**ANNUAL MEETING 2004**

**PROXY STATEMENT**

**VOTING PROCEDURES AND SOLICITATION**

**YOUR VOTE IS IMPORTANT**

Whether or not you plan to attend the meeting, please complete and return the enclosed proxy card. Your prompt voting may save us the expense of following up with a second mailing. We are sending these proxy materials to stockholders beginning on or about October 28, 2005.

**METHODS OF VOTING**

You may vote by signing and returning the enclosed proxy card or by voting in person at the meeting. If you send in a proxy card, and also attend the meeting in person, the proxy holders will vote your shares as you instructed on your proxy card, unless you inform the Secretary at the meeting that you wish to vote in person.

**REVOKING A PROXY**

You may revoke your proxy by:

- signing and returning another proxy card at a later date;
- sending written notice of revocation to the Secretary at our offices, 4C Cedar Brook Drive, Cranbury, New Jersey 08512; or
- informing the Secretary and voting in person at the meeting.

To be effective, a later-dated proxy or written revocation must arrive at our corporate offices before the start of the meeting.

**PROXY SOLICITATION**

We are soliciting the enclosed proxy card on behalf of the board of directors, and we will pay all costs of preparing, assembling and mailing the proxy materials. In addition to mailing out proxy materials, our officers and employees may solicit proxies by telephone or fax, without receiving any additional compensation for their services. We have requested brokers, banks and other fiduciaries to forward proxy materials to the beneficial owners of our stock.

## HOW PROXY CARDS ARE VOTED

The proxy holders named on the proxy card are Carl Spana, Ph.D., chief executive officer, president and a director, and Stephen T. Wills, chief financial officer, executive vice president, secretary and treasurer. The proxy holders will vote shares according to the stockholder's instructions on the proxy card. If a signed proxy card does not contain instructions, then the proxy holders will vote the shares FOR the election of the director nominees listed on the card; FOR ratifying the appointment of KPMG LLP as our independent auditors for the fiscal year ending June 30, 2006; and in their discretion on any other business which may properly come before the meeting.

## QUORUM AND VOTES REQUIRED

A majority of the votes of outstanding shares of common stock and Series A preferred stock, represented at the meeting in person or by proxy, constitutes a quorum. Abstentions and broker non-votes will count towards the quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item, and has not received instructions from the beneficial owner. Common stock and Series A preferred stock will vote together as one class on the three items of business listed on the proxy card.

- Directors are elected by a plurality of votes cast, so the eight nominees receiving the most votes will be elected. Stockholders who do not wish to vote for one or more of the individual nominees may withhold authority in the space provided on the proxy card. Abstentions and broker non-votes will count neither for nor against election.
- Ratifying the appointment of the independent auditors for the fiscal year ending June 30, 2006 requires a majority of the votes cast on that item. Abstentions and broker non-votes will count neither for nor against ratification.

## VOTING RIGHTS, SHARES OUTSTANDING AND VOTES PER SHARE

Holders of common stock and of Series A preferred stock at the close of business on the record date of October 14, 2005 are entitled to vote at the meeting.

Common stock:	58,770,737 shares outstanding, one vote per share
Series A preferred stock:	11,347 shares outstanding, approximately 38.46 votes per share, a total of 436,423 votes

## ITEM 1: ELECTION OF DIRECTORS

We recommend voting FOR the eight nominees listed on the proxy card. At the meeting, the eight nominees who receive the most votes will be elected as directors to serve until the next annual meeting, or until their successors are elected and qualified. Each of the nominees is currently a director. If any of the nominees should become unavailable to serve on the board, the proxy holders will vote your shares for a board-approved substitute, or the board may reduce the number of directors.

## **THE BOARD AND ITS COMMITTEES**

*Committees and meetings.* The board has an audit committee, a compensation committee and a nominating and corporate governance committee. During the fiscal year ended June 30, 2005, the board met four times, the audit committee met five times, the compensation committee met once and the nominating and corporate governance committee met once. Each director has attended at least 75% of the total number of meetings of the board and committees of the board on which he served. The board has adopted a policy encouraging each member of the board to attend the annual meeting of stockholders. All of the directors, with the exception of Mr. Hull who joined the board in September 2005, attended the 2004 annual meeting.

*Audit committee.* We have a separately designated standing audit committee as defined in Section 3(a)(58) (A) of the Exchange Act. The audit committee reviews the engagement of the independent public accountants and reviews the independence of the public accounting firm. The audit committee also reviews the audit and non-audit fees of the independent public accountants and the adequacy of our internal control procedures. The audit committee is currently composed of three non-employee directors, Messrs. deVeer, Horovitz and Taber. The board has determined that the members of the audit committee are independent, as defined in Section 121(A) of the American Stock Exchange listing requirements, and satisfy the requirements of the American Stock Exchange as to financial literacy and expertise. The board has determined that at least one member, Robert K. deVeer, is an audit committee financial expert as defined by the Securities and Exchange Commission (the "SEC"). The responsibilities of the audit committee are set forth in a written charter adopted by the board, a copy of which is available on our web site at [www.palatin.com](http://www.palatin.com). The report of the audit committee appears under Item 2 below.

*Compensation committee.* The compensation committee reviews and recommends to the board remuneration arrangements, compensation plans and option grants for our officers, key employees, directors and others, and administers our 1996 stock option plan and our 2005 stock plan. The compensation committee is composed of Messrs. deVeer, Horovitz, Taber and De Souza. The report of the compensation committee appears below, after the section on executive compensation.

*Nominating and corporate governance committee.* The nominating and corporate governance committee assists the board in determining qualified individuals to become directors; assists the board in determining the composition of committees; and reviews, assesses and makes recommendations to the board concerning policies and guidelines for corporate governance, including relationships of the board, the stockholders and management in determining Palatin's direction and performance. The nominating and corporate governance committee is composed of Messrs. deVeer, Horovitz and De Souza, each of whom meets the independence requirements and standards currently established by the American Stock Exchange.

The nominating and corporate governance committee will consider stockholder recommendations of nominees for election to the board of directors if they are accompanied by a comprehensive written resume of the recommended nominee's business experience and background, and a signed consent from the recommended

nominee stating that he or she is willing to be considered as a nominee and, if nominated and elected, will serve as a director. Stockholders may send their written recommendations with the required documentation to our executive offices at 4C Cedar Brook Drive, Cranbury, NJ 08512, Attention: Secretary, no later than the deadline for stockholder proposals specified under "Stockholder Proposals for Next Annual Meeting" on page 20.

[Table of Contents](#)

For all potential candidates, the nominating and corporate governance committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the board, and concern for the long-term interests of the stockholders. As set forth in the committee charter, persons recommended by stockholders will be considered on the same basis as candidates from other sources. The nominating and corporate governance committee may retain search firms to assist in identifying suitable director candidates. A copy of the committee's written charter is available on our website.

Mr. Hull is being recommended for election to our board of directors by our nominating and corporate governance committee. The nominating and corporate governance committee engaged a third-party search firm, Korn-Ferry, to assist in identifying and evaluating board candidates. Mr. Hull was presented to the nominating and corporate governance committee by Korn-Ferry.

*Shareholder communications to the board.* Generally, stockholders who have questions or concerns should contact Stephen T. Wills, Secretary, Palatin Technologies, Inc., 4C Cedar Brook Drive, Cranbury, NJ 08512. However, any stockholders who wish to address questions regarding our business directly to the board of directors, or any individual director, should direct his or her questions to the non-employee Board members via e-mail at [boardofdirectors@palatin.com](mailto:boardofdirectors@palatin.com).

*Duration of office.* Unless a director resigns, all directors hold office until the next annual meeting of stockholders or until their successors have been elected and qualified.

*Code of conduct and ethics.* We have adopted a code of conduct and ethics that applies to all of our employees, including our chief executive officer and chief financial and accounting officers. You can view the code of conduct and ethics at our website, [www.palatin.com](http://www.palatin.com). We will disclose any amendments to, or waivers from, provisions of the code of conduct and ethics that apply to our directors, principal executive and financial officers in a current report on Form 8-K, unless the rules of the American Stock Exchange permit website posting of any such amendments or waivers.

## **COMPENSATION OF DIRECTORS**

*Non-employee directors' initial option grants.* When a non-employee director is first elected to the board, he receives an option to purchase 20,000 shares of common stock, at the market value on the date of grant. These options vest as to 25% of the option per year, starting on the date of grant. They expire 10 years from the date of grant. Mr. Hull received an option to purchase 20,000 shares at \$1.94 per share upon his appointment to the board.

*Non-employee directors' annual option grants.* On July 1, the first day of the fiscal year, each non-employee director receives annually an option to purchase 20,000 shares of common stock at the closing price on the preceding business day. Messrs. De Souza, deVeer, Horovitz, Molinoff and Taber each received an option on July 1, 2005 to purchase 20,000 shares at \$1.75 per share, the closing price on June 30, 2005. Mr. Hull received an

option to purchase 16,667 shares at \$1.94 per share, representing a pro rata portion of an annual grant, upon his appointment to the board.

*Non-employee directors' cash compensation.* Non-employee directors receive an annual retainer of \$8,000, payable on a quarterly basis, plus \$2,000 per in-person board meeting and \$300 per telephonic board meeting, and \$500 per committee meeting. A committee chairperson receives an additional \$500 per committee meeting.

*Non-employee directors' expenses.* Non-employee directors are reimbursed for expenses incurred in performing their duties as directors, including attending all meetings of the board and any committees on which they serve.

*Employee directors.* Except for the chairman of the board, employee directors are not separately compensated for services as directors, but are reimbursed for expenses incurred in performing their duties as directors, including attending all meetings of the board and any committees on which they serve. Dr. Prendergast serves as chairman of the board at a salary of \$50,000 per year, as described under "Certain Relationships and Related Transactions" on page 19.

## **ITEM 2: RATIFICATION OF APPOINTMENT OF KPMG LLP AS INDEPENDENT AUDITORS**

We recommend voting FOR the ratification of the appointment of KPMG LLP as our independent auditors for the fiscal year ending June 30, 2006. KPMG served as our independent auditors for the fiscal year ended June 30, 2005. We expect that a representative of KPMG will attend the annual meeting. The representative will have an opportunity to make a statement, if he or she desires, and will be available to respond to appropriate questions from stockholders.

*Audit Fees.* For the fiscal year ended June 30, 2005, KPMG billed us a total of \$276,200 for professional services rendered for the audit of our annual financial statements, review of financial statements in our Forms 10-Q, evaluation of the effectiveness of our internal controls over financial reporting and services provided in connection with regulatory filings. For the fiscal year ended June 30, 2004, the total was \$148,376.

*Audit-Related Fees.* During the fiscal years ended June 30, 2005 and 2004, KPMG did not perform or bill us for any audit-related services.

*Tax Fees.* For the fiscal year ended June 30, 2005, we anticipate that KPMG will bill us a total of \$15,000 for professional services rendered for tax compliance, tax advice and tax planning. For the fiscal year ended June 30, 2004, KPMG billed us \$12,000 for professional services rendered for tax compliance, tax advice and tax planning.

*All Other Fees.* KPMG did not perform or bill us for any services other than those described above for the fiscal years ended June 30, 2005 and 2004.

*Policy on Audit Committee Pre-Approval of Audit and Permissible Non-audit Services of Independent Auditors.* Consistent with SEC policies regarding auditor independence, the audit committee has responsibility for appointing, setting compensation for and overseeing the work of the independent auditor. In recognition of this responsibility, the audit committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Before engaging the independent auditor for the next year's audit, management will submit to the audit committee for approval an estimate of fees for services expected to be rendered during that year in each of four categories:

1. audit services, including audit work performed, as well as work that generally only our independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards;

2. audit-related services, including assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements;

3. tax services, including services performed by our independent auditor's tax personnel except those services specifically related to the audit of the financial statements, including fees in the areas of tax compliance, tax planning and tax advice; and

4. all other services not described in the preceding categories. We generally do not request other services from our independent auditor.

---

[Table of Contents](#)

The audit committee pre-approves fees for each category of service. The fees are budgeted and the audit committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the audit committee requires specific pre-approval before engaging the independent auditor.

The audit committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the audit committee at its next scheduled meeting.

In the event the stockholders do not ratify the appointment of KPMG as our independent public accountants, the audit committee will reconsider its appointment.

## **REPORT OF THE AUDIT COMMITTEE**

We have reviewed and discussed the audited financial statements for the fiscal year ended June 30, 2005 with the Company's management and have discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*. In addition, we have received from KPMG LLP the written disclosures and the letter required by the Independence Standards Board Standard No.1, *Independence Discussions with Audit Committees*, and we have discussed with KPMG LLP their independence.

Based on these reviews and discussions, we recommended to the board of directors that the audited financial statements be included in the Company's annual report on Form 10-K for the fiscal year ended June 30, 2005.

Mr. Wills is serving as executive vice president of operations and chief financial officer at a present salary of \$285,000 per year. Each agreement also provides for:

Termination following a change in control will result in a lump sum payment of two times (Spana) or one and one-half times (Wills) the salary then in effect, continuation of medical and dental benefits then in effect for 18 months, and immediate vesting of all stock options. Each agreement includes non-competition, non-solicitation and confidentiality

## **COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION IN COMPENSATION DECISIONS**

During the fiscal years ended June 30, 2005 and 2004, Mr. deVeer, Dr. Horovitz, Dr. Taber and Dr. De Souza served on the compensation committee.

There are no compensation committee interlocks with other companies.

## **COMPENSATION COMMITTEE REPORT**

The compensation committee of the board makes recommendations to the board about compensation of

executive officers. The committee also administers the 1996 stock option plan and 2005 stock plan and may grant options to non-management employees and consultants, but it is the board's policy to have the full board review and approve all option grants which the committee recommends for executive officers and directors. The committee also reviews and makes recommendations to the board concerning proposed employment agreements with executive officers. The committee evaluates performance and determines compensation policies and levels for executive officers. The members of the compensation committee are not, and have never been, employees or executive officers of Palatin. Mr. deVeer has served on the committee since August 2000, Dr. Horovitz has served on the committee since February 2001, Dr. De Souza has served on the committee since April 2003 and Dr. Taber has served on the committee since October 2003.

Executive compensation policy. Competition for qualified senior management personnel in Palatin's industry is intense. In order to attract and retain qualified personnel, Palatin must offer compensation which is both comparable to similarly situated companies in current salary and benefits, and includes the potential for substantial rewards if Palatin is successful over the long term. Palatin's aim is to attract, retain and reward executive officers and other key employees who contribute to its long-term success and to motivate those individuals to enhance long-term stockholder value. It is Palatin's policy to enter into employment agreements with executive officers, preferably with an initial term of two years. To establish this relationship between executive compensation and creation of stockholder value, the board has adopted a total compensation package comprised of base salary, bonus and stock option awards. Key elements of the compensation philosophy are:

- Palatin pays compensation at levels competitive with other biotechnology companies with which Palatin competes for talent.
- Palatin maintains annual incentive opportunities sufficient to provide motivation to achieve specific operating goals and to generate rewards that bring total compensation to competitive levels.

---

## [Table of Contents](#)

- Palatin provides significant equity-based incentives for executives and other key employees to ensure that they are motivated over the long-term to respond to Palatin's business challenges and opportunities as owners and not just as employees.

*Determining executive compensation.* The committee usually meets twice per year to review how well management compensation is serving Palatin's goals, to make recommendations to the board for any adjustments, and to recommend annual compensation for the coming year. Palatin's chief financial officer and human resources manager gather and report on information about compensation levels in comparable companies. We review the performance of each executive officer and the financial condition of the Company. We then consider the following major components of executive compensation:

Base salary. The employment agreement with each executive sets an initial base salary, which is competitive in our industry, given the executive's experience and qualifications, at the time we enter into the agreement. The committee annually reviews each executive officer's base salary. Among the factors taken into consideration are (1) individual and corporate performance, (2) levels of responsibility, (3) prior experience, (4) breadth of knowledge of the industry, and (5) competitive pay practices. If salaries at comparable companies appear to have increased, we recommend similar increases, but only if each executive's historical performance warrants an increase and if the increase is prudent in view of Palatin's financial condition.

Annual bonus. In addition to the competitive base salary, we intend to reward executives each year for the achievement of specific goals, which may be financial, operational or technological. We consider objectively measurable goals, such as obtaining new investment capital, negotiating valuable contracts, or meeting regulatory requirements, and more subjective goals, such as quality of management performance and consistency of effort. Palatin's objectives consist of operating, strategic and financial goals that the board considers to be critical to Palatin's overall goal of building stockholder value. Our recommendations for cash bonuses also take into account Palatin's liquidity and capital resources at the time. Until Palatin's operations generate substantial income, we may recommend bonuses which consist partly or mainly of stock options. Stock options granted as part of bonus compensation will usually be immediately exercisable, or will vest over a shorter time than other incentive options.

Long-term incentives. At present, Palatin's only long-term incentive programs are its 1996 stock option plan and 2005 stock plan. Palatin does not have a defined benefit pension plan, and contributions to executives' accounts under Palatin's 401(K) plan are limited by federal tax regulations. Through option grants, executives receive significant equity incentives to build long-term stockholder value. The exercise price of options granted under the plan is at least 100% of fair market value of the common stock on the date of grant. Employees receive value from these grants only if the common stock appreciates over the long-term. We determine the size of option grants based on competitive practices at leading companies in the biotechnology industry and Palatin's philosophy of significantly linking executive compensation with stockholder interests.

*Fiscal year 2005 compensation.* During the fiscal year ended June 30, 2005, under employment agreements with Dr. Spana, Mr. Wills and Dr. Sharma, we provided for annual base salaries of \$340,000 per year for Dr. Spana, \$275,000 for Mr. Wills and \$196,000 for Dr. Sharma. The base salaries for these executive officers, as provided in their employment agreements, reflect comparable salary figures for the industry, necessary to engage and retain individuals with their skills. In the fiscal year ended June 30, 2005, we approved stock option grants for these executive officers, subject to shareholder approval of additional shares under the 1996 Stock Option Plan. Such additional shares were not approved by the shareholders and the related option grants were cancelled. We granted cash bonuses to these executive officers in fiscal 2005 based on the attainment of important corporate objectives, including regulatory approval of one of our products and the completion of a collaborative development agreement for another of our products. Dr. Hallam entered into an employment agreement with us commencing May 9, 2005, which provided for base salary at the rate of \$275,000 per year.

The base salary, bonus and grants of stock options for our chief executive officer, Carl Spana, Ph.D., were determined in accordance with the criteria described above under "Determining executive compensation." Dr. Spana's compensation reflects the board's subjective assessment of (1) his performance, (2) his skills in relation to other chief executive officers in Palatin's industry, and (3) the board's assessment of Palatin's performance.

---

[Table of Contents](#)

Considering these factors, the committee set Dr. Spana's base annual salary at \$320,000 when we entered into our employment agreement with him effective October 1, 2003 and \$340,000 for the fiscal year ended June 30, 2005.

*Certain Tax Considerations.* Section 162(m) of the Internal Revenue Code limits the Company to a deduction for federal income tax purposes of not more than \$1 million of compensation paid to certain executive officers in a taxable year. Compensation above \$1 million may be deducted if it is "performance-based compensation" within the meaning of the Code.

The committee believes that at the present time it is unlikely that the compensation paid to any executive officer in a taxable year will exceed \$1 million. Therefore, the board has not established a policy for determining which forms of incentive compensation awarded to executive officers will be designed to qualify as "performance based compensation."
