## Lifeloc Reports Second Quarter 2019 Results

WHEAT RIDGE, Colo., August 7, 2019 -- Lifeloc Technologies, Inc. (OTC: LCTC), a global leader in the development and manufacturing of breath alcohol and drug testing devices, has announced financial results for the second quarter ended June 30, 2019.

### Second Quarter Highlights

Lifeloc posted quarterly net revenue of \$2.34 million resulting in quarterly net income after taxes of \$219 thousand, or \$0.09 per diluted share. These results compare to net revenue of \$2.13 million and quarterly net income of \$78 thousand, or \$0.03 per diluted share in the second quarter of 2018. Gross margin on total revenue grew to 49% versus 47% in the same quarter last year. Revenue for the quarter increased nearly 10% versus the second quarter last year. For the first six months of the 2019, net revenue was \$4.41 million and net income was \$250 thousand, versus revenue of \$4.33 million and net income of \$89 thousand for the same period last year (\$0.10 vs. \$0.04 per diluted share).

The second quarter performance benefited from the release and shipments of the second generation of our patent protected EasyCal<sup>®</sup> automated calibration station. This updated calibration station has expanded capabilities to calibrate our entire line of professional breathalyzers as well as RFID (Radio Frequency Identification) registration of calibration standards to further automate the process, representing a further advance of an already unique product.

"It was a strong quarter, both in top line revenue growth and bottom line earnings," said CEO Dr. Wayne Willkomm. He added, "It is great to see revenue growth and a good profit number. Both reflect the hard work that we have accomplished over the last number of years. But we are not satisfied, and we intend to continue heavy investment into our brightest growth opportunities, especially alcohol monitoring and real-time drug detection with SpinDx, the lab on a disc and the marijuana breathalyzer."

Alcohol monitoring is accomplished through our R.A.D.A.R.<sup>®</sup> (Real-time Alcohol Detection and Reporting) device, which is a tool to supervise offenders as an alternative to incarceration. The R.A.D.A.R. device calls for random alcohol tests, and stores the results for later retrieval by the probation officer, while onboard biometrics automatically verify the identity of the test subject. The second generation R.A.D.A.R. devices are in development with production expected later this year. R.A.D.A.R. devices and their associated monitoring services are a critical step in moving our business towards a recurring revenue model.

The brightest growth opportunity consists of our developments in real-time drug testing, including the marijuana breathalyzer and a rapid panel analysis of such drugs as heroin, cocaine, meth and others, with the SpinDx platform. Getting rapid, quantitative results for drugs of abuse, including marijuana, is a critical tool needed by law enforcement to ensure safety on our roads and in the workplace. We have demonstrated SpinDx to perform trace analysis from liquid and vapor samples in the laboratory. Our work ahead is to complete the conversion of SpinDx from a laboratory test to simple-to-operate devices ready for deployment in the field.

### About Lifeloc Technologies

Lifeloc Technologies, Inc. (OTC: LCTC) is a trusted U.S. manufacturer of evidential breath alcohol testers and related training and supplies for Workplace, Law Enforcement, Corrections and International customers. Lifeloc stock trades over-the-counter under the symbol LCTC. We are a fully reporting Company with our SEC filings available on our web site, [www.lifeloc.com/investor](http://www.lifeloc.com/investor).

### Forward Looking Statements

This press release includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, which involve substantial risks and uncertainties that may cause actual results to differ materially from those indicated by the forward-looking statements. All forward-looking statements expressed or implied in this press release, including statements about our strategies, expectations about new and existing products, market demand, acceptance of new and existing products, technologies and opportunities, market size and growth, and return on investments in products and market, are based on information available to us on the date of this document, and we assume no obligation to update such forward-looking statements. Investors are strongly encouraged to review the section titled "Risk Factors" in our SEC filings.

EasyCal<sup>®</sup> and R.A.D.A.R.<sup>®</sup> are registered trademarks of Lifeloc Technologies, Inc.

SpinDx<sup>™</sup> is a trademark of Sandia Corporation.
