PART I – FINANCIAL INFORMATION

ITEM 1. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of our financial condition and results of operations should be read in conjunction with the “Management’s Discussion and Analysis of Financial Condition and Results of Operations” section and audited consolidated financial statements and related notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2013 and with the unaudited consolidated financial statements and related notes thereto presented in this Quarterly Report on Form 10-Q.

Forward-Looking Statements

Some of the statements contained in this report discuss future expectations, contain projections of results of operations or financial condition, or state other “forward-looking” information. The words “believe,” “intend,” “plan,” “expect,” “anticipate,” “estimate,” “project,” “goal” and similar expressions identify such a statement was made. These statements are subject to known and unknown risks, uncertainties, and other factors that could cause the actual results to differ materially from those contemplated by the statements. The forward-looking information is based on various factors and is derived using numerous assumptions. Factors that might cause or contribute to such a discrepancy include, but are not limited to the risks discussed in this and our other SEC filings. We do not promise to update forward-looking information to reflect actual results or changes in assumptions or other factors that could affect those statements. Future events and actual results could differ materially from those expressed in, contemplated by, or underlying such forward-looking statements.

The following discussion and analysis of our financial condition is as of June 30, 2014. Our results of operations and cash flows should be read in conjunction with our unaudited financial statements and notes thereto included elsewhere in this report and the audited financial statements and the notes thereto included in our Form 10-K for the year ended December 31, 2013.

Business Overview

Unless otherwise indicated, we use “WMT,” “the Company,” “we,” “our” and “us” in this report to refer to the businesses of Wound Management Technologies, Inc.

Wound Management Technologies, Inc., was organized on December 14, 2001, as a Texas corporation under the name MB Software Corporation. In March 2008, the Company changed its name to Wound Management Technologies, Inc.

The Company, through its wholly-owned subsidiary, Wound Care Innovations, LLC (WCI), markets and sells the patented CellerateRX® products in the expanding advanced wound care market. CellerateRX’s activated collagen, which is approximately 1/100th the size of native collagen, delivers the essential benefits of collagen to a wound immediately—other forms of native, intact collagen in commercially available products require time for the body to prepare the collagen for use in the wound healing process. CellerateRX is cleared by the FDA as a medical device for use on all acute and chronic wounds, except third degree burns, and is ready for distribution in both gel and powder form. CellerateRX is currently approved for reimbursement under Medicare Part B and no prescription is required.

We believe that these products are unique in composition, applicability and clinical performance, and demonstrate the ability to reduce costs associated with standard wound management. The Company is focused on delivering the CellerateRX® product line to the diabetic care and long term care markets as well as to hospitals and operating rooms. Additionally, the Company is studying the feasibility of three other markets where CellerateRX formulas may have great sales potential: dental, dermatology/plastic surgery and sunburn relief.

The Company is also pursuing additional product lines through its subsidiary, Resorbable Orthopedic Products, LLC. In September 2009, ROP acquired a patent for resorbable bone wax and bone void filler products, which offer a solution to the problem of bone wound healing in a cost effective manner. The Company on February 18, 2014 announced the FDA 510(k) cleared our submission for the resorbable orthopedic hemostat. In 2011, the Company executed a development and license agreement with BioStructures, LLC to develop products in the field of bone remodeling, based on ROP’s patent for use in the human skeletal system. This license agreement excludes the fields of 1) a resorbable hemostat (resorbable bone wax), 2) a resorbable orthopedic hemostat (resorbable bone wax) and antimicrobial dressing, and 3) veterinary orthopedic applications. The Company began receiving royalties under this agreement in the fourth quarter of 2013. Royalties will continue for the life of the patent which expires in 2023.

Management Letter

Wound Management Technologies, Inc. (the "Company") is executing upon its growth strategy and creating demand from an ever expanding group of physicians and in new healthcare settings. This momentum is exciting, however, most of the sales and marketing initiatives are still in the early stages of being implemented and management believes there are still tremendous opportunities in the market that can be addressed.

The Company is pleased to report an increase in revenues of approximately 31% to \$544,350 for the second quarter of 2014 compared to the same period of 2013. Approximately 97% of revenues were from the CellerateRX product line and the remaining 3% of revenues were royalties from the Resorbable Orthopedic Products, LLC subsidiary (ROP). The establishment of 65 new accounts for both the wound care and surgical product lines, in addition to sales to existing customers (i.e. DME, Home Care, Hospitals, Long Term Care, Physicians, and Wound Care Clinics), drove the revenue growth in the quarter .

The Company's relationship with WellDyne has continued to strengthen over the past year, and together the companies are exploring new marketing programs and segments opportunities for Wound Management Technologies' products. The Company expanded and formalized its relationship with WellDyne with a three year agreement for marketing consulting services and product delivery for the CellerateRX® wound care and surgical product lines. Prior to the agreement, WellDyne assisted with creating awareness for the Company's wound care products throughout the healthcare system. In addition, the WellDyne product fulfillment centers have allowed Wound Management Technologies to rapidly expand the distribution of its products throughout the world.

Many of the growth initiatives being implemented by Wound Management Technologies are being funded by a round of financing commitments made in December 2013 by existing shareholders to invest an additional \$2.4 million in Series C preferred shares and to convert over \$1.5 million of existing debt to the Series C preferred shares. The support of its shareholders provided the Company with the financial flexibility to execute our three year strategic growth plan.

At the Company's upcoming annual meeting on September 3, 2014 shareholders will be asked to approve, in addition to annual proposals, proposals that the Board of Directors believe will enhance the Company's ability to properly support its operations and execute upon any capital raises if necessary in the future. This includes an amendment to the Company's Articles of Incorporation increasing the authorized shares of common stock of the Company from 100,000,000 to 250,000,000 shares, an amendment to the Company's Articles of Incorporation to authorize to file a 1-for-10 reverse split within 12 months, an approval of the adoption of the Company's 2014 Stock Incentive Plan, and an approval by advisory vote on executive compensation.

On July 31, 2014, the Company announced that it has retained KCSA Strategic Communications, a leading New York based communications firm, to lead the Company's investor relations program. KCSA intends to deploy a comprehensive investor relations communication campaign designed to increase awareness of Wound Management Technologies, Inc. among the U.S. investment community.

In closing, with a solid infrastructure in place, Wound Management is well positioned to execute on its strategic growth initiatives. The Company looks forward to capitalizing on the traction it has built in the market thus far by making additional investments in sales and marketing of the CellerateRX products and the emergence of the ROP subsidiary.

Results of Operations

For the three and six months ended June 30, 2014, compared with the three and six months ended June 30, 2013:

Revenues. The Company generated revenues for the three months ended June 30, 2014, of \$544,350, as compared to revenues of \$415,693 for the three months ended June 30, 2013, or 31% increase in revenues. The Company generated revenues for the six months ended June 30, 2014, of \$1,226,644, as compared to revenues of \$790,417 for the six months ended June 30, 2013, or a 55% increase in revenues. The increase in revenues is the result of the successful implementation of the Company's strategic plan to introduce our products into hospitals, operating rooms and wound centers and the successful launch of the CellerateRX Surgical powder product.

Cost of goods sold. Cost of goods sold for the three months ended June 30, 2014, was \$269,446, as compared to costs of goods sold of \$229,695 for the three months ended June 30, 2013, or a 17% increase. Cost of goods sold for the six months ended June 30, 2014, was \$438,169, as compared to costs of goods sold of \$444,785 for the six months ended June 30, 2013, or a 1% decrease. The fluctuation in cost of goods sold is due in part to the company's decision to present the cost of external commissions as general and administrative expenses beginning in 2014, reducing the overall cost of goods sold for the year. The Company did, however, record roughly \$90,000 in damaged and expired inventory in the second quarter causing the cost of goods sold for the period to increase.

General and administrative expenses ("G&A"). G&A expenses for the three months ended June 30, 2014, were \$1,012,633, as compared to G&A expenses of \$428,416 for the three months ended June 30, 2013, or a 136% increase in G&A expenses. G&A

expenses for the six months ended June 30, 2014, were \$1,925,867, as compared to G&A expenses of \$974,727 for the six months ended June 30, 2013, or a 98% increase in G&A expenses. G&A expenses increased in 2014 due to increased payroll and consulting expenses related to the expansion of the Company's staff as well as to increased legal fees as the Company pursues various strategic relationships and product development opportunities.

Interest expense. Interest expense was \$42,516 for the three months ended June 30, 2014, as compared to \$59,883 for the three months ended June 30, 2013, or a decrease of 29%. Interest expense was \$205,659 for the six months ended June 30, 2014, as compared to \$170,008 for the six months ended June 30, 2013, or an increase of 21%. Interest expense increased in 2014 as the result of the amortization of debt discounts.

Debt related expense. Debt related expense was \$0 for the three months ended June 30, 2014, as compared to \$210,905 for the three months ended June 30, 2013. Debt related expense was \$0 for the six months ended June 30, 2014, as compared to \$62,145 for the six months ended June 30, 2013. In 2013 the Company incurred numerous fees related to debt extensions. No such fees were incurred in 2014.

Net income/loss. We had a net loss for the three months ended June 30, 2014 of \$775,924, as compared to a net loss of \$32,336 for the three months ended June 30, 2013. We had a net loss for the six months ended June 30, 2014 of \$1,321,887, as compared to a net loss of \$974,601 for the six months ended June 30, 2013. Although the Company increased sales revenue significantly in 2014, net loss increased for the period due to the significant increase in general and administrative expenses as the Company invests in staffing and programs to increase future sales and develop additional product lines.

Liquidity and Capital Resources

As of June 30, 2014, we had total current assets of \$1,915,177, including cash of \$1,134,592 and inventories of \$500,440. As of December 31, 2013, our current assets of \$654,459 included cash of \$44,553 and inventories of \$307,502.

As of June 30, 2014, we had total current liabilities of \$2,356,024 including \$1,586,758 of notes payable and convertible notes payable to related and unrelated parties. Our current liabilities also include \$172,424 of current year royalties payable. As of December 31, 2013, our current liabilities of \$3,445,696 included \$1,700,583 notes payable and convertible notes payable to related and unrelated parties and prior year accrued royalties payable of \$375,000.

As of June 30, 2014, our current liabilities also included derivative liabilities of \$30,712 related to 910,000 of the 12,196,843 outstanding stock purchase warrants. At December 31, 2013, our derivative liabilities totaled \$1,040,850 and consisted of 15,670,143 outstanding common stock purchase warrants and convertible promissory notes, net of unamortized discounts in the amount of \$10,494.

For the six months ended June 30, 2014, net cash used in operating activities was \$1,091,082 compared to \$1,058,646 used in the first six months of 2013.

In the six months ended June 30, 2014 we used \$4,689 in investing activities. No cash was used in or provided by investing activities in the first six months of 2013.

Historically, we have financed our operations primarily from the sale of debt and equity securities. Our financing activities generated \$2,185,810 for the six months ended June 30, 2014, and \$1,149,092 for the six months ended June 30, 2013.

Off-Balance Sheet Arrangements

None.

Recent Accounting Pronouncements

For the period ended June 30, 2014, there were no other changes to our critical accounting policies as identified in our Annual Report on Form 10-K for the year ended December 31, 2013.

Contractual Commitments

Federal payroll taxes. The Company was delinquent in the payment of 2004-2005 tax liabilities with the Internal Revenue Service (the "IRS"). A tax lien was filed against the Company in December 2009. In January of 2012 the Company made payment to the IRS for the balance due for the payroll tax liabilities. As of December 31, 2013, unpaid penalties and interest related to the payroll tax liabilities totaled \$208,142. In February of 2013, the Company's offer of Compromise was accepted by the IRS and on March 20, 2013, the Company paid the final \$16,000 due under the compromise.

Royalty agreement. Effective November 28, 2007, WCI entered into separate exclusive license agreements with Applied Nutritionals, LLC ("Applied") and its founder George Petito, pursuant to which WCI obtained the exclusive world-wide license to make products incorporating intellectual property covered by a patent related to CellerateRX products. In consideration for the licenses, WCI agreed to pay to Applied the following royalties, beginning January 3, 2008: (a) an upfront royalty of \$100,000 in the aggregate, (b) an aggregate royalty of fifteen percent (15%) of gross sales occurring during the first year of the license; (c) an additional upfront royalty of \$400,000, in the aggregate, which was paid October, 2009; plus (d) an aggregate royalty of three percent (3%) of gross sales for all sales occurring after the payment of the \$400,000 upfront royalty. In addition, WCI must maintain a minimum aggregate annual royalty payment of \$375,000 for 2009 and thereafter, if the royalty payments made do not meet or exceed that amount. The total of unpaid royalties as of December 31, 2013 was \$375,000. These prior year royalties were paid in full during the first three months of 2013. In April of 2014, a royalty payment of \$15,076 was made related to first quarter gross sales. As of June 30, 2014, the balance of accrued royalties for the current year is \$172,424.

The accompanying notes are an integral part of these unaudited consolidated financial statements.

WOUND MANAGEMENT TECHNOLOGIES, INC. AND SUBSIDIARIES
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The terms “WMT,” “we,” “the Company,” and “us” as used in this report refer to Wound Management Technologies, Inc. The accompanying unaudited consolidated balance sheet as of June 30, 2014 and unaudited consolidated statements of operations for the three and six months ended June 30, 2014 and 2013 have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. generally accepted accounting principles for complete financial statements. In the opinion of management of WMT, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and six month period ended June 30, 2014, are not necessarily indicative of the results that may be expected for the year ending December 31, 2014, or any other period. These financial statements and notes should be read in conjunction with the financial statements for each of the two years ended December 31, 2013, and December 31, 2012, included in the Company’s Annual Report on Form 10-K. The accompanying consolidated balance sheet as of December 31, 2013, has been derived from the audited financial statements filed in our Form 10-K and is included for comparison purposes in the accompanying balance sheet. Certain prior year amounts have been reclassified to conform to current year presentation.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of WMT and its wholly-owned subsidiaries: Wound Care Innovations, LLC a Nevada limited liability company (“WCI”); Resorbable Orthopedic Products, LLC, a Texas limited liability company (“Resorbable”); and BioPharma Management Technologies, Inc., a Texas corporation (“BioPharma”). All intercompany accounts and transactions have been eliminated.

Reclassification

Certain prior period amounts have been reclassified to conform to current period presentation.

Fair Value Measurements

As defined in Accounting Standards Codification (“ASC”) Topic No. 820, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Company utilizes market data or assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable. ASC 820 establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). This fair value measurement framework applies at both initial and subsequent measurement.

The three levels of the fair value hierarchy defined by ASC Topic No. 820 are as follows:

Level 1 – Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis. Level 1 primarily consists of financial instruments such as exchange-traded derivatives, marketable securities and listed equities.

Level 2 – Pricing inputs are other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reported date. Level 2 includes those financial instruments that are valued using models or other valuation methodologies. These models are primarily industry-standard models that consider various assumptions, including quoted forward prices for commodities, time value, volatility factors, and current market and contractual prices for the underlying instruments, as well as other relevant economic measures. Substantially all of these assumptions are observable in the marketplace throughout the full term of the instrument, can be derived from observable data or are supported by observable levels at which transactions are executed in the marketplace. Instruments in this category generally include non-exchange-traded derivatives such as commodity swaps, interest rate swaps, options and collars.

Level 3 – Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs may be used with internally developed methodologies that result in management’s best estimate of fair value.

At June 30, 2014, the Company’s financial instruments consist of the derivative liabilities related to stock purchase warrants. During the six months ended June 30, 2014, the Company’s financial instruments also consisted of the derivative liabilities related to convertible debt. The derivative liability on stock purchase warrants was valued using the Black-Scholes Option Pricing Model, a Level 3 input. The fair value of the conversion features associated with the convertible debt was estimated in accordance with ASC Topic No. 470-20-25-4. The change in fair value of the derivative liabilities is classified in other income (expense) in the statement of operations.

Our intangible assets have also been valued using the fair value accounting treatment and a description of the methodology used, including the valuation category, is described in the Company’s Annual Report on Form 10-K.

NOTE 2 - GOING CONCERN

The Company has current liabilities in excess of current assets and has a stockholders’ deficiency. The Company has had limited operations and has not been able to develop an ongoing, reliable source of revenue to fund its existence. The Company’s day-to-day expenses have been covered by proceeds obtained and services paid by the issuance of stock and notes payable. The adverse effect on the Company’s results of operations due to its lack of capital resources can be expected to continue until such time as the Company is able to generate additional capital from other sources. These conditions raise substantial doubt about the Company’s ability to continue as a going concern.

These unaudited interim consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the outcome of this uncertainty. The continuation of the Company as a going concern is dependent upon the success of the Company in obtaining additional funding and the success of its future operations. The ability of the Company to achieve these objectives cannot be determined at this time.

NOTE 3 – NOTES PAYABLE

In January of 2014, the Company paid \$20,000 in principal on the September 28, 2012 Promissory Note in the original amount of \$51,300 and the final \$5,000 in principal and \$5,000 in accrued interest due on the Second Quarter 2012 Convertible Note in the original amount of \$25,000.

In January of 2014, the Company converted \$90,000 of principal and \$3,729 of accrued interest payable related to the two July 16, 2013 promissory notes into 1,087,762 shares of common stock.

In March of 2014, the Company paid the final \$39,900 in principal and \$1,995 in accrued interest due on the May 30, 2012 Convertible note.

During the six months ended June 30, 2014, the Company paid a total of \$1,800 to Quest Capital as part of the furniture purchase agreement in the original amount of \$11,700.

During the six months ended June 30, 2014, aggregate amortization of debt discounts and deferred financing costs was \$132,875 and \$1,032, respectively.

NOTE 4 - STOCKHOLDERS’ EQUITY

Preferred Stock

There are currently 5,000,000 shares of Series A Preferred Stock authorized, with no shares of Series A Preferred Stock currently issued or outstanding.

Effective June 24, 2010, the Company filed a Certificate of Designations, Number, Voting Power, Preferences and Rights of Series B Convertible Redeemable Preferred Stock (the “Certificate”) with the Texas Secretary of State, designating 7,500 shares of Series B Preferred Stock, par value \$10.00 per share (the “Series B Shares”). The Series B Shares rank senior to shares of all other common and preferred stock with respect to dividends, distributions, and payments upon dissolution. Each of the Series B Shares is convertible at the option of the holder into shares of common stock as provided in the Certificate. There are currently no Series B Shares issued or outstanding.

On October 11, 2013, the Company filed a Certificate of Designations, Number, Voting Power, Preferences and Rights of Series C Convertible Preferred Stock (the "Certificate of Designations"), under which it designated 100,000 shares of Series C Preferred Stock, par value \$10.00. The Series C Preferred Stock is entitled to accruing dividends (payable, at the Company's options, in either cash or stock) of 5% per annum until October 10, 2016, and 3% per annum until October 10, 2018. The Series C Preferred Stock is senior to the Company's common stock and any other currently issued series of the Company's preferred stock upon liquidation, and is entitled to a liquidation preference per share equal to the original issuance price of such shares of Series C Preferred Stock together with the amount of all accrued but unpaid dividends thereon. Each of the Series C Shares is convertible at the option of the holder into 1,000 shares of common stock as provided in the Certificate. Additionally, each holder of Series C Preferred Stock shall be entitled to vote on all matters submitted for a vote of the holders of Common Stock a number of votes equal to the number of full shares of Common Stock into which such holder's Series C shares could then be converted. As of June 30, 2014 and December 31, 2013, there were 70,411 and 38,232 shares of Series C Preferred Stock issued and outstanding, respectively.

On November 13, 2013, the Company filed a Certificate of Designations, Number, Voting Power, Preferences and Rights of Series D Convertible Preferred Stock (the "Certificate of Designations"), under which it designated 25,000 shares of Series D Preferred Stock. Shares of Series D Preferred Stock are not entitled to any preference with respect to dividend or upon liquidation, and will automatically convert (at a ratio of 1,000-to-1) into shares of the Company's common stock, par value \$0.001 upon approval of the Company's stockholders (and filing of) and amendment to the Company's Certificate of Incorporation increasing the number of authorized shares of Common Stock from 100,000,000 to 250,000,000. As of June 30, 2014 and December 31, 2013, there were 15,350 and 15,000 shares of Series D Preferred Stock issued and outstanding, respectively.

On May 30, 2014, the Company filed a Certificate of Designations, Number, Voting Power, Preferences and Rights of Series E Convertible Preferred Stock (The "Certificate of Designations"), under which it designated 5,000 shares of Series E Preferred Stock. Shares of Series E Preferred Stock are not entitled to any preference with respect to dividends or upon liquidation, and will automatically convert (at a ratio of 1,000 shares of Common Stock for every one share of Series E Preferred Stock) into shares of the Company's common stock, \$0.001 par value upon approval of the Company's stockholders (and filing of) and amendment to the Company's Certificate of Incorporation increasing the number of authorized shares of Common Stock from 100,000,000 to 250,000,000. As of June 30, 2014 there are no shares of Series E Preferred Stock issued and outstanding.

In February of 2014, the Company issued 350 shares of Series D preferred stock to a nonemployee for services rendered. The shares vest immediately and were recorded at their fair value of \$42,000 during the six months ended June 30, 2014. In addition, during the six months ended June 30, 2014, the Company recognized additional expense of \$59,969 related to the amortization of Series D preferred stock awards to an employee and a nonemployee granted in 2013.

During the six months ended June 30, 2014, the Company issued an aggregate of 32,179 shares of Series C preferred stock for cash proceeds of \$2,252,510.

The Series C preferred stock earned dividends of \$59,913 and \$110,030 for the three and six months ended June 30, 2014, respectively. As of June 30, 2014, no Series C preferred stock dividends have been declared or paid.

Common Stock

In January of 2014, the Company issued 1,087,762 common shares for the conversion of notes payable and accrued interest in the amounts of \$90,000 and \$3,729, respectively.

During the six months ended June 30, 2014, the Company issued 500,000 shares of common stock valued at \$60,000 to company directors and 530,000 shares of common stock for services valued at \$61,550.

During the six months ended June 30, 2014, the company granted an aggregate of 1,000,000 shares of stock to two employees according to the terms of their employment agreements. The shares vest in equal annual amounts over three years and the aggregate fair value of the awards was determined to be \$120,000. During the six months ended June 30, 2014, \$28,219 was expensed and \$91,781 remains to be expensed over the remaining vesting period. The common shares were not yet issued as of June 30, 2014.

Warrants

A summary of the status of the warrants granted for the six months ended June 30, 2014, and changes during the period then ended is presented below:

For the Six Months Ended June 30, 2014

	Shares	Weighted
		Average
		Exercise Price
Outstanding at beginning of period	15,670,143	\$ 0.37
Granted	-	-
Exercised	-	-
Forfeited	-	-
Expired	4,733,299	0.68
Outstanding at end of period	10,936,844	\$ 0.23

Range of Exercise Prices	As of June 30, 2014 Warrants Outstanding			As of June 30, 2014 Warrants Exercisable		
	Number Outstanding	Weighted-Average Remaining Contract Life	Weighted-Average Exercise Price	Number Exercisable	Weighted-Average Exercise Price	
\$ 0.06	4,500,000	4.3	\$ 0.06	4,500,000	\$ 0.06	
0.08	550,000	3.7	0.08	550,000	0.08	
0.09	625,000	3.8	0.09	625,000	0.09	
0.15	1,571,300	3.1	0.15	1,571,300	0.15	
0.25	120,000	1.3	0.25	120,000	0.25	
0.40	300,000	1.1	0.40	300,000	0.40	
0.44	1,515,544	2.1	0.44	1,515,544	0.44	
0.50	370,000	1.5	0.50	370,000	0.50	
0.60	975,000	2.2	0.60	975,000	0.60	
0.75	120,000	1.3	0.75	120,000	0.75	
1.00	290,000	1.5	1.00	290,000	1.00	
\$ 0.06-1.00	10,936,844	3.3	\$ 0.23	10,936,844	\$ 0.23	

The aggregate intrinsic value of the exercisable warrants as of June 30, 2014 was \$234,050.

Stock Options

A summary of the status of the stock options granted for the six month period ended June 30, 2014, and changes during the period then ended is presented below:

For the Six Months Ended June 30, 2014

	Options	Weighted
		Average
		Exercise Price
Outstanding at beginning of period	3,943,500	\$ 0.15
Granted	-	-
Exercised	-	-
Forfeited	-	-
Expired	-	-
Outstanding at end of Period	3,943,500	\$ 0.15

Exercise Price	As of June 30, 2014 Stock Options Outstanding			As of June 30, 2014 Stock Options Exercisable		
	Number Outstanding	Weighted-Average Remaining Contract Life	Weighted-Average Exercise Price	Number Exercisable	Weighted-Average Exercise Price	
\$ 0.15	3,943,500	3.14	0.15	3,826,833	\$ 0.15	

The aggregate intrinsic value of the exercisable options as of June 30, 2014 was \$0.

NOTE 5 – DERIVATIVE LIABILITIES

As of December 31, 2013, the Company did not have a sufficient number of common shares authorized to fulfill the possible exercise of all outstanding warrants and the conversion of all convertible notes payable. As a result, the Company determined that the warrants and the embedded conversion features of the outstanding debt instruments did not qualify for equity classification. Accordingly, the warrants and conversion features were treated as derivative liabilities and were carried at fair value. During the six months ended June 30, 2014, all of the outstanding convertible notes that qualified as derivative liabilities were paid in full or converted to common stock. As of June 30, 2014, only 910,000 warrants remained as derivative liabilities due to the existence of reset provisions that qualify the instruments as derivative liabilities under FASB ASC 815.

The following table sets forth the fair value hierarchy within our financial assets and liabilities by level that they were accounted for at fair value on a recurring basis as of June 30, 2014 and December 31, 2013.

Liabilities:	Carrying Value at June 30, 2014	Fair Value Measurement at June 30, 2014		
		Level 1	Level 2	Level 3
Warrant derivative liabilities	\$ 30,712	\$ -	\$ -	\$ 30,712
Convertible debt derivative liabilities	-	-	-	-
Total	\$ 30,712	\$ -	\$ -	\$ 30,712

Liabilities:	Carrying Value at December 31, 2013	Fair Value Measurement at December 31, 2014		
		Level 1	Level 2	Level 3
Warrant derivative liabilities	\$ 955,350	\$ -	\$ -	\$ 955,350
Convertible debt derivative liabilities	85,500	-	-	85,500
Total	\$ 1,040,850	\$ -	\$ -	\$ 1,040,850

The Company estimates the fair value of the derivative warrant liabilities by using the Black-Scholes Option Pricing Model and the derivative liabilities related to the conversion features in the outstanding convertible notes using the lack-Scholes Option Pricing Model assuming maximum value, Level 3 inputs, with the following assumptions used:

Dividend yield:	0%
Expected volatility	82% to 174%
Risk free interest rate	0.03% to 1.73%
Expected life (years)	1.33 to 4.52

The following table sets forth the changes in the fair value of derivative liabilities for the six months ended June 30, 2014:

Balance, December 31, 2013	(1,040,850)
Convertible debt derivatives recognized as derivative loss	(22,500)
Convertible debt derivatives recognized as debt discount	(90,000)
Resolution of convertible debt derivatives upon conversions	132,417
Resolution of convertible debt derivatives upon debt payoff	59,311
Resolution of warrant derivatives no longer qualifying as derivative liabilities	918,580
Gain on change in fair value of derivative liabilities	12,330
Balance, June 30, 2014	(30,712)

The aggregate gain on derivative liabilities for the six months ended June 30, 2014 was \$49,141.

NOTE 6 – RELATED PARTY TRANSACTIONS

Funds are advanced to the Company from various related parties including members of the board of directors. As of June 30, 2014, the Company owes a total of \$115,620 in principal and \$38,084 in accrued interest to two related parties.

NOTE 7 - SUBSEQUENT EVENTS

On July 18, 2014, the Company granted 750 shares of Series D Preferred Stock for services.

On July 21, the Company entered into a service agreement with an initial term of six months. Compensation under the agreement will

be \$10,000 per month payable \$8,000 in cash and \$2,000 in common stock.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a smaller reporting company, we are not required to provide this information.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit to the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified by the Securities and Exchange Commission's rules and forms, and that information is accumulated and communicated to our management, including our principal executive and principal financial officer (whom we refer to in this periodic report as our Certifying Officer), as appropriate to allow timely decisions regarding required disclosure. Our management evaluated, with the participation of our Certifying Officer, the effectiveness of our disclosure controls and procedures as of June 30, 2014, pursuant to Rule 13a-15(b) under the Securities Exchange Act. Based upon that evaluation, our Certifying Officer concluded that, as of June 30, 2014, our disclosure controls and procedures were not effective to due to deficiencies in our controls over valuation of embedded derivatives.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting that occurred during our most recently completed fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. We will continue to evaluate the effectiveness of internal controls and procedures on an on-going basis.

PART II — OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

On November 14, 2011, Ken Link instituted litigation against the Company and Scott A. Haire in the District Court of Tarrant County Texas, 342nd Judicial District alleging default under the terms of a certain promissory note executed by Wound Management Technologies, Inc. and guaranteed by Scott A. Haire. Ken Link asserts that the unpaid balance of the note, including accrued interest as of December 4, 2011, is the sum of \$355,292 plus 200,000 shares of the Company's common stock. Mr. Link is also seeking attorney's fees. We have disputed the claim, because we believe the contract is tainted by usury, and therefore, a usury counterclaim will more than offset the unpaid balance of the promissory note. The note, in the original principal amount of \$223,500, required the payment of interest accrued at 13% per annum, an additional one-time charge of \$20,000 due on maturity, the issuance of 200,000 shares of stock as interest, and a \$1,000 per day late fee for each day the principal and interest is late. It is our contention that these sums make the contract usurious and the usury claims more than offset the amount of the unpaid indebtedness. Furthermore, we have filed an action for recovery of damages for usury under the Texas Finance Code for a note which was previously executed by the Company and payable to Ken Link, which was in fact paid to Mr. Link in full. In addition, Wound Management is seeking recovery of attorney's fees pursuant to the usury provisions of the Texas Finance Code. While the amount of the promissory note remains unpaid, the counterclaims more than offset the maximum amount that could be asserted on the promissory note. The case was set for trial for the week of October 21, 2013, but after three days of trial before a jury, the judge declared a mistrial. The case has now been reset for trial for the week of September 29, 2014. Subsequent to the declaration of mistrial, Ken Link amended his pleadings and alleges now that Wound Management Technologies, Inc. never intended to pay the \$223,500.00 promissory note, which included \$1,000.00 per day late charge, a \$20,000.00 one-time fee, and 200,000 shares of stock, and asserting a damage claim of \$223,500.00 and the loss of the benefit of the bargain related to the shares of stock, plus interest as set forth in the note, exemplary damages, and attorney's fees. We are taking steps to vigorously defend this matter, however, we are unable at this time to determine the ultimate outcome of this matter or determine the effect it may have on our business, financial condition or result of operations.

ITEM 1A. RISK FACTORS

As a smaller reporting company, we are not required to provide this information.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

Set forth below is information regarding the issuance and sales of the Company's securities without registration for the three months ended June 30, 2014. The securities bear a restrictive legend and no advertising or public solicitation was involved. The Company did not purchase any of its own securities during the quarter ended June 30, 2014.

As further described in Part I – Financial Information “Notes to Unaudited Condensed Consolidated Financial Statements” filed herewith:

In the second quarter of 2014, the Company issued an aggregate of 2,578 shares of Series C Preferred Stock for cash proceeds of \$180,500.

In the second quarter of 2014, the Company issued 230,000 shares of common stock for services valued at \$26,050.

The issuances described above were made in private transactions or private placements intending to meet the requirements of one or more exemptions from registration. In addition to any noted exemption below, we relied upon Section 4(a)(2) of the Securities Act of 1933, as amended (the “Act”). The investors were not solicited through any form of general solicitation or advertising, the transactions being non-public offerings, and the sales were conducted in private transactions where the investor identified an investment intent as to the transaction without a view to an immediate resale of the securities; the shares were “restricted securities” in that they were both legended with reference to Rule 144 as such and the investors identified they were sophisticated as to the investment decision and in most cases we reasonably believed the investors were “accredited investors” as such term is defined under Regulation D based upon statements and information supplied to us in writing and verbally in connection with the transactions. We have never utilized an underwriter for an offering of our securities and no sales commissions were paid to any third party in connection with the above-referenced sales.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURE

This item is not applicable.

ITEM 5. OTHER INFORMATION

None.

ITEM 6. EXHIBITS

The following documents are filed as part of this Report:

<u>Exhibit No.</u>	<u>Description</u>
31.1 *	Certification of Principal Executive Officer in accordance with 18 U.S.C. Section 1350, as adopted by Section 302 of the Sarbanes-Oxley Act of 2002*

101	Interactive Data Files pursuant to Rule 405 of Regulation S-T.

* Filed herewith

SIGNATURES

Pursuant to the requirements of the Exchange Act of 1934, the registrant has caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

WOUND MANAGEMENT TECHNOLOGIES, INC.

August 13, 2014

By: /s/ Robert Lutz, Jr.

Robert Lutz, Jr.,
Chairman of the Board and Chief Executive
Officer

CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER
IN ACCORDANCE WITH 18 U.S.C. SECTION 1350,
AS ADOPTED BY SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Robert Lutz, Jr., certify that:

1. I have reviewed the quarterly report on Form 10-Q of Wound Management Technologies, Inc. for the three months ended June 30, 2014;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. I have disclosed, based on my most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) all significant deficiencies and material weaknesses in the design or operation of internal controls over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

August 13, 2014

/s/ Robert Lutz, Jr.

Robert Lutz, Jr.,
Chief Executive Officer and Chairman of the Board

**CERTIFICATION OF PRINCIPAL
FINANCIAL OFFICER
IN ACCORDANCE WITH 18 U.S.C. SECTION 1350,
AS ADOPTED BY SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, Darren E. Stine, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Wound Management Technologies, Inc. for the three months ended June 30, 2014;

2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. I have disclosed, based on my most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) all significant deficiencies and material weaknesses in the design or operation of internal controls over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
