(Mark One)

ANNUAL REPORT PURSUANT TO SECTION 13 OR 15 (d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the fiscal year ended December 31, 2019

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from \_\_\_\_\_ to \_\_\_\_\_

Commission File Number: 001-38302

**BIG ROCK PARTNERS ACQUISITION CORP.**

(Exact name of registrant as specified in its charter)

Delaware  
(State or other jurisdiction of  
incorporation or organization)

82-2844431  
(I.R.S. Employer  
Identification No.)

2645 N. Federal Highway, Suite 230  
Delray Beach, Florida 33483  
(Address of principal executive offices) (Zip Code)

Registrant's telephone number, including area code: (310) 734-2300

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol (s)	Name of each exchange on which registered
Units, each consisting of one share of Common Stock, one Right and one-half of one Warrant	BRPAU	The NASDAQ Stock Market LLC
Common Stock, par value \$0.001 per share	BRPA	The NASDAQ Stock Market LLC
Rights, exchangeable into one-tenth of one share of Common Stock	BRPAR	The NASDAQ Stock Market LLC
Warrants, each whole warrant exercisable for one share of Common Stock at an exercise price of \$11.50	BRPAW	The NASDAQ Stock Market LLC

Securities registered pursuant to Section 12(g) of the Act: None

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes  No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes  No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data file required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer  Accelerated filer   
Non-accelerated filer  Smaller reporting company   
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act) Yes  No

The aggregate market value of the voting and non-voting common stock outstanding, other than shares held by persons who may be deemed affiliates of the registrant, computed by reference to the closing price for the common stock as of the last business day of the registrant's most recently completed second fiscal quarter, as reported on the Nasdaq Capital Market, was approximately \$50.3 million.

The number of shares outstanding of the registrant's common stock, as of March 26, 2020, was 2,716,028.

## PART I

### Item 1. Business.

*This business description should be read in conjunction with our audited financial statements and accompanying notes thereto appearing elsewhere in this Annual Report on Form 10-K for the year ended December 31, 2019 (the "2019 Form 10-K"), which are incorporated herein by this reference.*

*References in this 2019 Form 10-K to "we," "us" or "our company" refer to Big Rock Partners Acquisition Corp. References in this 2019 Form 10-K to our "public shares" are to shares of our common stock sold as part of the units in our initial public offering (whether they are purchased in our initial public offering or thereafter in the open market) and references to "public stockholders" refer to the holders of our public shares, including our Sponsor (as defined below), officers and directors to the extent they purchase public shares, provided that their status as "public stockholders" shall only exist with respect to such public shares. References in this 2019 Form 10-K to our "management" or our "management team" refer to our officers and directors and references to our "Sponsor" or our "initial stockholder" refer to Big Rock Partners Sponsor, LLC, a company affiliated with our Chairman, President and Chief Executive Officer. References in this 2019 Form 10-K to our "founder's shares" refer to our shares of common stock initially purchased by our Sponsor in a private sale prior to our initial public offering. References in this 2019 Form 10-K to our "private placement units" refer to the units sold in a private placement simultaneously with the closing of our initial public offering.*

#### Company Overview

We are a blank check company formed pursuant to the laws of the State of Delaware on September 18, 2017 for the purpose of entering into a merger, stock exchange, asset acquisition, stock purchase, recapitalization, reorganization or other similar business combination with one or more businesses or entities. Our efforts in identifying a prospective target business for our initial business combination are not limited to a particular industry or geographic region. We have reviewed, and continue to review, opportunities to enter into an initial business combination with an operating business, but we are not able to determine at this time whether we will complete a business combination with any of the target businesses that we have reviewed or with any other target business on favorable terms or at all.

On November 22, 2017, we consummated the initial public offering (the "Initial Public Offering") of 6,000,000 units ("Units"), each Unit consisting of one share of common stock, par value \$0.001 per share ("Common Stock"), one right entitling the holder thereof to receive one-tenth (1/10) of one share of Common Stock upon the consummation of an initial business combination, and one-half of one warrant ("Warrant"), each whole Warrant exercisable to purchase one share of Common Stock at an exercise price of \$11.50 per share, pursuant to the registration statements on Form S-1 (File Nos. 333-220947 and 333-221659) (the "Registration Statements"). The Units were sold at an offering price of \$10.00 per Unit, generating gross proceeds of \$60,000,000. The underwriters of the Initial Public Offering were granted an option to purchase an additional 900,000 Units to cover over-allotments, if any (the "Over-Allotment Units").

Simultaneously with the consummation of the Initial Public Company, on November 22, 2017, we completed a private placement (the "Private Placement") of 250,000 units ("Placement Units") at a price of \$10.00 per Placement Unit, generating total proceeds of \$2,500,000. The securities issued in the Private Placement were issued in reliance on the exemption from registration provided by Section 4(a)(2) under the Securities Act of 1933, as amended, or Regulation D thereunder, as a sale not involving any public offering.

On November 28, 2017, the underwriters notified us of their exercise of the over-allotment option in full and on November 29, 2017, purchased 900,000 Over-Allotment Units at \$10.00 per Unit upon the closing of the over-allotment option, generating gross proceeds of \$9,000,000. Simultaneously with the sale of the additional Units, we consummated the sale of an additional 22,500 placement units (the "Over-Allotment Placement Units") at \$10.00 per unit, generating gross proceeds of \$225,000. The securities issued in the Private Placement were issued in reliance on the exemption from registration provided by Section 4(a)(2) under the Securities Act of 1933, as amended, or Regulation D thereunder, as a sale not involving any public offering.

A total of \$69,000,000 of the net proceeds from the Initial Public Offering and the Private Placement (including \$9,000,000 from the sale of the Over-Allotment Units and Over-Allotment Placement Units) were deposited in a trust account established for the benefit of the Company's public stockholders. We incurred costs in the aggregate amount of \$2,172,419 related to Initial Public Offering, including \$1,725,000 of underwriting fees and \$447,419 of other costs.

Our Units began trading on November 20, 2017 on the NASDAQ Capital Market under the symbol "BRPAU." Commencing on December 1, 2017, the underlying shares of Common Stock, Warrants and rights began trading on the NASDAQ Capital Market under the symbols "BRPA," "BRPAW" and "BRPAR," respectively.

## **Business Strategy**

Our efforts in identifying a prospective target business for our initial business combination are not limited to a particular industry or geographic region. We intend to seek out potential targets that enjoy proven business models and attractive growth profiles. We believe our Sponsor's and management team's extensive experience in deal sourcing from private and public sources, as well as their capital market expertise, provide unique insight when identifying potential business combination opportunities and creating value.

## **Acquisition Criteria**

Consistent with our business strategy, we identified the following general criteria and guidelines that we believe are important in evaluating prospective target businesses. We intend to use these criteria and guidelines in evaluating acquisition opportunities, but we may decide to enter into our initial business combination with a target business that does not meet any of these criteria and guidelines.

We intend to seek to acquire companies that we believe:

- have strong competitive positions, proven business models, consistent historical financial performance and attractive growth prospects;
- have limited access to capital markets due to external factors;
- could benefit from the substantial expertise, experience and network of our Sponsor and management team, who could assist with, for example, growth strategy, operations, and the evaluation and integration of acquisitions;
- are well positioned to participate in sector consolidation and would benefit from a public acquisition currency;
- would avoid the potentially onerous terms, such as liquidation preferences, that are often characteristic of late state private growth financing rounds; and
- offer attractive risk-adjusted returns.

These criteria are not intended to be exhaustive. Any evaluation relating to the merits of a particular initial business combination may be based, to the extent relevant, on these general guidelines as well as other considerations, factors, and criteria that our management may deem relevant.

## **Competitive Strengths**

We believe we have the following competitive strengths:

## **Status as a public company**

We believe our structure will make us an attractive business combination partner to target businesses. As an existing public company, we offer a target business an alternative to the traditional initial public offering through a merger or other business combination. In this situation, the owners of the target business would exchange their shares of stock in the target business for shares of our stock or for a combination of shares of our stock and cash, allowing us to tailor the consideration to the specific needs of the sellers. We believe target businesses might find this method a more certain and cost effective method to becoming a public company than the typical initial public offering. In a typical initial public offering, there are additional expenses incurred in marketing, roadshow and public reporting efforts that will likely not be present to the same extent in connection with a business combination with us. Furthermore, once the business combination is consummated, the target business will have effectively become public, whereas an initial public offering is always subject to the underwriters' ability to complete the offering, as well as general market conditions, that could prevent the offering from occurring. Once public, we believe the target business would then have greater access to capital and an additional means of providing management incentives consistent with stockholders' interests than it would have as a privately-held company. It can offer further benefits by augmenting a company's profile among potential new customers and vendors and aid in attracting talented employees.

While we believe that our status as a public company will make us an attractive business partner, some potential target businesses may view the inherent limitations in our status as a blank check company as a deterrent and may prefer to effect a business combination with a more established entity or with a private company. These inherent limitations include limitations on our available financial resources, which may be inferior to those of other entities pursuing the acquisition of similar target businesses; the requirement that we seek shareholder approval of a business combination or conduct a tender offer in relation thereto, which may delay the consummation of a transaction; and the existence of our outstanding warrants, which may represent a source of future dilution.

## **Transaction Flexibility**

We offer a target business a variety of options such as providing the owners of a target business with shares in a public company and a public means to sell such shares, providing capital for the potential growth and expansion of its operations or strengthening its balance sheet by reducing its debt ratio. Because we are able to consummate our initial business combination using our cash, debt or equity securities, or a combination of the foregoing, we have the flexibility to use the most efficient combination that will allow us to tailor the consideration to be paid to the target business to fit its needs and desires. However, since we have no specific business combination under consideration, we have not taken any steps to secure third party financing if we are forced to use a significant portion of such funds for converting or tendering stockholders and there can be no assurance that it will be available to us.

## **Our Management Team**

We will seek to capitalize on the significant investing and operating experience and contacts of our officers and directors in consummating an initial business combination. Our Chairman, President and Chief Executive Officer, Richard Ackerman, has over 35 years of real estate experience with 18 years in senior housing. Prior to starting Big Rock Partners ("BRP"), an opportunistic real estate investment firm founded in 2004 that has invested in and managed over \$800 million in assets since its formation, Mr. Ackerman was Head of the Los Angeles office for Apollo Real Estate Advisors ("Apollo"), a global private equity firm. Our Chief Financial Officer, Chief Investment Officer and Corporate Secretary, Bennett Kim, has over 20 years of real estate experience and worked with Mr. Ackerman at Apollo. Through BRP, Messrs. Ackerman and Kim are currently developing \$200 million of senior housing in Florida, which consists of independent living, assisted living and memory care. Also, our independent directors, Richard Birdoff, Michael Fong, Stuart Koenig, Albert G. Rex and Troy T. Taylor, have significant experience in private investments, ownership and management of businesses of many types, large and small.

We believe our Sponsor's and management team's deal sourcing, investing, and operating expertise, as well as their network of contacts will position us to generate a number of acquisition opportunities. For more information regarding our management team's experience, please see Part III, Item 10. Directors, Executive Officers and Corporate Governance.

## **Effecting a Business Combination**

### ***General***

We are not presently engaged in, and we will not engage in, any substantive commercial business for an indefinite period of time following the Initial Public Offering. We intend to utilize cash derived from the proceeds of the Initial Public Offering and the sale of the private placement units, our capital stock, debt or a combination of these in effecting a business combination which has not yet been identified. A business combination may involve the acquisition of, or merger with, a company which does not need substantial additional capital but which desires to establish a public trading market for its shares, while avoiding what it may deem to be adverse consequences of undertaking a public offering itself. These include time delays, significant expense, loss of voting control and compliance with various federal and state securities laws. In the alternative, we may seek to consummate a business combination with a company that may be financially unstable or in its early stages of development or growth. While we may seek to effect simultaneous business combinations with more than one target business, we will probably have the ability, as a result of our limited resources, to effect only a single business combination.

We will have until July 23, 2020, or longer if additional extensions are approved, to consummate our initial business combination. If we are unable to consummate our initial business combination within the applicable time period, we will, as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares for a pro rata portion of the funds held in the trust account and as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law.

## **We Have Not Identified a Target Business**

We have reviewed, and continue to review, opportunities to enter into an initial business combination with an operating business, but we are not able to determine at this time whether we will complete a business combination with any of the target businesses that we have reviewed or with any other target business on favorable terms or at all.

Subject to our officers' and directors' pre-existing fiduciary duties and the limitation that a target business have a fair market value of at least 80% of the balance in the trust account (excluding taxes payable on the income earned on the trust account) at the time of the execution of a definitive agreement for our initial business combination, as described below in more detail, we will have virtually unrestricted flexibility in identifying and selecting a prospective acquisition candidate. Except for the general criteria and guidelines set forth above under the caption "Business Strategy," we have not established any other specific attributes or criteria (financial or otherwise) for prospective target businesses. To the extent we effect a business combination with a financially unstable company or an entity in its early stage of development or growth, including entities without established records of sales or earnings, we may be affected by numerous risks inherent in the business and operations of financially unstable and early stage or potential emerging growth companies. Although our management will endeavor to evaluate the risks inherent in a particular target business, we cannot assure you that we will properly ascertain or assess all significant risk factors.

## **Our Acquisition Process**

In evaluating a prospective target business, we expect to conduct a thorough due diligence review that will encompass, among other things, meetings with incumbent management and employees, document reviews, inspection of facilities, as well as a review of financial and other information that will be made available to us. We also expect to utilize our management team's operational and capital markets experience.

We are not prohibited from pursuing an initial business combination with a company that is affiliated with our Sponsor, officers or directors. In the event we seek to complete our initial business combination with a company that is affiliated with our Sponsor, officers or directors, we, or a committee of independent directors, will obtain an opinion from an independent investment banking firm, or another independent entity that commonly renders valuation opinions on the type of target business we are seeking to acquire, that our initial business combination is fair to our company from a financial point of view.

## **Sources of Target Businesses**

We expect that our principal means of identifying potential target businesses will be through the extensive contacts and relationships of our officers and directors. While our officers and directors are not required to commit any specific amount of time in identifying or performing due diligence on potential target businesses, our officers and directors believe that the relationships they have developed over their careers and their access to their contacts and resources will generate a number of potential business combination opportunities that will warrant further investigation. We also anticipate that target business candidates will be brought to our attention from various unaffiliated sources, including investment bankers, venture capital funds, private equity funds, leveraged buyout funds, management buyout funds and other members of the financial community. Target businesses may be brought to our attention by such unaffiliated sources as a result of being solicited by us through calls or mailings. These sources may also introduce us to target businesses they think we may be interested in on an unsolicited basis, since many of these sources will have read this Report and know what types of businesses we are targeting. Our officers and directors, as well as their affiliates, may also bring to our attention target business candidates that they become aware of through their business contacts as a result of formal or informal inquiries or discussions they may have, as well as attending trade shows or conventions. They must present to us all target business opportunities that have a fair market value of at least 80% of the assets held in the trust account (excluding taxes payable on the income accrued in the trust account) at the time of the agreement to enter into the initial business combination, subject to any pre-existing fiduciary or contractual obligations. We have engaged a professional firm that specializes in business acquisitions, and we may engage other firms or other individuals in the future, in which event we may pay a finder's fee, consulting fee or other compensation to be determined in an arm's length negotiation based on the terms of the transaction. In no event, however, will our Sponsor, officers, directors or their respective affiliates be paid any finder's fee, consulting fee or other compensation prior to, or for any services they render in order to effectuate the consummation of an initial business combination (regardless of the type of transaction that it is) other than the monthly administrative services fee of up to \$10,000 (effective through August 20, 2018), the repayment of any loans from our Sponsor, officers and directors for working capital purposes and reimbursement of any out-of-pocket expenses. We are not restricted from entering into a business combination with a target business that is affiliated with any of our officers, directors or Sponsor and may do so if (i) such transaction is approved by a majority of our disinterested independent directors and (ii) we obtain an opinion from an independent investment banking firm, or another independent entity that commonly renders valuation opinions on the type of target business we are seeking to acquire, that the business combination is fair to our unaffiliated stockholders from a financial point of view.

## **Selection of a Target Business and Structuring of a Business Combination**

Subject to our officers' and directors' pre-existing fiduciary duties and the limitations that a target business have a fair market value of at least 80% of the balance in the trust account (excluding taxes payable on the income earned on the trust account) at the time of the execution of a definitive agreement for our initial business combination, as described below in more detail, and that we must acquire a controlling interest in the target business, our management will have virtually unrestricted flexibility in identifying and selecting a prospective target business. Except for the general criteria and guidelines set forth above under the caption "Acquisition Criteria," we have not established any specific attributes or criteria (financial or otherwise) for prospective target businesses. In evaluating a prospective target business, our management may consider a variety of factors, including one or more of the following:

- financial condition and results of operation;
- growth potential;
- brand recognition and potential;

- experience and skill of management and availability of additional personnel;
- capital requirements;
- competitive position;
- barriers to entry;
- stage of development of the products, processes or services;
- existing distribution and potential for expansion;
- degree of current or potential market acceptance of the products, processes or services
- proprietary aspects of products and the extent of intellectual property or other protection for products or formulas;
- impact of regulation on the business;
- regulatory environment of the industry;
- costs associated with effecting the business combination;
- industry leadership, sustainability of market share and attractiveness of market industries in which a target business participates; and
- macro competitive dynamics in the industry within which the company competes.

These criteria are not intended to be exhaustive. Any evaluation relating to the merits of a particular business combination will be based, to the extent relevant, on the above factors as well as other considerations deemed relevant by our management in effecting a business combination consistent with our business objective. In evaluating a prospective target business, we will conduct an extensive due diligence review which will encompass, among other things, meetings with incumbent management and inspection of facilities, as well as review of financial and other information which is made available to us. This due diligence review will be conducted either by our management or by unaffiliated third parties we may engage.

The time and costs required to select and evaluate a target business and to structure and complete the business combination can only be estimated at this time. Any costs incurred with respect to the identification and evaluation of a prospective target business with which a business combination is not ultimately completed will result in a loss to us and reduce the amount of capital available to otherwise complete a business combination.

#### **Fair Market Value of Target Business**

The target business or businesses that we acquire must collectively have a fair market value equal to at least 80% of the balance of the funds in the trust account (excluding taxes payable on the income earned on the trust account) at the time of the execution of a definitive agreement for our initial business combination, although we may acquire a target business whose fair market value significantly exceeds 80% of the trust account balance.

We currently anticipate structuring a business combination to acquire 100% of the equity interests or assets of the target business or businesses. We may, however, structure our initial business combination where we merge directly with the target business or where we acquire less than 100% of such interests or assets of the target business in order to meet certain objectives of the target management team or stockholders or for other reasons, but we will only complete such business combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. Even if the post-transaction company owns or acquires 50% or more of the voting securities of the target, our stockholders prior to the business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in the business combination transaction. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding capital stock of a target. In this case, we could acquire a 100% controlling interest in the target; however, as a result of the issuance of a substantial number of new shares, our stockholders immediately prior to our initial business combination could own less than a majority of our outstanding shares subsequent to our initial business combination. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be valued for purposes of the 80% of trust account balance test. In order to consummate such an acquisition, we may issue a significant amount of our debt or equity securities to the sellers of such businesses and/or seek to raise additional funds through a private offering of debt or equity securities. Since we have no specific business combination under consideration, we have not entered into any such fund raising arrangement and have no current intention of doing so. The fair market value of the target will be determined by our board of directors based upon one or more standards generally accepted by the financial community (such as actual and potential sales, earnings, cash flow and/or book value). The proxy solicitation materials or tender offer documents used by us in connection with any proposed transaction will provide public stockholders with our analysis of the fair market value of the target business, as well as the basis for our determinations. If our board is not able to independently determine that the target business has a sufficient fair market value, we will obtain an opinion from an unaffiliated, independent investment banking firm, or another independent entity that commonly renders valuation opinions on the type of target business we are seeking to acquire, with respect to the satisfaction of such criteria.

We will not be required to obtain an opinion from an investment banking firm as to the fair market value if our board of directors independently determines that the target business complies with the 80% threshold.

#### **Lack of Business Diversification**

We may seek to effect a business combination with more than one target business, and there is no required minimum valuation standard for any target at the time of such acquisition. We expect to complete only a single business combination, although this process may entail the simultaneous acquisitions of several operating businesses. Therefore, at least initially, the prospects for our success may be entirely dependent upon the future performance of a single business operation. Unlike other entities which may have the resources to complete several business combinations of entities operating in multiple industries or multiple areas of a single industry, it is probable that we will not have the resources to diversify our operations or benefit from the possible spreading of risks or offsetting of losses. By consummating a business combination with only a single entity, our lack of diversification may:

- subject us to numerous economic, competitive and regulatory developments, any or all of which may have a substantial adverse impact upon the particular industry in which we may operate subsequent to a business combination, and
- result in our dependency upon the performance of a single operating business or the development or market acceptance of a single or limited number of products, processes or services.

If we determine to simultaneously acquire several businesses, and such businesses are owned by different sellers, we will need for each of such sellers to agree that our purchase of its business is contingent on the simultaneous closings of the other acquisitions, which may make it more difficult for us, and delay our ability, to complete the business combination. With multiple acquisitions, we could also face additional risks, including additional burdens and costs with respect to possible multiple negotiations and due diligence investigations (if there are multiple sellers) and the additional risks associated with the subsequent assimilation of the operations and services or products of the acquired companies in a single operating business.

#### **Limited Ability to Evaluate the Target Business's Management**

Although we intend to scrutinize the management of a prospective target business when evaluating the desirability of effecting a business combination, we cannot assure you that our assessment of the target business's management will prove to be correct. In addition, we cannot assure you that the future management will have the necessary skills, qualifications or abilities to manage a public company. Furthermore, the future role of our officers and directors, if any, in the target business following a business combination cannot presently be stated with any certainty. While it is possible that some of our key personnel will remain in senior management or advisory positions with us following a business combination, it is possible that they will not devote their full time efforts to our affairs subsequent to a business combination. Moreover, they would only be able to remain with the company after the consummation of a business combination if they are able to negotiate employment or consulting agreements in connection with the business combination. Such negotiations would take place simultaneously with the negotiation of the business combination and will likely provide for them to receive compensation in the form of cash payments and/or our securities for services they would render to the company after the consummation of the business combination. While the personal and financial interests of our key personnel may influence their motivation in identifying and selecting a target business, their ability to remain with the company after the consummation of a business combination will not be the determining factor in our decision as to whether or not we will proceed with any potential business combination. Additionally, we cannot assure you that our officers and directors will have significant experience or knowledge relating to the operations of the particular target business.

Following a business combination, we may seek to recruit additional managers to supplement the incumbent management of the target business. We cannot assure you that we will have the ability to recruit additional managers, or that any such additional managers we do recruit will have the requisite skills, knowledge or experience necessary to enhance the incumbent management.

## **Stockholders May Not Have the Ability to Approve an Initial Business Combination**

In connection with any proposed business combination, we will either (1) seek stockholder approval of our initial business combination at a meeting called for such purpose at which stockholders may seek to convert their shares, regardless of whether they vote for or against the proposed business combination, into their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), or (2) provide our public stockholders with the opportunity to sell their shares to us by means of a tender offer (and thereby avoid the need for a stockholder vote) for an amount equal to their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), in each case subject to the limitations described herein. If we determine to engage in a tender offer, such tender offer will be structured so that each stockholder may tender any or all of his, her or its shares rather than some pro rata portion of his, her or its shares. The decision as to whether we will seek stockholder approval of a proposed business combination or will allow stockholders to sell their shares to us in a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would otherwise require us to seek stockholder approval. Unlike other blank check companies which require stockholder votes and conduct proxy solicitations in conjunction with their initial business combinations and related conversions of public shares for cash upon consummation of such initial business combination even when a vote is not required by law, we will have the flexibility to avoid such stockholder vote and allow our stockholders to sell their shares pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act which regulate issuer tender offers. In that case, we will file tender offer documents with the SEC which will contain substantially the same financial and other information about the initial business combination as is required under the SEC's proxy rules. We will consummate our initial business combination only if we have net tangible assets of at least \$5,000,001 upon such consummation and, if we seek stockholder approval, a majority of the outstanding shares of common stock voted are voted in favor of the business combination.

We chose our net tangible asset threshold of \$5,000,001 to ensure that we would avoid being subject to Rule 419 promulgated under the Securities Act of 1933, as amended. However, if we seek to consummate an initial business combination with a target business that imposes any type of working capital closing condition or requires us to have a minimum amount of funds available from the trust account upon consummation of such initial business combination, we may need to have more than \$5,000,001 in net tangible assets upon consummation and this may force us to seek third party financing which may not be available on terms acceptable to us or at all. As a result, we may not be able to consummate such initial business combination and we may not be able to locate another suitable target within the applicable time period, if at all. Public stockholders may therefore have to wait until July 23, 2020, or longer if additional extensions are approved, in order to be able to receive a pro rata share of the trust account.

Our Sponsor, officers, directors and the Investor (as defined below) have agreed (1) to vote any shares of common stock owned by them in favor of any proposed business combination, including the founder's shares, (2) not to convert any shares of common stock in connection with a stockholder vote to approve a proposed initial business combination and (3) not sell any shares of common stock in any tender in connection with a proposed initial business combination.

None of our officers, directors, Sponsor or their affiliates has indicated any intention to purchase units or shares of common stock from persons in the open market or in private transactions. However, if we hold a meeting to approve a proposed business combination and a significant number of stockholders vote, or indicate an intention to vote, against such proposed business combination, our officers, directors, Sponsor or their affiliates could make such purchases in the open market or in private transactions in order to influence the vote. Notwithstanding the foregoing, our officers, directors, Sponsor and their affiliates will not make purchases of shares of common stock if the purchases would violate Section 9(a)(2) or Rule 10b-5 of the Exchange Act, which are rules designed to stop potential manipulation of a company's stock.

## **Conversion Rights**

At any meeting called to approve an initial business combination, public stockholders may seek to convert their shares, regardless of whether they vote for or against the proposed business combination, into their pro rata share of the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of the initial business combination, less any taxes then due but not yet paid (which taxes may be paid only from the interest earned on the funds in the trust account). Alternatively, we may provide our public stockholders with the opportunity to sell their shares of our common stock to us through a tender offer (and thereby avoid the need for a stockholder vote) for an amount equal to their pro rata share of the aggregate amount then on deposit in the trust account, less any taxes then due but not yet paid.

We may require public stockholders seeking conversion, whether they are a record holder or hold their shares in "street name," to either (i) tender their certificates to our transfer agent or (ii) deliver their shares to the transfer agent electronically using Depository Trust Company's DWAC (Deposit/Withdrawal At Custodian) System, at the holder's option, in each case prior to a date set forth in the proxy materials sent in connection with the proposal to approve the business combination.

There is a nominal cost associated with the above-referenced delivery process and the act of certificating the shares or delivering them through the DWAC System. The transfer agent will typically charge the tendering broker \$45.00 and it would be up to the broker whether to pass this cost on to the holder. However, this fee would be incurred regardless of whether we require holders seeking to exercise conversion rights to tender their shares. The need to deliver shares is a requirement of exercising conversion rights regardless of the timing of when such delivery must be effectuated. However, in the event we require stockholders seeking to exercise conversion rights to deliver their shares prior to the consummation of the proposed business combination and the proposed business combination is not consummated, this may result in an increased cost to stockholders.

Any proxy solicitation materials we furnish to stockholders in connection with a vote for any proposed business combination will indicate whether we are requiring stockholders to satisfy such certification and delivery requirements. Accordingly, a stockholder would have from the time the stockholder received our proxy statement up until the vote on the proposal to approve the business combination to deliver his shares if he wishes to seek to exercise his conversion rights. This time period varies depending on the specific facts of each transaction. However, as the delivery process can be accomplished by the stockholder, whether or not he is a record holder or his shares are held in "street name," in a matter of hours by simply contacting the transfer agent or his broker and requesting delivery of his shares through the DWAC System, we believe this time period is sufficient for an average investor. However, we cannot assure you of this fact. Please see the risk factor titled *"In connection with any stockholder meeting called to approve a proposed initial business combination, we may require stockholders who wish to convert their shares in connection with a proposed business combination to comply with specific requirements for conversion that may make it more difficult for them to exercise their conversion rights prior to the deadline for exercising their rights."* for further information on the risks of failing to comply with these requirements.

The foregoing is different from the procedures historically used by some blank check companies. Traditionally, in order to perfect conversion rights in connection with a blank check company's business combination, the company would distribute proxy materials for the stockholders' vote on an initial business combination, and a holder could simply vote against a proposed business combination and check a box on the proxy card indicating such holder was seeking to exercise his conversion rights. After the business combination was approved, the company would contact such stockholder to arrange for him to deliver his certificate to verify ownership. As a result, the stockholder then had an "option window" after the consummation of the business combination during which he could monitor the price of the company's stock in the market. If the price rose above the conversion price, he could sell his shares in the open market before actually delivering his shares to the company for cancellation. As a result, the conversion rights, to which stockholders were aware they needed to commit before the stockholder meeting, would become a "continuing" right surviving past the consummation of the business combination until the holder delivered its certificate. The requirement for physical or electronic delivery prior to the meeting ensures that a holder's election to convert his shares is irrevocable once the business combination is approved.

Any request to convert such shares once made, may be withdrawn at any time up to the vote on the proposed business combination. Furthermore, if a holder of a public share of common stock delivered his certificate in connection with an election of their conversion and subsequently decides prior to the vote on the proposed business combination not to elect to exercise such rights, he may simply request that the transfer agent return the certificate (physically or electronically).

If the initial business combination is not approved or completed for any reason, then our public stockholders who elected to exercise their conversion rights would not be entitled to convert their shares for the applicable pro rata share of the trust account as of two business days prior to the consummation of the initial business combination. In such case, we will promptly return any shares delivered by public holders.

#### **Extensions to Complete Business Combination**

On November 17, 2018, we entered into an agreement (the "Agreement") with the Sponsor and BRAC Lending Group LLC (the "Investor"). Pursuant to the Agreement, the Sponsor transferred an aggregate of 1,500,000 founder's shares to the Investor in exchange for the agreements set forth below and aggregate cash consideration of \$1.00. Pursuant to the Agreement, the Sponsor agreed to take all actions reasonably necessary to extend the period of time the Company has to consummate a business combination up to two times for an aggregate of up to six months and the Investor agreed to loan us the funds necessary to obtain the extensions (the "Extension(s)"). On November 20, 2018, the Company issued an unsecured promissory note (the "First Note") in favor of the Investor, in the original principal amount of \$690,000, to provide us the funds necessary to obtain the first three-month Extension. On November 20, 2018, we issued a press release announcing that we had obtained the first three-month Extension to complete a business combination from November 22, 2018 to February 22, 2019. On February 21, 2019, the Company issued a second unsecured promissory note (the "Second Note, and together with the First Note, the "Notes") in favor of the Investor, in the original principal amount of \$690,000, to provide us the funds necessary to obtain the second three-month Extension. On February 22, 2019, we issued a press release announcing that we had obtained the second three-month Extension to complete a business combination from February 22, 2019 to May 22, 2019.

Pursuant to the Agreement, the Investor has also agreed to loan the Company all funds necessary to pay expenses incurred in connection with and in order to consummate a business combination (the "Business Combination Expenses") and such loans will be added to the Notes. Also, pursuant to the Agreement, the Sponsor has agreed to be responsible for all liabilities of the Company as of November 17, 2018, except for liabilities associated with the possible redemption of shares by the Company's shareholders, as described in the Company's Amended and Restated Certificate of Incorporation. The Sponsor has also agreed to loan us the funds necessary to pay the expenses of the Company other than the Business Combination Expenses through the closing of a business combination when and as needed in order for the Company to continue in operation (the "Non-Business Combination Related Expenses"). Upon consummation of a business combination, up to \$200,000 of the Non-Business Combination Related Expenses will be repaid by us to the Sponsor provided that the Company has funds available to it sufficient to repay such expenses (the "Cap") as well as to pay for all stockholder redemptions, all Business Combination Expenses, repayment of the Notes, and any funds necessary for the working capital requirements of the Company following closing of the business combination. Any remaining amounts in excess of the Cap will be forgiven. If the Company does not consummate a business combination, all outstanding loans made by the Sponsor to cover the Non-Business Combination Related Expenses will be forgiven.

The Founder's Shares transferred by the Sponsor to the Investor will remain in escrow in the name of the Investor, subject to the terms of the Stock Escrow Agreement, dated November 20, 2017, among us, the Sponsor and Continental Stock Transfer & Trust Company. Additionally, the Sponsor assigned the registration rights it was granted, pursuant to the Registration Rights Agreement, dated November 20, 2017 between us and the Sponsor, with respect to the Founder's Shares to the Investor in connection with the transfer.

On November 20, 2018 and February 21, 2019, the period of time for us to consummate a Business Combination was extended for an aggregate additional six-month period ending on May 22, 2019, and, accordingly, \$1,380,000 was deposited into the Trust Account. The deposits were funded by the Notes. The Notes are repayable upon the consummation of a Business Combination. If we fail to consummate a Business Combination, the outstanding debt under the Notes will be forgiven, except to the extent of any funds held outside of our Trust Account after paying all other fees and expenses of the Company.

On May 21, 2019, our stockholders approved an amendment to our Amended and Restated Certificate of Incorporation to extend the period of time for which we were required to consummate a Business Combination to August 22, 2019. The number of shares of common stock presented for redemption in connection with this extension was 2,119,772. We paid cash in the aggregate amount of \$22,099,233, or approximately \$10.43 per share, to the redeeming stockholders. We agreed to deposit, or cause to be deposited on our behalf, into the Trust Account \$0.02 for each public share outstanding for each 30-day extension period utilized through August 22, 2019. In connection with this extension, we deposited an aggregate of \$286,814 into the Trust Account, of which \$280,000 was contributed to the Trust Account by a third party and is not required to be repaid by us. In order to pay for part of the third extension payment, we issued an unsecured non-interest bearing promissory note in favor of the Investor, in the original principal amount of \$6,814. The note is payable upon consummation of an initial business combination. If a business combination is not completed, this amount will be forgiven except to the extent of any funds held outside of the Trust Account.

On August 21, 2019, our stockholders approved an amendment to our Amended and Restated Certificate of Incorporation to extend the period of time for which we are required to consummate a Business Combination from August 22, 2019 to November 22, 2019. The number of shares of common stock presented for redemption in connection with this extension was 846,888. We paid cash in the aggregate amount of \$8,891,378, or approximately \$10.50 per share, to the redeeming stockholders. We agreed to deposit, or cause to be deposited on our behalf, into the Trust Account \$0.02 for each public share outstanding for each 30-day extension period utilized through November 22, 2019. In connection with this extension, we deposited an aggregate of \$236,000 into the Trust Account to fund this extension payment, which amount was loaned to us by A/Z Property Partners, LLC ("A/Z Property") and Investor on a non-interest basis. The loan is repayable upon consummation of an initial business combination. If a business combination is not completed, this amount will be forgiven except to the extent of any funds held outside of the Trust Account.

On November 21, 2019, our stockholders approved an amendment to our Amended and Restated Certificate of Incorporation to extend the period of time for which we are required to consummate a Business Combination from November 22, 2019 to March 23, 2020. The number of shares of common stock presented for redemption in connection with this extension was 919,091. We paid cash in the aggregate amount of \$9,736,077, or approximately \$10.59 per share, to the redeeming stockholders. We agreed to deposit, or cause to be deposited on our behalf, into the Trust Account \$0.02 for each public share outstanding for each 30-day extension period utilized through March 23, 2020. In connection with this extension, we deposited an aggregate of \$60,285 into the Trust Account to fund the first thirty-day extension through December 22, 2019, which amount was loaned to us on a non-interest basis by A/Z Property and Investor. In January and February 2020, A/Z Property and Investor loaned us an additional aggregate amount of \$90,428 each on a non-interest basis to pay for the extension through March 23, 2020. The foregoing loan amounts are payable upon consummation of an initial business combination. If a business combination is not completed, these amounts will be forgiven except to the extent of any funds held outside of the Trust Account.

On March 23, 2020, our stockholders approved an amendment to our Amended and Restated Certificate of Incorporation to extend the period of time for which we are required to consummate a Business Combination from March 23, 2020 to July 23, 2020. The number of shares of common stock presented for redemption in connection with this extension was 2,433,721. We paid cash in the aggregate amount of \$25,997,965, or approximately \$10.68 per share, to the redeeming stockholders. We agreed to deposit, or cause to be deposited on our behalf, into the Trust Account \$0.02 for each public share outstanding for each 30-day extension period utilized through July 23, 2020. In connection with this extension, we deposited an aggregate of \$11,611 into the Trust Account to fund the first thirty-day extension through April 23, 2020, which amounts were loaned to us by A/Z Property and Investor on a non-interest basis. The loan is payable upon consummation of an initial business combination. If a business combination is not completed, this amount will be forgiven except to the extent of any funds held outside of the Trust Account.

## Liquidation if No Business Combination

If we have not completed an initial business combination by July 23, 2020, or longer if additional extensions are approved, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the outstanding public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any interest earned on the funds held in the trust account net of interest that may be used by us to pay our franchise and income taxes payable, divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject (in the case of (ii) and (iii) above) to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law.

Our Sponsor, officers and directors have agreed that they will not propose any amendment to our amended and restated certificate of incorporation that would restrict our public stockholders from converting or selling their shares to us in connection with a business combination or affect the substance or timing of our obligation to redeem 100% of our public shares if we do not complete a business combination by July 23, 2020 unless we provide our public stockholders with the opportunity to convert their shares of common stock upon such approval at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest not previously released to us but net of franchise and income taxes payable, divided by the number of then outstanding public shares. This redemption right shall apply in the event of the approval of any such amendment, whether proposed by our Sponsor, any executive officer, director or director nominee, or any other person.

Under the Delaware General Corporation Law, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. The pro rata portion of our trust account distributed to our public stockholders upon the redemption of 100% of our outstanding public shares in the event we do not complete our initial business combination within the required time period may be considered a liquidation distribution under Delaware law. If the corporation complies with certain procedures set forth in Section 280 of the Delaware General Corporation Law intended to ensure that it makes reasonable provision for all claims against it, including a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions are made to stockholders, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution.

Furthermore, if the pro rata portion of our trust account distributed to our public stockholders upon the redemption of 100% of our public shares in the event we do not complete our initial business combination within the required time period is not considered a liquidation distribution under Delaware law and such redemption distribution is deemed to be unlawful, then pursuant to Section 174 of the Delaware General Corporation Law, the statute of limitations for claims of creditors could then be six years after the unlawful redemption distribution, instead of three years, as in the case of a liquidation distribution. If we are unable to complete a business combination within the prescribed time frame, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the outstanding public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any interest earned on the funds held in the trust account net of interest that may be used by us to pay our franchise and income taxes payable, divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject (in the case of (ii) and (iii) above) to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Accordingly, it is our intention to redeem our public shares as soon as reasonably possible following the required time period to complete our initial business combination, and, therefore, we do not intend to comply with those procedures. As such, our stockholders could potentially be liable for any claims to the extent of distributions received by them (but no more) and any liability of our stockholders may extend well beyond the third anniversary of such date.

Because we will not be complying with Section 280 of the Delaware General Corporation Law, Section 281(b) of the Delaware General Corporation Law requires us to adopt a plan, based on facts known to us at such time that will provide for our payment of all existing and pending claims or claims that may be potentially brought against us within the subsequent ten years. However, because we are a blank check company, rather than an operating company, and our operations will be limited to searching for prospective target businesses to acquire, the only likely claims to arise would be from our vendors (such as lawyers, investment bankers, etc.) or prospective target businesses.

We are required to use our reasonable best efforts to have all third parties and any prospective target businesses enter into agreements with us waiving any right, title, interest or claim of any kind they may have in or to any monies held in the trust account. As a result, the claims that could be made against us will be limited, thereby lessening the likelihood that any claim would result in any liability extending to the trust. We therefore believe that any necessary provision for creditors will be reduced and should not have a significant impact on our ability to distribute the funds in the trust account to our public stockholders. Nevertheless, we cannot assure you of this fact as there is no guarantee that vendors, service providers and prospective target businesses will execute such agreements. If any third party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party's engagement would be significantly more beneficial to us than any alternative. Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. Our underwriters and auditor are the only third parties we are currently aware of that may not execute a waiver. Nor is there any guarantee that, even if they execute such agreements with us, they will not seek recourse against the trust account. A/Z Property, an entity majority owned by Richard Ackerman, our Chairman, President and Chief Executive Officer, has agreed that it will be liable to ensure that the proceeds in the trust account are not reduced below \$10.00 per share by the claims of target businesses or claims of vendors or other entities that are owed money by us for services rendered or contracted for or products sold to us. We believe A/Z Property has sufficient net worth to satisfy its indemnity obligation should it arise, however we cannot assure you that A/Z Property will have sufficient liquid assets to satisfy such obligations if it is required to do so. Additionally, the agreement entered into by A/Z Property specifically provides for two exceptions to the indemnity it has given: it will have no liability (1) as to any claimed amounts owed to a target business or vendor or other entity who has executed an agreement with us waiving any right, title, interest or claim of any kind they may have in or to any monies held in the trust account, or (2) as to any claims for indemnification by the underwriters of the Initial Public Offering against certain liabilities, including liabilities under the Securities Act. As a result, if we liquidate, the per-share distribution from the trust account could be less than \$10.00 due to claims or potential claims of creditors. We will distribute to all of our public stockholders, in proportion to their respective equity interests, an aggregate amount then on deposit in the trust account, including any interest earned on the funds held in the trust account net of interest that may be used by us to pay our franchise and income taxes payable.

We anticipate notifying the trustee of the trust account to begin liquidating such assets promptly after such date and anticipate it will take no more than 10 business days to effect such a distribution. Our Sponsor has waived its rights to participate in any liquidation distribution with respect to the founder's shares and any shares, rights or warrants included in the private placement units. Additionally, any loans made by our officers, directors, Sponsors or their affiliates for working capital needs will be forgiven and not repaid if we are unable to complete an initial business combination. There will be no distribution from the trust account with respect to our rights or warrants, including the rights or warrants contained in the private placement units, which will expire worthless. We will pay the costs of any subsequent liquidation from our remaining assets outside of the trust account. If such funds are insufficient, A/Z Property has agreed to pay the funds necessary to complete such liquidation (currently anticipated to be no more than approximately \$15,000) and has agreed not to seek repayment for such expenses.

If we are unable to complete an initial business combination and expend all of the net proceeds of the Initial Public Offering and the sale of the private placement units, other than the proceeds deposited in the trust account, and without taking into account interest, if any, earned on the trust account, the initial per-share redemption price would be \$10.00. The proceeds deposited in the trust account could, however, become subject to claims of our creditors that are in preference to the claims of public stockholders.

Our public stockholders shall be entitled to receive funds from the trust account only in the event of our failure to complete a business combination within the required time period or if the stockholders seek to have us convert or purchase their respective shares upon a business combination which is actually completed by us or upon certain amendments to our amended and restated certificate of incorporation as described elsewhere herein. In no other circumstances shall a stockholder have any right or interest of any kind to or in the trust account.

If we are forced to file a bankruptcy case or an involuntary bankruptcy case is filed against us which is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, we cannot assure you we will be able to return to our public stockholders at least \$10.00 per share.

If we are forced to file a bankruptcy case or an involuntary bankruptcy case is filed against us which is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a "preferential transfer" or a "fraudulent conveyance." As a result, a bankruptcy court could seek to recover all amounts received by our stockholders. Furthermore, because we intend to distribute the proceeds held in the trust account to our public stockholders promptly after the expiration of the time we have to complete an initial business combination, this may be viewed or interpreted as giving preference to our public stockholders over any potential creditors with respect to access to or distributions from our assets. Furthermore, our board may be viewed as having breached their fiduciary duties to our creditors and/or may have acted in bad faith, and thereby exposing itself and our company to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons.

## Amended and Restated Certificate of Incorporation

Our amended and restated certificate of incorporation contains certain requirements and restrictions that will apply to us until the consummation of our initial business combination. These provisions cannot be amended without the approval of a majority of our stockholders. If we seek to amend any provisions of our amended and restated certificate of incorporation that would restrict our public stockholders from converting or selling their shares to us in connection with a business combination or affect the substance or timing of our obligation to redeem 100% of our public shares if we do not complete a business combination by July 23, 2020, we will provide public stockholders with the opportunity to convert their public shares in connection with any such vote. This redemption right shall apply in the event of the approval of any such amendment, whether proposed by our Sponsor, any executive officer, director or director nominee, or any other person. Our Sponsor, officers and directors have agreed to waive any conversion rights with respect to any founder's shares and any public shares they may hold in connection with any vote to amend our amended and restated certificate of incorporation. Specifically, our amended and restated certificate of incorporation provides, among other things, that:

- we shall either (1) seek stockholder approval of our initial business combination at a meeting called for such purpose at which stockholders may seek to convert their shares, regardless of whether they vote for or against the proposed business combination, into their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), or (2) provide our stockholders with the opportunity to sell their shares to us by means of a tender offer (and thereby avoid the need for a stockholder vote) for an amount equal to their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), in each case subject to the limitations described herein;
- we will consummate our initial business combination only if we have net tangible assets of at least \$5,000,001 upon such consummation and, if we seek stockholder approval, a majority of the outstanding shares of common stock voted are voted in favor of the business combination;
- if our initial business combination is not consummated by July 23, 2020, then we will redeem all of the outstanding public shares and thereafter liquidate and dissolve our company;
- we may not consummate any other business combination, merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar transaction prior to our initial business combination; and
- prior to our initial business combination, we may not issue additional stock that participates in any manner in the proceeds of the trust account, or that votes as a class with the common stock sold in this offering on any matter.

## Competition

In identifying, evaluating and selecting a target business, we may encounter intense competition from other entities having a business objective similar to ours. Many of these entities are well established and have extensive experience identifying and effecting business combinations directly or through affiliates. Many of these competitors possess greater technical, human and other resources than we do and our financial resources will be relatively limited when contrasted with those of many of these competitors. While we believe there may be numerous potential target businesses that we could acquire with the net proceeds of the Initial Public Offering and the sale of the private placement units, our ability to compete in acquiring certain sizable target businesses may be limited by our available financial resources.

The following also may not be viewed favorably by certain target businesses:

- our obligation to seek stockholder approval of a business combination or engage in a tender offer may delay the completion of a transaction;
- our obligation to convert or repurchase shares of common stock held by our public stockholders may reduce the resources available to us for a business combination; and
- our outstanding rights or warrants and unit purchase options, and the potential future dilution they represent.

Any of these factors may place us at a competitive disadvantage in successfully negotiating a business combination. Our management believes, however, that our status as a public entity and potential access to the United States public equity markets may give us a competitive advantage over privately-held entities having a similar business objective as ours in acquiring a target business with significant growth potential on favorable terms.

If we succeed in effecting a business combination, there will be, in all likelihood, intense competition from competitors of the target business. We cannot assure you that, subsequent to a business combination, we will have the resources or ability to compete effectively.

## Employees

We have two executive officers who receive no compensation from the Company. These individuals are not obligated to devote any specific number of hours to our matters and intend to devote only as much time as they deem necessary to our affairs. The amount of time they will devote in any time period will vary based on whether a target business has been selected for the business combination and the stage of the business combination process of the company. Accordingly, once a suitable target business to acquire has been located, management will spend more time investigating such target business and negotiating and processing the business combination (and consequently spend more time on our affairs) than had been spent prior to locating a suitable target business. We presently expect our executive officers to devote such amount of time as they reasonably believe is necessary to our business. We do not intend to have any employees prior to the consummation of a business combination.

## Periodic Reporting and Audited Financial Statements

We have registered our units, common stock, rights and warrants under the Exchange Act and have reporting obligations, including the requirement that we file annual, quarterly and current reports with the SEC. In accordance with the requirements of the Exchange Act, this 2019 Form 10-K contains financial statements audited and reported on by our independent registered public accountants.

We will provide stockholders with audited financial statements of the prospective target business as part of any proxy solicitation as issued by the International Accounting Standards Board materials or tender offer documents sent to stockholders to assist them in assessing the target business. These financial statements will need to be prepared in accordance with or reconciled to United States generally accepted accounting principles or international financial reporting standards. We cannot assure you that any particular target business identified by us as a potential acquisition candidate will have the necessary financial statements. To the extent that this requirement cannot be met, we may not be able to acquire the proposed target business.

If we are no longer a smaller reporting company or an emerging growth company, we will be required to have our internal control procedures audited as required by the Sarbanes-Oxley Act. A target company may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding adequacy of their internal controls. The development of the internal controls of any such entity to achieve compliance with the Sarbanes-Oxley Act may increase the time and costs necessary to complete any such acquisition.

## Item 1A Risk Factors

*Our business, financial condition, operating results, and cash flows may be impacted by a number of factors, many of which are beyond our control, including those set forth below and elsewhere in this 2019 Form 10-K, the occurrence of any one of which could have a material adverse effect on our actual results.*

**We have no operating history and, accordingly, you will not have any basis on which to evaluate our ability to achieve our business objective.**

We have no operating results to date. Therefore, our ability to commence operations is dependent upon obtaining financing through the public offering of our securities. Since we do not have an operating history, you will have no basis upon which to evaluate our ability to achieve our business objective, which is to consummate an initial business combination. We have not conducted any substantive discussions and we have no plans, arrangements or understandings with any prospective acquisition candidates. We will not generate any revenues until, at the earliest, after the consummation of a business combination.

**If we are unable to consummate a business combination, our public stockholders may be forced to wait until July 23, 2020, or longer if additional extensions are approved, before receiving distributions from the trust account.**

We have until July 23, 2020 in which to complete a business combination. We have no obligation to return funds to investors prior to such date unless (i) we consummate a business combination prior thereto or (ii) we seek to amend our amended and restated certificate of incorporation prior to consummation of a business combination, and only then in cases where investors have sought to convert or sell their shares to us. Only after the expiration of this full time period will public security holders be entitled to distributions from the trust account if we are unable to complete a business combination. Accordingly, investors' funds may be unavailable to them until after such date and to liquidate your investment, public security holders may be forced to sell their public shares or warrants, potentially at a loss.

**Our public stockholders may not be afforded an opportunity to vote on our proposed business combination.**

We will either (1) seek stockholder approval of our initial business combination at a meeting called for such purpose at which public stockholders may seek to convert their shares, regardless of whether they vote for or against the proposed business combination, into their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), or (2) provide our public stockholders with the opportunity to sell their shares to us by means of a tender offer (and thereby avoid the need for a stockholder vote) for an amount equal to their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), in each case subject to the limitations described elsewhere in this Report. Accordingly, it is possible that we will consummate our initial business combination even if holders of a majority of our public shares do not approve of the business combination we consummate. The decision as to whether we will seek stockholder approval of a proposed business combination or will allow stockholders to sell their shares to us in a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would otherwise require us to seek stockholder approval. For instance, Nasdaq rules currently allow us to engage in a tender offer in lieu of a stockholder meeting but would still require us to obtain stockholder approval if we were seeking to issue more than 20% of our outstanding shares to a target business as consideration in any business combination. Therefore, if we were structuring a business combination that required us to issue more than 20% of our outstanding shares, we would seek stockholder approval of such business combination instead of conducting a tender offer.

**If we determine to change our acquisition criteria or guidelines, many of the disclosures contained in this Report would be rendered irrelevant and you would be investing in our company without any basis on which to evaluate the potential target business we may acquire.**

We could seek to deviate from the acquisition criteria or guidelines disclosed in this Report although we have no current intention to do so. For instance, we currently anticipate acquiring a target business with a consistent historical financial performance. However, we are not obligated to do so and may determine to merge with or acquire a company with no operating history if the terms of the transaction are determined by us to be favorable to our public stockholders. In such event, many of the acquisition criteria and guidelines set forth in this Report would be rendered irrelevant. We could also seek to amend our amended and restated certificate of incorporation to provide us with more time to complete an initial business combination. Accordingly, investors may be making an investment in our company without any basis on which to evaluate the potential target business we may acquire.

**We may issue shares of our capital stock or debt securities to complete a business combination, which would reduce the equity interest of our stockholders and likely cause a change in control of our ownership.**

Our amended and restated certificate of incorporation authorizes the issuance of up to 100,000,000 shares of common stock, par value \$0.001 per share, and 1,000,000 shares of preferred stock, par value \$0.001 per share. As of December 31, 2019, there are 92,020,472 authorized but unissued shares of common stock available for issuance, which amount takes into account shares reserved for issuance upon exercise of the underwriter's option, conversion of outstanding rights (including private placement rights and the rights underlying the underwriter's option) and warrants (including the warrants contained in the private placement units and the underwriter's option). As of December 31, 2019, there are no shares of preferred stock issued and outstanding. Although we have no commitment as of the date of this 2019 Form 10-K, we may issue a substantial number of additional shares of common stock or shares of preferred stock, or a combination of common stock and preferred stock, to complete a business combination. The issuance of additional shares of common stock will not reduce the per-share conversion amount in the trust account. The issuance of additional shares of common stock or preferred stock:

- may significantly reduce the equity interest of investors in the Initial Public Offering;
- may subordinate the rights of holders of shares of common stock if we issue shares of preferred stock with rights senior to those afforded to our shares of common stock;
- may cause a change in control if a substantial number of shares of common stock are issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors; and
- may adversely affect prevailing market prices for our shares of common stock.

Similarly, if we issue debt securities, it could result in:

- default and foreclosure on our assets if our operating revenues after a business combination are insufficient to repay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt security is payable on demand; and
- our inability to obtain necessary additional financing if the debt security contains covenants restricting our ability to obtain such financing while the debt security is outstanding.

If we incur indebtedness, our lenders will not have a claim on the cash in the trust account and such indebtedness will not decrease the per-share conversion amount in the trust account.

**If third parties bring claims against us, the proceeds held in trust could be reduced and the per-share redemption price received by stockholders may be less than \$10.00.**

Our placing of funds in trust may not protect those funds from third party claims against us. Although we will seek to have all vendors and service providers we engage and prospective target businesses we negotiate with execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public stockholders, they may not execute such agreements. Furthermore, even if such entities execute such agreements with us, they may seek recourse against the trust account. A court may not uphold the validity of such agreements. Accordingly, the proceeds held in trust could be subject to claims which could take priority over those of our public stockholders. If we are unable to complete a business combination and distribute the proceeds held in trust to our public stockholders, A/Z Property has agreed (subject to certain exceptions described elsewhere in this Report) that it will be liable to ensure that the proceeds in the trust account are not reduced below \$10.00 per share by the claims of target businesses or claims of vendors or other entities that are owed money by us for services rendered or contracted for or products sold to us. We believe A/Z Property has sufficient net worth to satisfy its indemnity obligation should it arise, however we cannot assure you that A/Z Property will have sufficient liquid assets to satisfy obligations if it is required to do so. Additionally, the agreement entered into by A/Z Property specifically provides for two exceptions to the indemnity it has given: it will have no liability (1) as to any claimed amounts owed to a target business or vendor or other entity who has executed an agreement with us waiving any right, title, interest or claim of any kind they may have in or to any monies held in the trust account, or (2) as to any claims for indemnification by the underwriters of the Initial Public Offering against certain liabilities, including liabilities under the Securities Act. Therefore, the per-share distribution from the trust account may be less than \$10.00, plus interest, due to such claims.

Additionally, if we are forced to file a bankruptcy case or an involuntary bankruptcy case is filed against us which is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, we may not be able to return to our public stockholders at least \$10.00 per share. As a result, if any such claims were successfully made against the trust account, the funds available for our initial business combination and redemptions could be reduced to less than \$10.00 per public share.

**Our stockholders may be held liable for claims by third parties against us to the extent of distributions received by them.**

Our amended and restated certificate of incorporation provides that we will continue in existence until July 23, 2020. If we have not completed a business combination by such date, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the outstanding public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any interest earned on the funds held in the trust account net of interest that may be used by us to pay our franchise and income taxes payable, divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject (in the case of (ii) and (iii) above) to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. We cannot assure you that we will properly assess all claims that may be potentially brought against us. As such, our stockholders could potentially be liable for any claims to the extent of distributions received by them (but no more) and any liability of our stockholders may extend well beyond the third anniversary of the date of distribution. Accordingly, we cannot assure you that third parties will not seek to recover from our stockholders amounts owed to them by us.

If we are forced to file a bankruptcy case or an involuntary bankruptcy case is filed against us which is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a "preferential transfer" or a "fraudulent conveyance." As a result, a bankruptcy court could seek to recover all amounts received by our stockholders. Furthermore, because we intend to distribute the proceeds held in the trust account to our public stockholders promptly after expiration of the time we have to complete an initial business combination, this may be viewed or interpreted as giving preference to our public stockholders over any potential creditors with respect to access to or distributions from our assets. Furthermore, our board may be viewed as having breached their fiduciary duties to our creditors and/or may have acted in bad faith, and thereby exposing itself and our company to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons.

**Our directors may decide not to enforce A/Z Property's indemnification obligations, resulting in a reduction in the amount of funds in the trust account available for distribution to our public stockholders.**

In the event that the proceeds in the trust account are reduced below \$10.00 per public share and A/Z Property asserts that it is unable to satisfy its obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against A/Z Property to enforce such indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against A/Z Property to enforce such indemnification obligations to us, it is possible that our independent directors in exercising their business judgment may choose not to do so in any particular instance. If our independent directors choose not to enforce these indemnification obligations, the amount of funds in the trust account available for distribution to our public stockholders may be reduced below \$10.00 per share.

**If we do not file and maintain a current and effective prospectus relating to the common stock issuable upon exercise of the warrants, holders will only be able to exercise such warrants on a "cashless basis."**

If we do not file and maintain a current and effective prospectus relating to the common stock issuable upon exercise of the warrants at the time that holders wish to exercise such warrants, they will only be able to exercise them on a "cashless basis" provided that an exemption from registration is available. As a result, the number of shares of common stock that holders will receive upon exercise of the warrants will be fewer than it would have been had such holder exercised his warrant for cash. Further, if an exemption from registration is not available, holders would not be able to exercise on a cashless basis and would only be able to exercise their warrants for cash if a current and effective prospectus relating to the common stock issuable upon exercise of the warrants is available. Under the terms of the warrant agreement, we have agreed to use our best efforts to meet these conditions and to file and maintain a current and effective prospectus relating to the common stock issuable upon exercise of the warrants until the expiration of the warrants. However, we cannot assure you that we will be able to do so. If we are unable to do so, the potential "upside" of the holder's investment in our company may be reduced or the warrants may expire worthless.

**An investor will only be able to exercise a warrant if the issuance of shares of common stock upon such exercise has been registered or qualified or is deemed exempt under the securities laws of the state of residence of the holder of the warrants.**

No warrants will be exercisable and we will not be obligated to issue shares of common stock unless the shares of common stock issuable upon such exercise has been registered or qualified or deemed to be exempt under the securities laws of the state of residence of the holder of the warrants. If the shares of common stock issuable upon exercise of the warrants are not qualified or exempt from qualification in the jurisdictions in which the holders of the warrants reside, the warrants may be deprived of any value, the market for the warrants may be limited and they may expire worthless if they cannot be sold and may be subject to redemption.

**We may amend the terms of the warrants in a manner that may be adverse to holders with the approval by the holders of at least 50% of the then outstanding warrants.**

Our warrants were issued in registered form under the Warrant Agreement, dated November 20, 2017, between Continental Stock Transfer & Trust Company, as warrant agent, and us. The warrant agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision. The warrant agreement requires the approval by the holders of at least 50% of the then outstanding warrants (including the warrants contained in the private placement units) in order to make any change that adversely affects the interests of the registered holders. Accordingly, we would need only 1,656,876, or 48.0%, of the public warrants to vote in favor of a proposed amendment for it to be approved (assuming the holders of the warrants contained in the private placement units all voted in favor of the amendment).

**We may amend the terms of the rights in a manner that may be adverse to holders with the approval by the holders of at least 50% of the then outstanding rights.**

Our rights were issued in registered form under a right agreement between Continental Stock Transfer & Trust Company, as rights agent, and us. The right agreement provides that the terms of the rights may be amended without the consent of any holder to cure any ambiguity or correct any defective provision. The right agreement requires the approval by the holders of at least 50% of the then outstanding rights in order to make any change that adversely affects the interests of the registered holders. Accordingly, we would need only 3,313,751, or 48.0%, of the public rights to vote in favor of a proposed amendment for it to be approved (assuming the holders of the private rights all voted in favor of the amendment).

**Since we have not yet selected a particular industry or target business with which to complete a business combination, we are unable to currently ascertain the merits or risks of the industry or business in which we may ultimately operate.**

We are not limited to a particular industry and may consummate a business combination with a company in any industry we choose. Accordingly, there is no current basis for you to evaluate the possible merits or risks of the particular industry in which we may ultimately operate or the target business which we may ultimately acquire. To the extent we complete a business combination with a financially unstable company or an entity in its development stage, we may be affected by numerous risks inherent in the business operations of those entities. If we complete a business combination with an entity in an industry characterized by a high level of risk, we may be affected by the currently unascertainable risks of that industry. Although our management will endeavor to evaluate the risks inherent in a particular industry or target business, we cannot assure you that we will properly ascertain or assess all of the significant risk factors. We also cannot assure you that an investment in our units will not ultimately prove to be less favorable to investors than a direct investment, if an opportunity were available, in a target business.

**Our ability to successfully effect a business combination and to be successful thereafter will be totally dependent upon the efforts of our key personnel, some of whom may join us following a business combination. While we intend to closely scrutinize any individuals we engage after a business combination, we cannot assure you that our assessment of these individuals will prove to be correct.**

Our ability to successfully effect a business combination is dependent upon the efforts of our key personnel. We believe that our success depends on the continued service of our key personnel, at least until we have consummated our initial business combination. We cannot assure you that any of our key personnel will remain with us for the immediate or foreseeable future. In addition, none of our officers are required to commit any specified amount of time to our affairs and, accordingly, our officers may have conflicts of interest in allocating management time among various business activities, including identifying potential business combinations and monitoring the related due diligence. We do not have employment agreements with, or key-man insurance on the life of, any of our officers. The unexpected loss of the services of our key personnel could have a detrimental effect on us.

Additionally, the role of our key personnel after a business combination cannot presently be ascertained. Although some of our key personnel may continue to serve in senior management or advisory positions following a business combination, it is likely that most, if not all, of the management of the target business will remain in place. While we intend to closely scrutinize any individuals we engage after a business combination, we cannot assure you that our assessment of these individuals will prove to be correct. These individuals may be unfamiliar with the requirements of operating a public company which could cause us to have to expend time and resources helping them become familiar with such requirements. This could be expensive and time-consuming and could lead to various regulatory issues which may adversely affect our operations.

**Our officers and directors may not have significant experience or knowledge regarding the jurisdiction or industry of the target business we may seek to acquire.**

We are not limited to a particular industry and may consummate a business combination with a target business in any geographic location or industry we choose. We cannot assure you that our officers and directors will have enough experience or have sufficient knowledge relating to the jurisdiction of the target or its industry to make an informed decision regarding a business combination.

**Our key personnel may negotiate employment or consulting agreements with a target business in connection with a particular business combination. These agreements may provide for them to receive compensation following a business combination and as a result, may cause them to have conflicts of interest in determining whether a particular business combination is the most advantageous.**

Our key personnel will be able to remain with the company after the consummation of a business combination only if they are able to negotiate employment or consulting agreements or other appropriate arrangements in connection with the business combination. Such negotiations would take place simultaneously with the negotiation of the business combination and could provide for such individuals to receive compensation in the form of cash payments and/or our securities for services they would render to the company after the consummation of the business combination. The personal and financial interests of such individuals may influence their motivation in identifying and selecting a target business.

**Our officers and directors may allocate their time to other businesses thereby causing conflicts of interest in their determination as to how much time to devote to our affairs. This conflict of interest could have a negative impact on our ability to consummate a business combination.**

Our officers and directors are not required to commit their full time to our affairs, which could create a conflict of interest when allocating their time between our operations and their other commitments. We presently expect each of our employees to devote such amount of time as they reasonably believe is necessary to our business. We do not intend to have any full time employees prior to the consummation of our initial business combination. All of our officers and directors are engaged in other business endeavors and are not obligated to devote any specific number of hours to our affairs. If our officers' and directors' other business affairs require them to devote more substantial amounts of time to such affairs, it could limit their ability to devote time to our affairs and could have a negative impact on our ability to consummate our initial business combination. We cannot assure you that these conflicts will be resolved in our favor.

**Our officers and directors may have a conflict of interest in determining whether a particular target business is appropriate for a business combination.**

Our Sponsor, which is affiliated with certain of our officers and directors, has agreed to waive its right to convert its founder's shares and any other shares purchased in the Initial Public Offering or thereafter, or to receive distributions from the trust account with respect to their founder's shares upon our liquidation if we are unable to consummate a business combination. Accordingly, the shares acquired prior to the Initial Public Offering will be worthless if we do not consummate a business combination. Additionally, the warrants, including the warrants contained in the private placement units held by our Sponsor, will expire worthless if we do not consummate a business combination. The personal and financial interests of our directors and officers, through their interests in our Sponsor, may influence their motivation in timely identifying and selecting a target business and completing a business combination. Consequently, our directors' and officers' discretion in identifying and selecting a suitable target business may result in a conflict of interest when determining whether the terms, conditions and timing of a particular business combination are appropriate and in our stockholders' best interest.

**Certain of our officers have, and any of our officers and directors or their affiliates may in the future have, outside fiduciary and contractual obligations and, accordingly, may have conflicts of interest in determining to which entity a particular business opportunity should be presented.**

Certain of our directors have, and any of our officers and directors or their affiliates may in the future have, fiduciary and contractual obligations to other companies. Accordingly, they may participate in transactions and have obligations that may be in conflict or competition with the consummation of our initial business combination. As a result, a potential target business may be presented by our management team to another entity prior to its presentation to us and we may not be afforded the opportunity to engage in a transaction with such target business. For a more detailed description of the pre-existing fiduciary and contractual obligations of our management team, and the potential conflicts of interest that such obligations may present, see the section Part III, Item 10. Directors, Executive Officers and Corporate Governance.

**Nasdaq may delist our securities from quotation on its exchange which could limit investors' ability to make transactions in our securities and subject us to additional trading restrictions.**

Our securities are listed on Nasdaq. On August 9, 2019, we received a notice from the Staff stating that we were no longer in compliance with Nasdaq Listing Rule 5550(a)(3) for continued listing due to its failure to maintain a minimum of 300 public holders (the "Rule"). On September 23, 2019 and October 28, 2019, we submitted a plan to regain compliance with Nasdaq and requested an extension through February 5, 2020. On October 28, 2019, Nasdaq requested additional information regarding our compliance plan, to which we responded on November 8, 2019. On February 11, 2020, we received a notice from the Staff stating that, based upon our non-compliance with the Rule, the Staff had determined to delist our common stock from Nasdaq unless we timely request a hearing before the Nasdaq Hearings Panel (the "Panel"). We were also notified that as a result of Nasdaq's determination to delist our common stock, our warrants and rights no longer comply with Nasdaq Listing Rule 5560(a), which requires the underlying securities of such exercisable securities to remain listed on Nasdaq, and our Units no longer comply with Nasdaq Listing Rule 5225(b)(1)(A), which requires all component parts of units to meet the requirements for initial and continued listing, and our units, warrants and rights are now subject to delisting. We requested a hearing, which request automatically stayed any further action by the Staff pending the ultimate conclusion of the hearing process.

On March 25, 2020, we received formal notice from Nasdaq indicating that the Panel has granted the Company's request for continued listing on Nasdaq. The decision follows the Company's hearing before the Panel, which took place on March 19, 2020. The Company's continued listing is subject to the Company's satisfaction of a number of conditions, including, ultimately, completion of a business combination with an operating company by no later than August 10, 2020, and the combined entity's compliance with all applicable criteria for initial listing on Nasdaq at the time of the merger.

We cannot assure you that our securities will continue to be listed on Nasdaq in the future prior to an initial business combination. Additionally, in connection with our initial business combination, it is likely that Nasdaq will require us to file a new initial listing application and meet its initial listing requirements as opposed to its more lenient continued listing requirements. We cannot assure you that we will be able to meet those initial listing requirements at that time.

If Nasdaq delists our securities from trading on its exchange, we could face significant material adverse consequences, including:

- a limited availability of market quotations for our securities;
- reduced liquidity with respect to our securities;
- a determination that our shares of common stock are “penny stock” which will require brokers trading in our shares of common stock to adhere to more stringent rules, possibly resulting in a reduced level of trading activity in the secondary trading market for our shares of common stock;
- a limited amount of news and analyst coverage for our company; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

The National Securities Markets Improvement Act of 1996, which is a federal statute, prevents or preempts the states from regulating the sale of certain securities, which are referred to as “covered securities.” Because our units, common stock, rights and warrants are listed on Nasdaq, our units, common stock, rights and warrants are covered securities. Although the states are preempted from regulating the sale of our securities, the federal statute does allow the states to investigate companies if there is a suspicion of fraud, and, if there is a finding of fraudulent activity, then the states can regulate or bar the sale of covered securities in a particular case. While we are not aware of a state having used these powers to prohibit or restrict the sale of securities issued by blank check companies, certain state securities regulators view blank check companies unfavorably and might use these powers, or threaten to use these powers, to hinder the sale of securities of blank check companies in their states. Further, if we were no longer listed on Nasdaq, our securities would not be covered securities and we would be subject to regulation in each state in which we offer our securities.

**We are an “emerging growth company” and we cannot be certain if the reduced disclosure requirements applicable to emerging growth companies will make our shares of common stock less attractive to investors.**

We are an “emerging growth company,” as defined in the JOBS Act. We will remain an “emerging growth company” for up to five years. However, if our non-convertible debt issued within a three year period or revenues exceeds \$1.07 billion, or the market value of our shares of common stock that are held by non-affiliates exceeds \$700 million on the last day of the second fiscal quarter of any given fiscal year, we would cease to be an emerging growth company as of the following fiscal year. As an emerging growth company, we are not required to comply with the auditor attestation requirements of section 404 of the Sarbanes-Oxley Act, we have reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements and we are exempt from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. Additionally, as an emerging growth company, we have elected to delay the adoption of new or revised accounting standards that have different effective dates for public and private companies until those standards apply to private companies. As such, our financial statements may not be comparable to companies that comply with public company effective dates. We cannot predict if investors will find our shares of common stock less attractive because we may rely on these provisions. If some investors find our shares of common stock less attractive as a result, there may be a less active trading market for our shares and our share price may be more volatile.

**We may only be able to complete one business combination with the proceeds of the Initial Public Offering and the sale of the private placement units, which will cause us to be solely dependent on a single business which may have a limited number of products or services.**

It is likely we will consummate a business combination with a single target business, although we have the ability to simultaneously acquire several target businesses. By consummating a business combination with only a single entity, our lack of diversification may subject us to numerous economic, competitive and regulatory developments. Further, we would not be able to diversify our operations or benefit from the possible spreading of risks or offsetting of losses, unlike other entities which may have the resources to complete several business combinations in different industries or different areas of a single industry. Accordingly, the prospects for our success may be:

- solely dependent upon the performance of a single business, or
- dependent upon the development or market acceptance of a single or limited number of products, processes or services.

This lack of diversification may subject us to numerous economic, competitive and regulatory developments, any or all of which may have a substantial adverse impact upon the particular industry in which we may operate subsequent to a business combination.

Alternatively, if we determine to simultaneously acquire several businesses, and such businesses are owned by different sellers, we will need for each of such sellers to agree that our purchase of its business is contingent on the simultaneous closings of the other business combinations, which may make it more difficult for us, and delay our ability, to complete the business combinations. With multiple business combinations, we could also face additional risks, including additional burdens and costs with respect to possible multiple negotiations and due diligence investigations (if there are multiple sellers) and the additional risks associated with the subsequent assimilation of the operations and services or products of the acquired companies into a single operating business. If we are unable to adequately address these risks, it could negatively impact our profitability and results of operations.

**The ability of our stockholders to exercise their conversion rights or sell their shares to us in a tender offer may not allow us to effectuate the most desirable business combination or optimize our capital structure.**

If our business combination requires us to use substantially all of our cash to pay the purchase price, because we will not know how many stockholders may exercise conversion rights or seek to sell their shares to us in a tender offer, we may either need to reserve part of the trust account for possible payment upon such conversion, or we may need to arrange third party financing to help fund our business combination. In the event that the acquisition involves the issuance of our stock as consideration, we may be required to issue a higher percentage of our stock to make up for a shortfall in funds. Raising additional funds to cover any shortfall may involve dilutive equity financing or incurring indebtedness at higher than desirable levels. This may limit our ability to effectuate the most attractive business combination available to us.

**In connection with any vote to approve a business combination, we will offer each public stockholder the option to vote in favor of a proposed business combination and still seek conversion of his, her or its shares.**

In connection with any vote to approve a business combination, we will offer each public stockholder (but not our Sponsor, officers or directors) the right to have his, her or its shares of common stock converted to cash (subject to the limitations described elsewhere in this Report) regardless of whether such stockholder votes for or against such proposed business combination. This ability to seek conversion while voting in favor of our proposed business combination may make it more likely that we will consummate a business combination.

**In connection with any stockholder meeting called to approve a proposed initial business combination, we may require stockholders who wish to convert their shares in connection with a proposed business combination to comply with specific requirements for conversion that may make it more difficult for them to exercise their conversion rights prior to the deadline for exercising their rights.**

In connection with any stockholder meeting called to approve a proposed initial business combination, each public stockholder will have the right, regardless of whether he is voting for or against such proposed business combination, to demand that we convert his shares into a pro rata share of the trust account as of two business days prior to the consummation of the initial business combination. We may require public stockholders who wish to convert their shares in connection with a proposed business combination to either (i) tender their certificates to our transfer agent or (ii) deliver their shares to the transfer agent electronically using the Depository Trust Company's DWAC (Deposit/Withdrawal At Custodian) System, at the holders' option, in each case prior to a date set forth in the proxy materials sent in connection with the proposal to approve the business combination. In order to obtain a physical stock certificate, a stockholder's broker and/or clearing broker, DTC and our transfer agent will need to act to facilitate this request. It is our understanding that stockholders should generally allot at least two weeks to obtain physical certificates from the transfer agent. However, because we do not have any control over this process or over the brokers or DTC, it may take significantly longer than two weeks to obtain a physical stock certificate. While we have been advised that it takes a short time to deliver shares through the DWAC System, we cannot assure you of this fact. Accordingly, if it takes longer than we anticipate for stockholders to deliver their shares, stockholders who wish to convert may be unable to meet the deadline for exercising their conversion rights and thus may be unable to convert their shares.

**If, in connection with any stockholder meeting called to approve a proposed business combination, we require public stockholders who wish to convert their shares to comply with specific requirements for conversion, such converting stockholders may be unable to sell their securities when they wish to in the event that the proposed business combination is not approved.**

If we require public stockholders who wish to convert their shares to either (i) tender their certificates to our transfer agent or (ii) deliver their shares to the transfer agent electronically using the Depository Trust Company's DWAC (Deposit/Withdrawal At Custodian) System as described above and such proposed business combination is not consummated, we will promptly return such certificates to the tendering public stockholders. Accordingly, investors who attempted to convert their shares in such a circumstance will be unable to sell their securities after the failed acquisition until we have returned their securities to them. The market price for our shares of common stock may decline during this time and you may not be able to sell your securities when you wish to, even while other stockholders that did not seek conversion may be able to sell their securities.

**Because of our structure, other companies may have a competitive advantage and we may not be able to consummate an attractive business combination.**

We expect to encounter intense competition from entities other than blank check companies having a business objective similar to ours, including venture capital funds, leveraged buyout funds and operating businesses competing for acquisitions. Many of these entities are well established and have extensive experience in identifying and effecting business combinations directly or through affiliates. Many of these competitors possess greater technical, human and other resources than we do and our financial resources will be relatively limited when contrasted with those of many of these competitors. While we believe that there are numerous potential target businesses that we could acquire with the net proceeds of the Initial Public Offering and the sale of the private placement units, our ability to compete in acquiring certain sizable target businesses will be limited by our available financial resources. This inherent competitive limitation gives others an advantage in pursuing the acquisition of certain target businesses. Furthermore, seeking stockholder approval or engaging in a tender offer in connection with any proposed business combination may delay the consummation of such a transaction. Additionally, our outstanding warrants, rights and the unit purchase option, and the future dilution they potentially represent, may not be viewed favorably by certain target businesses. Any of the foregoing may place us at a competitive disadvantage in successfully negotiating a business combination.

**We may be unable to obtain additional financing, if required, to complete a business combination or to fund the operations and growth of the target business, which could compel us to restructure or abandon a particular business combination.**

Although we believe that the net proceeds of the Initial Public Offering and the sale of the private placement units will be sufficient to allow us to consummate a business combination, because we have not yet identified any prospective target business, we cannot ascertain the capital requirements for any particular transaction. If the net proceeds of the Initial Public Offering and the sale of the private placement units prove to be insufficient, because of either the size of the business combination, the depletion of the available net proceeds in search of a target business or the obligation to convert into cash a significant number of shares from dissenting stockholders, we will be required to seek additional financing. Such financing may not be available on acceptable terms, if at all. To the extent that additional financing proves to be unavailable when needed to consummate a particular business combination, we would be compelled to either restructure the transaction or abandon that particular business combination and seek an alternative target business candidate. In addition, if we consummate a business combination, we may require additional financing to fund the operations or growth of the target business. The failure to secure additional financing could have a material adverse effect on the continued development or growth of the target business. None of our Sponsor, officers, directors or stockholders is required to provide any financing to us in connection with or after a business combination.

**Our Sponsor and the Investor (as defined above) control a substantial interest in us and thus may influence certain actions requiring a stockholder vote.**

As of March 26, 2020, our Sponsor and the Investor own approximately 73.5% of our issued and outstanding shares of common stock. None of our Sponsor, officers, directors or their affiliates has indicated any intention to purchase any units or shares of common stock from persons in the open market or in private transactions. However, our Sponsor, officers, directors or their affiliates could determine in the future to make such purchases in the open market or in private transactions, to the extent permitted by law, in order to influence the vote or magnitude of the number of stockholders seeking to tender their shares to us. In connection with any vote for a proposed business combination, our Sponsor and Investor, as well as all of our officers and directors, have agreed to vote the shares of common stock owned by them immediately before the Initial Public Offering as well as any shares of common stock acquired in the Initial Public Offering or in the aftermarket in favor of such proposed business combination.

Our board of directors is divided into two classes, each of which will generally serve for a term of two years with only one class of directors being elected in each year. There may not be an annual meeting of stockholders to elect new directors prior to the consummation of a business combination, in which case all of the current directors will continue in office until at least the consummation of the business combination. If there is an annual meeting, as a consequence of our "staggered" board of directors, only a minority of the board of directors will be considered for election and our Sponsor, because of its ownership position, will have considerable influence regarding the outcome. Accordingly, our Sponsor will continue to exert control at least until the consummation of a business combination.

**Our outstanding rights, warrants and unit purchase options may have an adverse effect on the market price of our common stock and make it more difficult to effect a business combination.**

We issued rights to receive 690,000 shares of common stock and warrants to purchase 3,450,000 shares of common stock as part of the units offered in connection with the Initial Public Offering and rights to receive 27,250 shares of common stock and warrants to purchase 136,250 shares of common stock in connection with the Private Placement. We also issued unit purchase options to purchase 600,000 units to EarlyBirdCapital, Inc. (and/or its designees) which, if exercised, will result in the issuance of 600,000 shares of common stock, rights to receive 60,000 shares of common stock and warrants to purchase an additional 300,000 shares of common stock. We may also issue additional private units, which will be identical to the private placement units, to our Sponsor, officers or directors in payment of working capital loans made to us as described in this 2019 Form 10-K. To the extent we issue shares of common stock to effect a business combination, the potential for the issuance of a substantial number of additional shares upon conversion or exercise of these rights, warrants and unit purchase options could make us a less attractive acquisition vehicle in the eyes of a target business. Such securities, when exercised, will increase the number of issued and outstanding shares of common stock and reduce the value of the shares issued to complete the business combination. Accordingly, our rights, warrants and unit purchase option may make it more difficult to effectuate a business combination or increase the cost of acquiring the target business. Additionally, the sale, or even the possibility of sale, of the shares underlying the warrants, rights, or unit purchase option could have an adverse effect on the market price for our securities or on our ability to obtain future financing. If and to the extent these rights are converted or warrants and options are exercised, you may experience dilution to your holdings.

**We may redeem your unexpired warrants prior to their exercise at a time that is disadvantageous to you, thereby making your warrants worthless.**

We have the ability to redeem outstanding warrants at any time after they become exercisable and prior to their expiration, at a price of \$0.01 per warrant, provided that the last reported sales price of the common stock equals or exceeds \$21.00 per share (as adjusted for stock splits, stock dividends, reorganizations and recapitalizations) for any 20 trading days within a 30 trading-day period ending on the third business day prior to proper notice of such redemption provided that on the date we give notice of redemption and during the entire period thereafter until the time we redeem the warrants, we have an effective registration statement under the Securities Act covering the shares of common stock issuable upon exercise of the warrants and a current prospectus relating to them is available. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws. Redemption of the outstanding warrants could force you (i) to exercise your warrants and pay the exercise price therefor at a time when it may be disadvantageous for you to do so, (ii) to sell your warrants at the then-current market price when you might otherwise wish to hold your warrants or (iii) to accept the nominal redemption price which, at the time the outstanding warrants are called for redemption, is likely to be substantially less than the market value of your warrants. None of the warrants contained in the private placement units will be redeemable by us so long as they are held by the Sponsor or its permitted transferees.

**Our management's ability to require holders of our warrants to exercise such warrants on a cashless basis will cause holders to receive fewer shares of common stock upon their exercise of the warrants than they would have received had they been able to exercise their warrants for cash.**

If we call our public warrants for redemption after the redemption criteria described elsewhere in this 2019 Form 10-K have been satisfied, our management will have the option to require any holder that wishes to exercise his warrant (including any warrants held by our Sponsor, officers or directors or their permitted transferees) to do so on a "cashless basis." If our management chooses to require holders to exercise their warrants on a cashless basis, the number of shares of common stock received by a holder upon exercise will be fewer than it would have been had such holder exercised his warrant for cash. This will have the effect of reducing the potential "upside" of the holder's investment in our company.

**We have no obligation to net cash settle the rights or warrants.**

In no event will we have any obligation to net cash settle the rights or warrants. Furthermore, there are no contractual penalties for failure to deliver securities to the holders of the rights or warrants upon consummation of an initial business combination or exercise of the warrants. Accordingly, you might not receive the shares of common stock underlying the rights and warrants.

**If our security holders exercise their registration rights, it may have an adverse effect on the market price of our shares of common stock and the existence of these rights may make it more difficult to effect a business combination.**

Our stockholders prior to the Initial Public Offering are entitled to demand that we register the resale of the founder's shares at any time commencing three months prior to the date on which their shares may be released from escrow. Additionally, the holders of the private placement units and any private units our Sponsor, officers, directors, or their affiliates may be issued in payment of working capital loans made to us are entitled to demand that we register the resale of the private placement units and any other private units we issue to them (and the underlying securities) commencing at any time after we consummate an initial business combination. The presence of these additional shares of common stock trading in the public market may have an adverse effect on the market price of our securities. In addition, the existence of these rights may make it more difficult to effectuate a business combination or increase the cost of acquiring the target business, as the stockholders of the target business may be discouraged from entering into a business combination with us or will request a higher price for their securities because of the potential effect the exercise of such rights may have on the trading market for our shares of common stock.

**If we are deemed to be an investment company, we may be required to institute burdensome compliance requirements and our activities may be restricted, which may make it difficult for us to complete a business combination.**

A company that, among other things, is or holds itself out as being engaged primarily, or proposes to engage primarily, in the business of investing, reinvesting, owning, trading or holding certain types of securities would be deemed an investment company under the Investment Company Act, as amended, or the Investment Company Act. Since we will invest the proceeds held in the trust account, it is possible that we could be deemed an investment company. Notwithstanding the foregoing, we do not believe that our anticipated principal activities will subject us to the Investment Company Act. To this end, the proceeds held in trust may be invested by the trustee only in United States "government securities" within the meaning of Section 2(a)(16) of the Investment Company Act having a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations. By restricting the investment of the proceeds to these instruments, we intend to meet the requirements for the exemption provided in Rule 3a-1 promulgated under the Investment Company Act.

If we are nevertheless deemed to be an investment company under the Investment Company Act, we may be subject to certain restrictions that may make it more difficult for us to complete a business combination, including:

- restrictions on the nature of our investments; and
- restrictions on the issuance of securities.

In addition, we may have imposed upon us certain burdensome requirements, including:

- registration as an investment company;
- adoption of a specific form of corporate structure; and
- reporting, record keeping, voting, proxy, compliance policies and procedures and disclosure requirements and other rules and regulations.

Compliance with these additional regulatory burdens would require additional expense for which we have not allotted.

**If we do not conduct an adequate due diligence investigation of a target business, we may subsequently be required to take write-downs or write-offs, restructuring, and impairment or other charges that could have a significant negative effect on our financial condition, results of operations and our stock price, which could cause you to lose some or all of your investment.**

We must conduct a due diligence investigation of the target businesses we intend to acquire. Intensive due diligence is time consuming and expensive due to the operations, accounting, finance and legal professionals who must be involved in the due diligence process. Even if we conduct extensive due diligence on a target business, this diligence may not reveal all material issues that may affect a particular target business, and factors outside the control of the target business and outside of our control may later arise. If our diligence fails to identify issues specific to a target business, industry or the environment in which the target business operates, we may later be forced to write-down or write-off assets, restructure our operations, or incur impairment or other charges that could result in our reporting losses. Even though these charges may be non-cash items and not have an immediate impact on our liquidity, the fact that we report charges of this nature could contribute to negative market perceptions about us or our common stock. In addition, charges of this nature may cause us to violate net worth or other covenants to which we may be subject as a result of assuming pre-existing debt held by a target business or by virtue of our obtaining debt financing during or subsequent to the business combination.

**The requirement that we complete an initial business combination by July 23, 2020 may give potential target businesses leverage over us in negotiating a business combination.**

We have until July 23, 2020 to complete an initial business combination. Any potential target business with which we enter into negotiations concerning a business combination will be aware of this requirement. Consequently, such target business may obtain leverage over us in negotiating a business combination, knowing that if we do not complete a business combination with that particular target business, we may be unable to complete a business combination with any other target business. This risk will increase as we get closer to the time limit referenced above.

**We may not obtain a fairness opinion with respect to the target business that we seek to acquire and therefore you may be relying solely on the judgment of our board of directors in approving a proposed business combination.**

We will only be required to obtain a fairness opinion with respect to the target business that we seek to acquire if it is an entity that is affiliated with any of our officers, directors or Sponsor. In all other instances, we will have no obligation to obtain an opinion. Accordingly, investors will be relying solely on the judgment of our board of directors in approving a proposed business combination.

**Resources could be spent researching acquisitions that are not consummated, which could materially adversely affect subsequent attempts to locate and acquire or merge with another business.**

It is anticipated that the investigation of each specific target business and the negotiation, drafting, and execution of relevant agreements, disclosure documents, and other instruments will require substantial management time and attention and substantial costs for accountants, attorneys and others. If a decision is made not to complete a specific business combination, the costs incurred up to that point for the proposed transaction likely would not be recoverable. Furthermore, even if an agreement is reached relating to a specific target business, we may fail to consummate the business combination for any number of reasons including those beyond our control. Any such event will result in a loss to us of the related costs incurred which could materially adversely affect subsequent attempts to locate and acquire or merge with another business.

**Compliance with the Sarbanes-Oxley Act of 2002 will require substantial financial and management resources and may increase the time and costs of completing an acquisition.**

Section 404 of the Sarbanes-Oxley Act of 2002 requires that we evaluate and report on our system of internal controls beginning with this Annual Report on Form 10-K. If we fail to maintain the adequacy of our internal controls, we could be subject to regulatory scrutiny, civil or criminal penalties and/or stockholder litigation. Any inability to provide reliable financial reports could harm our business. Section 404 of the Sarbanes-Oxley Act also requires that our independent registered public accounting firm report on management's evaluation of our system of internal controls, which requirement we are exempt from so long as we qualify as an "emerging growth company," as defined in Section 2(a) of the Securities Act. A target company may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding adequacy of their internal controls. The development of the internal controls of any such entity to achieve compliance with the Sarbanes-Oxley Act may increase the time and costs necessary to complete any such acquisition. Furthermore, any failure to implement required new or improved controls, or difficulties encountered in the implementation of adequate controls over our financial processes and reporting in the future, could harm our operating results or cause us to fail to meet our reporting obligations. Inferior internal controls could also cause investors to lose confidence in our reported financial information, which could have a negative effect on the trading price of our stock.

**If we effect a business combination with a company located outside of the United States, we would be subject to a variety of additional risks that may negatively impact our operations.**

We may effect a business combination with a company located outside of the United States. If we did, we would be subject to any special considerations or risks associated with companies operating in the target business's home jurisdiction, including any of the following:

- rules and regulations or currency conversion or corporate withholding taxes on individuals;
- tariffs and trade barriers;
- regulations related to customs and import/export matters;
- longer payment cycles;
- tax issues, such as tax law changes and variations in tax laws as compared to the United States;
- currency fluctuations and exchange controls;
- challenges in collecting accounts receivable;
- cultural and language differences;
- employment regulations;
- crime, strikes, riots, civil disturbances, terrorist attacks and wars; and
- deterioration of political relations with the United States.

We cannot assure you that we would be able to adequately address these additional risks. If we were unable to do so, our operations might suffer.

**If we effect a business combination with a company located outside of the United States, the laws applicable to such company will likely govern all of our material agreements and we may not be able to enforce our legal rights.**

If we effect a business combination with a company located outside of the United States, the laws of the country in which such company operates will govern almost all of the material agreements relating to its operations. We cannot assure you that the target business will be able to enforce any of its material agreements or that remedies will be available in this new jurisdiction. The system of laws and the enforcement of existing laws in such jurisdiction may not be as certain in implementation and interpretation as in the United States. The inability to enforce or obtain a remedy under any of our future agreements could result in a significant loss of business, business opportunities or capital. Additionally, if we acquire a company located outside of the United States, it is likely that substantially all of our assets would be located outside of the United States and some of our officers and directors might reside outside of the United States. As a result, it may not be possible for investors in the United States to enforce their legal rights, to effect service of process upon our directors or officers or to enforce judgments of United States courts predicated upon civil liabilities and criminal penalties of our directors and officers under federal securities laws.

**Provisions in our amended and restated certificate of incorporation and bylaws and Delaware law may inhibit a takeover of us, which could limit the price investors might be willing to pay in the future for our common stock and could entrench management.**

Our amended and restated certificate of incorporation and bylaws contain provisions that may discourage unsolicited takeover proposals that stockholders may consider to be in their best interests. Our board of directors is divided into two classes, each of which will generally serve for a term of two years with only one class of directors being elected in each year. As a result, at a given annual meeting only a minority of the board of directors may be considered for election. Since our "staggered board" may prevent our stockholders from replacing a majority of our board of directors at any given annual meeting, it may entrench management and discourage unsolicited stockholder proposals that may be in the best interests of stockholders. Also, our amended and restated certificate of incorporation provides our board of directors the ability to designate the terms of and issue new series of preferred stock, which may inhibit a takeover of us.

We are also subject to anti-takeover provisions under Delaware law, which could delay or prevent a change of control. Together these provisions may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

**Because we must furnish our stockholders with target business financial statements prepared in accordance with U.S. generally accepted accounting principles or international financial reporting standards, we will not be able to complete a business combination with prospective target businesses unless their financial statements are prepared in accordance with such standards.**

The federal proxy rules require that a proxy statement with respect to a vote on a business combination meeting certain financial significance tests include historical and/or pro forma financial statement disclosure in periodic reports. These financial statements may be required to be prepared in accordance with, or be reconciled to, accounting principles generally accepted in the United States of America, or GAAP, or international financial reporting standards, or IFRS, depending on the circumstances, and the historical financial statements may be required to be audited in accordance with the standards of the Public Company Accounting Oversight Board (United States), or PCAOB. We will include the same financial statement disclosure in connection with any tender offer documents we use, whether or not they are required under the tender offer rules. Additionally, to the extent we furnish our stockholders with financial statements prepared in accordance with IFRS, such financial statements may need to be audited in accordance with U.S. GAAP at the time of the consummation of the business combination. These financial statement requirements may limit the pool of potential target businesses we may acquire.

**Changes in laws or regulations, or a failure to comply with any laws and regulations, may adversely affect our business, investments and results of operations.**

We are subject to laws and regulations enacted by national, regional and local governments. In particular, we will be required to comply with certain SEC and other legal requirements. Compliance with, and monitoring of, applicable laws and regulations may be difficult, time consuming and costly. Those laws and regulations and their interpretation and application may also change from time to time and those changes could have a material adverse effect on our business, investments and results of operations. In addition, a failure to comply with applicable laws or regulations, as interpreted and applied, could have a material adverse effect on our business and results of operations.

**There may be tax consequences to our business combinations that may adversely affect us.**

While we expect to undertake any merger or acquisition so as to minimize taxes both to the acquired business and/or asset and us, such business combination might not meet the statutory requirements of a tax-free reorganization, or the parties might not obtain the intended tax-free treatment upon a transfer of shares or assets. A non-qualifying reorganization could result in the imposition of substantial taxes.

**Our amended and restated certificate of incorporation provides, subject to limited exceptions, that the Court of Chancery of the State of Delaware will be the sole and exclusive forum for certain stockholder litigation matters, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers, employees or stockholders.**

Our amended and restated certificate of incorporation requires, to the fullest extent permitted by law, that derivative actions brought in our name, actions against directors, officers and employees for breach of fiduciary duty and other similar actions may be brought only in the Court of Chancery in the State of Delaware and, if brought outside of Delaware, the stockholder bringing the suit will be deemed to have consented to service of process on such stockholder's counsel. Any person or entity purchasing or otherwise acquiring any interest in shares of our capital stock shall be deemed to have notice of and consented to the forum provisions in our amended and restated certificate of incorporation.

This choice of forum provision may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or any of our directors, officers, other employees or stockholders, which may discourage lawsuits with respect to such claims. Alternatively, if a court were to find the choice of forum provision contained in our amended and restated certificate of incorporation to be inapplicable or unenforceable in an action, we may incur additional costs associated with resolving such action in other jurisdictions, which could harm our business, operating results and financial condition.

**Our search for a business combination, and any target business with which we ultimately consummate a business combination, may be materially adversely affected by the recent coronavirus (COVID-19) outbreak.**

In December 2019, a novel strain of coronavirus was reported to have surfaced in Wuhan, China, which has and is continuing to spread throughout China and other parts of the world, including the United States. On January 30, 2020, the World Health Organization declared the outbreak of the coronavirus disease (COVID-19) a "Public Health Emergency of International Concern." On January 31, 2020, U.S. Health and Human Services Secretary Alex M. Azar II declared a public health emergency for the United States to aid the U.S. healthcare community in responding to COVID-19. A significant outbreak of COVID-19 and other infectious diseases could result in a widespread health crisis that could adversely affect the economies and financial markets worldwide, and the business of any potential target business with which we consummate a business combination could be materially and adversely affected. Furthermore, we may be unable to complete a business combination if continued concerns relating to COVID-19 restrict travel, limit the ability to have meetings with potential investors or the target company's personnel, vendors and services providers are unavailable to negotiate and consummate a transaction in a timely manner. The extent to which COVID-19 impacts our search for a business combination will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of COVID-19 and the actions to contain COVID-19 or treat its impact, among others. If the disruptions posed by COVID-19 or other matters of global concern continue for an extensive period of time, our ability to consummate a business combination, or the operations of a target business with which we ultimately consummate a business combination, may be materially adversely affected.

**Item 1B. Unresolved Staff Comments.**

None.

**Item 2. Properties.**

We currently maintain our principal executive offices at 2645 N. Federal Hwy, Suite 230, Delray Beach, Florida 33483. The cost for this space is included in the up to \$10,000 per-month aggregate fee our Sponsor charged us for general and administrative services, which commenced on the date of the Initial Public Offering pursuant to a letter agreement between us and our Sponsor. We believe, based on rents and fees for similar services in the Palm Beach, Florida area, that the fee charged by our Sponsor was at least as favorable as we could have obtained from an unaffiliated person. Effective August 20, 2018, Sponsor agreed to stop charging us the monthly administrative fee. We consider our current office space, combined with the other office space otherwise available to our executive officers, adequate for our current operations.

**Item 3. Legal Proceedings.**

There is no material litigation, arbitration or governmental proceeding currently pending against us or any members of our management team.

**Item 4. Mine Safety Disclosures.**

Not Applicable.

**Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.**

**Market Information**

Our units, common stock, warrants and rights are each traded on the NASDAQ Capital Market under the symbols "BRPAU," "BRPA," "BRPAW" and "BRPAR," respectively. Our units commenced public trading on November 20, 2017, and our common stock, rights and warrants commenced public trading on December 1, 2017.

**Holders**

As of March 26, 2020, we had six holders of record of our common stock, two holders of record of our units, one holder of record of our warrants and one holder of record of our rights.

**Dividends**

We have not paid any cash dividends on our common stock to date and do not intend to pay cash dividends prior to the completion of an initial business combination. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of a business combination. The payment of any dividends subsequent to a business combination will be within the discretion of our board of directors at such time. It is the present intention of our board of directors to retain all earnings, if any, for use in our business operations and, accordingly, our board of directors does not anticipate declaring any dividends in the foreseeable future. On November 20, 2017, we increased the size of the offering pursuant to Rule 462(b) under the Securities Act, and effectuated a 1.2-for-1 stock dividend of our common stock resulting in an aggregate of 1,725,000 founder's shares outstanding to maintain the ownership of our stockholder prior to our Initial Public Offering at 20% of our issued and outstanding shares of our common stock upon the consummation of our Initial Public Offering (excluding the shares of common stock underlying the private placement units and any units purchased in our Initial Public Offering). Further, if we incur any indebtedness, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith.

**Securities Authorized for Issuance Under Equity Compensation Plans**

None.

**Recent Sales of Unregistered Securities**

None.

**Purchases of Equity Securities by the Issuer and Affiliated Purchasers**

None.

**Item 6. Selected Financial Data**

This item is not applicable as we are a smaller reporting company.

**Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.**

You should read the following discussion in conjunction with our financial statements and related notes included in this 2019 Form 10-K. This 2019 Form 10-K contains certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 ("PSLRA"), Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended, (the "Exchange Act"), about our expectations, beliefs, or intentions regarding our business, financial condition, results of operations, strategies, or prospects. You can identify forward-looking statements by the fact that these statements do not relate strictly to historical or current matters. Rather, forward-looking statements relate to anticipated or expected events, activities, trends, or results as of the date they are made. Because forward-looking statements relate to matters that have not yet occurred, these statements are inherently subject to risks and uncertainties that could cause our actual results to differ materially from any future results expressed or implied by the forward-looking statements. Many factors could cause our actual activities or results to differ materially from the activities and results anticipated in forward-looking statements. These factors include those contained in Part I, "Item 1A. Risk Factors" of this 2019 Form 10-K. We do not undertake any obligation to update forward-looking statements, except as required by law. We intend that all forward-looking statements be subject to the safe harbor provisions of PSLRA. These forward-looking statements are only predictions and reflect our views as of the date they are made with respect to future events and financial performance.

## Overview

We are a blank check company incorporated in Delaware on September 18, 2017 and formed for the purpose of entering into a merger, share exchange, asset acquisition, stock purchase, recapitalization, reorganization or other similar business combination with one or more target businesses or entities (a "Business Combination"). Our efforts in identifying a prospective target business for our initial Business Combination are not limited to a particular industry or geographic region. We intend to effectuate our Business Combination using cash from the proceeds of our Initial Public Offering and the sale of Private Placement Units that occurred simultaneously with the completion of our Initial Public Offering, our securities, debt or a combination of cash, securities and debt.

## Recent Developments

On March 23, 2020, our stockholders approved an amendment to our Amended and Restated Certificate of Incorporation to extend the period of time for which we are required to consummate a Business Combination from March 23, 2020 to July 23, 2020. The number of shares of common stock presented for redemption in connection with this extension was 2,433,721. We paid cash in the aggregate amount of \$25,997,965, or approximately \$10.68 per share, to the redeeming stockholders. We agreed to deposit, or cause to be deposited on our behalf, into the Trust Account \$0.02 for each public share outstanding for each 30-day extension period utilized through July 23, 2020. In connection with this extension, we deposited an aggregate of \$11,611 into the Trust Account to fund the first thirty-day extension through April 23, 2020, which amounts were loaned to us by A/Z Property and Investor.

On August 9, 2019, we received a notice from the Staff stating that we were no longer in compliance with Nasdaq Listing Rule 5550(a)(3) for continued listing due to its failure to maintain a minimum of 300 public holders (the "Rule"). We had until September 23, 2019 to provide Nasdaq with a specific plan to achieve and sustain compliance with the listing requirement. The notice is a notification of deficiency, not of imminent delisting, and has no current effect on the listing or trading of our securities on Nasdaq.

On September 23, 2019 and October 28, 2019, we submitted a plan to regain compliance with Nasdaq and requested an extension through February 5, 2020. On October 28, 2019, Nasdaq requested additional information regarding our compliance plan, to which we responded on November 8, 2019. On February 11, 2020, we received a notice from the Staff stating that, based upon our non-compliance with the Rule, the Staff had determined to delist our common stock from Nasdaq unless we timely request a hearing before the Nasdaq Hearings Panel (the "Panel"). We were also notified that as a result of Nasdaq's determination to delist our common stock, our warrants and rights no longer comply with Nasdaq Listing Rule 5560(a), which requires the underlying securities of such exercisable securities to remain listed on Nasdaq, and our Units no longer comply with Nasdaq Listing Rule 5225(b)(1)(A), which requires all component parts of units to meet the requirements for initial and continued listing, and our units, warrants and rights are now subject to delisting. We requested a hearing, which request automatically stayed any further action by the Staff pending the ultimate conclusion of the hearing process.

On March 25, 2020, we received formal notice from Nasdaq indicating that the Panel has granted the Company's request for continued listing on Nasdaq. The decision follows the Company's hearing before the Panel, which took place on March 19, 2020. The Company's continued listing is subject to the Company's satisfaction of a number of conditions, including, ultimately, completion of a business combination with an operating company by no later than August 10, 2020, and the combined entity's compliance with all applicable criteria for initial listing on Nasdaq at the time of the merger.

## Results of Operations

Our entire activity since September 18, 2017 (inception) up to November 20, 2017 was in preparation for our Initial Public Offering. Since our Initial Public Offering, our activity has been limited to the search for a prospective initial Business Combination, and we will not be generating any operating revenues until the closing and completion of our initial Business Combination. We are incurring expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses.

For the year ended December 31, 2019, we had a net income of \$408,427, which consists of interest income on securities held in the Trust Account of \$1,205,820, offset by operating costs of \$713,187 and provision for income taxes of \$84,206.

For the year ended December 31, 2018, we had a net income of \$66,101, which consists of interest income on marketable securities held in the Trust Account of \$1,088,915, offset by operating costs of \$1,006,503 and provision for income taxes of \$16,311.

## Liquidity and Capital Resources

As of December 31, 2019, we had cash and marketable securities held in the Trust Account of \$32,005,205 (including approximately \$838,000 of interest income) consisting of money market funds. Interest income earned on the balance in the Trust Account may be used by us to pay taxes. To date, we have withdrawn approximately \$555,000 of interest from the Trust Account in order to pay our income and franchise taxes, of which approximately \$513,000 was withdrawn during the year ended December 31, 2019.

For the year ended December 31, 2019, cash used in operating activities amounted to \$792,731. Net income of \$408,427 was the result of interest earned on securities held in the Trust Account of \$1,205,820, offset by changes in operating assets and liabilities, which provided \$4,662 of cash for operating activities.

For the year ended December 31, 2018, cash used in operating activities amounted to \$473,187. Net income of \$66,101 was offset by interest earned on marketable securities held in the Trust Account of \$1,088,915. Changes in operating assets and liabilities provided \$549,627 of cash for operating activities.

We intend to use substantially all of the net proceeds of the Initial Public Offering, including the funds held in the Trust Account, to acquire a target business or businesses and to pay our expenses relating thereto. To the extent that our capital stock is used, in whole or in part, as consideration to effect our Business Combination, the remaining proceeds held in the Trust Account, as well as any other net proceeds not expended, will be used as working capital to finance the operations of the target business. Such working capital funds could be used in a variety of ways including, but not limited to, continuing or expanding the target business' operations, for strategic acquisitions and for marketing, research and development of existing or new products. Such funds could also be used to repay any expenses or finders' fees which we had incurred prior to the completion of our Business Combination if the funds available to us outside of the Trust Account were insufficient to cover such expenses.

As of December 31, 2019, A/Z Property has loaned us an aggregate of \$446,283 in order to pay our Non-Business Combination Related Expenses and extension payments. Upon consummation of a Business Combination, up to \$200,000 of the Non-Business Combination Related Expenses may be repaid by us to the Sponsor provided that we have funds available to us sufficient to repay such expenses (the "Cap") as well as to pay for all stockholder redemptions, all Business Combination Expenses, repayment of the Notes, and any funds necessary for our working capital requirements following closing of the Business Combination. Any remaining amounts in excess of the Cap will be forgiven. If we do not consummate a Business Combination, all outstanding loans made by the Sponsor to cover the Non-Business Combination Related Expenses will be forgiven.

We do not believe we will need to raise additional funds in order to meet expenditures required for operating our business. However, if our estimate of the costs of identifying a target business, undertaking in-depth due diligence and negotiating a Business Combination are less than the actual amounts necessary to do so, we may have insufficient funds available to operate our business prior to our Business Combination. In order to fund working capital deficiencies or finance transaction costs in connection with a Business Combination, our Sponsor, officers and directors or their respective affiliates may, but are not obligated to, except as described above, loan us funds as may be required. If we complete a Business Combination, we may repay such loaned amounts out of the proceeds of the Trust Account released to us. In the event that a Business Combination does not close, we may use a portion of the working capital held outside the Trust Account to repay such loaned amounts but no proceeds from our Trust Account would be used for such repayment. Up to \$1,500,000 of such loans may be convertible into units, at a price of \$10.00 per unit at the option of the lender. The units would be identical to the Private Placement Units.

Moreover, we may need to obtain additional financing either to complete our Business Combination or because we become obligated to redeem a significant number of our public shares upon completion of our Business Combination, in which case we may issue additional securities or incur debt in connection with such Business Combination. Subject to compliance with applicable securities laws, we would only complete such financing simultaneously with the completion of our Business Combination. If we are unable to complete our Business Combination because we do not have sufficient funds available to us, we will be forced to cease operations and liquidate the Trust Account. In addition, following our Business Combination, if cash on hand is insufficient, we may need to obtain additional financing in order to meet our obligations.

#### **Off-balance sheet financing arrangements**

We did not have any off-balance sheet arrangements as of December 31, 2019.

#### **Contractual obligations**

We do not have any long-term debt, capital lease obligations, operating lease obligations or long-term liabilities other than an agreement to pay our Sponsor a monthly fee of \$10,000 for office space, utilities and administrative support provided to us. We began incurring these fees on November 20, 2017. Effective August 20, 2018, Sponsor agreed to stop charging us the monthly administrative fee.

We have engaged EarlyBirdCapital as an advisor in connection with a Business Combination to assist us in holding meetings with its stockholders to discuss a potential Business Combination and the target business' attributes, introduce us to potential investors that are interested in purchasing securities, assist us in obtaining stockholder approval for the Business Combination and assist us with our press releases and public filings in connection with a Business Combination. We will pay EarlyBirdCapital a cash fee for such services upon the consummation of a Business Combination in an amount equal to 4.0% of the gross proceeds of the Initial Public Offering (exclusive of any applicable finders' fees which might become payable). If a Business Combination is not consummated for any reason, no fee will be due or payable.

#### **Critical Accounting Policies**

The preparation of financial statements and related disclosures in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and income and expenses during the periods reported. Actual results could materially differ from those estimates. We have identified the following critical accounting policies:

##### ***Common Stock subject to possible redemption***

We account for our common stock subject to possible conversion in accordance with the guidance in Accounting Standards Codification ("ASC") Topic 480 "Distinguishing Liabilities from Equity." Common stock subject to mandatory redemption (if any) is classified as a liability instrument and is measured at fair value. Conditionally redeemable common stock (including common stock that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within our control) is classified as temporary equity. At all other times, common stock is classified as stockholders' equity. Our common stock features certain redemption rights that are considered to be outside of our control and subject to occurrence of uncertain future events. Accordingly, common stock subject to possible redemption is presented as temporary equity, outside of the stockholders' equity section of our balance sheet.

##### ***Net loss per common share***

We apply the two-class method in calculating earnings per share. Common stock subject to possible redemption which is not currently redeemable and is not redeemable at fair value, has been excluded from the calculation of basic net loss per common share since such shares, if redeemed, only participate in their pro rata share of the Trust Account earnings. Our net income is adjusted for the portion of income that is attributable to common stock subject to possible redemption, as these shares only participate in the earnings of the Trust Account and not our income or losses.

##### ***Recent accounting pronouncements***

Management does not believe that any other recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on our financial statements.

#### **Item 7A. Quantitative and Qualitative Disclosures About Market Risk.**

This item is not applicable as we are a smaller reporting company.

#### **Item 8. Financial Statements and Supplementary Data.**

Our Financial Statements and the Notes thereto, together with the report thereon of our independent registered public accounting firm are filed as part of this report, beginning on page F-1.

#### **Item 9. Changes in and Disagreements With Accountants on Accounting and Financial Disclosure.**

None.

## **Item 9A. Controls and Procedures.**

### **Evaluation of Disclosure Controls and Procedures**

Disclosure controls and procedures are designed to ensure that information required to be disclosed by us in our Exchange Act reports is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of the effectiveness of our disclosure controls and procedures as of the end of the year ended December 31, 2019, as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act. Based on this evaluation, our principal executive officer and principal financial officer have concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

### **Management's Annual Report on Internal Controls Over Financial Reporting**

As required by the SEC rules and regulations for the implementation of Section 404 of the Sarbanes-Oxley Act, our management is responsible for establishing and maintaining adequate internal control over financial reporting. Our internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of our financial statements for external reporting purposes in accordance with GAAP. Our internal control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of our company,
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, and that our receipts and expenditures are being made only in accordance with authorizations of our management and directors, and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect errors or misstatements in our financial statements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree or compliance with the policies or procedures may deteriorate. Management assessed the effectiveness of our internal control over financial reporting at December 31, 2019. In making these assessments, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control — Integrated Framework (2013). Based on our assessments and those criteria, management determined that we maintained effective internal control over financial reporting as of December 31, 2019.

### **Changes in Internal Control over Financial Reporting**

During the most recently completed fiscal quarter, there has been no change in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

## **Item 9B. Other Information.**

None.

## Item 10. Directors, Executive Officers and Corporate Governance

As of the date of this Report, our directors and officers are as set forth in the table below. There are no family relationships between any of our directors or senior management. There are no arrangements or understandings with major shareholders, customers, suppliers or others, pursuant to which any person referred to above was selected as a director or member of senior management. The Company is not aware of any agreements or arrangements between any director and any person or entity other than the Company relating to the compensation or other payments in connection with such director's candidacy or service as a director of the Company.

Name	Age	Position
Richard Ackerman	61	Chairman, President and Chief Executive Officer
Bennett Kim	47	Chief Financial Officer, Chief Investment Officer and Director
Richard Birdoff	61	Director
Michael Fong	75	Director
Stuart F. Koenig	67	Director
Albert G. Rex	65	Director
Troy T. Taylor	62	Director

**Richard Ackerman**, our Chairman, President and Chief Executive Officer since September 18, 2017, formed BRP in 2004. BRP is an opportunistic real estate investment firm that has invested in and managed over \$800 million in assets since its formation. In 2012, BRP began to focus on senior housing development as there was a distinct supply – demand imbalance and fragmentation in senior housing developers, and formed Big Rock Senior Housing, a national leader in developing and managing new Class A senior housing communities of \$50 million and more. Class A housing communities consist of prestigious buildings with high quality standard finishes, state of the art systems, exceptional accessibility and a defined market presence competing for premier senior housing users with rents above average for the area. Mr. Ackerman serves as the Senior Managing Principal of BRP and Big Rock Senior Housing. Prior to BRP, from 2001 to 2004, Mr. Ackerman served as the Head of the Los Angeles office of Apollo, overseeing all investments on the U.S. West Coast and Japan for the global private equity firm. In August 1999, Mr. Ackerman was appointed by Apollo as the Chief Executive Officer of Atlantic Gulf Communities Corporation (an Apollo portfolio company) in order to restructure the company and served in that capacity until April 2001. This publicly traded development and asset management company's primary operations included the development and sale of home sites and land tracts and the construction and sale of oceanfront condominiums. From September 1996 to August 1999, Mr. Ackerman was President and co-founder of Crocker Realty Trust, a private REIT (an Apollo portfolio company) specializing in the ownership and development of office space in the southeastern United States. Prior to 1996, he was president and co-founder of Crocker Realty Investors, a publicly traded REIT and a portfolio company of the first Apollo Real Estate Investment Fund. The company specialized in the ownership and development of office space until its sale to Highwoods Properties, Inc. In addition to the foregoing business experience, Mr. Ackerman served as Chief Executive Officer and a director of ALDA Office Properties, Inc. ("ALDA") during 2011. ALDA was formed in 2011 to acquire, own and operate office properties in select markets primarily in Northern and Southern California. In 2011, ALDA filed a registration statement for its initial public offering, which offering was subsequently abandoned due to market conditions. Mr. Ackerman is also a former Director of Summerville Senior Living, Inc., which is one of the largest assisted living companies in the nation. Mr. Ackerman graduated with a B.A. from Tulane University and a J.D. from the Tulane School of Law.

We believe Mr. Ackerman is well-qualified to serve as a member of our board due to his broad and deep expertise in senior housing, development and operations of both senior housing and real estate.

**Bennett Kim**, our Chief Financial Officer and a director since February 7, 2020 and Chief Investment Officer and Corporate Secretary since September 18, 2017, has served as the Managing Principal of Big Rock Senior Housing since January 2016. Mr. Kim was the Chief Investment Officer at BRP from May 2006 to July 2014 and was responsible for acquisitions, development, asset management, and dispositions. From July 2014 to December 2015, Mr. Kim served as the Head of Acquisitions for Carefree Communities, the fifth largest national owner and operator of manufactured housing communities and RV parks with 103 communities and 28,000 sites. From January 2001 to May 2006, Mr. Kim served as a Vice President at Apollo and was responsible for new investments and investment management including the development of a \$400 million mixed-use project that consists of two hotels, two condominium towers, retail, office and structured parking. Mr. Kim also formulated work-out strategies for one of the largest assisted living companies in the nation while at Apollo. Between 1999 to 2000, Mr. Kim was an Assistant Vice President at Oaktree Capital Management, where he evaluated and executed investments in the U.S. and Japan for funds then totaling \$1.7 billion of equity. Previously, Mr. Kim worked as an Associate at Merrill Lynch Real Estate Investment Banking, where he evaluated financing alternatives for public and private real estate companies. Mr. Kim also worked as a Senior Analyst at Walt Disney Imagineering and as an Analyst at Disney Development Company. Mr. Kim graduated with an M.B.A. from Harvard Business School and a B.A. in Economics from UCLA.

**Richard J. Birdoff**, who has served as one of our directors since November 20, 2017, has served as President of RD Management and Realty Investors Development Corp. ("RD Management"), a privately held retail real estate developer and manager, since January 2015. Mr. Birdoff is responsible for all aspects of the day-to-day operations of the company including development, construction, acquisitions, sales and dispositions. Mr. Birdoff joined RD Management in 1991 as a principal and Executive Vice President and since 1994, he has developed in excess of 10,000,000 sq. ft. of shopping centers. Mr. Birdoff previously served on the Board of Directors of Crocker Realty Investors, a Florida based publicly held real estate investment trust. Mr. Birdoff has been engaged in the real estate business for more than 30 years. He received an undergraduate degree from Emory College in 1980 and his Juris Doctorate degree in 1983 from Emory University Law School. Following his graduation, Mr. Birdoff worked for IRT Properties in Atlanta, Georgia. Thereafter, in 1984, he joined Bertram Associates of Union, New Jersey where Mr. Birdoff served as associate counsel. Bertram Associates, at the time was one of New Jersey's largest residential developers. Mr. Birdoff then transitioned to be a principal in the real estate development industry with Bertram Associates focusing on site acquisition, construction and sales of residential homes.

We believe Mr. Birdoff is well-qualified to serve as a member of our board due to his extensive real estate experience.

**Michael Fong**, who has served as one of our directors since November 20, 2017, serves as the Chairman and Chief Executive Officer of JF International Ltd. ("JF International"), a private equity firm he founded since 2003. JF International invests and manages a diversified portfolio of worldwide investments in real estate and operating companies. In 2015, JF International joined with BRP to invest in the luxury senior housing sector. From 1994 to 2003, Mr. Fong was the Managing Director of The ALJ Group which is based in Jeddah, Kingdom of Saudi Arabia and is one of the largest privately held business enterprises in the Middle East. Mr. Fong also previously served from 1990 to 1994 as the President of Jaymont Properties, Inc., a real estate development and management company with a substantial portfolio of premier office and mixed used properties located in the central business district of major cities such as New York, Boston, San Francisco, Orlando, Chicago, and Miami. From 1979 to 1990, Mr. Fong was President of Intercap Investments, Inc, a commercial developer of real estate central business district projects in Miami and Coral Gables. From 1998 to 1999, Mr. Fong was the President of the Coral Gables, FL Chamber of Commerce and served on its Board of Directors for several years. Prior to 1979, Mr. Fong was President of Interfin Investments, Inc., an investment banking firm based in Lincoln, Nebraska and New York. From 1975 to 1979, Mr. Fong was a Vice President and also served as Assistant to the President of DuPont Walston, Inc., a major retail brokerage and investment banking firm with over 200 branches across the United States. Mr. Fong began his business career in 1971 with EDS, a firm founded by H. Ross Perot, and was sent to New York when Mr. Perot made an investment in DuPont Glore Forgan when EDS was awarded a major data processing contract for redesigning a new system for the brokerage business.

We believe Mr. Fong is well-qualified to serve as a member of our board due to his expertise in real estate and finance.

**Stuart Koenig**, who has served as one of our directors since November 20, 2017, has over forty years of diversified experience in the real estate, investment banking and financial services industries. His experience includes every aspect of commercial and residential real estate including acquisition, financing, leasing, property management and disposition. Mr. Koenig most recently served as a Senior Partner in the real estate division of Ares Management, LP ("Ares"), a global alternative asset manager with over \$100 billion of assets under management, from 2013 to 2016. Mr. Koenig served as Chair of the Investment Committees of the real estate funds of Ares, which collectively had \$8 billion under management. From 1995 to 2013, Mr. Koenig served as the Global Chief Financial Officer, Chief Administrative Officer and Senior Partner of AREA Property Partners ("AREA"), a global real estate investment and asset management firm that raised and invested approximately \$14 billion of client equity in more than 600 transactions across all sectors of real estate. Mr. Koenig oversaw the financing and administrative activities for AREA and was also responsible for its reporting, human resources, compliance, legal and structuring activities. Mr. Koenig helped negotiate and execute the sale of AREA to Ares Management in 2013. Prior to AREA, Mr. Koenig worked in various positions in investment bank including Goldman Sachs & Co. (1986-1994) and EF Hutton Inc. (1981-1986). From 1997-2014, Mr. Koenig served as the lead independent director and member of the compensation committee of Emeritus Corporation (NYSE: ESC) one of the largest publicly traded owners and operators of assisted living facilities in the country and helped oversee the sale of the company to Brookdale Senior Living (NYSE: BKD) in 2014. Mr. Koenig currently serves as Trustee for the Binghamton University Endowment Fund and is Chair of its Investment Committee and also provides consulting services for the U.S. investment activity of Profimex, an Israel based real estate investment firm. Mr. Koenig has a B.A. from Binghamton University and an MBA from Baruch College of the City University of N.Y.

We believe Mr. Koenig is well-qualified to serve as a member of our board due to his extensive and deep expertise in real estate, finance, acquisition and investment management.

**Albert G. Rex**, who has served as one of our directors since November 20, 2017, has served as the Managing Director of Walker & Dunlop, a commercial real estate finance company, since May 2012. In this role, Mr. Rex has been involved in over 1500 loans totaling more than \$15 billion in transactions. Mr. Rex has over 40 years of experience in the financing and equity aspects of commercial real estate development throughout the U.S. with a focus on the Southeast region. Mr. Rex spent the majority of his career as a Managing Partner with Carey Kramer, a company he helped found in 1983 and ultimately owned solely from 2001 until it merged with Collateral Real Estate Capital in 2005. Collateral later merged with Laureate Capital, LLC in 2007, to form Grandbridge Real Estate Capital, LLC, a wholly-owned subsidiary of BB&T. Mr. Rex is a graduate of University of Florida with a degree in Finance and Real Estate and serves on their Real Estate Advisory Board. He is an active member of the Mortgage Bankers Association (MBA), Urban Land Institute (ULI), International Council of Shopping Centers (ICSC), and National Association of Industrial and Office Properties (NAIOP), where he has served as President of the South Florida Chapter.

We believe Mr. Rex is well-qualified to serve as a member of our board due to his experience in finance and capital markets.

**Troy T. Taylor**, who has served as one of our directors since November 20, 2017, has served as President of Algon Group, an advisory firm he founded, since 2002. Algon Group is a specialized financial firm providing sophisticated financial advisory services to stakeholders with complex, challenging, and financially distressed situations. Mr. Taylor has 25 years of experience including investment banking, restructuring (both in Chapter 11 and out-of-court) and senior management. Mr. Taylor has served as the Chief Restructuring Officer, Chief Executive Officer or Lead Financial Advisor in a broad range of industries including manufacturing, distribution, hospitality, real estate and retail. He has also served as a member of the Board of Directors of several public and private companies, including Keystone Consolidated Industries, Inc., Barjan, Inc., and 1-800-AutoTow, Inc. He currently serves as Vice Chairman of Hyperion Bank located in Philadelphia. Before 2002, Mr. Taylor served in various capacities with GMA Partners, Inc., KPMG Peat Marwick, LLP, Morgan Keegan & Company, Inc., Oppenheimer & Co., Inc. and Thomson McKinnon Securities, Inc. Mr. Taylor received his B.S. in Economics and his MBA from The Wharton School, University of Pennsylvania.

We believe Mr. Taylor is well-qualified to serve as a member of our board due to his experience in accounting, finance, capital markets and investment management.

## **Employees**

As of the date hereof, the Company has no employees except its two executive officers who receive no compensation from the Company. These individuals are not obligated to devote any specific number of hours to our matters but they intend to devote as much of their time as they deem necessary to our affairs until we have completed our initial business combination. The amount of time they will devote in any time period will vary based on whether a target business has been selected for our initial business combination and the stage of the business combination process we are in. We do not intend to have any full time employees prior to the consummation of our initial business combination.

## **Committees of the Board of Directors**

Our board of directors has three standing committees: an audit committee, a nominating committee and a compensation committee. The rules of NASDAQ and Rule 10A-3 of the Exchange Act as required by the rules of the NASDAQ, require that the audit committee and the compensation committee of a listed company be comprised solely of independent directors.

### **Audit Committee**

Our audit committee of the board of directors consists of Messrs. Fong, Rex and Taylor (Chair), each of whom is an independent director under Nasdaq 's listing standards. The audit committee's duties, which are specified in our Audit Committee Charter, include:

- reviewing and discussing with management and the independent auditor the annual audited financial statements, and recommending to the board whether the audited financial statements should be included in our Form 10-K;
- discussing with management and the independent auditor significant financial reporting issues and judgments made in connection with the preparation of our financial statements;
- discussing with management major risk assessment and risk management policies;
- monitoring the independence of the independent auditor;
- verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law;
- reviewing and approving all related-party transactions;
- inquiring and discussing with management our compliance with applicable laws and regulations;
- pre-approving all audit services and permitted non-audit services to be performed by our independent auditor, including the fees and terms of the services to be performed;
- appointing or replacing the independent auditor;

- determining the compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work;
- establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding our financial statements or accounting policies; and
- approving reimbursement of expenses incurred by our management team in identifying potential target businesses.

The audit committee has been at all times be composed exclusively of “independent directors” who are “financially literate” as defined under Nasdaq’s listing standards. Nasdaq’s standards define “financially literate” as being able to read and understand fundamental financial statements, including a company’s balance sheet, income statement and cash flow statement.

In addition, we must certify to Nasdaq that the committee has, and will continue to have, at least one member who has past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background that results in the individual’s financial sophistication. The board of directors has determined that Mr. Taylor qualifies as an “audit committee financial expert,” as defined under rules and regulations of the SEC.

### **Nominating Committee**

Our nominating committee of our board of directors consists of Messrs. Fong, Koenig, Rex (Chair), each of whom is an independent director under Nasdaq’s listing standards. The nominating committee is responsible for overseeing the selection of persons to be nominated to serve on our board of directors. The nominating committee considers persons identified by its members, management, stockholders, investment bankers and others.

### **Guidelines for Selecting Director Nominees**

The guidelines for selecting nominees, which are specified in the Nominating Committee Charter, generally provide that persons to be nominated:

- should have demonstrated notable or significant achievements in business, education or public service;
- should possess the requisite intelligence, education and experience to make a significant contribution to the board of directors and bring a range of skills, diverse perspectives and backgrounds to its deliberations; and
- should have the highest ethical standards, a strong sense of professionalism and intense dedication to serving the interests of the stockholders.

The Nominating Committee considers a number of qualifications relating to management and leadership experience, background and integrity and professionalism in evaluating a person’s candidacy for membership on the board of directors. The nominating committee may require certain skills or attributes, such as financial or accounting experience, to meet specific board needs that arise from time to time and will also consider the overall experience and makeup of its members to obtain a broad and diverse mix of board members. The nominating committee does not distinguish among nominees recommended by stockholders and other persons.

### **Compensation Committee**

Our compensation committee of the board of directors consists of Messrs. Birdoff, Koenig (Chair) and Taylor, each of whom is an independent director under Nasdaq’s listing standards. The compensation committee’s duties, which are specified in our Compensation Committee Charter, include, but are not limited to:

- reviewing and approving on an annual basis the corporate goals and objectives relevant to our Chief Executive Officer’s compensation, evaluating our Chief Executive Officer’s performance in light of such goals and objectives and determining and approving the remuneration (if any) of our Chief Executive Officer based on such evaluation;
- reviewing and approving the compensation of all of our other executive officers;
- reviewing our executive compensation policies and plans;
- implementing and administering our incentive compensation equity-based remuneration plans;
- assisting management in complying with our proxy statement and annual report disclosure requirements;

- approving all special perquisites, special cash payments and other special compensation and benefit arrangements for our executive officers and employees;
- if required, producing a report on executive compensation to be included in our annual proxy statement; and
- reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors.

#### **Code of Ethics**

We have adopted a code of ethics that applies to all of our executive officers, directors and employees. The code of ethics codifies the business and ethical principles that govern all aspects of our business.

#### **Limitation on Liability and Indemnification of Officers and Directors**

Our amended and restated certificate of incorporation provides that, subject to certain limitations, we shall indemnify our directors and officers against all expenses, including legal fees, and against all judgments, fines and amounts paid in settlement and reasonably incurred in connection with legal, administrative or investigative proceedings. Such indemnity only applies if the person acted honestly and in good faith with a view to our best interests and, in the case of criminal proceedings, the person had no reasonable cause to believe that his or her conduct was unlawful. The decision of the directors as to whether the person acted honestly and in good faith and with a view to our best interests and as to whether the person had no reasonable cause to believe that his conduct was unlawful and is, in the absence of fraud, sufficient for the purposes of the amended and restated certificate of incorporation, unless a question of law is involved. The termination of any proceedings by any judgment, order, settlement, conviction or the entering of a nolle prosequi does not, by itself, create a presumption that the person did not act honestly and in good faith and with a view to our best interests or that the person had reasonable cause to believe that his conduct was unlawful.

We have entered into agreements with our officers and directors to provide contractual indemnification in addition to the indemnification provided for in our amended and restated certificate of incorporation. Our amended and restated certificate of incorporation also will permit us to purchase and maintain insurance on behalf of any officer or director who at the request of the Company is or was serving as a director or officer of, or in any other capacity is or was acting for, another company or a partnership, joint venture, trust or other enterprise, against any liability asserted against the person and incurred by the person in that capacity, whether or not the company has or would have had the power to indemnify the person against the liability as provided in our amended and restated certificate of incorporation. We have purchased a policy of directors' and officers' liability insurance that insures our officers and directors against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify our officers and directors.

These provisions may discourage shareholders from bringing a lawsuit against our directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against officers and directors, even though such an action, if successful, might otherwise benefit us and our shareholders. Furthermore, a shareholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against officers and directors pursuant to these indemnification provisions.

We believe that these provisions, the insurance and the indemnity agreements are necessary to attract and retain talented and experienced officers and directors.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

#### **Conflicts of Interest**

Below are potential conflicts of interest:

- None of our officers and directors is required to commit their full time to our affairs and, accordingly, they may have conflicts of interest in allocating their time among various business activities.
- In the course of their other business activities, our Sponsor, officers and directors may become aware of investment and business opportunities which may be appropriate for presentation to our company as well as the other entities with which they are affiliated. Our officers and directors may have conflicts of interest in determining to which entity a particular business opportunity should be presented but barring such a conflict, must present target business opportunities that have a fair market value of at least 80% of the assets held in the trust account (excluding taxes payable on the income earned in the trust account) at the time of the agreement to enter into the initial business combination, subject to any pre-existing fiduciary or contractual obligations.

- Unless we consummate our initial business combination, our officers, directors and Sponsor will not receive reimbursement for any out-of-pocket expenses incurred by them to the extent that such expenses exceed the amount of available proceeds not deposited in the trust account.
- The founder's shares beneficially owned by our officers and directors will be released from escrow only if a business combination is successfully completed, and the private placement units including the underlying shares of common stock, rights and warrants, purchased by our Sponsor will be worthless if a business combination is not consummated. Additionally, our officers and directors will not receive liquidation distributions with respect to any of their founder's shares. For the foregoing reasons, our board may have a conflict of interest in determining whether a particular target business is appropriate to effect a business combination with.

In general, officers and directors of a corporation incorporated under the laws of the State of Delaware are required to present business opportunities to a corporation if:

- the corporation could financially undertake the opportunity;
- the opportunity is within the corporation's line of business; and
- it would not be fair to the corporation and its stockholders for the opportunity not to be brought to the attention of the corporation.

Accordingly, as a result of multiple business affiliations, our officers and directors may have similar legal obligations relating to presenting business opportunities meeting the above-listed criteria to multiple entities. In addition, conflicts of interest may arise when our board evaluates a particular business opportunity with respect to the above-listed criteria. We cannot assure you that any of the above mentioned conflicts will be resolved in our favor.

In order to minimize potential conflicts of interest which may arise from multiple corporate affiliations, each of our officers and directors has contractually agreed, pursuant to a written agreement with us, until the earliest of our execution of a definitive agreement for a business combination, our liquidation, or such time as he or she ceases to be an officer or director, to present to our company for our consideration, prior to presentation to any other entity, any suitable business opportunity that may reasonably be required to be presented to us, subject to any pre-existing fiduciary or contractual obligations he or she might have. Accordingly, our amended and restated certificate of incorporation will provide that the doctrine of corporate opportunity will not apply with respect to any of our executive officers or directors in circumstances where the application of the doctrine would conflict with any fiduciary duties or contractual obligations they may have.

Below is a table summarizing the entities to which our executive officers and directors currently have fiduciary duties or obligations:

<b>Individual</b>	<b>Entity</b>	<b>Entity's Business</b>	<b>Affiliation</b>
Richard Ackerman	None	-	-
Bennett Kim	Sun Bay Senior Club	Adult Day Program	Chief Executive Officer
Richard Birdoff	RD Management and Realty Investors Development Corp.	Retail Real Estate Developer and Manager	Principal and Executive Vice President
Michael Fong	JF International Ltd.	Private Equity	Chairman and Chief Executive Officer
Stuart Koenig	None	-	-
Albert G. Rex	Walker & Dunlop	Commercial Real Estate Finance	Managing Director
Troy T. Taylor	Algon Group	Financial Advisory Services	President
	Hyperion Bank	Financial Institution	Vice Chairman

In addition, our executive officers and directors have agreed not to participate in the formation of, or become an officer or director of, any other special purpose acquisition company with a class of securities registered under the Exchange Act until we have entered into a definitive agreement regarding our initial business combination or we have failed to complete our initial business combination by July 23, 2020.

If we submit our initial business combination to our public stockholders for a vote, our Sponsor, as well as all of our officers and directors have agreed to vote any shares held by them in favor of our initial business combination. If they purchase shares of common stock in the open market, however, they would be entitled to participate in any liquidation distribution in respect of such shares but have agreed not to convert or sell such shares to us in connection with the consummation of an initial business combination.

All ongoing and future transactions between us and any of our officers and directors or their respective affiliates will be on terms believed by us to be no less favorable to us than are available from unaffiliated third parties. Such transactions will require prior approval by a majority of our uninterested "independent" directors or the members of our board who do not have an interest in the transaction, in either case who had access, at our expense, to our attorneys or independent legal counsel. We will not enter into any such transaction unless our disinterested "independent" directors determine that the terms of such transaction are no less favorable to us than those that would be available to us with respect to such a transaction from unaffiliated third parties.

#### **Item 11. Executive Compensation.**

From November 20, 2017 through August 20, 2018, we paid our Sponsor an aggregate fee of up to \$10,000 per month for providing us with office space and certain office and secretarial services. Effective August 20, 2018, Sponsor agreed to stop charging us the monthly administrative fee. However, this arrangement was solely for our benefit and was not intended to provide our executive officers or directors compensation in lieu of a salary.

Other than the administrative fee of up to \$10,000 per month and the repayment of any loans made by our Sponsor and our Chief Executive Officer to us, no compensation or fees of any kind, including finder's, consulting fees and other similar fees, will be paid to our Sponsor, members of our management team or their respective affiliates, for services rendered prior to or in connection with the consummation of our initial business combination (regardless of the type of transaction that it is). However, they will receive repayment of any loans from our Sponsor, officers and directors for working capital purposes and reimbursement for any out-of-pocket expenses incurred by them in connection with activities on our behalf, such as identifying potential target businesses, performing business due diligence on suitable target businesses and business combinations as well as traveling to and from the offices, plants or similar locations of prospective target businesses to examine their operations. There is no limit on the amount of out-of-pocket expenses reimbursable by us.

After our initial business combination, members of our management team who remain with us may be paid consulting, management or other fees from the combined company with any and all amounts being fully disclosed to stockholders, to the extent then known, in the proxy solicitation materials furnished to our stockholders. It is unlikely the amount of such compensation will be known at the time of a stockholder meeting held to consider an initial business combination, as it will be up to the directors of the post-combination business to determine executive and director compensation. In this event, such compensation will be publicly disclosed at the time of its determination in a Current Report on Form 8-K, as required by the SEC.

#### **Grants of Plan-Based Awards and Outstanding Equity Awards at Fiscal Year-End**

We do not have any equity incentive plans under which to grant awards.

#### **Employment Agreements**

We do not currently have any written employment agreements with any of our directors and officers.

#### **Retirement/Resignation Plans**

We do not currently have any plans or arrangements in place regarding the payment to any of our executive officers following such person's retirement or resignation.

#### **Director Compensation**

We have not paid our directors fees in the past for attending board meetings. In the future, we may adopt a policy of paying independent directors a fee for their attendance at board and committee meetings. We reimburse each director for reasonable travel expenses related to such director's attendance at board of directors and committee meetings.

**Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.**

The following table sets forth information regarding the beneficial ownership of our shares of common stock as of March 27, 2020 by:

- each person known by us to be the beneficial owner of more than 5% of our outstanding shares of common stock;
- each of our officers, directors and director nominees; and
- all of our officers, directors and director nominees as a group.

Unless otherwise indicated, we believe that all persons named in the table have sole voting and investment power with respect to all shares of common stock beneficially owned by them. The following table does not reflect record of beneficial ownership of the rights or warrants included in the units offered by this prospectus or the private placement units as these rights and warrants are not convertible or exercisable, respectively, within 60 days of the date of this prospectus.

Name and Address of Beneficial Owner(1)	Amount and Nature of Beneficial Ownership	Approximate Percentage of Outstanding Shares of Common Stock (2)
	(3)	
Richard Ackerman	497,500(4)	18.32%
Bennett Kim	-	-
Richard Birdoff	-	-
Michael Fong(5)	-	-
Stuart Koenig(5)	-	-
Albert G. Rex(5)	-	-
Troy T. Taylor(5)	-	-
All directors and executive officers as a group (8 individuals)	497,500(3)	18.32%
<b>5% Holders</b>		
	(3)	
Big Rock Partners Sponsor, LLC	497,500(4)	18.32%
Polar Asset Management Partners Inc.(6)	517,500	19.05%
BRAC Lending Group LLC(7)	1,500,000	55.28%
HGC Investment Management Inc.(8)	480,678	17.70%
Magnetar Financial, LLC (9)	465,000	17.12%
OxFORD Asset Management LLP (10)	431,062	15.87%
The K2 Principal Fund, L.P.(11)	433,091	15.96%

(1) Unless otherwise indicated, the business address of each of the individuals is 2645 N. Federal Highway, Suite 230, Delray Beach, Florida 33483.

(2) Based on 2,716,028 shares of the Company's Common Stock outstanding as of March 26, 2020.

(3) Richard Ackerman is the Company's President, Chairman and Chief Executive Officer and the managing member of Big Rock Partners Sponsor, LLC (the "Sponsor") and has the sole voting and dispositive power of the securities held by the Sponsor. Accordingly, Mr. Ackerman may be deemed to have beneficial ownership of such shares.

(4) Represents shares held by Big Rock Partners Sponsor, LLC, our Sponsor, of which Mr. Ackerman is the managing member and has sole voting and investment power with respect to such shares. Ms. Wittman and Messrs. Fong, Koenig, Rex and Taylor hold economic interests in Big Rock Partners Sponsor, LLC and pecuniary interests in the securities held by Big Rock Partners Sponsor, LLC. Each of Ms. Wittman and Messrs. Fong, Koenig, Rex and Taylor disclaims beneficial ownership of such securities, except to the extent of his or her pecuniary interests.

(5) Does not include shares held by Big Rock Partners Sponsor, LLC. This individual is a member of Big Rock Partners Sponsor, LLC as described in footnote 4.

(6) Information was obtained from a Schedule 13G/A filed on March 10, 2020 with the SEC. Polar Asset Management Partners Inc. serves as the investment advisor to Polar Multi-Strategy MasterFund ("PMSMF") and certain managed accounts (together with PMSMF, the "Polar Vehicles"), with respect to the shares directly held by the Polar Vehicles. The address for Polar Asset Management Partners Inc. is 401 Bay Street, Suite 1900, PO Box 19, Toronto, Ontario M5H 2Y4, Canada.

- (7) Information was obtained from a Schedule 13D filed on November 26, 2018 with the United States Securities and Exchange Commission (the "SEC"). Each of David M. Nussbaum and Steven Levine is a managing member of BRAC Lending Group LLC. See Part II –Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations – Recent Developments for additional information on the Agreement between the Company, the Sponsor and BRAC Lending Group LLC.
- (8) Information was obtained from a Schedule 13G filed on February 13, 2019 with the SEC. HGC Investment Management Inc. ("HGC") serves as the investment manager to HGC Arbitrage Fund LP (the "Fund") with respect to the shares held by HGC on behalf of the Fund. The address of the business office of HGC is 366 Adelaide, Suite 601, Toronto, Ontario M5V 1R9, Canada.
- (9) Information was obtained from a Schedule 13G/A filed on February 13, 2020 with the SEC. Magnetar Financial LLC serves as the investment adviser to the certain managed funds ("Magnetar Funds"), and as such, Magnetar Financial exercises voting and investment power over the common Shares held for the Magnetar Funds' accounts. The address of the principal business office of Magnetar Financial is 1603 Orrington Avenue, 13th Floor, Evanston, Illinois 60201.
- (10) Information was obtained from a Schedule 13G/A filed on February 13, 2020 with the SEC. OxFORD Asset Management LLP ("OxFORD") serves as investment adviser to OxAM Quant Fund Limited, a Cayman Islands exempted company ("OxAM"). In such capacity, OxFORD may be deemed to exercise the voting and dispositive power over the Shares held for the account of the OxAM. The address of the principal business office of OxFORD is OxAM House, 6 George Street, Oxford, United Kingdom, OX1 2BW.
- (11) Information was obtained from a Schedule 13G filed on February 13, 2020 with the SEC. Mr. Daniel Gosselin exercises ultimate voting and investment powers over shares held by The K2 Principal Fund, L.P. (the "Fund"), Shawn Kimel Investments, Inc., an Ontario corporation ("SKI"), K2 Genpar 2017 Inc., an Ontario corporation and the General Partner to the Fund ("Genpar 2017"), and K2 & Associates Investment Management Inc., an Ontario corporation ("K2 & Associates") (collectively "K2"). The address of the principal business office of K2 is 2 Bloor St West, Suite 801, Toronto, Ontario, M4W 3E2.

### **Item 13. Certain Relationships and Related Transactions, and Director Independence.**

In order to meet our working capital needs following the consummation of the Initial Public Offering, our Sponsor, officers and directors may, but are not obligated to, loan us funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion. Each loan would be evidenced by a promissory note. The notes would either be paid upon consummation of our initial business combination, without interest, or, at the holder's discretion, up to \$1,500,000 of the notes may be converted into private units at a price of \$10.00 per unit. The units would be identical to the private placement units (which, for example, would result in the holders being issued 165,000 shares of common stock if \$1,500,000 of notes were so converted since the 150,000 rights included in such units would result in the issuance of 15,000 shares upon the closing of our business combination, as well as 75,000 warrants to purchase 75,000 shares). If we do not complete a business combination, the loans will be forgiven. There were no outstanding Working Capital Loans at December 31, 2019 and 2018.

The holder of our founder's shares issued and outstanding on the date of the Initial Public Offering, as well as the holders of the private placement units and any warrants our Sponsor, officers, directors or their affiliates may be issued in payment of working capital loans made to us (and all underlying securities), are entitled to registration rights pursuant to the Registration Rights Agreement among the Company and our Sponsor. The holders of a majority of these securities are entitled to make up to three demands that we register such securities. The holders of the majority of the founder's shares can elect to exercise these registration rights at any time commencing three months prior to the date on which these shares of common stock are to be released from escrow. The holders of a majority of the private placement units or private units issued in payment of working capital loans made to us (or underlying securities) can elect to exercise these registration rights at any time after we consummate a business combination. In addition, the holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to our consummation of a business combination. We will bear the expenses incurred in connection with the filing of any such registration statements.

Also, A/Z Property, an entity majority owned by Richard Ackerman, our Chairman, President and Chief Executive Officer, has agreed that it will be liable to ensure that the proceeds in the trust account are not reduced below \$10.00 per share by the claims of target businesses or claims of vendors or other entities that are owed money by us for services rendered or contracted for or products sold to us. We believe A/Z Property has sufficient net worth to satisfy its indemnity obligation should it arise, however we cannot assure you that A/Z Property will have sufficient liquid assets to satisfy such obligations if it is required to do so. Additionally, the agreement entered into by A/Z Property specifically provides for two exceptions to the indemnity it has given: it will have no liability (1) as to any claimed amounts owed to a target business or vendor or other entity who has executed an agreement with us waiving any right, title, interest or claim of any kind they may have in or to any monies held in the trust account, or (2) as to any claims for indemnification by the underwriters of the Initial Public Offering against certain liabilities, including liabilities under the Securities Act.

Our Sponsor, which is affiliated with our officers and directors, agreed that, commencing on November 20, 2017 through the earlier of our consummation of our initial business combination or our liquidation, it would make available to us certain general and administrative services, including office space, utilities and administrative support, as we may require from time to time. We agreed to pay our Sponsor an aggregate of up to \$10,000 per month for these services. For the year ended December 31, 2018, the Company incurred \$75,000 in fees for these services. Effective August 20, 2018, the Sponsor agreed to stop charging us the monthly administrative fee.

Other than the administrative fee of up to \$10,000 per month, no compensation or fees of any kind, including finder's, consulting fees and other similar fees, will be paid to our Sponsor, members of our management team or their respective affiliates, for services rendered prior to or in connection with the consummation of our initial business combination (regardless of the type of transaction that it is). However, such individuals will receive the repayment of any loans from our Sponsor, officers and directors for working capital purposes and reimbursement for any out-of-pocket expenses incurred by them in connection with activities on our behalf, such as identifying potential target businesses, performing business due diligence on suitable target businesses and business combinations as well as traveling to and from the offices, plants or similar locations of prospective target businesses to examine their operations. There is no limit on the amount of out-of-pocket expenses reimbursable by us.

On November 17, 2018, the Company entered into an Agreement with the Sponsor and the Investor. Pursuant to the Agreement, the Sponsor transferred an aggregate of 1,500,000 Founders Shares to the Investor in exchange for the agreements set forth below and aggregate cash consideration of \$1.00.

Pursuant to the Agreement, the Sponsor agreed to extend the period of time the Company has to consummate a Business Combination up to two times for an aggregate of up to six months and the Investor agreed to loan the Company the funds necessary to obtain the extensions (the "Extensions"). On November 20, 2018 and February 21, 2019, the Company issued unsecured promissory notes (the "Initial Notes") in favor of the Investor, in the original principal amount of \$690,000 each (or an aggregate of \$1,380,000), to provide the Company the funds necessary to obtain an aggregate of six-month Extensions. Pursuant to the Agreement, the Investor has also agreed to loan the Company all funds necessary to pay expenses incurred in connection with and in order to consummate a Business Combination (the "Business Combination Expenses") and such loans will be added to the Notes.

In connection with the stockholders' approval of the extended date of August 22, 2019, the Company issued another unsecured promissory note (the "Second Note") in favor of the Investor in order to pay for part of the third extension payment in the original principal amount of \$6,814.

On December 31, 2019, the Company issued an unsecured promissory note (the "Third Note" and, together with the Initial Notes and the Second Note, the "Extension Notes") in favor of the Investor in the aggregate principal amount of \$178,952 in order to pay for part of the extension payments. Through December 31, 2019, the Investor loaned the Company an aggregate amount of \$118,667 under the Third Note to pay for part of the extension payment in connection with the Extension to November 22, 2019.

In November 2019, in connection with the stockholders' approval of the extended date of March 23, 2020, the Investor loaned the Company an additional \$30,142 under the Third Note to pay for part of the extension through December 22, 2019. In January and February 2020, the Investor loaned the Company an additional \$60,285 to pay for part of the extension through March 23, 2020.

In March 2020, in connection with the stockholders' approval of the Extended Date of July 23, 2020, A/Z Property loaned the Company an additional \$11,611 under the Third Note to pay for part of the extension through April 23, 2020.

If the Company does not consummate a Business Combination, all outstanding loans under the Extension Notes will be forgiven, except to the extent of any funds held outside of the Trust Account after paying all other fees and expenses of the Company incurred prior to the date of such failure to consummate a Business Combination.

As of December 31, 2019, the outstanding balance under the Extension Notes amounted to an aggregate of \$1,535,623.

The Sponsor has agreed to be responsible for all liabilities of the Company effective November 17, 2018, except for liabilities associated with the possible redemption of shares by the Company's shareholders, as described in the Company's Amended and Restated Certificate of Incorporation. The Sponsor has also agreed to loan the Company the funds necessary to pay the expenses of the Company other than the Business Combination Expenses through the closing of a Business Combination when and as needed in order for the Company to continue in operation (the "Non-Business Combination Related Expenses"). Upon consummation of a Business Combination, up to \$200,000 of the Non-Business Combination Related Expenses will be repaid by the Company to the Sponsor provided that the Company has funds available to it sufficient to repay such expenses (the "Cap") as well as to pay for all stockholder redemptions, all Business Combination Expenses, repayment of the Extension Notes, and any funds necessary for the working capital requirements of the Company following closing of the Business Combination. Any remaining amounts in excess of the Cap will be forgiven. On December 31, 2019, the Company issued an unsecured promissory note to the Sponsor in the original principal amount of \$446,283 to pay for Non-Business Combination Related Expenses. Of the amount loaned to the Company, \$117,333 was used in order to pay for part of the extension payments in connection with the Extension to November 22, 2019. If the Company does not consummate a Business Combination, all outstanding loans made by the Sponsor to cover the Non-Business Combination Related Expenses will be forgiven, except as set forth above.

In November 2019, in connection with the stockholders' approval of the extended date of March 23, 2020, A/Z Property loaned the Company an additional \$30,143 to pay for part of the extension through December 2019. In January and February 2020, A/Z Property loaned the Company an aggregate additional amount of \$60,285 to pay for part of the extension through March 23, 2020.

In March 2020, in connection with the stockholders' approval of the Extended Date of July 23, 2020, A/Z Property loaned the Company an additional \$11,611 under the Second Note to pay for part of the extension through April 23, 2020.

As of December 31, 2019, the outstanding balance under promissory note amounted to \$416,141.

After our initial business combination, members of our management team who remain with us may be paid consulting, management or other fees from the combined company with any and all amounts being fully disclosed to stockholders, to the extent then known, in the proxy solicitation materials furnished to our stockholders. It is unlikely the amount of such compensation will be known at the time of a stockholder meeting held to consider an initial business combination, as it will be up to the directors of the post-combination business to determine executive and director compensation. In this event, such compensation will be publicly disclosed at the time of its determination in a Current Report on Form 8-K, as required by the SEC.

All ongoing and future transactions between us and any of our officers and directors or their respective affiliates will be on terms believed by us to be no less favorable to us than are available from unaffiliated third parties. Such transactions will require prior approval by a majority of our uninterested "independent" directors or the members of our board who do not have an interest in the transaction, in either case who had access, at our expense, to our attorneys or independent legal counsel. We will not enter into any such transaction unless our disinterested "independent" directors determine that the terms of such transaction are no less favorable to us than those that would be available to us with respect to such a transaction from unaffiliated third parties.

#### **Related Party Policy**

Our Code of Ethics requires us to avoid, wherever possible, all related party transactions that could result in actual or potential conflicts of interests, except under guidelines approved by the board of directors (or the audit committee). Related-party transactions are defined as transactions in which (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year, (2) we or any of our subsidiaries is a participant, and (3) any (a) executive officer, director or nominee for election as a director, (b) greater than 5% beneficial owner of our shares of common stock, or (c) immediate family member, of the persons referred to in clauses (a) and (b), has or will have a direct or indirect material interest (other than solely as a result of being a director or a less than 10% beneficial owner of another entity). A conflict of interest situation can arise when a person takes actions or has interests that may make it difficult to perform his or her work objectively and effectively. Conflicts of interest may also arise if a person, or a member of his or her family, receives improper personal benefits as a result of his or her position.

Our audit committee, pursuant to its written charter, will be responsible for reviewing and approving related-party transactions to the extent we enter into such transactions. The audit committee will consider all relevant factors when determining whether to approve a related party transaction, including whether the related party transaction is on terms no less favorable to us than terms generally available from an unaffiliated third-party under the same or similar circumstances and the extent of the related party's interest in the transaction. No director may participate in the approval of any transaction in which he is a related party, but that director is required to provide the audit committee with all material information concerning the transaction. We also require each of our directors and executive officers to complete a directors' and officers' questionnaire that elicits information about related party transactions.

These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.

To further minimize conflicts of interest, we have agreed not to consummate an initial business combination with an entity that is affiliated with any of our Sponsor, officers or directors including (i) an entity that is either a portfolio company of, or has otherwise received a material financial investment from, any private equity fund or investment company (or an affiliate thereof) that is affiliated with any of the foregoing, (ii) an entity in which any of the foregoing or their affiliates are currently passive investors, (iii) an entity in which any of the foregoing or their affiliates are currently officers or directors, or (iv) an entity in which any of the foregoing or their affiliates are currently invested through an investment vehicle controlled by them, unless we have obtained an opinion from an independent investment banking firm, or another independent entity that commonly renders valuation opinions on the type of target business we are seeking to acquire, and the approval of a majority of our disinterested independent directors that the business combination is fair to our unaffiliated stockholders from a financial point of view.

#### **Director Independence**

Messrs. Birdoff, Fong, Koenig, Rex and Taylor are each considered an "independent director" under the Nasdaq listing rules, which is defined generally as a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship, which, in the opinion of the company's board of directors would interfere with the director's exercise of independent judgment in carrying out the responsibilities of a director.

Our independent directors have regularly scheduled meetings at which only independent directors are present.

#### **Item 14. Principal Accounting Fees and Services.**

The following is a summary of fees paid or to be paid to Marcum LLP, or Marcum, for services rendered.

**Audit Fees.** Audit fees consist of fees billed for professional services rendered for the audit of our year-end financial statements and services that are normally provided by Marcum in connection with regulatory filings. The aggregate fees billed by Marcum for professional services rendered for the audit of our annual financial statements, review of the financial information included in our Form 10-K and other required filings with the SEC for the year ended December 31, 2019 and 2018 totaled approximately \$49,000 and \$53,000, respectively. The above amounts include interim procedures, audit fees, and consent issued for registration statements and comfort letters.

**Audit-Related Fees.** Audit-related services consist of fees billed for assurance and related services that are reasonably related to performance of the audit or review of our financial statements and are not reported under "Audit Fees." These services include attest services that are not required by statute or regulation and consultations concerning financial accounting and reporting standards. We paid did not pay Marcum for consultations concerning financial accounting and reporting standards for the year ended December 31, 2019 and 2018.

**Tax Fees.** We did not pay Marcum for tax planning and tax advice for the year ended December 31, 2019 and 2018.

**All Other Fees.** We did not pay Marcum for other services for the year ended December 31, 2019 and 2018.

#### **Pre-Approval Policy**

Since the formation of our audit committee upon the consummation of our Initial Public Offering, and on a going-forward basis, the audit committee has and will pre-approve all auditing services and permitted non-audit services to be performed for us by our auditors, including the fees and terms thereof (subject to the de minimis exceptions for non-audit services described in the Exchange Act which are approved by the audit committee prior to the completion of the audit). The audit committee pre-approved all auditing services provided by Marcum set forth above for 2019 and 2018.

**Item 15. Exhibits, Financial Statement Schedules**

**INDEX TO FINANCIAL STATEMENTS**

<a href="#">Report of Independent Registered Public Accounting Firm</a>	<a href="#">F-2</a>
<a href="#">Balance Sheets</a>	<a href="#">F-3</a>
<a href="#">Statements of Operations</a>	<a href="#">F-4</a>
<a href="#">Statement of Changes in Stockholders' Equity</a>	<a href="#">F-5</a>
<a href="#">Statement of Cash Flows</a>	<a href="#">F-6</a>
<a href="#">Notes to Financial Statements</a>	<a href="#">F-7 to F-19</a>

To the Shareholders and Board of Directors  
of Big Rock Partners Acquisition Corp.

**Opinion on the Financial Statements**

We have audited the accompanying balance sheets of Big Rock Partners Acquisition Corp. (the "Company") as of December 31, 2019 and 2018, the related statements of operations, changes in stockholders' equity and cash flows for each of the two years in the period ended December 31, 2019, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2019 and 2018, and the results of its operations and its cash flows for each of the two years in the period ended December 31, 2019, in conformity with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (the "PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

**BIG ROCK PARTNERS ACQUISITION CORP.**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2019**

**1. DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS**

Big Rock Partners Acquisition Corp. (the "Company") is a blank check company incorporated in Delaware on September 18, 2017. The Company was formed for the purpose of acquiring, through a merger, share exchange, asset acquisition, stock purchase, reorganization, recapitalization, or other similar business transaction, one or more operating businesses or entities (a "Business Combination"). The Company is not limited to a particular industry or geographic region for purposes of consummating a Business Combination.

All activity through December 31, 2019 relates to the Company's formation, its initial public offering ("Initial Public Offering"), which is described below, and the search for a target business with which to complete a Business Combination.

The registration statement for the Company's Initial Public Offering was declared effective on November 20, 2017. On November 22, 2017, the Company consummated the Initial Public Offering of 6,000,000 units (the "Units" and, with respect to the common stock included in the Units being offered, the "Public Shares"), generating gross proceeds of \$60,000,000, which is described in Note 3. Each Unit consists of one share of common stock, one right ("Public Right") and one-half of one warrant ("Public Warrant"). Each Public Right will convert into one-tenth (1/10) of one share of common stock upon consummation of a Business Combination. Each whole Public Warrant entitles the holder to purchase one share of common stock at an exercise price of \$11.50 per whole share.

Simultaneously with the Initial Public Offering, the Company consummated the sale of 250,000 units (the "Private Placement Units") at a price of \$10.00 per Unit in a private placement to Big Rock Partners Sponsor, LLC (the "Sponsor"), generating gross proceeds of \$2,500,000, which is described in Note 4.

Following the closing of the Initial Public Offering, \$60,000,000 (\$10.00 per Unit) from the net proceeds of the sale of the Units in the Initial Public Offering and the Private Placement Units was placed in a trust account (the "Trust Account") which may be invested in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act of 1940, as amended (the "Investment Company Act"), with a maturity of 180 days or less or in any open-ended investment company that holds itself out as a money market fund selected by the Company meeting the conditions of Rule 2a-7 of the Investment Company Act, as determined by the Company, until the earlier of: (i) the consummation of a Business Combination or (ii) the distribution of the Trust Account, as described below.

On November 29, 2017, in connection with the underwriters' exercise of their over-allotment option in full, the Company consummated the sale of an additional 900,000 Units, and the sale of an additional 22,500 Private Placement Units at \$10.00 per unit, generating total gross proceeds of \$9,225,000. A total of \$9,000,000 of the net proceeds were deposited in the Trust Account, bringing the aggregate proceeds held in the Trust Account to \$69,000,000.

At the closing of the Initial Public Offering, the Company issued EarlyBirdCapital, Inc. ("EarlyBirdCapital") and its designees 120,000 shares of common stock (the "Representative Shares"). On November 29, 2017, the Company issued an additional 18,000 Representative Shares for no consideration (see Note 8).

Transaction costs amounted to \$2,172,419, consisting of \$1,725,000 of underwriting fees and \$447,419 of Initial Public Offering costs.

The Company's management has broad discretion with respect to the specific application of the net proceeds of the Initial Public Offering and Private Placement Units, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. The Company's initial Business Combination must be with one or more target businesses that together have a fair market value equal to at least 80% of the balance in the Trust Account (excluding taxes payable on income earned on the Trust Account) at the time of the signing an agreement to enter into a Business Combination. The Company will only complete a Business Combination if the post-Business Combination company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. There is no assurance that the Company will be able to successfully effect a Business Combination.

The Company will provide its stockholders with the opportunity to redeem all or a portion of their shares included in the Units sold in the Initial Public Offering (the "Public Shares") upon the completion of a Business Combination either (i) in connection with a stockholder meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek stockholder approval of a Business Combination or conduct a tender offer will be made by the Company, solely in its discretion. The stockholders will be entitled to redeem their shares for a pro rata portion of the amount then on deposit in the Trust Account (\$10.00 per share, plus any pro rata interest earned on the funds held in the Trust Account and not previously released to the Company to pay its franchise and income tax obligations). There will be no redemption rights upon the completion of a Business Combination with respect to the Company's warrants.

The Company will proceed with a Business Combination if the Company has net tangible assets of at least \$5,000,001 upon such consummation of a Business Combination and, if the Company seeks stockholder approval, a majority of the outstanding shares voted are voted in favor of the Business Combination. If a stockholder vote is not required by law and the Company does not decide to hold a stockholder vote for business or other legal reasons, the Company will, pursuant to its Amended and Restated Certificate of Incorporation, conduct the redemptions pursuant to the tender offer rules of the Securities and Exchange Commission (the "SEC"), and file tender offer documents with the SEC prior to completing a Business Combination. If, however, a stockholder approval of the transaction is required by law, or the Company decides to obtain stockholder approval for business or other legal reasons, the Company will offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. If the Company seeks stockholder approval in connection with a Business Combination, the Company's Sponsor, officers and directors (the "Initial Stockholders") have agreed (a) to vote their Founder's Shares (as defined in Note 5), Placement Shares (as defined in Note 4) and any Public Shares held by them in favor of approving a Business Combination and (b) not to convert any Founder's Shares, Placement Shares and any Public Shares held by them in connection with a stockholder vote to approve a Business Combination or sell any such shares to the Company in a tender offer in connection with a Business Combination. Additionally, each public stockholder may elect to redeem their Public Shares irrespective of whether they vote for or against the proposed transaction.

The Company initially had until November 22, 2018 to complete a Business Combination. However, if the Company anticipated that it could not be able to consummate a Business Combination by November 22, 2018, the Company could extend the period of time to consummate a Business Combination up to two times, each by an additional three months. Pursuant to the terms of the Company's Amended and Restated Certificate of Incorporation and the trust agreement entered into between the Company and Continental Stock Transfer & Trust Company on November 20, 2017, in order to extend the time available for the Company to consummate a Business Combination, the Sponsor or its affiliates or designees must deposit into the Trust Account \$690,000 (\$0.10 per share) for each three month extension, up to an aggregate of \$1,380,000, or \$0.20 per share, if the Company extends for the full six months, on or prior to the date of the applicable deadline.

On November 20, 2018, the period of time for the Company to consummate a Business Combination was extended for an additional three-month period ending on February 22, 2019, and, accordingly, \$690,000 was deposited into the Trust Account. On February 21, 2019, the Company further extended the time required to consummate a Business Combination to May 22, 2019 and deposited an additional \$690,000 into the Trust Account. The deposits were funded by non-interest bearing unsecured promissory notes from BRAC Lending Group LLC, an affiliate of the underwriter (the "Investor") (see Note 6). The notes are repayable upon the consummation of a Business Combination (see Note 6).

On May 21, 2019, the Company's stockholders approved an amendment to its Amended and Restated Certificate of Incorporation to extend the period of time for which the Company was required to consummate a Business Combination to August 22, 2019. The number of shares of common stock presented for redemption in connection with the extension was 2,119,772. The Company paid cash in the aggregate amount of \$22,099,233, or approximately \$10.43 per share, to redeeming stockholders. The Company agreed to deposit, or cause to be deposited on its behalf, into the Trust Account \$0.02 for each public share outstanding for each 30-day extension period utilized through August 22, 2019. In connection with this extension, the Company deposited an aggregate of \$286,814 into the Trust Account, of which \$280,000 was contributed to the Trust Account by a third party and is not required to be repaid by the Company. Accordingly, the Company has recorded this amount as a credit to additional paid in capital in the accompanying statements of stockholders' equity. In order to pay for part of the third extension payment, the Company issued an unsecured promissory note (the "Note") in favor of the Investor, in the original principal amount of \$6,814 (see Note 6).

On August 21, 2019, the Company stockholders approved an amendment to the Company's Amended and Restated Certificate of Incorporation to extend the period of time for which the Company is required to consummate a Business Combination (the "Extension") from August 22, 2019 to November 22, 2019. The number of shares of common stock presented for redemption in connection with the Extension was 846,888. The Company paid cash in the aggregate amount of \$8,891,378, or approximately \$10.50 per share, to redeeming stockholders. The Company agreed to deposit, or cause to be deposited on its behalf, into the Trust Account \$0.02 for each public share outstanding for each 30-day extension period utilized through the Extension. In connection with this extension, the Company deposited an aggregate of \$236,000 into the Trust Account to fund this extension payment, which amount was loaned to the Company by AZ Property Partners and Investor (see Note 6).

On November 21, 2019, the Company's stockholders approved an amendment to the Company's Amended and Restated Certificate of Incorporation to extend the period of time for which the Company is required to consummate a Business Combination (the "Second Extension") from November 22, 2019 to March 23, 2020. The number of shares of common stock presented for redemption in connection with the Second Extension was 919,091. The Company paid cash in the aggregate amount of \$9,736,077, or approximately \$10.59 per share, to redeeming stockholders. The Company agreed to deposit, or cause to be deposited on its behalf, into the Trust Account \$0.02 for each public share outstanding for each 30-day extension period utilized through the Second Extension. In connection with this extension, the Company deposited an aggregate of \$60,285 into the Trust Account to fund the first thirty-day extension through December 22, 2019, which amount was loaned to the Company by AZ Property Partners and Investor (see Note 6). In January and February 2020, AZ Property Partners and Investor loaned the Company an additional aggregate amount of \$90,428 each to pay for the extension through March 23, 2020.

On March 23, 2020, the Company's stockholders approved an amendment to the Amended and Restated Certificate of Incorporation to extend the period of time for which the Company is required to consummate a Business Combination (the "Third Extension") from March 23, 2020 to July 23, 2020 (the "Extended Date"). The number of shares of common stock presented for redemption in connection with the Third Extension was 2,433,721. The Company paid cash in the aggregate amount of \$25,997,965, or approximately \$10.68 per share, to redeeming stockholders. The Company agreed to deposit, or cause to be deposited on its behalf, into the Trust Account \$0.02 for each public share outstanding for each 30-day extension period utilized through the Third Extension. In connection with this extension, the Company deposited an aggregate of \$11,611 into the Trust Account to fund the first thirty-day extension through April 23, 2020, which amount was loaned to the Company by AZ Property Partners and Investor.

If the Company is unable to complete a Business Combination by the Extended Date, the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but no more than ten business days thereafter, redeem 100% of the outstanding Public Shares, at a per share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned (net of taxes payable), divided by the number of then outstanding Public Shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining stockholders and the Company's board of directors, proceed to commence a voluntary liquidation and thereby a formal dissolution of the Company, subject in each case to its obligations to provide for claims of creditors and the requirements of applicable law. In the event of such distribution, it is possible that the per share value of the assets remaining available for distribution (including Trust Account assets) will be less than the \$10.00 per Unit in the Initial Public Offering.

The Initial Stockholders have agreed to (i) waive their redemption rights with respect to Founder Shares, Placement Shares and any Public Shares they may acquire during or after the Initial Public Offering in connection with the consummation of a Business Combination, (ii) to waive their rights to liquidating distributions from the Trust Account with respect to their Founder's Shares and Placement Shares if the Company fails to consummate a Business Combination by the Extended Date and (iii) not to propose an amendment to the Company's Amended and Restated Certificate of Incorporation that would affect the substance or timing of the Company's obligation to redeem 100% of its Public Shares if the Company does not complete a Business Combination, unless the Company provides the public stockholders with the opportunity to redeem their Public Shares in conjunction with any such amendment. However, the Initial Stockholders will be entitled to liquidating distributions with respect to any Public Shares acquired if the Company fails to consummate a Business Combination or liquidates by Extended Date.

In order to protect the amounts held in the Trust Account, A/Z Property Partners, LLC ("AZ Property Partners"), an entity majority owned and controlled by Richard Ackerman, the Company's Chairman, President and Chief Executive Officer, has agreed that it will be liable to ensure that the proceeds in the Trust Account are not reduced below \$10.00 per share by the claims of target businesses or claims of vendors or other entities that are owed money by the Company for services rendered or contracted for or products sold to the Company. Additionally, the agreement entered into by AZ Property Partners specifically provides for two exceptions to the indemnity it has given: it will have no liability (1) as to any claimed amounts owed to a target business or vendor or other entity who has executed an agreement with the Company waiving any right, title, interest or claim of any kind they may have in or to any monies held in the Trust Account, or (2) as to any claims for indemnification by the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the "Securities Act"). The Company will seek to reduce the possibility that AZ Property Partners will have to indemnify the Trust Account due to claims of creditors by endeavoring to have all vendors, service providers, prospective target businesses or other entities with which the Company does business, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account.

#### **NASDAQ Notifications**

On January 7, 2019, the Company received a notice from the staff of the Listing Qualifications Department of Nasdaq (the "Staff") stating that the Company was no longer in compliance with Nasdaq Listing Rule 5620(a) for continued listing due to its failure to hold an annual meeting of stockholders within twelve months of the end of the Company's fiscal year ended December 31, 2017. The Company submitted a plan of compliance with Nasdaq and Nasdaq granted the Company an extension until May 22, 2019 to regain compliance with the rule by holding an annual meeting of stockholders. The Company held its annual meeting of stockholders on May 21, 2019 and, accordingly, the Staff determined that the Company is currently in compliance with Nasdaq Listing Rule 5620(a) for continued listing and the matter was closed.

On August 9, 2019, the Company received a notice from the Staff stating that the Company was no longer in compliance with Nasdaq Listing Rule 5550(a)(3) for continued listing due to its failure to maintain a minimum of 300 public holders (the "Rule"). The Company had until September 23, 2019 to provide Nasdaq with a specific plan to achieve and sustain compliance with the listing requirement. The notice is a notification of deficiency, not of imminent delisting, and had no current effect on the listing or trading of the Company's securities on Nasdaq.

On September 23, 2019 and October 28, 2019, the Company submitted a plan to regain compliance with Nasdaq and requested an extension through February 5, 2020. On October 28, 2019, Nasdaq requested additional information regarding the Company's compliance plan, to which the Company responded on November 8, 2019. On February 11, 2020, the Company received a notice from the Staff stating that, based upon the Company's non-compliance with the Rule, the Staff had determined to delist the Company's common stock from Nasdaq unless the Company timely requests a hearing before the Nasdaq Hearings Panel (the "Panel"). The Company was also notified that as a result of Nasdaq's determination to delist the Company's common stock, the Company's warrants and rights no longer comply with Nasdaq Listing Rule 5560(a), which requires the underlying securities of such exercisable securities to remain listed on Nasdaq, and the Company's Units no longer comply with Nasdaq Listing Rule 5225(b)(1)(A), which requires all component parts of units to meet the requirements for initial and continued listing, and the Company's units, warrants and rights are now subject to delisting. The Company requested a hearing, which request automatically stayed any further action by the Staff pending the ultimate conclusion of the hearing process.

On March 25, 2020, we received formal notice from Nasdaq indicating that the Panel has granted the Company's request for continued listing on Nasdaq. The decision follows the Company's hearing before the Panel, which took place on March 19, 2020. The Company's continued listing is subject to the Company's satisfaction of a number of conditions, including, ultimately, completion of a business combination with an operating company by no later than August 10, 2020, and the combined entity's compliance with all applicable criteria for initial listing on Nasdaq at the time of the merger.

### **Liquidity**

As of December 31, 2019, the Company had \$6 in its operating bank account, \$32,005,205 in cash and marketable securities held in the Trust Account to be used for a Business Combination or to repurchase or convert stock in connection therewith and a working capital deficit of \$582,385, which excludes franchise taxes payable of \$40,050, of which such amounts will be paid from interest earned on the Trust Account and prepaid income taxes, which have been paid from amounts in the Trust Account. As of December 31, 2019, approximately \$838,000 of the amount on deposit in the Trust Account represented interest income, which is available to pay the Company's tax obligations. To date, the Company has withdrawn approximately \$555,000 of interest from the Trust Account in order to pay the Company's franchise and income taxes, of which approximately \$513,000 was withdrawn during the year ended December 31, 2019.

On November 17, 2018, the Company entered into an agreement (the "Agreement") with the Sponsor and the Investor, pursuant to which the Sponsor agreed to be responsible for all liabilities of the Company as of November 17, 2018 and to loan the Company the funds necessary to pay the expenses of the Company other than Business Combination expenses through the closing of a Business Combination when and as needed. If a Business Combination is not consummated, all outstanding loans made by the Sponsor will be forgiven (see Note 6). In addition, the Investor agreed to loan the Company all funds necessary to pay expenses incurred in connection with and in order to consummate a business combination (the "Business Combination Expenses") and such loans will be added to the Notes (as defined in Note 6). If the Company does not consummate a Business Combination, all outstanding loans under the Notes will be forgiven, except to the extent of any funds held outside of the Trust Account after paying all other fees and expenses of the Company incurred prior to the date of such failure to consummate a Business Combination (see Note 6).

The Company may raise additional capital through loans or additional investments from the Sponsor or its stockholders, officers, directors, or third parties. Other than as described above, the Company's officers and directors and the Sponsor may, but are not obligated to, loan the Company funds, from time to time, in whatever amount they deem reasonable in their sole discretion, to meet the Company's working capital needs.

The Company does not believe it will need to raise additional funds in order to meet expenditures required for operating its business. Neither the Sponsor, nor any of the stockholders, officers or directors, or third parties are under any obligation to advance funds to, or invest in, the Company, except as discussed above. Accordingly, the Company may not be able to obtain additional financing. If the Company is unable to raise additional capital, it may be required to take additional measures to conserve liquidity, which could include, but not necessarily be limited to suspending the pursuit of a potential transaction. The Company cannot provide any assurance that new financing will be available to it on commercially acceptable terms, if at all. Even if the Company can obtain sufficient financing or raise additional capital, it only has until July 23, 2020 to consummate a Business Combination. There is no assurance that the Company will be able to do so prior to July 23, 2020.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of presentation**

The accompanying financial statements are presented in conformity with accounting principles generally accepted in the United States of America ("GAAP") and pursuant to the rules and regulations of the SEC.

### **Emerging growth company**

The Company is an "emerging growth company," as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act"), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, will adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company's financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

### **Use of estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Accordingly, the actual results could differ significantly from the Company's estimates.

### **Cash and cash equivalents**

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. The Company did not have any cash equivalents as of December 31, 2019 and 2018.

### **Cash and marketable securities held in Trust Account**

At December 31, 2019 and 2018, the assets held in the Trust Account were held in money market funds, which are invested in U.S. Treasury securities. During the years ended December 31, 2019 and 2018, the Company withdrew \$512,993 and \$42,392, respectively, of interest income to pay its franchise and income tax obligations.

### **Common stock subject to possible redemption**

The Company accounts for its common stock subject to possible redemption in accordance with the guidance in Accounting Standards Codification ("ASC") Topic 480 "Distinguishing Liabilities from Equity." Common stock subject to mandatory redemption is classified as a liability instrument and is measured at fair value. Conditionally redeemable common stock (including common stock that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company's control) is classified as temporary equity. At all other times, common stock is classified as stockholders' equity. The Company's common stock features certain redemption rights that are considered to be outside of the Company's control and subject to occurrence of uncertain future events. Accordingly, common stock subject to possible redemption is presented at redemption value as temporary equity, outside of the stockholders' equity section of the Company's balance sheet.

## Income taxes

The Company complies with the accounting and reporting requirements of ASC Topic 740 "Income Taxes," which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

ASC Topic 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. As of December 31, 2019 and 2018, there were no unrecognized tax benefits and no amounts accrued for interest and penalties. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position.

The Company may be subject to potential examination by federal, state and city taxing authorities in the areas of income taxes. These potential examinations may include questioning the timing and amount of deductions, the nexus of income among various tax jurisdictions and compliance with federal, state and city tax laws. The Company's management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

## Net loss per common share

Net loss per common share is computed by dividing net income (loss) by the weighted average number of common shares outstanding for the period. The Company applies the two-class method in calculating earnings per share. Shares of common stock subject to possible redemption at December 31, 2019 and 2018, which are not currently redeemable and are not redeemable at fair value, have been excluded from the calculation of basic net loss per common share since such shares, if redeemed, only participate in their pro rata share of the Trust Account earnings. The Company has not considered the effect of (1) warrants sold in the Initial Public Offering and private placement to purchase 3,586,250 shares of common stock, (2) rights sold in the Initial Public Offering and private placement that convert into 717,250 shares of common stock and (3) 600,000 shares of common stock, warrants to purchase 300,000 shares of common stock and rights that convert into 60,000 shares of common stock in the unit purchase option sold to the underwriter, in the calculation of diluted loss per share, since the exercise of the warrants, the conversion of the rights into shares of common stock and the exercise of the unit purchase option are contingent upon the occurrence of future events. As a result, diluted loss per common share is the same as basic income per common share for the periods presented.

## Reconciliation of net loss per common share

The Company's net income is adjusted for the portion of income that is attributable to common stock subject to possible redemption, as these shares only participate in the earnings of the Trust Account and not the income or losses of the Company. Accordingly, basic and diluted loss per share is calculated as follows:

	Year Ended December 31,	
	2019	2018
Net income	\$ 408,427	\$ 66,101
Less: Income attributable to common stock subject to possible redemption	(703,894)	(814,965)
Adjusted net loss	<u>\$ (295,467)</u>	<u>\$ (748,864)</u>
Weighted average shares outstanding, basic and diluted	<u>2,783,021</u>	<u>2,614,505</u>
Basic and diluted net loss per common share	<u>\$ (0.11)</u>	<u>\$ (0.29)</u>

## Concentration of credit risk

Financial instruments that potentially subject the Company to concentration of credit risk consist of a cash account in a financial institution which, at times may exceed the Federal depository insurance coverage of \$250,000. The Company has not experienced losses on this account and management believes the Company is not exposed to significant risks on such account.

### **Fair value of financial instruments**

The fair value of the Company's assets and liabilities, which qualify as financial instruments under ASC Topic 820, "Fair Value Measurement," approximates the carrying amounts represented in the accompanying balance sheets, primarily due to their short-term nature.

### **Recently issued accounting standards**

Management does not believe that any recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the Company's financial statements.

### **3. INITIAL PUBLIC OFFERING**

Pursuant to the Initial Public Offering, the Company sold 6,900,000 Units at a purchase price of \$10.00 per Unit, which includes the full exercise by the underwriters of their over-allotment option of 900,000 Units at \$10.00 per Unit. Each Unit consists of one share of common stock, one Public Right and one Public Warrant. Each Public Right will convert into one-tenth (1/10) of one share of common stock upon consummation of a Business Combination (see Note 8). Each whole Public Warrant entitles the holder to purchase one share of common stock at an exercise price of \$11.50 per whole share (see Note 8).

### **4. PRIVATE PLACEMENT**

Simultaneously with the Initial Public Offering, the Sponsor purchased 250,000 Private Placement Units, at \$10.00 per Private Placement Unit, for an aggregate purchase price of \$2,500,000. On November 29, 2017, the Company consummated the sale of an additional 22,500 Private Placement Units at a price of \$10.00 per unit, which were purchased by the Sponsor, generating gross proceeds of \$225,000. Each Private Placement Unit consists of one share of common stock ("Placement Share"), one right ("Placement Right") and one-half of one warrant (each, a "Placement Warrant"), each whole Placement Warrant exercisable to purchase one share of common stock at an exercise price of \$11.50. The proceeds from the Private Placement Units were added to the proceeds from the Initial Public Offering held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the proceeds from the sale of the Private Placement Units will be used to fund the redemption of the Public Shares (subject to the requirements of applicable law), and the Placement Rights and the Placement Warrants will expire worthless.

The Private Placement Units are identical to the Units sold in the Initial Public Offering except that the Placement Warrants (i) are not redeemable by the Company and (ii) may be exercised for cash or on a cashless basis, so long as they are held by the initial purchaser or any of its permitted transferees. In addition, the Private Placement Units and their component securities may not be transferable, assignable or salable until after the consummation of a Business Combination, subject to certain limited exceptions. If the Placement Warrants are held by someone other than the initial purchasers or their permitted transferees, the Placement Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the Public Warrants.

### **5. RELATED PARTY TRANSACTIONS**

#### **Founder Shares**

In September 2017, the Company issued an aggregate of 1,437,500 shares of common stock to the Sponsor (the "Founder Shares") for an aggregate purchase price of \$25,000. On November 20, 2017, the Company effectuated a 1.2-for-1 stock dividend of its common stock resulting in an aggregate of 1,725,000 Founder Shares outstanding. The Founder Shares included an aggregate of up to 225,000 shares subject to forfeiture by the Sponsor to the extent that the underwriters' over-allotment was not exercised in full or in part, so that the Initial Stockholders would own 20% of the Company's issued and outstanding shares after the Initial Public Offering (assuming the Initial Stockholders did not purchase any Public Shares in the Initial Public Offering and excluding the Private Placement Units and the Representative Shares (as defined in Note 8)). As a result of the underwriters' election to fully exercise their over-allotment option, 225,000 Founder Shares are no longer subject to forfeiture.

The Initial Stockholders have agreed not to transfer, assign or sell any of the Founder's Shares until the earlier of (i) one year after the date of the consummation of a Business Combination, or (ii) with respect to 50% of the Founder Shares, the date on which the closing price of the Company's common stock equals or exceeds \$12.50 per share (as adjusted for stock splits, stock dividends, reorganizations and recapitalizations) for any 20 trading days within any 30-trading day period commencing after a Business Combination, or earlier, in each case, if subsequent to a Business Combination, the Company consummates a subsequent liquidation, merger, stock exchange, reorganization or other similar transaction which results in all of the Company's stockholders having the right to exchange their common stock for cash, securities or other property.

## **Administrative Services Agreement**

The Company entered into an agreement whereby, commencing on November 20, 2017 through the earlier of the consummation of a Business Combination or the Company's liquidation, the Company would pay the Sponsor a monthly fee of \$10,000 for office space, utilities and administrative support. For the year ended December 31, 2018, the Company incurred \$75,000 in fees for these services. Effective August 20, 2018, the Sponsor agreed to stop charging the Company the monthly administrative fee.

## **Related Party Loans**

On September 26, 2017, the Company issued to the Sponsor and its Chief Executive Officer, unsecured promissory notes pursuant to which the Company could borrow up to an aggregate amount of \$150,000 and \$25,000, respectively (the "Promissory Notes"). The Promissory Notes were non-interest bearing and payable on the earlier to occur of (i) December 31, 2018, or (ii) the consummation of the Initial Public Offering. The Promissory Notes were repaid on November 24, 2017.

In order to finance transaction costs in connection with a Business Combination, the Sponsor, an affiliate of the Sponsor, or the Company's officers and directors may, but are not obligated to, loan the Company funds from time to time or at any time, as may be required ("Working Capital Loans"). Each Working Capital Loan would be evidenced by a promissory note. The Working Capital Loans would either be paid upon consummation of a Business Combination, without interest, or, at the holder's discretion, up to \$1,500,000 of the Working Capital Loans may be converted into units at a price of \$10.00 per unit. The units would be identical to the Private Placement Units. In the event that a Business Combination does not close, the loans will be forgiven. There were no outstanding Working Capital Loans at December 31, 2019 and 2018.

## **6. INVESTOR AGREEMENT AND PROMISSORY NOTES**

On November 17, 2018, the Company entered into an Agreement with the Sponsor and the Investor. Pursuant to the Agreement, the Sponsor transferred an aggregate of 1,500,000 Founders Shares to the Investor in exchange for the agreements set forth below and aggregate cash consideration of \$1.00.

Pursuant to the Agreement, the Sponsor agreed to extend the period of time the Company has to consummate a Business Combination up to two times for an aggregate of up to six months and the Investor agreed to loan the Company the funds necessary to obtain the extensions (the "Extensions"). On November 20, 2018 and February 21, 2019, the Company issued unsecured promissory notes (the "Initial Notes") in favor of the Investor, in the original principal amount of \$690,000 each (or an aggregate of \$1,380,000), to provide the Company the funds necessary to obtain an aggregate of six-month Extensions. Pursuant to the Agreement, the Investor has also agreed to loan the Company all funds necessary to pay expenses incurred in connection with and in order to consummate a Business Combination (the "Business Combination Expenses") and such loans will be added to the Notes.

In connection with the stockholders' approval of the extended date of August 22, 2019, the Company issued another unsecured promissory note (the "Second Note") in favor of the Investor in order to pay for part of the third extension payment in the original principal amount of \$6,814.

On December 31, 2019, the Company issued an unsecured promissory note (the "Third Note" and, together with the Initial Notes and the Second Note, the "Extension Notes") in favor of the Investor in the aggregate principal amount of \$178,952 in order to pay for part of the extension payments. Through December 31, 2019, the Investor loaned the Company an aggregate amount of \$118,667 under the Third Note to pay for part of the extension payment in connection with the Extension to November 22, 2019.

In November 2019, in connection with the stockholders' approval of the extended date of March 23, 2020, the Investor loaned the Company an additional \$30,142 under the Third Note to pay for part of the extension through December 22, 2019. In January and February 2020, the Investor loaned the Company an additional \$60,285 to pay for part of the extension through March 23, 2020.

In March 2020, in connection with the stockholders' approval of the Extended Date of July 23, 2020, AZ Property Partners loaned the Company an additional \$11,611 under the Third Note to pay for part of the extension through April 23, 2020.

If the Company does not consummate a Business Combination, all outstanding loans under the Extension Notes will be forgiven, except to the extent of any funds held outside of the Trust Account after paying all other fees and expenses of the Company incurred prior to the date of such failure to consummate a Business Combination.

As of December 31, 2019, the outstanding balance under the Extension Notes amounted to an aggregate of \$1,535,623.

The Sponsor has agreed to be responsible for all liabilities of the Company effective November 17, 2018, except for liabilities associated with the possible redemption of shares by the Company's shareholders, as described in the Company's Amended and Restated Certificate of Incorporation. The Sponsor has also agreed to loan the Company the funds necessary to pay the expenses of the Company other than the Business Combination Expenses through the closing of a Business Combination when and as needed in order for the Company to continue in operation (the "Non-Business Combination Related Expenses"). Upon consummation of a Business Combination, up to \$200,000 of the Non-Business Combination Related Expenses will be repaid by the Company to the Sponsor provided that the Company has funds available to it sufficient to repay such expenses (the "Cap") as well as to pay for all stockholder redemptions, all Business Combination Expenses, repayment of the Extension Notes, and any funds necessary for the working capital requirements of the Company following closing of the Business Combination. Any remaining amounts in excess of the Cap will be forgiven. On December 31, 2019, the Company issued an unsecured promissory note to the Sponsor in the original principal amount of \$446,283 to pay for Non-Business Combination Related Expenses. Of the amount loaned to the Company, \$117,333 was used in order to pay for part of the extension payments in connection with the Extension to November 22, 2019. If the Company does not consummate a Business Combination, all outstanding loans made by the Sponsor to cover the Non-Business Combination Related Expenses will be forgiven, except as set forth above.

In November 2019, in connection with the stockholders' approval of the extended date of March 23, 2020, AZ Property Partners loaned the Company an additional \$30,143 to pay for part of the extension through December 2019. In January and February 2020, AZ Property Partners loaned the Company an aggregate additional amount of \$60,285 to pay for part of the extension through March 23, 2020.

In March 2020, in connection with the stockholders' approval of the Extended Date of July 23, 2020, AZ Property Partners loaned the Company an additional \$11,611 under the Second Note to pay for part of the extension through April 23, 2020.

As of December 31, 2019, the outstanding balance under promissory note amounted to \$416,141.

## **7. COMMITMENTS AND CONTINGENCIES**

### **Registration Rights**

Pursuant to a registration rights agreement entered into on November 20, 2017, the holders of the Company's common stock prior to the Initial Public Offering (the "Founder Shares"), Private Placement Units (and their underlying securities), the shares issued to EarlyBirdCapital at the closing of the Initial Public Offering (the "Representative Shares") and any Units that may be issued upon conversion of the working capital loans (and their underlying securities) are entitled to registration rights. The holders of a majority of these securities are entitled to make up to three demands, excluding short form demands, that the Company register such securities. The holders of the majority of the Founder's Shares can elect to exercise these registration rights at any time commencing three months prior to the date on which these shares of common stock are to be released from escrow. The holders of a majority of the Private Placement Units or Units issued to the Sponsor, officers, directors or their affiliates in payment of working capital loans made to the Company (in each case, including the underlying securities) can elect to exercise these registration rights at any time after the Company consummates a Business Combination. In addition, the holders will have certain "piggy-back" registration rights with respect to registration statements filed subsequent to the completion of a Business Combination and rights to require the Company to register for resale such securities pursuant to Rule 415 under the Securities Act of 1933, as amended (the "Securities Act"). Notwithstanding anything to the contrary, EarlyBirdCapital and its designees may participate in a "piggy-back" registration during the seven-year period beginning on the effective date of the registration statement. However, the registration rights agreement will provide that the Company will not permit any registration statement filed under the Securities Act to become effective until termination of the applicable lock-up period. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

### **Business Combination Marketing Agreement**

The Company has engaged EarlyBirdCapital as an advisor in connection with a Business Combination to assist the Company in holding meetings with its stockholders to discuss a potential Business Combination and the target business' attributes, introduce the Company to potential investors that are interested in purchasing securities, assist the Company in obtaining stockholder approval for the Business Combination and assist the Company with its press releases and public filings in connection with a Business Combination. The Company will pay EarlyBirdCapital a cash fee for such services upon the consummation of a Business Combination in an amount equal to 4.0% of the gross proceeds of the Initial Public Offering (exclusive of any applicable finders' fees which might become payable). If a Business Combination is not consummated for any reason, no fee will be due or payable.

## **8. STOCKHOLDERS' EQUITY**

**Preferred Stock** — The Company is authorized to issue 1,000,000 shares of preferred stock with a par value of \$0.001 per share with such designation, rights and preferences as may be determined from time to time by the Company's Board of Directors. At December 31, 2019 and 2018, there were no shares of preferred stock issued or outstanding.

**Common Stock** — The Company is authorized to issue 100,000,000 shares of common stock with a par value of \$0.001 per share. Holders of the Company's common stock are entitled to one vote for each share. At December 31, 2019 and 2018, there were 2,844,414 and 2,725,039 shares of common stock issued and outstanding, respectively (excluding 2,305,335 and 6,310,461 shares of common stock subject to possible redemption, respectively).

**Rights** — Each holder of a right will receive one-tenth (1/10) of one share of common stock upon consummation of a Business Combination, even if the holder of such right redeemed all shares held by it in connection with a Business Combination. No fractional shares will be issued upon conversion of the rights. No additional consideration will be required to be paid by a holder of rights in order to receive its additional shares upon consummation of a Business Combination, as the consideration related thereto has been included in the Unit purchase price paid for by investors in the Initial Public Offering. If the Company enters into a definitive agreement for a Business Combination in which the Company will not be the surviving entity, the definitive agreement will provide for the holders of rights to receive the same per share consideration the holders of the common stock will receive in the transaction on an as-converted into common stock basis and each holder of a right will be required to affirmatively convert its rights in order to receive 1/10 share underlying each right (without paying additional consideration). The shares issuable upon conversion of the rights will be freely tradable (except to the extent held by affiliates of the Company).

If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of rights will not receive any of such funds with respect to their rights, nor will they receive any distribution from the Company's assets held outside of the Trust Account with respect to such rights, and the rights will expire worthless. Further, there are no contractual penalties for failure to deliver securities to the holders of the rights upon consummation of a Business Combination. Additionally, in no event will the Company be required to net cash settle the rights. Accordingly, holders of the rights might not receive the shares of common stock underlying the rights.

**Warrants** — Public Warrants may only be exercised for a whole number of shares. No fractional shares will be issued upon exercise of the Public Warrants. The Public Warrants will become exercisable on the later of the completion of a Business Combination and November 22, 2018; provided in that the Company has an effective registration statement under the Securities Act covering the shares of common stock issuable upon exercise of the Public Warrants and a current prospectus relating to them is available. The Company has agreed that as soon as practicable, the Company will use its best efforts to file with the SEC a registration statement for the registration, under the Securities Act, of the shares of common stock issuable upon exercise of the Public Warrants. The Company will use its best efforts to cause the same to become effective and to maintain the effectiveness of such registration statement, and a current prospectus relating thereto, until the expiration of the Public Warrants in accordance with the provisions of the warrant agreement. Notwithstanding the foregoing, if a registration statement covering the shares of common stock issuable upon exercise of the Public Warrants is not effective 90 days following the consummation of Business Combination, warrant holders may, until such time as there is an effective registration statement and during any period when the Company shall have failed to maintain an effective registration statement, exercise warrants on a cashless basis pursuant to the exemption provided by Section 3(a)(9) of the Securities Act, provided that such exemption is available. If that exemption, or another exemption, is not available, holders will not be able to exercise their warrants on a cashless basis. The Public Warrants will expire five years after the completion of a Business Combination or earlier upon redemption or liquidation.

The Company may redeem the Public Warrants:

- in whole and not in part;
- at a price of \$0.01 per warrant;
- at any time during the exercise period;
- upon a minimum of 30 days' prior written notice of redemption; and
- if, and only if, the last sale price of the Company's common stock equals or exceeds \$21.00 per share for any 20 trading days within a 30-trading day period ending on the third business day prior to the date on which the Company sends the notice of redemption to the warrant holders.
- If, and only if, there is a current registration statement in effect with respect to the shares of common stock underlying such warrants.

If the Company calls the Public Warrants for redemption, management will have the option to require all holders that wish to exercise the Public Warrants to do so on a "cashless basis," as described in the warrant agreement.

The exercise price and number of shares of common stock issuable upon exercise of the warrants may be adjusted in certain circumstances including in the event of a stock dividend, or recapitalization, reorganization, merger or consolidation. However, the warrants will not be adjusted for issuance of common stock at a price below its exercise price. Additionally, in no event will the Company be required to net cash settle the warrants. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution from the Company's assets held outside of the Trust Account with the respect to such warrants. Accordingly, the warrants may expire worthless.

### Representative Shares

At the closing of the Initial Public Offering, the Company issued EarlyBirdCapital and its designees 120,000 Representative Shares. On November 29, 2017, the Company issued an additional 18,000 Representative Shares for no consideration. The Company accounted for the Representative Shares as an expense of the Initial Public Offering resulting in a charge directly to stockholders' equity. The Company determined the fair value of Representative Shares to be \$1,380,000 based upon the offering price of the Units of \$10.00 per Unit. The underwriter has agreed not to transfer, assign or sell any such shares until the completion of a Business Combination. In addition, the underwriter and its designees have agreed (i) to waive their redemption rights with respect to such shares in connection with the completion of a Business Combination and (ii) to waive their rights to liquidating distributions from the Trust Account with respect to such shares if the Company fails to complete a Business Combination within the Combination Period.

### Unit Purchase Option

On November 22, 2017, the Company sold to EarlyBirdCapital, for \$100, an option to purchase up to 600,000 Units exercisable at \$10.00 per Unit (or an aggregate exercise price of \$6,000,000) commencing on the later of November 20, 2018 or the consummation of a Business Combination. The unit purchase option may be exercised for cash or on a cashless basis, at the holder's option, and expires five years from November 20, 2017. The Units issuable upon exercise of this option are identical to those offered in the Initial Public Offering. The Company accounted for the unit purchase option, inclusive of the receipt of \$100 cash payment, as an expense of the Initial Public Offering resulting in a charge directly to stockholders' equity. The Company estimated the fair value of this unit purchase option to be \$2,042,889 (or \$3.40 per Unit) using the Black-Scholes option-pricing model. The fair value of the unit purchase option granted to the underwriters was estimated as of the date of grant using the following assumptions: (1) expected volatility of 35%, (2) risk-free interest rate of 2.05% and (3) expected life of five years. The option and such units purchased pursuant to the option, as well as the common stock underlying such units, the rights included in such units, the common stock that is issuable for the rights included in such units, the warrants included in such units, and the shares underlying such warrants, have been deemed compensation by FINRA and are therefore subject to a 180-day lock-up pursuant to Rule 5110(g)(1) of FINRA's NASDAQ Conduct Rules. Additionally, the option may not be sold, transferred, assigned, pledged or hypothecated for a one-year period (including the foregoing 180-day period) following the date of Initial Public Offering except to any underwriter and selected dealer participating in the Initial Public Offering and their bona fide officers or partners. The option grants to holders demand and "piggy back" rights for periods of five and seven years, respectively, from the effective date of the registration statement with respect to the registration under the Securities Act of the securities directly and indirectly issuable upon exercise of the option. The Company will bear all fees and expenses attendant to registering the securities, other than underwriting commissions which will be paid for by the holders themselves. The exercise price and number of units issuable upon exercise of the option may be adjusted in certain circumstances including in the event of a stock dividend, or the Company's recapitalization, reorganization, merger or consolidation. However, the option will not be adjusted for issuances of common stock at a price below its exercise price.

## 9. INCOME TAX

The Company's net deferred tax assets are as follows:

	<u>December 31,</u> <u>2019</u>	<u>December 31,</u> <u>2018</u>
Deferred tax assets		
Net operating loss carryforward	\$ —	\$ 21,062
Total deferred tax assets	—	21,062
Valuation allowance	—	(21,062)
Deferred tax assets, net of allowance	<u>\$ —</u>	<u>\$ —</u>

The income tax provision consists of the following:

	<u>December 31, 2019</u>	<u>December 31, 2018</u>
Federal		
Current	\$ 102,332	\$ 16,311
Deferred	2,936	995
State		
Current	\$ —	\$ —
Deferred	—	—
Change in valuation allowance	<u>(21,062)</u>	<u>(995)</u>
Income tax provision	<u>\$ 84,206</u>	<u>\$ 16,311</u>

As of December 31, 2019, the Company did not have any U.S. federal and state net operating loss carryovers (“NOLs”) available to offset future taxable income.

In assessing the realization of the deferred tax assets, management considers whether it is more likely than not that some portion of all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which temporary differences representing net future deductible amounts become deductible. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment. After consideration of all of the information available, management determined that a valuation allowance was not required. For the years ended December 31, 2019 and 2018, the change in the valuation allowance was \$21,062 and \$995.

A reconciliation of the federal income tax rate to the Company’s effective tax rate at December 31, 2019 and 2018 is as follows:

	<u>December 31, 2019</u>	<u>December 31, 2018</u>
Statutory federal income tax rate	21.0%	21.0%
State taxes, net of federal tax benefit	0.0%	0.0%
True ups	0.4%	0.0%
Valuation allowance	(4.3)%	(1.2)%
Income tax provision	<u>17.1%</u>	<u>19.8%</u>

The Company files income tax returns in the U.S. federal jurisdiction. The Company’s tax returns since inception remain open and subject to examination. The Company considers Florida to be a significant state tax jurisdiction.

## 10. FAIR VALUE MEASUREMENTS

The Company follows the guidance in ASC 820 for its financial assets and liabilities that are re-measured and reported at fair value at each reporting period, and non-financial assets and liabilities that are re-measured and reported at fair value at least annually.

The fair value of the Company’s financial assets and liabilities reflects management’s estimate of amounts that the Company would have received in connection with the sale of the assets or paid in connection with the transfer of the liabilities in an orderly transaction between market participants at the measurement date. In connection with measuring the fair value of its assets and liabilities, the Company seeks to maximize the use of observable inputs (market data obtained from independent sources) and to minimize the use of unobservable inputs (internal assumptions about how market participants would price assets and liabilities). The following fair value hierarchy is used to classify assets and liabilities based on the observable inputs and unobservable inputs used in order to value the assets and liabilities:

- Level 1: Quoted prices in active markets for identical assets or liabilities. An active market for an asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2: Observable inputs other than Level 1 inputs. Examples of Level 2 inputs include quoted prices in active markets for similar assets or liabilities and quoted prices for identical assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs based on our assessment of the assumptions that market participants would use in pricing the asset or liability.

The following table presents information about the Company's assets that are measured at fair value on a recurring basis at December 31, 2019 and 2018, and indicates the fair value hierarchy of the valuation inputs the Company utilized to determine such fair value:

<b>Description</b>	<u>Level</u>	<u>December 31, 2019</u>	<u>December 31, 2018</u>
Assets:			
Marketable securities held in Trust Account	1	\$ 32,005,205	\$ 70,765,966

#### **11. SUBSEQUENT EVENTS**

The Company evaluates events and transactions that occur after the balance sheet date up to the date that the financial statements were issued. Other than as described in the notes to these financial statements, the Company did not identify any events or transactions that would have required adjustment or disclosure in the financial statements.

## DESCRIPTION OF REGISTRANT'S SECURITIES

The following is a description of the material terms of the common stock of Big Rock Partners Acquisition Corp. (the "Company," "we," "us" or "our"), as well as other material terms of the Company's Amended and Restated Certificate of Incorporation, as amended, the Company's Amended and Restated Bylaws, as amended and the applicable provisions of Delaware law. This description is only a summary. You should read it together with the Company Certificate and Bylaws, which are included as exhibits to the Company's Annual Report on Form 10-K for the year ended December 31, 2019 and incorporated by reference herein.

### General

As of December 31, 2019, we are authorized to issue 100,000,000 shares of common stock, par value \$0.001, and 1,000,000 shares of preferred stock, par value \$0.001. As of December 31, 2019, 5,149,749 shares of common stock were issued and outstanding. No shares of preferred stock were outstanding as of December 31, 2019. As of December 31, 2019, there were 7,172,500 rights and 3,586,250 warrants outstanding.

### Units

Each unit consists of one share of common stock one right and one-half of one warrant. Each right entitles the holder thereof to receive one-tenth (1/10) of one share of common stock on the consummation of an initial business combination. Each whole warrant entitles the holder to purchase one share of common stock. Pursuant to the warrant agreement, a warrant holder may exercise his, her or its warrants only for a whole number of shares of common stock. This means that only a whole warrant may be exercised at any given time by a warrant holder. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. Accordingly, unless you purchase at least two units, you will not be able to receive or trade a whole warrant.

### Common Stock

Our stockholders of record are entitled to one vote for each share held on all matters to be voted on by stockholders. In connection with any vote held to approve our initial business combination, our sponsor, as well as all of our officers and directors, have agreed to vote their respective shares of common stock owned by them immediately prior to the initial public offering and any shares purchased in the initial public offering or following the initial public offering in the open market in favor of the proposed business combination.

We will consummate our initial business combination only if we have net tangible assets of at least \$5,000,001 upon such consummation and, solely if a vote is held to approve a business combination, a majority of the outstanding shares of common stock voted are voted in favor of the business combination.

Our board of directors is divided into two classes, each of which will generally serve for a term of two years with only one class of directors being elected in each year. There is no cumulative voting with respect to the election of directors, with the result that the holders of more than 50% of the shares eligible to vote for the election of directors can elect all of the directors.

Our amended and restated certificate of incorporation, as amended provides that we will have until July 23, 2020 to complete an initial business combination. If we have not completed an initial business combination by such date, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the outstanding public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including any interest earned on the funds held in the trust account net of interest that may be used by us to pay our franchise and income taxes payable, divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject (in the case of (ii) and (iii) above) to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Our sponsor, officers and directors have agreed to waive their rights to participate in any liquidation distribution occurring upon our failure to consummate an initial business combination with respect to the founder's shares. Our sponsor, officers and directors will therefore not participate in any liquidation distribution with respect to such shares. They will, however, participate in any liquidation distribution with respect to any shares of common stock acquired in connection with or following the initial public offering.

Our stockholders have no conversion, preemptive or other subscription rights and there are no sinking fund or redemption provisions applicable to the shares of common stock, except that public stockholders have the right to sell their shares to us in a tender offer or have their shares of common stock converted to cash equal to their pro rata share of the trust account if they vote on the proposed business combination in connection with such business combination and the business combination is completed. Public stockholders who sell or convert their stock into their share of the trust account still have the right to convert their rights or exercise the warrants that they received as part of the units.

---

## **Founder's Shares**

Our sponsor has agreed (i) that such shares are subject to certain transfer restrictions, as described in more detail below and (ii) (A) to waive its redemption rights with respect to the founder's shares and public shares in connection with the completion of our business combination and (B) to waive its rights to liquidating distributions from the trust account with respect to the founder's shares if we fail to complete our business combination by July 23, 2020, or later if additional extensions are approved, although our sponsor (or any of our executive officers, directors or affiliates) will be entitled to liquidating distributions from the trust account with respect to any public shares acquired if we fail to complete our initial business combination by July 23, 2020, or later if additional extensions are approved. If we submit our business combination to our public stockholders for a vote, our initial stockholder has agreed to vote its founder's shares and any public shares purchased during or after the initial public offering in favor of our initial business combination and our executive officers, directors and director nominees have also agreed to vote any public shares purchased during or after the offering in favor of our initial business combination. Permitted transferees of our sponsor will be subject to the same obligations of our sponsor.

Subject to certain limited exceptions, these shares will not be transferred, assigned, sold or released from escrow until one year after the date of the consummation of our initial business combination, or earlier with respect to fifty percent (50%) of such shares if, subsequent to our business combination, the last sales price of our common stock equals or exceeds \$12.50 per share (as adjusted for stock splits, stock dividends, reorganizations and recapitalizations) for any 20 trading days within any 30-trading day period following the consummation of our initial business combination.

## **Preferred Stock**

As of December 31, 2019, there were no shares of preferred stock outstanding. Our amended and restated certificate of incorporation authorizes the issuance of 1,000,000 shares of preferred stock with such designation, rights and preferences as may be determined from time to time by our board of directors. No shares of preferred stock are being issued or registered in the initial public offering. Accordingly, our board of directors is empowered, without stockholder approval, to issue preferred stock with dividend, liquidation, conversion, voting or other rights which could adversely affect the voting power or other rights of the holders of common stock. However, the underwriting agreement prohibits us, prior to a business combination, from issuing preferred stock which participates in any manner in the proceeds of the trust account, or which votes as a class with the common stock on a business combination. We may issue some or all of the preferred stock to effect a business combination. In addition, the preferred stock could be utilized as a method of discouraging, delaying or preventing a change in control of us. Although we do not currently intend to issue any shares of preferred stock, we cannot assure you that we will not do so in the future.

## **Rights**

### ***Public Stockholders' Rights***

Each holder of a right will receive one-tenth (1/10) of one share of common stock upon consummation of our initial business combination, even if the holder of such right redeemed all shares of common stock held by it in connection with the initial business combination. No additional consideration will be required to be paid by a holder of rights in order to receive its additional shares upon consummation of an initial business combination, as the consideration related thereto has been included in the unit purchase price paid for by investors in the initial public offering. If we enter into a definitive agreement for a business combination in which we will not be the surviving entity, the definitive agreement will provide for the holders of rights to receive the same per share consideration the holders of the common stock will receive in the transaction on an as-converted into common stock basis, and each holder of a right will be required to affirmatively convert its rights in order to receive the 1/10 share underlying each right (without paying any additional consideration) upon consummation of the business combination. More specifically, the right holder will be required to indicate its election to convert the rights into underlying shares as well as to return the original rights certificates to us.

If we are unable to complete an initial business combination within the required time period and we liquidate the funds held in the trust account, holders of rights will not receive any such funds with respect to their rights, nor will they receive any distribution from our assets held outside of the trust account with respect to such rights, and the rights will expire worthless.

As soon as practicable upon the consummation of our initial business combination, we will direct registered holders of the rights to return their rights to our rights agent. Upon receipt of the rights, the rights agent will issue to the registered holder of such rights the number of full shares of common stock to which it is entitled. We will notify registered holders of the rights to deliver their rights to the rights agent promptly upon consummation of such business combination and have been informed by the rights agent that the process of exchanging their rights for shares of common stock should take no more than a matter of days. The foregoing exchange of rights is solely ministerial in nature and is not intended to provide us with any means of avoiding our obligation to issue the shares underlying the rights upon consummation of our initial business combination. Other than confirming that the right delivered by a registered holder are valid, we will have no ability to avoid delivery of the shares underlying the rights. Nevertheless, there are no contractual penalties for failure to deliver securities to the holders of the rights upon consummation of an initial business combination. Additionally, in no event will we be required to net cash settle the rights. Accordingly, you might not receive the shares of common stock underlying the rights.

---

The shares issuable upon conversion of the rights will be freely tradable (except to the extent held by affiliates of ours). We will not issue fractional shares upon conversion of the rights. If, upon conversion of the rights, a holder would be entitled to receive a fractional interest in a share, we will, upon conversion, comply with Section 155 of the Delaware General Corporation Law (which provides that Delaware companies shall either (1) arrange for the disposition of fractional interests by those entitled thereto, (2) pay in cash the fair value of fractions of a share as of the time when those entitled to receive such fractions are determined or (3) issue scrip or warrants in registered form (either represented by a certificate or uncertificated) or in bearer form (represented by a certificate) which shall entitle the holder to receive a full share upon the surrender of such scrip or warrants aggregating a full share). We will make the determination of how we are treating fractional shares at the time of our initial business combination and will include such determination in the proxy materials we will send to stockholders for their consideration of such initial business combination.

### ***Rights contained in the Private Placement Units***

The rights contained in the private placement units have the same terms as the public stockholders' rights. See "Rights- Public Stockholders' Rights" above.

### **Warrants**

#### ***Public Stockholders' Warrants***

Each whole warrant entitles the registered holder to purchase one share of common stock at a price of \$11.50 per share, subject to adjustment as discussed below, at any time after the later of the completion of an initial business combination and July 23, 2020. No warrants will be exercisable for cash unless we have an effective and current registration statement covering the shares of common stock issuable upon exercise of the warrants and a current prospectus relating to such shares of common stock. Notwithstanding the foregoing, if a registration statement covering the shares of common stock issuable upon exercise of the public warrants is not effective within a specified period following the consummation of our initial business combination, warrant holders may, until such time as there is an effective registration statement and during any period when we shall have failed to maintain an effective registration statement, exercise warrants on a cashless basis pursuant to the exemption provided by Section 3(a)(9) of the Securities Act, provided that such exemption is available. If that exemption, or another exemption, is not available, holders will not be able to exercise their warrants on a cashless basis. In such event, each holder would pay the exercise price by surrendering the warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the "fair market value" (defined below) by (y) the fair market value. The "fair market value" for this purpose will mean the average reported last sale price of the shares of common stock for the 5 trading days ending on the trading day prior to the date of exercise. The warrants will expire on the fifth anniversary of our completion of an initial business combination, at 5:00 p.m., New York City time, or earlier upon redemption or liquidation.

We may call the warrants for redemption (excluding the warrants contained in the private placement units and any warrants included in additional private units issued to our sponsor, officers or directors in payment of working capital loans made to us, but including any outstanding warrants issued upon exercise of the unit purchase option issued to EarlyBirdCapital and/or its designees), in whole and not in part, at a price of \$0.01 per warrant,

- at any time during the exercise period,
- upon not less than 30 days' prior written notice of redemption to each warrant holder,
- if, and only if, the reported last sale price of the shares of common stock equals or exceeds \$21.00 per share (as adjusted for stock splits, stock dividends, reorganizations and recapitalizations), for any 20 trading days within a 30 trading day period ending on the third business day prior to the notice of redemption to warrant holders; and
- if, and only if, there is a current registration statement in effect with respect to the shares of common stock underlying such warrants.

The right to exercise will be forfeited unless the warrants are exercised prior to the date specified in the notice of redemption. On and after the redemption date, a record holder of a warrant will have no further rights except to receive the redemption price for such holder's warrant upon surrender of such warrant.

---

The redemption criteria for our warrants have been established at a price which is intended to provide warrant holders a reasonable premium to the initial exercise price and provide a sufficient differential between the then-prevailing share price and the warrant exercise price so that if the share price declines as a result of our redemption call, the redemption will not cause the share price to drop below the exercise price of the warrants.

If we call the warrants for redemption as described above, our management will have the option to require all holders that wish to exercise warrants to do so on a "cashless basis." In such event, each holder would pay the exercise price by surrendering the warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the "fair market value" (defined below) by (y) the fair market value. The "fair market value" shall mean the average reported last sale price of the shares of common stock for the 5 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants.

The warrants will be issued in registered form under a warrant agreement between Continental Stock Transfer & Trust Company, as warrant agent, and us. The warrant agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval, by written consent or vote, of the holders of at least 50% of the then outstanding warrants in order to make any change that adversely affects the interests of the registered holders.

The exercise price and number of shares of common stock issuable on exercise of the warrants may be adjusted in certain circumstances including in the event of a stock dividend, extraordinary dividend or our recapitalization, reorganization, merger or consolidation. However, the warrants will not be adjusted for issuances of shares of common stock at a price below their respective exercise prices.

The warrants may be exercised upon surrender of the warrant certificate on or prior to the expiration date at the offices of the warrant agent, with the exercise form on the reverse side of the warrant certificate completed and executed as indicated, accompanied by full payment of the exercise price, by certified or official bank check payable to us, for the number of warrants being exercised. The warrant holders do not have the rights or privileges of holders of shares of common stock and any voting rights until they exercise their warrants and receive shares of common stock. After the issuance of shares of common stock upon exercise of the warrants, each holder will be entitled to one vote for each share held of record on all matters to be voted on by stockholders.

Under the terms of the warrant agreement, we agreed to use our best efforts to have declared effective a prospectus relating to the shares of common stock issuable upon exercise of the warrants and keep such prospectus current until the expiration of the warrants. However, we cannot assure you that we will be able to do so and, if we do not maintain a current prospectus relating to the shares of common stock issuable upon exercise of the warrants, holders will be unable to exercise their warrants for cash and we will not be required to net cash settle or cash settle the warrant exercise.

Warrant holders may elect to be subject to a restriction on the exercise of their warrants such that an electing warrant holder would not be able to exercise their warrants to the extent that, after giving effect to such exercise, such holder would beneficially own in excess of 9.8% of the shares of common stock outstanding.

No fractional shares will be issued upon exercise of the warrants. If, by reason of any adjustment made pursuant to the warrant agreement, upon exercise of the warrants, a holder would be entitled to receive a fractional interest in a share, we will, upon exercise, round up to the nearest whole number the number of shares of common stock to be issued to the warrant holder.

#### ***Warrants contained in the Private Placement Units***

The warrants contained in the private placement units are not be transferable, assignable or salable until after the completion of our initial business combination (except, among other limited exceptions as described under "Principal Stockholders") and they are not be redeemable by us and may be exercised on a cashless basis so long as they are held by our sponsor or its permitted transferees. Otherwise, the warrants contained in the private placement units have terms and provisions that are identical to the public stockholder warrants. If the warrants contained in the private placement units are held by holders other than our sponsor or its permitted transferees, the warrants contained in the private placement units will be redeemable by us and exercisable by the holders on the same basis as the warrants included in the units being sold in our initial public offering.

If holders of the warrants elect to exercise them on a cashless basis, they would pay the exercise price by surrendering his, her or its warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the "fair market value" (defined below) by (y) the fair market value. The "fair market value" shall mean the average reported last sale price of the common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of warrant exercise is sent to the warrant agent. The reason that we have agreed that these warrants may be exercised on a cashless basis so long as they are held by our sponsor and permitted transferees is because it is not known at this time whether they will be affiliated with us following a business combination. If they remain affiliated with us, their ability to sell our securities in the open market will be significantly limited. We expect to have policies in place that prohibit insiders from selling our securities except during specific periods of time. Even during such periods of time when insiders will be permitted to sell our securities, an insider cannot trade in our securities if he or she is in possession of material non-public information. Accordingly, unlike public stockholders who could exercise their warrants and sell the shares of common stock received upon such exercise freely in the open market in order to recoup the cost of such exercise, the insiders could be significantly restricted from selling such securities. As a result, we believe that allowing the holders to exercise such warrants on a cashless basis is appropriate.

---

## **Dividends**

We have not paid any cash dividends on our shares of common stock to date and do not intend to pay cash dividends prior to the completion of a business combination. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of a business combination. The payment of any dividends subsequent to a business combination will be within the discretion of our then board of directors. It is the present intention of our board of directors to retain all earnings, if any, for use in our business operations and, accordingly, our board does not anticipate declaring any dividends in the foreseeable future.

## **Our Transfer Agent, Rights Agent and Warrant Agent**

The transfer agent for our securities, rights agent for our rights and warrant agent for our warrants is Continental Stock Transfer & Trust Company, One State Street Plaza, New York, New York 10004.

## **Listing of our Securities**

Our units, common stock, warrants and rights are each traded on the NASDAQ Capital Market under the symbols "BRPAU," "BRPA," "BRPAW" and "BRPAR," respectively. Our units commenced public trading on November 20, 2017, and our common stock, rights and warrants commenced public trading on December 1, 2017.

## **Certain Anti-Takeover Provisions of Delaware Law and our Amended and Restated Certificate of Incorporation and By-Laws**

### ***Staggered board of directors***

Our amended and restated certificate of incorporation provides that our board of directors will be classified into two classes of directors of approximately equal size. As a result, in most circumstances, a person can gain control of our board only by successfully engaging in a proxy contest at two or more annual meetings. Furthermore, because our board is classified, directors may be removed only with cause by a majority of our outstanding shares.

### ***Special meeting of stockholders***

Our bylaws provide that special meetings of our stockholders may be called only by a majority vote of our board of directors, by our Chief Executive Officer or by our Chairman.

### ***Advance notice requirements for stockholder proposals and director nominations***

Our bylaws provide that stockholders seeking to bring business before our annual meeting of stockholders, or to nominate candidates for election as directors at our annual meeting of stockholders, must provide timely notice of their intent in writing. To be timely, a stockholder's notice will need to be received by the company secretary at our principal executive offices not later than the close of business on the 90th day nor earlier than the open of business on the 120th day prior to the anniversary date of the immediately preceding annual meeting of stockholders. Pursuant to Rule 14a-8 of the Exchange Act, proposals seeking inclusion in our annual proxy statement must comply with the notice periods contained therein. Our bylaws also specify certain requirements as to the form and content of a stockholders' meeting. These provisions may preclude our stockholders from bringing matters before our annual meeting of stockholders or from making nominations for directors at our annual meeting of stockholders.

### ***Authorized but unissued shares***

Our authorized but unissued common stock and preferred stock are available for future issuances without stockholder approval and could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, acquisitions and employee benefit plans. The existence of authorized but unissued and unreserved common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

---

### ***Exclusive Forum Selection***

Our amended and restated certificate of incorporation requires, to the fullest extent permitted by law, that derivative actions brought in our name, actions against directors, officers and employees for breach of fiduciary duty and other similar actions may be brought only in the Court of Chancery in the State of Delaware and, if brought outside of Delaware, the stockholder bringing the suit will be deemed to have consented to service of process on such stockholder's counsel. Although we believe this provision benefits our company by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, the provision may have the effect of discouraging lawsuits against our directors and officers.

### ***Section 203 of the Delaware General Corporation Law***

We are subject to the provisions of Section 203 of the Delaware General Corporation Law regulating corporate takeovers. This statute prevents certain Delaware corporations, under certain circumstances, from engaging in a "business combination" with:

- a stockholder who owns 15% or more of our outstanding voting stock (otherwise known as an "interested stockholder");
  - an affiliate of an interested stockholder; or
  - an associate of an interested stockholder, for three years following the date that the stockholder became an interested stockholder.
- A "business combination" includes a merger or sale of more than 10% of our assets. However, the above provisions of Section 203 do not apply if:
- our board of directors approves the transaction that made the stockholder an "interested stockholder," prior to the date of the transaction;
  - after the completion of the transaction that resulted in the stockholder becoming an interested stockholder, that stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, other than statutorily excluded shares of common stock; or
  - on or subsequent to the date of the transaction, the business combination is approved by our board of directors and authorized at a meeting of our stockholders, and not by written consent, by an affirmative vote of at least two-thirds of the outstanding voting stock not owned by the interested stockholder.

### ***Limitation on Liability and Indemnification of Directors and Officers***

Our amended and restated certificate of incorporation provides that our directors and officers will be indemnified by us to the fullest extent authorized by Delaware law as it now exists or may in the future be amended. In addition, our amended and restated certificate of incorporation provides that our directors will not be personally liable for monetary damages to us for breaches of their fiduciary duty as directors, unless they violated their duty of loyalty to us or our stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived an improper personal benefit from their actions as directors.

Our bylaws also permit us to secure insurance on behalf of any officer, director or employee for any liability arising out of his or her actions, regardless of whether Delaware law would permit indemnification. We will purchase a policy of directors' and officers' liability insurance that insures our directors and officers against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify the directors and officers.

These provisions may discourage stockholders from bringing a lawsuit against our directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. Furthermore, a stockholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions. We believe that these provisions, the insurance and the indemnity agreements are necessary to attract and retain talented and experienced directors and officers.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

---

PROMISSORY NOTE

\$446,283.25

As of December 31, 2019

Big Rock Partners Acquisition Corp. ("Maker") promises to pay to the order of A/Z Property Partners, LLC or its successors or assigns ("Payee") the principal sum of four hundred and forty-six thousand, two hundred and eighty-three Dollars and twenty-five Cents (\$446,283.25) in lawful money of the United States of America, on the terms and conditions described below. This note replaces and supersedes the note as of Sept. 30, 2019

1. Principal. The principal balance of this Note shall be repayable on the consummation of the Maker's initial merger, capital stock exchange, asset acquisition or other similar business combination with one or more businesses or entities (a "Business Combination"). Payee understands that if a Business Combination is not consummated within the time period specified in the Maker's amended and restated certificate of incorporation, this Note will not be repaid and all amounts owed hereunder will be forgiven except to the extent that the Maker has funds available to it outside of its trust account established in connection with its initial public offering ("Trust Account") after paying all other fees and expenses of the Maker incurred prior to the date of such failure to so consummate a Business Combination which are due and payable.

2. Interest. No interest shall accrue on the unpaid principal balance of this Note.

3. Application of Payments. All payments shall be applied first to payment in full of any costs incurred in the collection of any sum due under this Note, including (without limitation) reasonable attorneys' fees, then to the payment in full of any late charges and finally to the reduction of the unpaid principal balance of this Note.

4. Events of Default. The following shall constitute Events of Default:

(a) Failure to Make Required Payments. Failure by Maker to pay the principal of this Note within five (5) business days following the date when due.

(b) Voluntary Bankruptcy, Etc. The commencement by Maker of a voluntary case under the Federal Bankruptcy Code, as now constituted or hereafter amended, or any other applicable federal or state bankruptcy, insolvency, reorganization, rehabilitation or other similar law, or the consent by it to the appointment of or taking possession by a receiver, liquidator, assignee, trustee, custodian, sequestrator (or other similar official) of Maker or for any substantial part of its property, or the making by it of any assignment for the benefit of creditors, or the failure of Maker generally to pay its debts as such debts become due, or the taking of corporate action by Maker in furtherance of any of the foregoing.

(c) Involuntary Bankruptcy, Etc. The entry of a decree or order for relief by a court having jurisdiction in the premises in respect of Maker in an involuntary case under the Federal Bankruptcy Code, as now or hereafter constituted, or any other applicable federal or state bankruptcy, insolvency or other similar law, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or similar official) of Maker or for any substantial part of its property, or ordering the winding-up or liquidation of its affairs, and the continuance of any such decree or order unstayed and in effect for a period of 60 consecutive days.

5. Remedies.

(a) Upon the occurrence of an Event of Default specified in Section 4(a), Payee may, by written notice to Maker, declare this Note to be due and payable, whereupon the principal amount of this Note, and all other amounts payable thereunder, shall become immediately due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby expressly waived, anything contained herein or in the documents evidencing the same to the contrary notwithstanding.

---

(b) Upon the occurrence of an Event of Default specified in Sections 4(b) and 4(c), the unpaid principal balance of, and all other sums payable with regard to, this Note shall automatically and immediately become due and payable, in all cases without any action on the part of Payee.

6. Waivers. Maker and all endorsers and guarantors of, and sureties for, this Note waive presentment for payment, demand, notice of dishonor, protest, and notice of protest with regard to the Note, all errors, defects and imperfections in any proceedings instituted by Payee under the terms of this Note, and all benefits that might accrue to Maker by virtue of any present or future laws exempting any property, real or personal, or any part of the proceeds arising from any sale of any such property, from attachment, levy or sale under execution, or providing for any stay of execution, exemption from civil process, or extension of time for payment; and Maker agrees that any real estate that may be levied upon pursuant to a judgment obtained by virtue hereof, on any writ of execution issued hereon, may be sold upon any such writ in whole or in part in any order desired by Payee.

7. Unconditional Liability. Maker hereby waives all notices in connection with the delivery, acceptance, performance, default, or enforcement of the payment of this Note, and agrees that its liability shall be unconditional, without regard to the liability of any other party, and shall not be affected in any manner by any indulgence, extension of time, renewal, waiver or modification granted or consented to by Payee, and consents to any and all extensions of time, renewals, waivers, or modifications that may be granted by Payee with respect to the payment or other provisions of this Note, and agrees that additional makers, endorsers, guarantors, or sureties may become parties hereto without notice to them or affecting their liability hereunder.

8. Notices. Any notice called for hereunder shall be deemed properly given if (i) sent by certified mail, return receipt requested, (ii) personally delivered, (iii) dispatched by any form of private or governmental express mail or delivery service providing receipted delivery, (iv) sent by telefacsimile or (v) sent by e-mail, to the following addresses or to such other address as either party may designate by notice in accordance with this Section:

If to Maker:

Big Rock Partners Acquisition Corp.

2645 N. Federal Highway  
Suite 230  
Delray Beach, Florida 33483

If to Payee:

Notice shall be deemed given on the earlier of (i) actual receipt by the receiving party, (ii) the date shown on a telefacsimile transmission confirmation, (iii) the date on which an e-mail transmission was received by the receiving party's on-line access provider (iv) the date reflected on a signed delivery receipt, or (vi) two (2) Business Days following tender of delivery or dispatch by express mail or delivery service.

9. Construction. This Note shall be construed and enforced in accordance with the domestic, internal law, but not the law of conflict of laws, of the State of New York.

10. Severability. Any provision contained in this Note which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

---

1 0. Trust Fund Waiver. Payee hereby waives any and all right, title, interest or claim of any kind in or to any distribution of the funds held in the Trust Account ("Claim") and agrees it will not seek recourse against the Trust Account for any reason whatsoever, except in the event Maker consummates a Business Combination.

IN WITNESS WHEREOF, Maker, intending to be legally bound hereby, has caused this Note to be duly executed the day and year first above written.

## CERTIFICATION

I, Richard Ackerman, certify that:

1. I have reviewed this Annual Report on Form 10-K of Big Rock Partners Acquisition Corp.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
