks, Chief Financial Officer and Treasurer of Laredo Oil, Inc., certify that:

1. I have reviewed this quarterly report on Form 10-Q for the period ended February 28, 2014 of Laredo Oil, Inc., the registrant;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
