## FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q (this "Form 10-Q") contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and we intend that such forward looking statements be subject to the safe harbors created thereby. For this purpose, any statements contained in this Form 10-Q, except for historical information, may be deemed forward-looking statements. You can generally identify forward-looking statements as statements containing the words "will," "would," "believe," "expect," "estimate," "anticipate," "intend," "estimate," "assume," "can," "could," "plan," "predict," "should" or the negative or other variations thereof or comparable terminology are intended to identify forward-looking statements. In addition, any statements that refer to projections of our future financial performance, trends in our businesses, or other characterizations of future events or circumstances are forward-looking statements.

The forward-looking statements included herein are based on current expectations of our management based on available information and involve a number of risks and uncertainties, all of which are difficult or impossible to predict accurately and many of which are beyond our control. As such, our actual results could differ materially and adversely from those expressed in any forward-looking statements as a result of various factors, some of which are listed under the section "Risk Factors" in our most recent Annual Report on Form 10-K. Readers should carefully review these risks, as well as the additional risks described in other documents we file from time to time with the Securities and Exchange Commission. In light of the significant risks and uncertainties inherent in the forward-looking information included herein, the inclusion of such information should not be regarded as a representation by us or any other person that such results will be achieved, and readers are cautioned not to place undue reliance on such forward-looking information. Except as required by law, we undertake no obligation to revise the forward-looking statements contained herein to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**NOTE 1. DESCRIPTION OF BUSINESS**

TOMI Environmental Solutions, Inc. ("TOMI", the "Company", "we", "our" and "us") is a global provider of infection prevention and decontamination products and services, focused primarily on life sciences including healthcare, bio-safety, pharmaceutical, clean-room and research.

TOMI provides environmental solutions for indoor and outdoor surface decontamination through the sale of equipment, services and licensing of its SteraMist™ Binary Ionization Technology® ("BIT™"), which is a hydrogen peroxide-based mist and fog registered with the U.S. Environmental Protection Agency ("EPA"). TOMI's mission is to help its customers create a healthier world through its product line and its motto is "innovating for a safer world" for healthcare and life.

**NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Presentation***

The interim unaudited condensed consolidated financial statements included herein, presented in accordance with generally accepted accounting principles utilized in the United States of America ("GAAP"), and stated in U.S. dollars, have been prepared by the Company, without an audit, pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (the "SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading.

These financial statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of management, are necessary for fair presentation of the information contained therein. These unaudited condensed consolidated financial statements should be read in conjunction with the audited financial statements of the Company for the year ended December 31, 2016 and notes thereto which are included in the Annual Report on Form 10-K previously filed with the SEC on March 29, 2017. The Company follows the same accounting policies in the preparation of interim reports. The results of operations for the interim periods covered by this Form 10-Q may not necessarily be indicative of results of operations for the full fiscal year or any other interim period.

***Principles of Consolidation***

The accompanying condensed consolidated financial statements include the accounts of TOMI and its wholly-owned subsidiary, TOMI Environmental Solutions, Inc., a Nevada corporation. The Company's 55% owned subsidiary, TOMI Environmental-China, has been dormant since its formation in April 2011. All significant intercompany accounts and transactions have been eliminated in consolidation.

***Reclassification of Accounts***

Certain reclassifications have been made to prior-year comparative financial statements to conform to the current year presentation. These reclassifications had no effect on previously reported results of operations or financial position.

***Use of Estimates***

The preparation of condensed consolidated financial statements in conformity with U.S. GAAP requires us to make estimates and assumptions that affect the amounts reported and disclosed in the accompanying condensed consolidated financial statements and the accompanying notes. Actual results could differ materially from these estimates. On an ongoing basis, we evaluate our estimates, including those related to accounts receivable, inventory, fair values of financial instruments, intangible assets, useful lives of intangible assets and property and equipment, fair values of stock-based awards, income taxes, and contingent liabilities, among others. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable, the results of which form the basis for making judgments about the carrying values of our assets and liabilities.

## **Fair Value Measurements**

The authoritative guidance for fair value measurements defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or the most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Market participants are buyers and sellers in the principal market that are (i) independent, (ii) knowledgeable, (iii) able to transact, and (iv) willing to transact. The guidance describes a fair value hierarchy based on the levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value, which are the following:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or corroborated by observable market data or substantially the full term of the assets or liabilities.
- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the value of the assets or liabilities.

Our financial instruments include cash and equivalents, accounts receivable, accounts payable, accrued expenses and convertible debt. All these items were determined to be Level 1 fair value measurements.

The carrying amounts of cash and cash equivalents, accounts receivable, and accounts payable and accrued expenses approximated fair value because of the short maturity of these instruments. The recorded value of convertible debt approximates its fair value as the terms and rates approximate market rates (See Note 6).

## **Cash and Cash Equivalents**

For purposes of the statement of cash flows, cash and cash equivalents includes cash on hand held at financial institutions and other liquid investments with original maturities of three months or less. At times, these deposits may be in excess of insured limits.

## **Accounts Receivable**

Our accounts receivable are typically from credit worthy customers or, for certain international customers, are supported by pre-payments. For those customers to whom we extend credit, we perform periodic evaluations of them and maintain allowances for potential credit losses as deemed necessary. We have a policy of reserving for doubtful accounts based on our best estimate of the amount of potential credit losses in existing accounts receivable. We periodically review our accounts receivable to determine whether an allowance is necessary based on an analysis of past due accounts and other factors that may indicate that the realization of an account may be in doubt. Account balances deemed to be uncollectible are charged to the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. Bad debt expense for the three and six months ended June 30, 2017 was approximately \$60,000 and \$60,000, respectively. Bad debt expense for the three and six months ended June 30, 2016 was \$75,000 and \$105,000, respectively.

At June 30, 2017 and December 31, 2016, the allowance for doubtful accounts was \$350,000 and \$300,000, respectively.

As of June 30, 2017, one customer accounted for 11% of accounts receivable. Two customers accounted for 26% of net revenues for the three months ended June 30, 2017 and two customers accounted for 24% of net revenues for the six months ended June 30, 2017.

As of December 31, 2016, one customer accounted for 10% of accounts receivable. Three customers accounted for 32% of net revenues for the three months ended June 30, 2016 and two customers accounted for 31% of net revenues for the six months ended June 30, 2016.

## **Inventories**

Inventories are valued at the lower of cost or market using the first-in, first-out ("FIFO") method. Inventories consist primarily of finished goods and raw materials. At June 30, 2017 and December 31, 2016, we did not have a reserve for slow-moving or obsolete inventory.

### **Deposits on Merchandise**

Deposits on merchandise primarily consist of amounts paid in advance of the receipt of inventory ( see Note 10).

### **Property and Equipment**

We account for property and equipment at cost less accumulated depreciation. We compute depreciation using the straight-line method over the estimated useful lives of the assets, generally three to five years. Depreciation for equipment, furniture and fixtures and vehicles commences once placed in service for its intended use. Leasehold improvements are amortized using the straight-line method over the lives of the respective leases or service lives of the improvements, whichever is shorter.

### **Accounts Payable**

As of June 30, 2017 and December 31, 2016, two vendors accounted for approximately 61% and 49% of total accounts payable, respectively.

For the three and six months ended June 30, 2017, one vendor accounted for 70% and 68% of cost of goods sold, respectively. For the three and six months ended June 30, 2016, one vendor accounted for 84% and 80% of cost of goods sold, respectively.

### **Accrued Warranties**

Accrued warranties represent the estimated costs, if any, that will be incurred during the warranty period of our products. We make an estimate of expected costs that will be incurred by us during the warranty period and charge that expense to the consolidated statement of operations at the date of sale. Our manufacturer assumes warranty against product defects for one year, which we extend to our customers upon sale of the product. We assume responsibility for product reliability and results. As of June 30, 2017 and December 31, 2016, the Company did not establish a warranty reserve.

### **Income Taxes**

Deferred income tax assets and liabilities are determined based on differences between the financial statement reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws in effect when the differences are expected to reverse. The measurement of deferred income tax assets is reduced, if necessary, by a valuation allowance for any tax benefits, which are, on a more likely than not basis, not expected to be realized in accordance with ASC guidance for income taxes. Net deferred tax benefits have been fully reserved at June 30, 2017 and December 31, 2016. The effect on deferred income tax assets and liabilities of a change in tax rates is recognized in the period that such tax rate changes are enacted.

### **Loss Per Share**

Basic loss per share is computed by dividing the Company's net loss by the weighted average number of shares of common stock outstanding during the period presented. Diluted loss per share is based on the treasury stock method and includes the effect from potential issuance of shares of common stock, such as shares issuable pursuant to the exercise of options and warrants and conversions of preferred stock or debentures.

Potentially dilutive securities as of June 30, 2017 consisted of 11,111,100 shares of common stock from convertible debentures, 38,091,411 shares of common stock issuable upon exercise of outstanding warrants, 200,000 shares of common stock issuable upon outstanding options and 510,000 shares of common stock issuable upon conversion of outstanding shares of Preferred A stock ("Convertible Series A Preferred Stock"). Diluted and basic weighted average shares are the same, as potentially dilutive shares are anti-dilutive.

Potentially dilutive securities as of June 30, 2016, consisted of 36,576,413 shares of common stock from outstanding warrants, 200,000 shares of common stock from options and 510,000 shares of common stock from Convertible Series A Preferred Stock. Diluted and basic weighted average shares are the same, as potentially dilutive shares are anti-dilutive.

Basic loss per share is computed by dividing net loss attributable to common shareholders by the weighted average number of common shares assumed to be outstanding during the period of computation. Diluted loss per share is computed similarly to basic loss per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential shares had been issued and if the additional common shares were dilutive. Options, warrants, preferred stock and shares associated with the conversion of debt to purchase approximately 49.9 million and 37.2 shares of common stock were outstanding at June 30, 2017 and 2016, respectively, but were excluded from the computation of diluted loss per share due to the anti-dilutive effect on net loss per share.

### **Revenue Recognition**

Revenue is recognized when: (1) persuasive evidence of an arrangement exists; (2) service has been rendered or delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectability is reasonably assured. Determination of criteria (3) and (4) are based on management's judgment regarding the fixed nature of the selling prices of the services rendered or products delivered and the collectability of those amounts. Provisions for discounts to customers, and allowance, and other adjustments will be provided for in the same period the related sales are recorded.

### **Stock-Based Compensation**

We account for stock-based compensation in accordance with Financial Accounting Standards Board ("FASB"), ASC 718, "Compensation—Stock Compensation." Under the provisions of FASB ASC 718, stock-based compensation cost is estimated at the grant date based on the award's fair value and is recognized as expense over the requisite service period.

On January 29, 2016, our board of directors adopted the 2016 Equity Compensation Plan (the "2016 Plan"), subject to approval by our shareholders. The 2016 Plan authorizes the grant of stock options, stock appreciation rights, restricted stock, restricted stock units and performance units/shares. Up to 5,000,000 shares of common stock are authorized for issuance under the 2016 Plan. Shares issued under the 2016 Plan may be either authorized but unissued shares, treasury shares, or any combination thereof. Provisions in the 2016 Plan permit the reuse or reissuance by the 2016 Plan of shares of common stock for numerous reasons, including, but not limited to, shares of common stock underlying canceled, expired, or forfeited awards of stock-based compensation and stock appreciation rights paid out in the form of cash. Stock-based compensation will typically be awarded in consideration for the future performance of services to us. All recipients of awards under the 2016 Plan are required to enter into award agreements with the Company at the time of the award; awards under the 2016 Plan are expressly conditioned upon such agreements. For the year ended December 31, 2016, the Company issued options to purchase 100,000 shares of common stock out of the 2016 Plan. On July 7, 2017, our shareholders approved the 2016 Plan at our 2017 Annual Meeting of Shareholders (See Note 13).

### **Concentrations of Credit Risk**

Financial instruments that potentially subject us to significant concentrations of credit risk consist principally of cash and cash equivalents. We maintain cash balances at financial institutions which exceed the current Federal Deposit Insurance Corporation limit of \$250,000 at times during the year.

### **Long-Lived Assets Including Acquired Intangible Assets**

We assess long-lived assets for potential impairments at the end of each year, or during the year if an event or other circumstance indicates that we may not be able to recover the carrying amount of the asset. In evaluating long-lived assets for impairment, we measure recoverability of these assets by comparing the carrying amounts to the future undiscounted cash flows the assets are expected to generate. If our long-lived assets are considered to be impaired, the impairment to be recognized equals the amount by which the carrying value of the asset exceeds its fair market value. We base the calculations of the estimated fair value of our long-lived assets on the income approach. For the income approach, we use an internally developed discounted cash flow model that includes, among others, the following assumptions: projections of revenues and expenses and related cash flows based on assumed long-term growth rates and demand trends; expected future investments to grow new units; and estimated discount rates. We base these assumptions on our historical data and experience, industry projections, micro and macro general economic condition projections, and our expectations. We had no long-lived asset impairment charges for the three and six months ended June 30, 2017 and 2016.

### **Advertising and Promotional Expenses**

We expense advertising costs in the period in which they are incurred. Advertising and promotional expenses for the three and six months ended June 30, 2017, were approximately \$19,000 and \$28,000, respectively. Advertising and promotional expenses for the three and six months ended June 30, 2016, were approximately \$46,000 and \$87,000, respectively.

### **Research and Development Expenses**

We expense research and development expenses in the period in which they are incurred. For the three and six months ended June 30, 2017, research and development expenses were approximately \$18,000 and \$49,000, respectively. For the three and six months ended June 30, 2016, research and development expenses were approximately \$19,000 and \$27,000, respectively.

### **Shipping and Handling Costs**

We include shipping and handling costs relating to the delivery of products directly from vendors to the Company in cost of sales. Other shipping and handling costs, including third-party delivery costs relating to the delivery of products to customers, are classified as a general and administrative expense. Shipping and handling costs included in general and administrative expense were approximately \$32,000 and \$53,000 for the three and six months ended June 30, 2017, respectively. Shipping and handling costs included in general and administrative expense were approximately \$41,000 and \$72,000 for the three and six months ended June 30, 2016, respectively.

### **Business Segments**

We currently have one reportable business segment due to the fact that we derive our revenue primarily from one product. A breakdown of revenue is shown below:

### Recent Accounting Pronouncements

In May 2014, the FASB issued Accounting Standards Update No. 2014-09 (ASU 2014-09) "Revenue from Contracts with Customers (Topic 606)." ASU 2014-09 supersedes the revenue recognition requirements in "Revenue Recognition (Topic 605)", and requires entities to recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. ASU 2014-09 is effective for annual reporting periods beginning after December 15, 2016, including interim periods within that reporting period.

In February 2016, the FASB issued Accounting Standards Update No. 2016-02 (ASU 2016-02) "Leases (Topic 842)." ASU 2016-02 provides new lease accounting guidance. ASU 2016-02 is effective for annual reporting periods beginning after December 15, 2018, including interim periods within that reporting period. Early adoption is permitted. We are currently in the process of evaluating the impact of the adoption of ASU 2016-02 on our consolidated financial statements.

In March 2016, the FASB issued Accounting Standards Update No. 2016-09 (ASU 2016-09) "Compensation – Stock Compensation (Topic 718)." ASU 2016-09 provides improvements to employee share-based payment accounting. ASU 2016-09 is effective for annual reporting periods beginning after December 15, 2016, including interim periods within that reporting period.

In January 2017, the FASB issued ASU No. 2017-04, *Simplifying the Test for Goodwill Impairment*, to simplify the test for goodwill impairment by removing Step 2. An entity will, therefore, perform the goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount, recognizing an impairment charge for the amount by which the carrying amount exceeds the fair value, not to exceed the total amount of goodwill allocated to the reporting unit. An entity still has the option to perform a qualitative assessment to determine if the quantitative impairment test is necessary. The ASU is effective for interim and annual periods beginning after December 15, 2019, with early adoption permitted for interim or annual goodwill impairment tests performed on testing dates after January 1, 2017. Adoption of the ASU is prospective. We have not yet selected an adoption date, and the ASU will have a currently undetermined impact on the consolidated financial statements.

In May 2017, the FASB issued ASU No. 2017-09, *Scope Of Modification Accounting*, to provide guidance on which changes to the terms or conditions of a share-based payment award require an entity to apply modification accounting. The ASU is effective for interim and annual periods beginning after December 15, 2017, with early adoption permitted. Adoption of the ASU is prospective. We are currently obtaining an understanding of the ASU and plan to adopt the ASU on January 1, 2018.

## NOTE 6. CONVERTIBLE DEBT

In March and May 2017, the Company closed a private placement transaction in which it issued to certain accredited investors unregistered senior callable convertible promissory notes (the "Notes") and three-year warrants to purchase an aggregate of 999,998 shares of common stock at an exercise price of \$0.69 per share in exchange for aggregate gross proceeds of \$6,000,000. The Notes bear interest at a rate of 4% per annum. \$5,300,000 in principal matures on August 31, 2018 and \$700,000 in principal matures on November 8, 2018, unless earlier redeemed, repurchased or converted. The Notes are convertible at the option of the holder into common stock at a conversion price of \$0.54 per share. For the notes amounting \$5,300,000 in principal, subsequent to September 1, 2017, we may redeem the Notes at any time prior to maturity at a price equal to 100% of the outstanding principal amount of the Notes to be redeemed, plus accrued and unpaid interest as of the redemption date. For the notes amounting \$700,000 in principal, before November 8, 2018, we may redeem the Notes at any time prior to maturity at a price equal to 100% of the outstanding principal amount of the Notes to be redeemed, plus accrued and unpaid interest as of the redemption date. Interest on the Notes is payable semi-annually in cash on February 28 and August 31 of each year, beginning on August 31, 2017. Interest expense related to the Notes for the three and six months ended June 30, 2017 was \$57,123 and \$71,256, respectively.

The warrants were valued at \$62,559 using the Black-Scholes pricing model with the following assumptions: expected volatility: 104.06% -111.54%; expected dividend: \$0; expected term: 3 years; and risk free rate: 1.49% - 1.59%. The estimated fair value of the warrants was calculated using the Black-Scholes valuation model. The Company recorded the warrants' relative fair value of \$61,904 as an increase to additional paid-in capital and a discount against the related debt.

The debt discount is being amortized over the life of the Notes using the effective interest method. Amortization expense for the three and six months ended June 30, 2017 was \$757 and \$894, respectively.

Convertible notes consist of the following at June 30, 2017:

	June 30, 2017 (Unaudited)
Convertible notes	\$ 6,000,000
Initial discount	(61,904)
Accumulated amortization	894
Convertible notes, net	<u>\$ 5,938,990</u>

## NOTE 7. SHAREHOLDERS' EQUITY

Our board of directors may, without further action by our shareholders, from time to time, direct the issuance of any authorized but unissued or unreserved shares of preferred stock in series and at the time of issuance, determine the rights, preferences and limitations of each series. The holders of such preferred stock may be entitled to receive a preference payment in the event of any liquidation, dissolution or winding-up of the Company before any payment is made to the holders of our common stock. Furthermore, the board of directors could issue preferred stock with voting and other rights that could adversely affect the voting power of the holders of our common stock.

### *Convertible Series A Preferred Stock*

Our authorized Convertible Series A Preferred Stock, \$0.01 par value, consists of 1,000,000 shares. At June 30, 2017 and December 31, 2016, there were 510,000 shares issued and outstanding, respectively. The Convertible Series A Preferred Stock is convertible at the rate of one share of common stock for one share of Convertible Series A Preferred Stock.

### *Convertible Series B Preferred Stock*

Our authorized Convertible Series B Preferred Stock, \$1,000 stated value, 7.5% Cumulative dividend, consists of 4,000 shares. At June 30, 2017 and December 31, 2016, there were no shares issued and outstanding, respectively.

### *Common Stock*

During the six months ended June 30, 2016, the Company issued 425,416 shares of common stock valued at \$221,694 for professional services rendered.

During the six months ended June 30, 2017, the Company issued 218,824 shares of common stock valued at \$35,000 for professional services rendered, of which 200,000 shares were valued at \$32,000, and issued to our board of directors (See Note 10).

### *Stock Options*

In February 2016, we issued options to purchase 100,000 shares of common stock to four directors, valued at \$54,980 in total. The options have an exercise price of \$0.55 per share and expire in February 2026. The options were valued using the Black-Scholes model using the following assumptions: volatility: 224%; dividend yield: 0%; zero coupon rate: 1.47%; and a life of 10 years.

The following table summarizes stock options outstanding as of June 30, 2017 and December 31, 2016:

### Stock Warrants

For the six months ended June 30, 2016, we recognized total equity based compensation of approximately \$267,000 on warrants issued to the CEO in connection with his current and previous employment agreements. For the six months ended June 30, 2016, we recognized \$39,000 in stock compensation expense for the warrants issued to the CEO in February 2014 that vested in February 2016. In addition, on March 31, 2016, we issued a warrant to purchase up to 250,000 shares of common stock to the CEO at an exercise price of \$0.50 per share with a term of five years, which vested upon issuance. We utilized the Black-Scholes method to fair value the warrants to purchase up to 250,000 shares of common stock received by the CEO totaling approximately \$129,000 with the following assumptions: volatility, 162%; expected dividend yield, 0%; risk free interest rate, 1.47%; and a life of 5 years. The grant date fair value of each share underlying the warrant was \$0.51. On June 30, 2016, we issued a warrant to purchase up to 250,000 shares of common stock at an exercise price of \$0.42 per share to the CEO with a term of five years, which vested upon issuance. We utilized the Black-Scholes method to fair value the warrant at approximately \$99,000 with the following assumptions: volatility, 157%; expected dividend yield, 0%; risk free interest rate, 1.17%; and a life of 5 years. The grant date fair value of each share underlying the warrant was \$0.40.

For the six months ended June 30, 2016, we recognized total equity based compensation of approximately \$65,000 on warrants issued to the CFO in connection with his current and previous employment agreements. For the six months ended June 30, 2016, we recognized \$14,000 in stock compensation expense for the accrued but not vested portion of the warrants issued to the CFO under his previous agreement with the Company. In addition, on January 26, 2016, we issued a warrant to purchase up to 100,000 shares of common stock at an exercise price of \$0.55 per share to the CFO with a term of five years, which vested upon issuance. We utilized the Black-Scholes method to fair value the warrant at approximately \$51,000 with the following assumptions: volatility, 164%; expected dividend yield, 0%; risk free interest rate, 1.47%; and a life of 5 years. The grant date fair value of each share underlying the warrant was \$0.51.

For the six months ended June 30, 2016, we recognized equity compensation expense of approximately \$69,000 related to the vested and accrual of an unvested warrant contracted to an employee pursuant to his employment agreement that were issued in April 2016. We utilized the Black-Scholes method to fair value the warrant to purchase 300,000 shares of common stock received by the employee with the following assumptions: volatility, 159%; expected dividend yield, 0%; risk free interest rate, 1.47%; and a life of 5 years. The grant date fair value of each share underlying the warrant was \$0.46.

On June 30, 2017, we issued warrants to purchase up to 15,000 shares of common stock at an exercise price of \$0.10 per share to the members of the Scientific Advisory Board with a term of five years, which vested upon issuance. The Company utilized the Black-Scholes method to fair value the warrants received by the members of the Scientific Advisory Board at \$1,400 with the following assumptions: volatility, 150%; expected dividend yield, 0%; risk free interest rate, 1.83%; and a life of 5 years. The grant date fair value of each share underlying the warrant was \$0.09.

For the three and six months ended June 30, 2017, we recognized approximately \$12,000 and \$24,000 in equity compensation expense for the accrued but unvested portion of the warrants issued to an employee pursuant to his agreement with the Company.

In June 2017, we modified the terms of 4,000,000 outstanding warrants. Pursuant to a settlement agreement, the term of the warrants was increased by 2 years and the exercise price was modified to \$0.12 per share (decrease of \$0.03 per share). Pursuant to ASC 718, the modified terms of the warrants resulted in approximately \$196,000 in incremental equity compensation expense for the six months ended June 30, 2017. We utilized the Black-Scholes method to fair value the warrants under the original and modified terms with the following range of assumptions: volatility, 81%-97%; expected dividend yield, 0%; risk free interest rate, 1.28%; and a life of 0.33 - 2.33 years, respectively. The grant date fair value of each share underlying the warrant was \$0.01 and \$0.06, respectively.

As of June 30, 2017, the Company accrued for and expensed approximately \$23,000 in equity compensation expense in connection with the issuance of a warrant to purchase 250,000 shares of common stock at an exercise price of \$0.10 per share, which it issued to the CEO in connection with his employment agreement. The warrant has a term of 5 years. We utilized the Black-Scholes method to fair value the warrant received by the CEO with the following assumptions: volatility, 153%; expected dividend yield, 0%; risk free interest rate, 1.90%; and a life of 5 years. The grant date fair value of each share underlying the warrant was \$0.09. The warrants were issued in July 2017.

In March and May of 2017, in connection with the issuance of the Notes, we issued three-year warrants to purchase up to an aggregate of 999,998 shares of common stock at an exercise price of \$0.69 per share (see Note 6).

The following table summarizes the outstanding common stock warrants as of June 30, 2017 and December 31, 2016:

#### **NOTE 8. RELATED PARTY TRANSACTIONS**

For each of the three and six months ended June 30, 2017 and 2016, we incurred fees for legal services rendered by Harold Paul in the amount of \$15,000 and \$30,000, respectively. Mr. Paul is also a director of the Company.

In January 2016, we entered into a distributor agreement with TOMI Asia to facilitate growth in Asia. Wee Ah Kee, one of our significant shareholders, is the Chief Executive Officer of TOMI Asia. We amended the distributor agreement in August 2016, at which time TOMI Asia changed its name to SteraMist Asia. The initial term of our new agreement is three years and the agreement sets revenue targets of \$5.5 million, \$8.5 million and \$12 million of our products during 2016, 2017 and 2018, respectively. Our new agreement includes mainland China and Indochina and excludes South Korea, Japan, Australia and New Zealand. Approximately \$6,000 and \$7,000 in sales were made under the distributor agreement for the three and six months ended June 30, 2017 respectfully. No sales were made under the distributor agreement for the three and six months ended June 30, 2016.

#### **NOTE 9. COMMITMENTS AND CONTINGENCIES**

##### ***Lease Commitments***

In September 2014, we entered into a lease agreement for office and warehouse space in Frederick, Maryland. As part of the lease agreement, we received a rent holiday in the first 5 months of the lease. The lease also provides for an escalation clause pursuant to which the Company will be subject to an annual rent increase of 3%, year over year. The lease expires on January 31, 2018. The Company accounts for the lease using the straight line method and recorded \$11,427 and \$22,854 in rent expense for the three and six months ended June 30, 2017 and 2016, respectively. Approximate minimum annual rents under the lease are as follows:

Period Ending January 31,	<u>Amount</u>
2018	\$ 31,000
	<u>\$ 31,000</u>

##### ***Legal Contingencies***

We may become a party to litigation in the normal course of business. In the opinion of management, there are no legal matters involving us that would have a material adverse effect upon our financial condition, results of operations or cash flows. In addition, from time to time, we may have to file claims against parties that infringe on our intellectual property.

##### ***Product Liability***

As of June 30, 2017 and December 31, 2016, there were no claims against us for product liability.

#### **NOTE 10. CONTRACTS AND AGREEMENTS**

##### ***Manufacturing Agreement***

In November 2016, we entered into a new manufacturing and development agreement with RG Group Inc. The agreement does not provide for any minimum purchase commitments and is for a term of two years with provisions to extend. The agreement also provides for a warranty against product defects for one year.

As of June 30, 2017 and December 31, 2016, balances due to RG Group, Inc. accounted for approximately 0.5% and 31% of total accounts payable, respectively. At June 30, 2017 and December 31, 2016, we maintained required deposits with RG Group, Inc. in the amounts of \$79,119 and \$147,010, respectively. For the three and six months ended June 30, 2017, RG Group, Inc. accounted for 70% and 68% of cost of goods sold, respectively. For the three and six months ended June 30, 2016, RG Group, Inc. accounted for 84% and 80% of cost of goods sold, respectively.

#### **Agreements with Directors**

In March 2017, we increased the annual board fee to directors to \$30,000, to be paid on a quarterly basis, with the exception of the audit committee chairperson, whose annual fee we increased to \$35,000, also to be paid on a quarterly basis. In addition, we issued to each of our four board members 50,000 shares of common stock in April 2017. The 200,000 shares of common stock were valued at \$32,000 for the six months ended June 30, 2017.

#### **Other Agreements**

In June 2015, we launched the TOMI Service Network ("TSN"). The TSN is a national service network composed of existing full service restoration industry specialists that have entered into licensing agreements with us to become Primary Service Providers ("PSP's"). The licensing agreements grant protected territories to PSP's to perform services using our SteraMist™ platform of products and also provide for potential job referrals to PSP's whereby we are entitled to referral fees. Additionally, the agreement provides for commissions due to PSP's for equipment and solution sales they facilitate to other service providers in their respective territories. As part of these agreements, we are obligated to provide to the PSP's various training, ongoing support and facilitate a referral network call center. As of June 30, 2017, we had entered into 64 licensing agreements in connection with the launch of the TSN. The licensing agreements contain fixed price minimum equipment and solution orders based on the population of the territories granted pursuant to the licensing agreements.

In May 2017, we entered into an agreement with 41 North International LLC to provide consulting services in the areas of sales management and business development. The term of the agreement is for 6 months and provides for automatic monthly renewals. Either party can terminate the agreement after 6 months with 30 days written notice. The agreement provides for a \$20,000 monthly fee as an advance against commissions (See Note 13).

#### **NOTE 11. ACCRUED EXPENSES AND OTHER CURRENT LIABILITIES**

Accrued expenses and other current liabilities consisted of the following at:

	June 30, 2017 (unaudited)	December 31, 2016
Commissions	\$ 139,128	\$ 172,735
Payroll and related costs	57,188	40,264
Director fees	23,750	19,000
Other accrued expenses	65,433	46,414
<b>Total</b>	<b>\$ 285,499</b>	<b>\$ 278,413</b>

#### **NOTE 12. CUSTOMER CONCENTRATION**

The Company had certain customers whose revenue individually represented 10% or more of the Company's total revenue, or whose accounts receivable balances individually represented 10% or more of the Company's accounts receivable.

Two customers accounted for 26% of net revenues for the three months ended June 30, 2017 and two customers accounted for 24% of net revenues for the six months ended June 30, 2017. Three customers accounted for 32% of net revenues for the three months ended June 30, 2016 and two customers accounted for 31% of net revenues for the six months ended June 30, 2016.

At June 30, 2017 and December 31, 2016, one customer accounted for 11% and 10% of accounts receivable, respectively.

**NOTE 13. SUBSEQUENT EVENTS**

The Company has evaluated subsequent events through the date the financial statements were issued and up to the time of filing of the financial statements with the SEC.

In July of 2017, we settled our litigation with Astro Pak Corporation (“Astro Pak”) relating to our patents and intellectual property rights. Astro Pak has agreed that we are the sole owner of ionized hydrogen peroxide decontamination and sterilization technology, patents, and products, which we market under the brands Binary Ionization Technology® (BIT™) and SteraMist™. We sued Astro Pak and its wholly owned subsidiary SixLog Corporation (“SixLog”) in California federal court for infringing our United States Patent Nos. 6,969,487 and 7,008,592 and violating our intellectual property rights by, among other things, indicating that our technology and patents were proprietary to SixLog and marketing our patented equipment with SixLog labels. Astro Pak and SixLog agreed to cease this conduct and pay us a cash settlement. Astro Pak also agreed to assign its iHP mark to us, complementing our existing trademark and trade name protection. Finally, Astro Pak and SixLog agreed to remove from the web or take steps to remove any assertions or suggestions that they own or developed ionized hydrogen peroxide technology or patents, or that they provide any ionized hydrogen peroxide products or services.

At our 2017 Annual Meeting of Shareholders, our shareholders elected Mr. Ronald E. Ainsworth to our board of directors, to serve as a Class I director. The term of his service as director commenced on July 7, 2017 and will expire at our 2018 Annual Meeting of Shareholders, unless Mr. Ainsworth sooner resigns or is removed. The agreement between the Company and Mr. Ainsworth provides for an annual fee in the amount of \$30,000 paid on a quarterly basis and the grant of 50,000 shares of our common stock. Mr. Ainsworth is a principal in 41 North International, LLC (See Note 10).

In August 2017, 975,000 warrants were exercised which resulted in gross proceeds of \$48,750.

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

*You should read the following discussion of our financial condition and results of operations in conjunction with the condensed consolidated financial statements and the related notes included elsewhere in this Form 10-Q and with our audited consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2016, as filed with the SEC. In addition to our historical condensed consolidated financial information, the following discussion contains forward-looking statements that reflect our plans, estimates, and beliefs. Our actual results could differ materially from those discussed in the forward-looking statements. Factors that could cause or contribute to these differences include those discussed below and elsewhere in this Form 10-Q, particularly in Part II, Item 1A, "Risk Factors."*

### Overview

We are a global provider of infection prevention and decontamination products and services, focused primarily on life sciences, including healthcare, biosafety, pharmaceutical, clean-room and research. We provide environmental solutions for indoor and outdoor surface decontamination through the sale of equipment, services and licensing of our SteraMist™ BIT™, which is a hydrogen peroxide-based mist and fog registered with the U.S. Environmental Protection Agency ("EPA"). Our mission is to help our customers create a healthier world through our product line and our motto is "innovating for a safer world" for healthcare and life. Introduced commercially in June 2013, our current suite of products incorporates our BIT™ Solution and applicators, including the SteraMist™ Surface Unit and the SteraMist™ Environment System. We have expanded our SteraMist™ BIT™ Technology beyond chemical and biological warfare applications to the deactivation of problem microorganisms (including spores) in a wide variety of commercial settings. SteraMist™ BIT™ provides fast-acting biological deactivation and works in hard-to-reach areas, while leaving no residue or noxious fumes.

We currently target domestic and international markets for the control of microorganisms and the decontamination of large and small indoor space for biological pathogens and chemical agents including infectious diseases in hospital, bio-secure labs, pharmaceutical, biodefense, biosafety including isolation and transfer chambers, tissue banks, food safety and many other commercial and residential settings.

Under the Federal Insecticide, Fungicide, and Rodenticide Act, we are required to register with the EPA and certain state regulatory authorities as a seller of pesticides. In June 2015, SteraMist™ BIT™ was registered with the EPA as a hospital-healthcare disinfectant for use as a misting/fogging agent. SteraMist™ BIT™ holds EPA registrations both as a hospital-healthcare and general disinfectant (EPA Registration 90150-2) and for mold control and air and surface remediation (EPA Registration 90150-1). In February 2016, we expanded our label with the EPA to include the bacterias *C. diff* and MRSA, as well as the virus h1n1, which has better positioned us to penetrate the hospital-healthcare and other industries. In August 2017, our EPA label was further expanded to include efficacy against Salmonella and Norovirus. We currently have our EPA-registered label in all 50 states with the addition of California and New York in July and October 2016, respectively.

SteraMist™ is easily incorporated into current cleaning procedures; is economical, non-corrosive and easy to apply; leaves no residues; and requires no wiping. All our SteraMist™ products are fully validated to comply with good manufacturing practice standard, have received Conformité Européene (CE) marks in the European Economic Area and are approved by Underwriters Laboratory. Our solution is manufactured at an EPA-registered solution blender and our product performance is supported by good laboratory practice efficacy data for *Staphylococcus aureus*, *Pseudomonas aeruginosa*, mold spores, MRSA, h1n1, *Geobacillus stearothermophilus* and *C. diff* spores. As of January 27, 2017, our BIT™ solution and BIT™ technology is one of 33 of the EPA's "Registered Antimicrobial Products Effective against *Clostridium difficile* Spores", as published on the EPA's K List.

In March and May 2017, we raised through a private placement transaction gross proceeds of \$6,000,000. We issued senior callable convertible promissory notes ("the Notes") maturing on August 31, 2018 and November 8, 2018, unless earlier redeemed, repurchased or converted. The Notes are convertible at any time by the holder into common stock at a conversion price of \$0.54 per share. For the notes amounting \$5,300,000 in principal, subsequent to September 1, 2017, we may redeem the Notes at any time prior to maturity at a price equal to 100% of the outstanding principal amount of the Notes to be redeemed, plus accrued and unpaid interest as of the redemption date. For the notes amounting \$700,000 in principal, before November 8, 2018, we may redeem the Notes at any time prior to maturity at a price equal to 100% of the outstanding principal amount of the Notes to be redeemed, plus accrued and unpaid interest as of the redemption date. Interest on the Notes is payable semi-annually in cash on February 28 and August 31 of each year, beginning on August 31, 2017, at a rate of 4 percent per annum. In addition, we issued three-year warrants to purchase up to an aggregate of 999,998 shares of common stock at an exercise price of \$0.69 per share. The proceeds from the private placement will be used for research and development, international product registration, expansion of our internal sales force, marketing, public relations, expansions of our EPA label and for working capital and general corporate purposes.

In February 2017, we established a Scientific Advisory Board comprised of three experts in intellectual property, biosafety and infection prevention. The Scientific Advisory Board will assist management in developing strategies, scientific research and development and monitoring technological and regulatory trends.

During 2017 we have continued to build brand awareness through marketing and advertising initiatives as well as the overall performance of our product. In July 2017, one of our custom built in systems that was designed and installed into a vivarium facility was featured in a publication, *ALNmag*.

In July 2017, we settled our litigation with Astro Pak Corporation ("Astro Pak") relating to our patents and intellectual property rights. Astro Pak has agreed that we are the sole owner of ionized hydrogen peroxide decontamination and sterilization technology, patents, and products, which we market under the brands Binary Ionization Technology® (BIT™) and SteraMist™. We sued Astro Pak and its wholly owned subsidiary SixLog Corporation ("SixLog") in California federal court for infringing our United States Patent Nos. 6,969,487 and 7,008,592 and violating our intellectual property rights by, among other things, indicating that our technology and patents were proprietary to SixLog and marketing our patented equipment with SixLog labels. Astro Pak and SixLog agreed to cease this conduct and pay us a cash settlement. Astro Pak also agreed to assign its iHP mark to us, complementing our existing trademark and trade name protection. Finally, Astro Pak and SixLog agreed to remove from the web or take steps to remove any assertions or suggestions that they own or developed ionized hydrogen peroxide technology or patents, or that they provide any ionized hydrogen peroxide products or services.

Domestically, our revenue for the three and six months ended June 30, 2017 was \$1,002,000 and \$1,831,000, respectively. We performed various high level decontamination engagements in 6 global pharmaceutical facilities during the six months ended June 30 2017, which contributed to the growth in revenue in the life science market during 2017. We anticipate continued growth in the life science market as we further expand our dedicated sales force in the sector and as a result of the settlement with Astro Pak. In addition, we expanded our customer base in the hospital-healthcare domestic and TOMI Service Network ("TSN") markets.

Internationally, our revenue for the three and six months ended June 30, 2017 was \$378,000 and \$648,000, respectively. We continued to sell SteraMist™ equipment and solution into Europe while furthering our product registrations of our SteraMist™ BIT™ technology in 10 key countries throughout the European region. In addition, we continued our growth into international markets during the second quarter by entering into distributor and sales rep agreements in Chile, Brazil and Portugal.

Our sales results for the six months ended June 30, 2016 included revenue from our exclusive distributor of approximately \$650,000 based on the contractual minimum purchase requirements. During the first six months of 2017, our exclusive distributor failed to place an order for their annual minimum purchase commitment which contributed to the decline in revenue for 2017 compared to 2016. As a result of the distributor's failure to meet their contractual minimum purchase requirement, the distributor lost its exclusivity.

### ***Critical Accounting Policies and Estimates***

Our discussion and analysis of our financial condition and results of operations is based upon our condensed consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. The estimation process requires assumptions to be made about future events and conditions, and as such, is inherently subjective and uncertain. Actual results could differ materially from our estimates.

The SEC defines critical accounting policies as those that are, in management's view, most important to the portrayal of our financial condition and results of operations and most demanding of our judgment. We consider the following policies to be critical to an understanding of our condensed consolidated financial statements and the uncertainties associated with the complex judgments made by us that could impact our results of operations, financial position and cash flows.

#### ***Revenue Recognition***

Revenue is recognized when: (1) persuasive evidence of an arrangement exists; (2) service has been rendered or delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectability is reasonably assured. Determination of criteria (3) and (4) is based on management's judgment regarding the fixed nature of the selling prices of the services rendered or products delivered and the collectability of those amounts. Provisions for discounts to customers, and allowance, and other adjustments will be provided for in the same period the related sales are recorded.

## *Fair Value Measurement*

The authoritative guidance for fair value measurements defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or the most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Market participants are buyers and sellers in the principal market that are (i) independent, (ii) knowledgeable, (iii) able to transact and (iv) willing to transact. The guidance describes a fair value hierarchy based on the levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value, which are the following:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or corroborated by observable market data or substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the value of the assets or liabilities.

Our financial instruments include cash and equivalents, accounts receivable, accounts payable, accrued expenses and convertible debt. All these items were determined to be Level 1 fair value measurements.

The carrying amounts of cash and equivalents, accounts receivable, accounts payable and accrued expenses approximated fair value because of the short maturity of these instruments. The recorded value of convertible debt approximates its fair value as the terms and rates approximate market rates

### *Cash and Cash Equivalents*

For purposes of the statement of cash flows, cash and cash equivalents includes cash on hand held at financial institutions and other liquid investments with original maturities of three months or less. At times, these deposits may be in excess of insured limits.

### *Accounts Receivable*

Our accounts receivable are typically from credit worthy customers or, for certain international customers, are supported by pre-payments. For those customers to whom we extend credit, we perform periodic evaluations of them and maintain allowances for potential credit losses as deemed necessary. We have a policy of reserving for doubtful accounts based on our best estimate of the amount of potential credit losses in existing accounts receivable. We periodically review our accounts receivable to determine whether an allowance is necessary based on an analysis of past due accounts and other factors that may indicate that the realization of an account may be in doubt. Account balances deemed to be uncollectible are charged to the allowance after all means of collection have been exhausted and the potential for recovery is considered remote.

### *Inventories*

Inventories are valued at the lower of cost or market using the first-in, first-out ("FIFO") method. Inventories consist primarily of finished goods and raw materials. At June 30, 2017 and December 31, 2016, we did not have a reserve for slow-moving or obsolete inventory.

### *Property and Equipment*

We account for property and equipment at cost less accumulated depreciation. We compute depreciation using the straight-line method over the estimated useful lives of the assets, generally three to five years. Depreciation for equipment, furniture and fixtures and vehicles commences once placed in service for its intended use. Leasehold improvements are amortized using the straight-line method over the lives of the respective leases or service lives of the improvements, whichever is shorter.

### *Accrued Warranties*

Accrued warranties represent the estimated costs, if any, that will be incurred during the warranty period of our products. We make an estimate of expected costs that will be incurred by us during the warranty period and charge that expense to the consolidated statement of operations at the date of sale. Our manufacturer assumes warranty against product defects for one year, which we extend to our customers. We assume responsibility for product reliability and results.

## Income Taxes

Deferred income tax assets and liabilities are determined based on differences between the financial statement reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws in effect when the differences are expected to reverse. The measurement of deferred income tax assets is reduced, if necessary, by a valuation allowance for any tax benefits, which are, on a more likely than not basis, not expected to be realized, in accordance with ASC guidance for income taxes. The effect on deferred income tax assets and liabilities of a change in tax rates is recognized in the period that such tax rate changes are enacted.

## Loss Per Share

Loss per share is computed by dividing our net loss by the weighted average number of shares of common stock outstanding during the period presented. Diluted loss per share is based on the treasury stock method and includes the effect from potential issuance of shares of common stock, such as shares issuable pursuant to the exercise of options and warrants and conversions of preferred stock or debentures.

Potentially dilutive securities as of June 30, 2017 consisted of 11,111,100 shares of common stock from convertible debentures, 38,091,411 shares of common stock issuable upon exercise of outstanding warrants, 200,000 shares of common stock issuable upon outstanding options and 510,000 shares of common stock issuable upon conversion of outstanding shares of Preferred A stock ("Convertible Series A Preferred Stock"). Diluted and basic weighted average shares are the same, as potentially dilutive shares are anti-dilutive.

Potentially dilutive securities as of June 30, 2016, consisted of 36,576,413 shares of common stock from outstanding warrants, 200,000 shares of common stock from options and 510,000 shares of common stock from Convertible Series A Preferred Stock. Diluted and basic weighted average shares are the same, as potentially dilutive shares are anti-dilutive.

Basic loss per share is computed by dividing net loss attributable to common shareholders by the weighted average number of common shares assumed to be outstanding during the period of computation. Diluted loss per share is computed similarly to basic loss per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential shares had been issued and if the additional common shares were dilutive. Options, warrants, preferred stock and shares associated with the conversion of debt to purchase approximately 49.9 million and 37.2 shares of common stock were outstanding at June 30, 2017 and 2016, respectively, but were excluded from the computation of diluted loss per share due to the anti-dilutive effect on net loss per share.

#### *Stock-Based Compensation*

We account for stock-based compensation in accordance with Financial Accounting Standards Board ("FASB"), ASC 718, "Compensation—Stock Compensation." Under the provisions of FASB ASC 718, stock-based compensation cost is estimated at the grant date based on the award's fair value and is recognized as expense over the requisite service period.

On January 29, 2016, our board of directors adopted the 2016 Equity Compensation Plan (the "2016 Plan"), subject to approval by our shareholders. The 2016 Plan authorizes the grant of stock options, stock appreciation rights, restricted stock, restricted stock units and performance units/shares. Up to 5,000,000 shares of common stock are authorized for issuance under the 2016 Plan. Shares issued under the 2016 Plan may be either authorized but unissued shares, treasury shares, or any combination thereof. Provisions in the 2016 Plan permit the reuse or reissuance by the 2016 Plan of shares of common stock for numerous reasons, including, but not limited to, shares of common stock underlying canceled, expired, or forfeited awards of stock-based compensation and stock appreciation rights paid out in the form of cash. Stock-based compensation will typically be awarded in consideration for the future performance of services to us. All recipients of awards under the 2016 Plan are required to enter into award agreements with the Company at the time of the award; awards under the 2016 Plan are expressly conditioned upon such agreements. For the year ended December 31, 2016, the Company issued options to purchase 100,000 shares of common stock out of the 2016 Plan. On July 7, 2017, our shareholders approved the 2016 Plan at our 2017 Annual Meeting of Shareholders.

#### *Concentrations of Credit Risk*

Financial instruments that potentially subject us to significant concentrations of credit risk consist principally of cash and cash equivalents. We maintain cash balances at financial institutions which exceed the current Federal Deposit Insurance Corporation limit of \$250,000 at times during the year.

#### *Long-Lived Assets Including Acquired Intangible Assets*

We assess long-lived assets for potential impairments at the end of each year, or during the year if an event or other circumstance indicates that we may not be able to recover the carrying amount of the asset. In evaluating long-lived assets for impairment, we measure recoverability of these assets by comparing the carrying amounts to the future undiscounted cash flows the assets are expected to generate. If our long-lived assets are considered to be impaired, the impairment to be recognized equals the amount by which the carrying value of the asset exceeds its fair market value. We base the calculations of the estimated fair value of our long-lived assets on the income approach. For the income approach, we use an internally developed discounted cash flow model that includes, among others, the following assumptions: projections of revenues and expenses and related cash flows based on assumed long-term growth rates and demand trends; expected future investments to grow new units; and estimated discount rates. We base these assumptions on our historical data and experience, industry projections, micro and macro general economic condition projections, and our expectations. We had no long-lived asset impairment charges for the three and six months ended June 30, 2017 and 2016.

## Recent Accounting Pronouncements

In May 2014, the FASB issued Accounting Standards Update No. 2014-09 (ASU 2014-09) "Revenue from Contracts with Customers (Topic 606)." ASU 2014-09 supersedes the revenue recognition requirements in "Revenue Recognition (Topic 605)", and requires entities to recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. ASU 2014-09 is effective for annual reporting periods beginning after December 15, 2016, including interim periods within that reporting period.

In February 2016, the FASB issued Accounting Standards Update No. 2016-02 (ASU 2016-02) "Leases (Topic 842)." ASU 2016-02 provides new lease accounting guidance. ASU 2016-02 is effective for annual reporting periods beginning after December 15, 2018, including interim periods within that reporting period. Early adoption is permitted. We are currently in the process of evaluating the impact of the adoption of ASU 2016-02 on our consolidated financial statements.

In March 2016, the FASB issued Accounting Standards Update No. 2016-09 (ASU 2016-09) "Compensation – Stock Compensation (Topic 718)." ASU 2016-09 provides improvements to employee share-based payment accounting. ASU 2016-09 is effective for annual reporting periods beginning after December 15, 2016, including interim periods within that reporting period.

In January 2017, the FASB issued ASU No. 2017-04, *Simplifying the Test for Goodwill Impairment*, to simplify the test for goodwill impairment by removing Step 2. An entity will, therefore, perform the goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount, recognizing an impairment charge for the amount by which the carrying amount exceeds the fair value, not to exceed the total amount of goodwill allocated to the reporting unit. An entity still has the option to perform a qualitative assessment to determine if the quantitative impairment test is necessary. The ASU is effective for interim and annual periods beginning after December 15, 2019, with early adoption permitted for interim or annual goodwill impairment tests performed on testing dates after January 1, 2017. Adoption of the ASU is prospective. We have not yet selected an adoption date, and the ASU will have a currently undetermined impact on the consolidated financial statements.

In May 2017, the FASB issued ASU No. 2017-09, *Scope Of Modification Accounting*, to provide guidance on which changes to the terms or conditions of a share-based payment award require an entity to apply modification accounting. The ASU is effective for interim and annual periods beginning after December 15, 2017, with early adoption permitted. Adoption of the ASU is prospective. We are currently obtaining an understanding of the ASU and plan to adopt the ASU on January 1, 2018.

	2017	2016
SteraMist Product	\$ 1,099,000	\$ 1,630,000
Service & Training	281,000	99,000
Total	\$ 1,380,000	\$ 1,729,000

### Revenue by Geographic Region

	Three Months Ended June 30, (Unaudited)	
	2017	2016
United States	\$ 1,002,000	\$ 1,286,000
International	378,000	443,000
Total	\$ 1,380,000	\$ 1,729,000

### Cost of Sales

During the three months ended June 30, 2017 and 2016, our cost of sales was approximately \$512,000 and \$707,000, respectively, representing a decrease of 195,000 or 27%. The primary reason for the decrease in cost of sales is lower sales during the three months ended June 30, 2017 as compared to the prior year. Our gross profit margins as a percentage of sales for the three months ended June 30, 2017 increased as compared to the prior period as a result of the product mix in sales.

### Professional Fees

Professional fees for the three months ended June 30, 2017 were approximately \$395,000, as compared to \$96,000 during the prior year, representing an increase of approximately \$299,000, or 311%. The increase is attributable to increased efforts to protect and strengthen our intellectual property and the lawsuit with Astro Pak which we settled in July 2017. Professional fees are mainly comprised of legal, accounting and financial consulting fees.

### Depreciation and Amortization

Depreciation and amortization was approximately \$149,000 and \$146,000 for the three months ended June 30, 2017 and 2016, respectively, representing an increase of \$3,000, or 2%. The increase in depreciation expense for the three months ended June 30, 2017 is attributable to additional fixed assets acquired in the prior year.

### Selling Expenses

Selling expenses for the three months ended June 30, 2017 were approximately \$371,000, as compared to \$517,000 in the same period in 2016, representing a decrease of \$146,000 or 28%. The decrease in selling expenses is attributable to lower sales volume in the three months ended June 30, 2017 and a reduced number of employees as compared to the prior year. These expenses represent selling salaries and wages, trade show fees, commissions and marketing expenses.

### Research and Development

Research and development expenses for the three months ended June 30, 2017 were approximately \$18,000, as compared to \$19,000 in the three months ended June 30, 2016. Research and development expenses mainly include costs incurred in generating and supporting research on improving, extending and applying our patents in the field of mechanical cleaning and decontamination.

### Consulting Fees

Consulting fees for the three months ended June 30, 2017 were approximately \$86,000, as compared to \$101,000 during the quarter ended June 30, 2016, representing a decrease of approximately \$15,000, or 15%.

### Equity Compensation Expense

Equity compensation expense represents non-cash charges and for the three months ended June 30, 2017 was approximately \$232,000, as compared to \$118,000 during the three months ended June 30, 2016, representing an increase of \$114,000, or 96%. The primary reason for the increase is attributable to equity compensation charges in the second quarter for warrants granted and modified.

### General and Administrative Expense

General and administrative expense includes salaries and payroll taxes, rent, insurance expense, utilities, office expense and product registration costs. General and administrative expense was approximately \$772,000 and \$814,000 for the three months ended June 30, 2017 and 2016, respectively, representing a decrease of \$42,000 or 5%. The primary reason for the decrease in general and administrative expense is attributable mainly to lower salaries and wages due to a reduced number of employees in the three months ended June 30, 2017 as compared to the same period in 2016.

### Other Income and Expense

Amortization of debt discount was \$757 and \$0 during the three months ended June 30, 2017 and 2016, respectively, representing the amortization of debt discount on the \$6,000,000 principal amount of Notes issued in March and May 2017. The debt discount was amortized over the life of the Notes utilizing the effective interest method.

Income recognized from grant for the three months ended June 30, 2016 was \$202,000. This represents the amounts advanced to the Company in excess of the costs incurred. The grant was finalized in 2016.

Gain on disposition of equipment for the three months ended June 30, 2017 and 2016 amounted to \$0 and \$12,000, respectively.

Interest income for the three months ended June 30, 2017 and 2016 was approximately \$600 and \$0, respectively.

Interest expense for the three months ended June 30, 2017 and 2016 was approximately \$57,000 and \$0, respectively. This represented the interest incurred on the \$6,000,000 in Notes issued in March and May 2017.

### Net Loss

Net loss for the three months ended June 30, 2017 and 2016 was approximately \$1,213,000 and \$575,000, respectively, representing an increase in the net loss of \$638,000 or 111%. The primary reasons for the increase in the net loss can be attributed to:

- Lower revenue and gross profit of approximately \$349,000 and \$154,000, respectively.
- Increased operating expenses of approximately \$212,000;
- Interest expense of approximately \$57,000;
- Decrease in other income of \$214,000

### Results of Operations for the Six Months Ended June 30, 2017 Compared to the Six Months Ended June 30, 2016

#### Cost of Sales

During the six months ended June 30, 2017 and 2016, our cost of sales was approximately \$929,000 and \$1,455,000, respectively, representing a decrease of 526,000 or 36%. The primary reason for the decrease in cost of sales is lower sales during the six months ended June 30, 2017 as compared to the prior year. Our gross profit margins as a percentage of sales for the six months ended June 30, 2017 increased as compared to the prior period as a result of the product mix in sales.

#### Professional Fees

Professional fees for the six months ended June 30, 2017 were approximately \$667,000, as compared to \$273,000 during the prior year, representing an increase of approximately \$394,000, or 144%. The increase is attributable to increased efforts to protect and strengthen our intellectual property and the lawsuit with Astro Pak which we settled in July 2017. Professional fees are mainly comprised of legal, accounting and financial consulting fees.

#### Depreciation and Amortization

Depreciation and amortization was approximately \$308,000 and \$279,000 for the six months ended June 30, 2017 and 2016, respectively, representing an increase of \$29,000, or 10%. The increase in depreciation expense for the six months ended June 30, 2017 is attributable to additional fixed assets acquired in the prior year.

#### Selling Expenses

Selling expenses for the six months ended June 30, 2017 were approximately \$550,000, as compared to \$870,000 in the same period in 2016, representing a decrease of \$320,000 or 37%. The decrease in selling expenses is attributable to lower sales volume in the six months ended June 30, 2017 and a reduced number of employees as compared to the prior year. These expenses represent selling salaries and wages, trade show fees, commissions and marketing expenses.

### *Research and Development*

Research and development expenses for the six months ended June 30, 2017 were approximately \$49,000, as compared to \$27,000 in the six months ended June 30, 2016, representing an increase of \$22,000 or 77%. Research and development expenses mainly include costs incurred in generating and supporting research on improving, extending and applying our patents in the field of mechanical cleaning and decontamination.

### *Consulting Fees*

Consulting fees for the six months ended June 30, 2017 were approximately \$117,000, as compared to \$231,000 during the six months ended June 30, 2016, representing a decrease of approximately \$114,000, or 49%. The decrease in consulting fees is primarily due to significant charge incurred in the first quarter of 2016 with no such charge in the current year.

### *Equity Compensation Expense*

Equity compensation expense represents non-cash charges and for the six months ended June 30, 2017 was approximately \$244,000, as compared to \$457,000 during the six months ended June 30, 2016, representing a decrease of \$213,000, or 47%. The primary reason for the decrease is attributable to the timing of the issuances of options and warrants during the six months ended June 30, 2017 and 2016.

### *General and Administrative Expense*

General and administrative expense includes salaries and payroll taxes, rent, insurance expense, utilities, office expense and product registration costs. General and administrative expense was approximately \$1,382,000 and \$1,672,000 for the six months ended June 30, 2017 and 2016, respectively, representing a decrease of \$290,000 or 17%. The primary reason for the decrease in general and administrative expense is attributable mainly to lower salaries and wages due to a reduced number of employees in the six months ended June 30, 2017 as compared to the same period in 2016.

### *Other Income and Expense*

Amortization of debt discount was \$894 and \$0 during the six months ended June 30, 2017 and 2016, respectively, representing the amortization of debt discount on the \$6,000,000 principal amount of Notes issued in March and May 2017. The debt discount was amortized over the life of the Notes utilizing the effective interest method.

Income recognized from grant for the six months ended June 30, 2016 was \$202,000. This represents the amounts advanced to the Company in excess of the costs incurred. The grant was finalized in 2016.

Gain on disposition of equipment for the six months ended June 30, 2017 and 2016 amounted to \$0 and \$12,000, respectively.

Interest income for the six months ended June 30, 2017 and 2016 was approximately \$600 and \$0, respectively.

Interest expense for the six months ended June 30, 2017 and 2016 was approximately \$71,000 and \$0, respectively. This represented the interest incurred on the \$6,000,000 in Notes issued in March and May 2017.

### *Net Loss*

Net loss for the six months ended June 30, 2017 and 2016 was approximately \$1,839,000 and \$1,614,000, respectively, representing an increase in the net loss of \$225,000 or 14%. The primary reasons for the increase in the net loss can be attributed to:

- Lower revenue and gross profit of approximately \$956,000 and \$431,000, respectively
- Interest expense of approximately \$71,000; and
- Reduced other income of \$214,000, offset by;
- Reduced operating expenses of approximately \$492,000;

### *Liquidity and Capital Resources*

As of June 30, 2017, we had cash and cash equivalents of approximately \$5,467,000 and working capital of \$10,435,000. Our principal capital requirements are to fund operations, invest in research and development and capital equipment, and the continued costs of public company filing requirements. We have historically funded our operations through debt and equity financings.

In September 2016, our common stock was uplisted to the OTCQX Best Market. We intend to apply to further uplist our common stock to a national securities exchange. Due to the applicable qualitative and quantitative standards required to successfully list on a national securities exchange, we may need to raise additional capital in order to meet such benchmarks.

In March and May 2017, we raised through a private placement transaction gross proceeds of \$6,000,000. We issued senior callable convertible promissory notes ("the Notes") maturing on August 31, 2018 and November 8, 2018, unless earlier redeemed, repurchased or converted. The Notes are convertible at any time by the holder into common stock at a conversion price of \$0.54 per share. For the notes amounting \$5,300,000 in principal, subsequent to September 1, 2017, we may redeem the Notes at any time prior to maturity at a price equal to 100% of the outstanding principal amount of the Notes to be redeemed, plus accrued and unpaid interest as of the redemption date. For the notes amounting \$700,000 in principal, before November 8, 2018, we may redeem the Notes at any time prior to maturity at a price equal to 100% of the outstanding principal amount of the Notes to be redeemed, plus accrued and unpaid interest as of the redemption date. Interest on the Notes is payable semi-annually in cash on February 28 and August 31 of each year, beginning on August 31, 2017, at a rate of 4 percent per annum. In addition, we issued three-year warrants to purchase up to an aggregate of 999,998 shares of common stock at an exercise price of \$0.69 per share. The proceeds from the private placement will be used for research and development, international product registration, expansion of our internal sales force, marketing, public relations, expansions of our EPA label and for working capital and general corporate purposes.

For the six months ended June 30, 2017 and 2016, we incurred losses from operations of approximately \$1,767,000 and \$1,828,000, respectively. The cash used in operations was approximately \$1,474,000 and \$3,040,000 for the six months ended June 30, 2017 and 2016, respectively. We experienced a decline in revenue for the six months ended June 30, 2017 compared to the same period in the prior period which contributed to our loss from operations in the first six months of 2017. The decline in revenue was attributable primarily to the fact that a distributor placed a large order in the first quarter of 2016, with no such corresponding transaction during the same period in 2017.

Our revenues can fluctuate due to the following:

- Ramp up and expansion of our internal sales force and manufacturers' representatives;
- length of our sales cycle;
- Expansion into new territories and markets; and
- Timing of orders from distributors

We could incur additional operating losses and an increase of costs related to the continuation of product and technology development and administrative activities.

Management has taken and will endeavor to continue to take a number of actions in order to improve our results of operations and the related cash flows generated from operations in order to strengthen our financial position, including the following items:

- Expanding our label with the EPA to further our product registration internationally;
- Continued expansion of our internal salesforce and manufacturer representatives in an effort to drive domestic revenue in all hospital-healthcare verticals;
- Continued expansion of our internal sales force and manufacturer representatives in an effort to drive global revenue in the life science verticals.
- Expansion of international distributors; and
- Continued growth of the TSN and new growth in the food safety market including pre and post harvest.

We believe that our existing balance of cash and cash equivalents and amounts expected to be provided by operations will provide us with sufficient financial resources to meet our cash requirements for operations, working capital and capital expenditures over the next twelve months. However, in the event of unforeseen circumstances, unfavorable market developments or unfavorable results from operations, there can be no assurance that the above actions will be successfully implemented, and our cash flows may be adversely affected. While we have reduced the length of our sales cycle, it may still exceed 4–6 months and it's possible we may not be able to generate sufficient revenue in the next twelve months to cover our operating and compliance costs. We may also need to raise additional debt or equity financing to execute on the commercialization of our planned products. We cannot make any assurances that management's strategies will be effective or that any additional financing will be completed on a timely basis, on acceptable terms or at all. Our inability to successfully implement our strategies or to complete any other financing may mean that we would have to significantly reduce costs and/or delay projects, which would adversely affect our business, customers and program development, and would adversely impact us.

#### *Operating activities*

*Cash used in operating activities* during the six months ended June 30, 2017 and 2016 was approximately \$1,474,000 and 3,040,000, respectively. Cash used in operating activities decreased \$1,566,000 for the six months ended June 30, 2017 primarily due to the increase in inventory which occurred during the six months ended June 30, 2016.

### Investing Activities

Cash used in investing activities during the six months ended June 30, 2017 and 2016 was approximately \$6,000 and \$448,000. Cash used in investing activities decreased \$442,000 as compared to the six months ended June 30, 2016 primarily due to service equipment purchased in the first half of 2016 with no corresponding purchase in the first half of 2017.

### Financing Activities

Cash provided by financing activities during the six months ended June 30, 2017 consisted of the \$6,000,000 in aggregate gross proceeds received from the issuance of the Notes.

Cash provided by financing activities during the six months ended June 30, 2016 was \$0.

### Contractual Obligations

Our contractual obligations as of June 30, 2017 are summarized as follows (in thousands):

	Payments Due by Period				
	Total	Less than 1 Year	1-3 Years	3-5 Years	More than 5 Years
Contractual Obligations					
Operating leases <sup>(1)</sup>	\$ 31	\$ 31	\$ -	\$ —	\$ —
Convertible Debt <sup>(2)</sup>	6,000	-	6,000	-	-
	<u>\$ 6,031</u>	<u>\$ 31</u>	<u>\$ 6,000</u>	<u>\$ —</u>	<u>\$ —</u>

(1) Amounts represent a non-cancelable operating lease for office space in Frederick, Maryland that terminates on January 31, 2018. In addition to base rent, the lease calls for payment of common area maintenance operating expenses.

(2) Amount represents convertible notes maturing on August 31, 2018 and November 8, 2018.

### Recently Issued Accounting Pronouncements

See Note 2 to the Condensed Consolidated Financial Statements contained in Item 1. Financial Statements above.

### Disclosure About Off-Balance Sheet Arrangements

We do not have any transactions, agreements or other contractual arrangements that constitute off-balance sheet arrangements.

### Critical Accounting Policies

See Note 2 to the Condensed Consolidated Financial Statements contained in Item 1. Financial Statements above.

### Item 3. Quantitative and Qualitative Disclosures About Market Risk.

The Company is a smaller reporting company as defined by Rule 405 under the Securities Act of 1933, as amended, and Rule 12b-2 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and is not required to disclose the information required by this Item 3 pursuant to Item 305(e) of Regulation S-K.

### Item 4. Controls and Procedures.

#### Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our CEO and CFO, has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act), as of the end of the period covered by this Form 10-Q. Based on such evaluation, our CEO and CFO have concluded that as of June 30, 2017, our disclosure controls and procedures are designed at a reasonable assurance level and are effective to provide reasonable assurance that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the rules and forms of the SEC, and that such information is accumulated and communicated to our management, including our CEO and CFO, as appropriate, to allow timely decisions regarding required disclosure.

***Changes in Internal Control over Financial Reporting***

There were no changes in our internal control over financial reporting identified in management's evaluation pursuant to Rules 13a-15(d) or 15d-15(d) under the Exchange Act during the period covered by this Form 10-Q that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

***Limitations on Effectiveness of Controls and Procedures***

In designing and evaluating the disclosure controls and procedures and internal control over financial reporting, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. In addition, the design of disclosure controls and procedures and internal control over financial reporting must reflect the fact that there are resource constraints and that management is required to apply judgment in evaluating the benefits of possible controls and procedures relative to their costs.

## PART II: OTHER INFORMATION

### Item 1. Legal Proceedings.

We are not a party to any material proceedings or threatened proceedings as of the date of this filing.

### Item 1A. Risk Factors.

While, as a smaller reporting company, we are not required to provide the information required by this Item 1A, you should carefully review and consider the risk factors contained in our other reports and periodic filings with the SEC, including without limitation the risk factors contained under the caption "Item 1A—Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2016. The risk factors discussed in that Form 10-K do not identify all risks that we face because our business operations could also be affected by additional factors that are not presently known to us or that we currently consider to be immaterial to our operations.

# This certification is deemed not filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (Exchange Act), or otherwise subject to the liability of that section, nor shall it be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended (Securities Act), or the Exchange Act.

**CERTIFICATION OF PERIODIC REPORT UNDER SECTION 302 OF  
THE SARBANES-OXLEY ACT OF 2002**

I, Halden S. Shane, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of TOMI Environmental Solutions, Inc.;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting;

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
