FORWARD LOOKING STATEMENTS

Except for historical information, this document contains various “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). These forward-looking statements involve risks and uncertainties, including, among other things, statements regarding our revenue mix, anticipated costs and expenses, development, relationships with strategic partners and other factors discussed under “Business” and “Management’s Discussion and Analysis”. These forward-looking statements may include declarations regarding our belief or current expectations of management, such as statements indicating that “we expect,” “we anticipate,” “we intend,” “we believe,” and similar language. We caution that any forward-looking statement made by us in this Form 10-K or in other announcements made by us are further qualified by important factors that could cause actual results to differ materially from those projected in the forward-looking statements, including without limitation the risk factors set forth in this Form 10-K beginning on page 4.

ITEM 1. BUSINESS

GENERAL

Brooklyn Cheesecake & Desserts Company, Inc. was incorporated in November 1993. The Company’s executive offices are located at 2070 Central Park Avenue, 2nd Fl. Yonkers, NY 10710 and its telephone number is (914) 361-1420. The Company licenses its Brooklyn Cheesecake & Desserts Company trademark to Brooklyn Cheesecake & Desserts Company, Inc., (a New Jersey Corporation). These licensing fees are presently its only source of revenue.

From March 2002 through March 2006, the Company was a manufacturer of baking and confectionary products. In March 2006, the Company entered into an Exchange Agreement pursuant to which it exchanged its baking equipment and other fixed assets and JMS Specialty, its wholly owned subsidiary, for the satisfaction and assumption of approximately \$1,145,000 of outstanding liabilities and obligations owed to Ronald L. Schutte, its former president and chief executive officer. The Company retained its trademarks and now licenses these trademarks to a New Jersey corporation formed by Mr. Schutte to continue the baking operations that were transferred to him pursuant to the Exchange Agreement. This is the Company’s only present customer and there is no certainty that the Company would be able to license these trademarks to other third parties if its existing customer would permit it to do so.

TRADEMARKS

Brooklyn Cheesecake & Desserts Company, Inc. trademarks with the United States Patent and Trademark office include the mark The Healthy Bakery[®] (US Registration No. 1,644,559), Brooklyn Cheesecake Company Inc.[®] (US Registration No. 3,040,023) and Brooklyn Cheesecakes & Desserts Company, Inc.[®] (US Registration No. 3,017,300). The Company believes that the trademarks are a significant asset, are valid, and enforceable, however there can be no assurance as to the degree of protection its registered trademarks will afford the Company.

PLAN OF OPERATION

The Company licenses its trademarks to Brooklyn Cheesecake, & Desserts Company, Inc. (a New Jersey Corporation). Fees under the license agreement are calculated at one percent of sales of goods bearing the Brooklyn Cheesecake & Desserts Company, Inc. trademark. The license agreement expires on December 31, 2016.

EMPLOYEES

As of December 31, 2009, Brooklyn Cheesecake & Desserts Company had one executive officer and no employees. Anthony J. Merante is the Chairman, President, Chief Financial Officer, Chief Executive Officer and Corporate Secretary.

ITEM 1A. RISK FACTORS

Our independent registered public accounting firm has stated that our recurring losses from operations and our working capital deficiency raise substantial doubt about our ability to continue as a going concern.

The reports of our Independent Registered Public Accounting Firm dated, April 14, 2010 and April 10, 2009 for the December 31, 2009 and 2008 condensed financial statements, respectively contained an explanatory paragraph that states that our recurring losses from operations and working capital deficit raise substantial doubt about our ability to continue as a going concern. The condensed financial statements do not include any adjustments that might result from the outcome of that uncertainty. We believe we will need to raise more money to finance our operations and sustain our business model. We may not be able to obtain additional financing on acceptable terms, or at all. Any failure to raise additional financing will likely place us in significant financial jeopardy.

The Company and the price of its shares may be adversely affected by the resale of a significant number of the shares eligible for future sale.

All but a very small number of the outstanding shares of our common stock are eligible for resale. Resales of these shares of common stock in the public market could have a material adverse effect on the market price of our common stock. Such sales may also inhibit our ability to obtain future equity or equity-related financing on acceptable terms. The issuance and registration of additional shares could have a significant adverse effect on the trading price of our common stock.

RISKS RELATED TO THE MARKET FOR OUR COMMON STOCK

The price of our common stock is subject to volatility

Our common stock has traded as low as \$.13 per share and as high as \$.35 per share during the twelve months ended December 31, 2009. Our average trading volume is extremely low. As such, a significant sale of newly issued shares of our common stock or resale of the issued and outstanding shares of our common stock may result in a major fluctuation of the market price. Some other factors leading to the volatility include:

- Price and volume fluctuation in the stock market at large which do not relate to our operating performance;
- Fluctuation in our operating results;
- Concerns about our ability to finance our continuing operations;
- Financing arrangements which may require the issuance of a significant number of shares in relation to the number shares of our common stock currently outstanding; or
- Fluctuations in market demand and supply of our products.

Our common stock is currently eligible for quotation on the over-the-counter-bulletin-board and an investor's ability to trade our common stock may be limited by trading volume

The trading volume in our common shares has been relatively limited. A consistently active trading market for our common stock may not continue on the Over-The-Counter-Bulletin-Board. The average daily trading volume in our common stock on the Over-The-Counter-Bulletin-Board for the year ended December 31, 2009 was negligible. Accordingly, the ability of our shareholders to sell their shares of our common stock is extremely limited.

Possible adverse effect of issuance of preferred stock

Our Restated Certificate of Incorporation authorizes the issuance of 2,000,000 shares of Preferred Stock, with designations, rights and preferences as determined from time to time by the Board of Directors. As a result of the foregoing, the Board of Directors can issue, without further shareholder approval, Preferred Stock with dividend, liquidation, conversion, voting or other rights that could adversely affect the voting power or other rights of the holders of Common Stock. The issuance of Preferred Stock could, under certain circumstances, discourage, delay or prevent a change in control of the Company.

ITEM 1B. UNRESOLVED STAFF COMMENTS

Not applicable.

ITEM 2. PROPERTIES

The Company occupies secured space at 2070 Central Park Avenue 2nd Fl. Yonkers, NY 10710 as storage for Company records. As the Company no longer has manufacturing operations, it believes that this space is sufficient for its present operations.

ITEM 3. LEGAL PROCEEDINGS

None.

ITEM 4. [REMOVED AND RESERVED]

ITEM 5. MARKET FOR THE REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

The Company's Common Stock is quoted on the Over the Counter Bulletin Board ("OTCBB") under the symbol "BCKE" effective March 22, 2006. Prior to that, the Company's Common Stock was quoted on the OTCBB under the symbol "BCAK". The following table sets forth the range of quarterly high and low bid prices, as reported during the last two fiscal years.

Period	High	Low
Fiscal Year 2008:		
First Quarter	.40	.25
Second Quarter	.25	.25
Third Quarter	.25	.25
Fourth Quarter	.25	.25
Fiscal Year 2009:		
First Quarter	.25	.15
Second Quarter	.15	.15
Third Quarter	.35	.15
Fourth Quarter	.15	.13

The above quotations reflect inter-dealer prices, without retail mark-up, markdown or commission and may not reflect actual transactions. On April 14, 2010, the closing bid price for our common stock was \$0.13 per share.

HOLDERS

As of March 31, 2010, we had 69 stockholders of record of our common stock. Such number of record holders was derived from the records maintained by our transfer agent, Computershare Trust Co.

DIVIDEND POLICY

The Company has never paid cash dividends on its Common Stock and does not anticipate paying dividends in the foreseeable future. The payment of future cash dividends is subject to the discretion of the Board of Directors and will depend upon the Company's earnings (if any), general financial condition, cash flows, capital requirements and other considerations deemed relevant by the Board of Directors.

RECENT SALES OF UNREGISTERED SECURITIES

None.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

OVERVIEW

From March 2002 through March 2006, the Company was a manufacturer of baking and confectionary products. In March 2006, the Company entered into an Exchange Agreement pursuant to which it exchanged its baking equipment and other fixed assets and JMS Specialty, its wholly owned subsidiary, for the satisfaction and assumption of approximately \$1,145,000 of outstanding liabilities and obligations owed to Ronald L. Schutte, its former president and chief executive officer. The Company retained its trademarks and now licenses these trademarks to a New Jersey corporation formed by Mr. Schutte to continue the baking operations that were transferred to him pursuant to the Exchange Agreement. As a result of this transaction, the Company's baking operations have been treated as discontinued operations and its current business of licensing its trademarks is treated as the Company's continuing operations.

We presently do not have sufficient cash to implement our business plan. We have experienced this lack of liquidity throughout 2008 and 2009, causing us to be unable to meet our obligations as they come due. We believe that we need to raise or otherwise obtain at least \$1,000,000 in additional financing in order to satisfy our existing obligations and implement our business plan. If we are not successful in obtaining such financing, we may not be able to continue to operate our business.

Although management is hopeful that 2010 licensing fees will be sufficient to pay related expenses, they will also look for additional opportunities.

The following discussion and analysis should be read in conjunction with the financial statements and the related notes thereto included in this Form 10-K at Item 8.

Critical Accounting Policies

Revenue Recognition:

Income from licensing fees are recognized from the sale by our licensee of goods bearing the Brooklyn Cheesecake & Desserts Company, Inc. trademark. The Company follows the guidance of ASC 605 (formerly the Securities and Exchange Commission's Staff Accounting Bulletin No. 104) for revenue recognition. In general, the Company records revenue when persuasive evidence of an arrangement exists, services have been rendered or product delivery has occurred, the sales price to the customer is fixed or determinable, and collectability is reasonably assured.

Stock Based Compensation:

Effective January 1, 2006, the Company adopted the provisions of ASC 718(formerly SFAS No. 123(R), "Share-Based Payment," under the modified prospective method, SFAS No. 123(R) eliminates accounting for share-based compensation transaction using the intrinsic value method prescribed under APB Opinion No. 25 "Accounting for Stock Issued to Employees," and requires instead that such transactions be accounted for using a fair-value-based method. Under the modified prospective method, the Company is required to recognize compensation cost for share-based payments to employees based on their grant-date fair value from the beginning of the fiscal period in which the recognition provisions are first applied. For periods prior to adoption, the financial statements are unchanged, and the pro forma disclosures previously required by ASC 718, as amended by SFAS No. 148, will continue to be required under ASC 718 to the extent those amounts differ from those in the statement of operations.

RESULTS OF OPERATIONS

The Company's licensing fees were \$16,518 and \$10,698 for the years ended December 31, 2009 and 2008 respectively, an increase of \$5,820 or 54%. The increase is attributable to additional sales of baking goods by the licensee of the Company's trademarks.

Selling, general and administrative expenses were \$27,474 and \$54,606 for the years ended December 31, 2009 and 2008 respectively, a decrease of \$27,132 or 50%. The decrease was attributable to a reduction of legal fees and public company related costs in 2009 as compared to 2008.

Interest expense was unchanged in 2009 at \$105,950 as the amount of debt outstanding was unchanged and our obligations are all fixed rate loans.

SEGMENT INFORMATION

Not applicable.

LIQUIDITY AND CAPITAL RESOURCES

Since its inception, the Company's only source of working capital has been the \$8,455,000 received from the issuance of its securities.

As of December 31, 2009, the Company had a negative working capital of \$1,315,827 as compared to a negative working capital of \$1,204,979 at December 31, 2008.

Net Cash Used in Operating Activities for the year ended December 31, 2009 of \$14,594 was due to our loss from continuing operations of \$116,906 and a decrease in accounts payable of \$8,370, offset by an increase in accrued expenses of \$102,200 and amortization expense of \$6,000 and by a decrease in fees receivable of \$2,482.

Net Cash Provided by Financing Activities during the year ended December 31, 2009 of \$10,691 was due to cash advances from the officer.

As of March 31, 2010, the Company had cash of \$311. We do not have sufficient cash on hand to fund our operations for the next twelve months. Current operations are being funded by licensing fees and cash advances from our chief executive officer.

INFLATION AND SEASONALITY:

Licensing revenue may vary based on peak baking seasons for the licensee of our trademarks. Revenues may be affected by holiday seasons such as Thanksgiving, Christmas, Jewish New Year, Easter and Passover.

OFF-BALANCE SHEET ARRANGEMENTS

There were no off-balance sheet arrangements during the year ended December, 31 2009 that have or are reasonably likely to have, a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to our interests.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Brooklyn Cheesecake and Desserts Company, Inc., a smaller reporting company, is not required to provide information required by this item.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934. Our internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States and include those policies and procedures that:

- Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of our assets;
- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States;
- Provide reasonable assurance that our receipts and expenditures are being made only in accordance with authorization of our management and directors; and
- Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of our assets that could have a material effect on the financial statements.

Because of its inherent limitations, such as resource constraints, human error, lack of knowledge or awareness and the possibility of intentional circumvention of these controls, internal control over financial reporting may not prevent or detect misstatements. Furthermore, the design of any control system is based, in part, upon assumptions about the likelihood of future events, which assumptions may ultimately prove to be incorrect. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

Our management assessed the effectiveness of its internal control over financial reporting as of December 31, 2009. In making this assessment, management used the criteria established in *Internal Control-Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Based on its assessment, management has concluded that the Company's internal control over financial reporting was effective as of December 31, 2009.

This Annual Report on Form 10-K does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only management's report in this Annual Report on Form 10-K.

Report of Independent Registered Public Accounting Firm

To The Board of Directors and Shareholders
Brooklyn Cheesecake & Desserts Company, Inc.

We have audited the accompanying balance sheets of Brooklyn Cheesecake & Desserts Company, Inc. as of December 31, 2009 and 2008, and the related statements of operations, changes in stockholders' deficiency, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Brooklyn Cheesecake & Desserts Company, Inc. as of December 31, 2009 and 2008, and the results of its operations and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As shown in the accompanying financial statements, the Company incurred significant losses from operations for the years ended December 31, 2009 and 2008 and as of December 31, 2009 has a working capital deficiency in the amount of \$1,315,827, which raises substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

BROOKLYN CHEESECAKE & DESSERTS COMPANY, INC.
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2009 AND 2008

1. Description of business and going concern:

The Company was a manufacturer of baking and confectionery products, which were sold to supermarkets, food distributors, educational institutions, restaurants, mail order and to the public. Although the Company sold its products throughout the United States, its main customer base was on the East Coast of the United States. The Company has now become a holder and licensor of intellectual property.

During the years ended December 31, 2009 and 2008, the Company incurred losses from continuing operations in the amount of \$116,906 and \$149,858, respectively, and as of December 31, 2009 had a net working capital deficiency of \$1,315,827.

2. Summary of significant accounting policies:

Cash and cash equivalents:

For the purpose of the statement of cash flows, the Company considers all short-term debt securities purchased with a maturity of three months or less to be cash equivalents.

Accounts receivable and allowances:

Accounts receivable are reported at net realizable value. Management considers the need for an allowance for doubtful accounts related to its accounts receivable that are deemed to have potential collectability issues. Management reviews its accounts receivable on a quarterly basis. The Company includes any receivables balances determined to be uncollectible along with a general reserve for doubtful accounts. No allowance was considered necessary at December 31, 2009.

Use of estimates:

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Net (Loss) Income per Share:

The Company computes basic net (loss) income per share based on the weighted average common shares outstanding during the same period. Diluted net (loss) income per share adjusts the weighted average for potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock, which would then share in the earnings of the Company. At December 31, 2009, the Company had no such securities outstanding.

Revenue Recognition:

Income from licensing fees are recognized from the sale by our licensee of goods bearing the Brooklyn Cheesecake & Desserts Company, Inc. trademark. The Company records revenue when persuasive evidence of an arrangement exists, services have been rendered or product delivery has occurred, the sales price to the customer is fixed or determinable, and collectability is reasonably assured.

Income Taxes:

Income taxes are accounted for using an asset and liability approach that requires the recognition of deferred tax asset and liabilities for the expected future tax consequences of events that have been recognized in the Company's financial statements or tax returns. In estimating future tax consequences, the Company generally considers all expected future events other than changes in the tax law or rates. A valuation allowance is recorded when it is deemed more likely than not that a deferred tax asset will not be realized.

2. Summary of significant accounting policies (continued):

Impairment of Long-Lived Assets:

The Company reviews long-lived assets for impairment whenever circumstances and situations change such that there is an indication that the carrying amounts may not be recovered. The recoverability of assets held and used in operations is measured by a comparison of the carrying amount of the assets to the future net cash flows expected to be generated by the assets. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets.

Stock Based Compensation:

Prior to October 1, 2005, we accounted for stock options issued under the Plan under the recognition and measurement provisions of APB Opinion No. 25, *Accounting for Stock Issued to Employees* and related interpretations, as permitted by ASC Topic 718, "Compensation – Stock Compensation (Formerly SFAS No. 123 (R)), "Share-Based Payments. No stock-based compensation cost related to employee stock options was recognized in the Consolidated Statement of Operations for the year ended September 30, 2005 as all options granted under the Plan had an exercise price equal to the market value of the underlying common stock on the date of grant.

Effective October 1, 2005, we adopted the fair value recognition provisions of ASC Topic 718, "Compensation – Stock Compensation (Formerly SFAS No. 123 (R)), "Share-Based Payments using the modified-prospective-transition method. Under that transition method, compensation cost recognized in the year ended September 30, 2006 includes: (a) compensation cost for all share-based payments granted prior to, but not yet vested as of September 30, 2005, based on the grant date fair value estimated in accordance with the original provisions of Statement 123, and (b) compensation cost for all share-based payments granted subsequent to October 1, 2005, based on the grant-date fair value estimated in accordance with the provisions of Statement 123(R). Financial results for the year ended September 30, 2005 have not been restated.

Fair Value of Financial Instruments:

The Company's financial instruments consist of, accounts receivable, accounts payable, accrued expenses, and notes payable. The carrying amounts of the financial instruments reported in the balance sheet approximate fair value based on the short-term maturities of these instruments.

Recent accounting pronouncements:

In June 2009, the Financial Accounting Standards Board (FASB), issued SFAS No. 168, "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles-a replacement of FASB Statement No. 162". SFAS No. 168 establishes the FASB Accounting Standards Codification as the source of authoritative accounting principles and the framework for selecting the principles used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles in the United States. This SFAS is effective for financial statements issued for interim and annual periods ending after September 15, 2009, and is not expected to have a material impact on our financial statements.

In June 2009, the FASB issued Accounting Standards Update No. 2009-01, "Generally Accepted Accounting Principles" (ASC Topic 105) which establishes the FASB Accounting Standards Codification ("the Codification" or "ASC") as the official single source of authoritative U.S. generally accepted accounting principles ("GAAP"). All existing accounting standards are superseded. All other accounting guidance not included in the Codification will be considered non-authoritative. The Codification also includes all relevant Securities and Exchange Commission ("SEC") guidance organized using the same topical structure in separate sections within the Codification.

2. Summary of significant accounting policies (continued):

Following the Codification, the Board will not issue new standards in the form of Statements, FASB Staff Positions or Emerging Issues Task Force Abstracts. Instead, it will issue Accounting Standards Updates ("ASU") which will serve to update the Codification, provide background information about the guidance and provide the basis for conclusions on the changes to the Codification.

The Codification is not intended to change GAAP, but it will change the way GAAP is organized and presented. The Codification is effective for our fiscal year ending 2009 financial statements and the principal impact on our financial statements is limited to disclosures as all future references to authoritative accounting literature will be referenced in accordance with the Codification. In order to ease the transition to the Codification, we are providing the Codification cross-reference alongside the references to the standards issued and adopted prior to the adoption of the Codification.

In April 2009, the FASB issued FASB Staff Positions FAS 115-2 and FAS 124-2, "Recognition and Presentation of Other-Than-Temporary Impairments" (ASC Topic 320-10-65). This update provides guidance for allocation of charges for other-than-temporary impairments between earnings and other comprehensive income. It also revises subsequent accounting for other-than-temporary impairments and expands required disclosure. The update was effective for interim and annual periods ending after June 15, 2009. The adoption of FAS 115-2 and FAS 124-2 did not have a material impact on the results of operations and financial condition.

In May 2009, the FASB issued SFAS No. 165, "Subsequent Events" (ASC Topic 855). This guidance is intended to establish general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or available to be issued. It is effective for interim and annual reporting periods ending after June 15, 2009. The adoption of this guidance did not have a material impact on our consolidated financial statements. The Company evaluated all events and transactions that occurred after September 30, 2009 up through December 22, 2009. During this period no material subsequent events came to our attention.

Other accounting standards that have been issued or proposed by the FASB or other standards-setting bodies that do not require adoption until a future date are not expected to have a material impact on the consolidated financial statements upon adoption.

 NOTES TO FINANCIAL STATEMENTS
 YEARS ENDED DECEMBER 31, 2009 AND 2008

3. Concentration of credit risk and major customers:

The Company maintains all of its cash balances in a New Jersey financial institution. The balances are insured by the Federal Deposit Insurance Company (FDIC) up to \$250,000. At December 31, 2009, the Company had no uninsured cash balances.

For the years ended December 31, 2009 and 2008 one customer, Brooklyn Cheesecake & Desserts Company, Inc. (New Jersey), represented 100% of our total revenues, \$16,518 and \$10,698 respectively. As of December 31, 2009 and 2008, respectively, accounts receivable from this customer was \$22,732 and \$25,214.

4. Trademark and licensing agreements:

On March 7, 2002, the Company purchased the rights to the tradenames Brooklyn Cheesecake Company, Inc. and Brooklyn Cheesecake & Desserts Company, Inc. and the related corporate logo in exchange for 300,000 shares of the Company's common stock, valued on the purchase date at \$90,000. The tradename rights are being amortized on the straight-line basis over a fifteen-year term. Amortization expense was \$6,000 and \$6,000, respectively, for the years ended December 31, 2009 and 2008.

On March 28, 2006, the Company entered into a licensing agreement with its former Chairman and CEO, whereby a one percent of sales fee would be charged for the use of the Brooklyn Cheesecake and Desserts Company, Inc. tradenames.

5. Notes payable:

A promissory note dated January 31, 2006 was issued and is payable to Ronald L. Schutté the former Chairman and CEO payable on demand, with interest at the rate of 13%, per annum, and secured by the Company's trademarks. The original amount of the loan was \$995,818 of which \$195,818 plus additional loans and accrued interest was satisfied upon completion of an exchange agreement dated March, 28, 2006 (see note 9). Mr. Schutté also advanced \$15,000 to cover additional expenses during that period.

6. Cash Advances Officer:

Anthony Merante, the Company's Chairman, President and CEO, makes cash advances to the Company from time to time to enable it to meet its payment obligations. These advances bear no interest and are payable on demand.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2009 AND 2008

7 Common stock:

The Company did not issue any common stock during the years ended December 31, 2009 and 2008.

8. Income taxes:

The Company accounts for income taxes in accordance with ASC 740 (formerly SFAS No. 109) "Accounting for Income Taxes", which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed annually for differences between the financial statement and income tax basis of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income.

The Company had a net loss of \$116,906 during the year ended December 31, 2009 and had no Federal or State income tax obligations. The Company had no significant deferred tax effects resulting from the temporary differences that give rise to deferred tax assets and deferred tax liabilities for the year ended December 31, 2009 other than net operating losses.

Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period, plus or minus the change during the period in deferred tax assets and liabilities. There was no cumulative effect of adoption or current effect in continuing operations mainly because the Company has accumulated a net operating loss carry forward of approximately \$4,000,000. The Company has made no provision for a deferred tax asset nor for increase in such due to a valuation allowance has been provided which is equal to the deferred tax asset. It cannot be determined at this time that a deferred tax asset is more likely than not to be realized.

The Company's loss carry forward of approximately \$4,000,000 may be offset against future taxable income. The carry forward losses expire at the end of the years 2012 through 2024.

The utilization of the above loss carry forwards, for federal income tax purposes, may be subject to limitation resulting from changes in ownership.

The table below summarizes the differences between the Company's effective tax rate and the statutory federal rate as follows for the periods ended December 31, 2009 and 2008:

	2009	2008
Computed "expected" benefit	\$(39,748)	\$(50,952)
Increase in valuation allowance	39,748	50,952
	<u>\$ -</u>	<u>\$ -</u>

Deferred tax assets and liabilities are provided for significant income and expense items recognized in different years for tax and financial reporting purposes. The Components of the net deferred tax assets for the years ended December 31, 2009 and 2008 were as follows:

	2009	2008
Net operating loss carry forward	\$(1,364,890)	\$(2,115,925)
Less: Valuation allowance	1,364,890	2,115,925

10. Exchange Agreement:

On March 28, 2006, the Company entered into an exchange agreement with Ronald L. Schutté its former Chairman and CEO whereby the Company exchanged \$1,145,315 in assets in exchange for \$1,145,315 of the \$1,945,315 liabilities of the company which included some of the debt due to Mr. Schutté. The balance of the Company's \$800,000 obligation to Mr. Schutté will be extinguished upon the Company raising additional capital. Mr. Schutté also assumed the balance of the building lease and various equipment leases. The Company also entered into an exclusive licensing agreement with Mr. Schutté and a company owned by Mr. Schutté whereby, the Company receives one percent of sales as a royalty for use of the Company's trademarks. Mr. Schutté also acquired the stock of the Company's J.M. Specialty, Inc. subsidiary. Licensing fees were \$16,518 and \$10,698 for 2009 and 2008 respectively.

11. Subsequent Events

For purposes of determining whether a post-balance sheet event should be evaluated to determine whether it has an effect on the financial statements for the year ending December 31, 2009, subsequent events were evaluated by the Company as of April 15, 2010, the date on which the audited consolidated financial statements for the year ended December 31, 2009, were available to be issued.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

None.

ITEM 9A(T). CONTROLS AND PROCEDURES

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES.

As of December 31, 2009, we carried out an evaluation of the effectiveness of the design and operation of our “disclosure controls and procedures” (as defined in the Exchange Act Rules 13a-15(e) and 15d-15(e)) under the supervision and with the participation of our management, including Anthony J. Merante, our Chief Executive Officer and Chief Financial Officer. Based upon that evaluation, Mr. Merante concluded that our disclosure controls and procedures are effective. There were no significant changes in our disclosure controls and procedures that have materially affected or are reasonably likely to materially affect our internal controls over financial reporting during the year ended December 31, 2009.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act are recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is accumulated and communicated to management to allow timely decisions regarding required disclosure.

CHANGES IN INTERNAL CONTROLS

There have not been any changes in the issuer’s internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Rule 13a-15 or Rule 15d-15 under the Exchange Act that occurred during the issuer’s last fiscal year that has materially affected, or is reasonable likely to materially affect, the issuer’s internal control over financial reporting.

LIMITATIONS ON THE EFFECTIVENESS OF CONTROLS.

A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, control may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost effective control system, misstatements due to error or fraud may occur and not be detected. The Company conducts periodic evaluations of its internal controls to enhance, where necessary, its procedures and controls.

CONCLUSIONS.

Based on this evaluation, the CEO/CFO concluded that the issuer’s disclosure, controls and procedures are effective to ensure that information required to be disclosed in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities Exchange Commission rules and forms.

ITEM 9B. OTHER INFORMATION

None.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

Information Concerning the Board of Directors and Executive Officers

Previously, he served as Vice President, Manager Credit and Marketing of the National Bank of Egypt, NY Branch. Mr. Foti was employed there since 1995. Mr. Foti earned his Masters in Arts from Johns Hopkins University in 1976. Mr. Foti received his Bachelor's of Arts degree from Fordham University in 1974. Among other attributes, skills, experiences and qualifications the Board believes that Mr. Foti's banking background as well as his seven years as director of the Company are the attributes, skills experiences and qualifications that qualify him as a director of the company.

David Rabe was elected as a director in August 2004. Mr. Rabe is the President of Interpro Systems, Inc. Mr. Rabe has been with the company since January 1998. Mr. Rabe received his Bachelor's of Science degree in 1984 from New York University. Among other attributes, skills, experiences and qualifications the Board believes that Mr. Rabe's background as a self employed business owner as well as his eight years as director of the Company are the attributes, skills experiences and qualifications that qualify him as a director of the company

Donald O'Toole was appointed as a director in August 2005. Mr. O'Toole is a Vice President of Sales of HRP, Inc. Prior to that he served as a Senior Vice-President at Petry TV, Inc. from March 1981 to June 2006. Prior to this position, he served as National Sales Manager for WGN TV in Chicago, IL. Mr. O'Toole holds a BA degree from Southern New Hampshire University and an MBA from Iona College. Among other attributes, skills, experiences and qualifications the Board believes that Mr. O'Toole's background in marketing as well as his six years as director of the Company are the attributes, skills experiences and qualifications that qualify him as a director of the company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than ten percent (10%) of a registered class of the Company's equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission ("SEC"). Officers, directors and greater than ten percent stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the best of the Company's knowledge, based solely on review of the copies of such forms furnished to the Company, we do not believe that any of our officers, directors or greater than ten percent stockholders had any delinquent filings pursuant to section 16(a) of the Securities Exchange Act in 2009.

Audit Committee

We have not designated an audit committee of the board of directors since there are no complicated accounting or auditing issues.

Code of Ethics

We have not adopted a code of ethics that applies to our principal executive officer, principal financial officer, principal accounting officer, controller or persons performing similar functions. As Anthony J. Merante is our President, Chief Executive Officer and Chief Financial Officer, we did not believe that a formal written Code of Ethics was necessary to regulate his conduct.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Exchange of Assets

On March 28, 2006, the Company entered into an exchange agreement with Ronald L. Schutté its former Chairman and CEO whereby the Company exchanged certain assets in exchange for a majority of liabilities of the company and a portion of the secured debt due to Mr. Schutté. The balance of the Company's obligation to Mr. Schutté will be extinguished upon the Company raising additional capital. The Company also entered into an exclusive licensing agreement with Mr. Schutté and a company owned by Mr. Schutté whereby, the Company receives one percent of sales as a royalty for use of the Company's trademarks. Mr. Schutté also acquired the stock of the Company's J.M. Specialty, Inc. subsidiary.

Director Independence

Our Board of Directors has determined that each of the current directors is independent with the exception of Mr. Merante, who serves as our Chairman and Chief Executive Officer. In making the foregoing determination, with respect to our non-employee directors, the Board did not identify any matters, transactions, relationships or arrangements that needed to be considered in determining independence of these directors.

ITEM 14. PRINCIPAL ACCOUNTANTING FEES AND SERVICES

The following table shows the fees that we paid or accrued for the audit and other services provided by Sherb and Co., LLP our present Accountants during 2009 and 2008.

	Fiscal 2009	Fiscal 2008
Audit Fees	\$ 9,000	\$ 15,500
Audit-Related Fees	0	0
Tax Fees	0	0
All Other Fees	0	0
Total	<u>\$ 9,000</u>	<u>\$ 15,500</u>

Audit Fees — This category includes the audit of our annual financial statements, review of financial statements included in our Form 10-Q Quarterly Reports and services that are normally provided by the independent auditors in connection with engagements for those fiscal years. This category also includes advice on audit and accounting matters that arose during, or as a result of, the audit or the review of interim financial statements.

Audit-Related Fees — This category consists of assurance and related services by the independent auditors that are reasonably related to the performance of the audit or review of our financial statements and are not reported above under "Audit Fees." The services for the fees disclosed under this category include consultation regarding our correspondence with the SEC and other accounting consulting.

Tax Fees — This category consists of professional services rendered by our independent auditors for tax compliance and tax advice. The services for the fees disclosed under this category include tax return preparation and technical tax advice.

All Other Fees — This category consists of fees for other miscellaneous items.

Our Board of Directors has adopted a procedure for pre-approval of all fees charged by our independent auditors. Under the procedure, the Board approves the engagement letter with respect to audit, tax and review services. Other fees are subject to pre-approval by the Board, or, in the period between meetings, by a designated member of Board. Any such approval by the designated member is disclosed to the entire Board at the next meeting. The audit and tax fees paid to the auditors with respect to fiscal years 2009 and 2008 were pre-approved by the entire Board of Directors.
